By order No. 1356-I.R./IR/11L-214/62, dated the 28th March 1963, and by order No. 1539-I.R./IR/11L-214/62, dated the 18th April 1964, the Government of West Bengal, in the Labour Department, referred under section 10 of the Industrial Disputes Act, 1947, the two industrial disputes existing between Messrs. Scientific Indian Glass Company Ltd., 98 Cristopher Road Calcutta and their workmen represented by Scientific Indian Glass Mazdoor Sabha, 104 Cristopher Road, Calcutta, regarding the matters specified in the schedules, to the Third Industrial Tribunal, constituted under section 7A of the Industrial Disputes Act, by notification No. 808-I.R./IR/3A-2/57, dated the 11th March 1957, for adjudication.

Issue in case No. VIII-75/63

What should be the minimum basic pay and dearness allowance of the Blowers?

Issue in case No. VIII-106/64

1. Scales and grades of pay.
2. Dearness allowance.

These are two references under section 10 of the Industrial Disputes Act, 1947, made by the Government of West Bengal, in their Labour Department, for adjudication of some industrial disputes existing between Messrs. Scientific Indian Glass Co. Ltd., 98 Cristopher Road, Calcutta (hereinafter be referred to as the company) and their workmen of different categories represented by Scientific Indian Glass Mazdoor Sabha 104 Cristopher Road, Calcutta (hereinafter be referred to as the union).

These two references have been tried analogously on the prayer of the parties and also for the sake of convenience inasmuch as not only the parties are the same but also some common documents have been relied upon.

After receipt of the references notices were duly served upon both the parties. In the earlier case the union took several adjournments before filing the statement of the case but in the later one it was done promptly after appearance. The company filed written statements in both the cases.

The Union's common case is that there are about 500 workmen employed by the company and although it is a highly prosperous concern it does not pay proper and adequate wages to its workmen. Workmen are subjected to strenuous work of special nature which involves great risk to their lives and they are also exposed to various occupational diseases. Previously the company used to grant some special benefits and amenities to the workmen in consideration of their hard work but subsequently those benefits were withdrawn by the company. The workmen have not only been deprived of the benefits and amenities so long enjoyed by them but also their workload was increased by nearly 45 per cent. in 1958 without any adequate compensation for the extra production. The company did all these to the serious prejudice of the workmen in collusion with the then puppet union known as Sigcol Sramik Union. The workmen got rid of that union and formed the present union on 19th January 1961. Since then the present union has made agitation for the legitimate demands of the workmen who are not being paid adequate wages and D.A. The existing wages and D.A. are extremely meagre. The company has been regularly making profit for the last 10 years and is in a position to pay reasonable wages and D.A. to the workmen. But in spite of demands the company is doing nothing of the kind and hence the references for adjudication.

The company's case in the written statement is that it does not employ 500 workmen but the number may vary between 390 to 400. It has denied the union's allegation that the workmen invariably suffer from various occupational diseases in view of the peculiar nature of the work which involves great risk and suffering. It has further denied the alleged stopping of certain benefits and facilities enjoyed by the workmen previously. It has not admitted the allegation that the company increased the workload of the workmen without additional renumeration or that it took some steps prejudicial to the interest of the workmen in collusion with the then existing union. The company's case is that at the instance of the previous union some disputes were previously referred to tribunals and two awards were given, one in 1948 and the other in 1955, but the high hopes given by the union to the workmen did not materialise in the awards. So, the present union has cropped up with big promises to the workmen but in view of the financial position of the company and also in consideration of the existing wages and D.A., there will be no justification for revision or refixation and as such union's claim should be rejected.

Decision

The union demands in one case, fixation of minimum basic pay and D.A. of the blowers and in the others, scales and grades of pay and D.A. for all other categories of workmen entitled to claim relief under the Industrial Disputes Act. The company pleads previous adjudication on the points by tribunals in 1948 and in 1955, and without termination of the awards and without proving change of circumstances since the previous awards the union is not entitled to claim refixation of wages and D.A. Admittedly there are two previous awards, one was given by Shri M. C. Banerji on 18th May 1948 and the other by Shri M. N. Gan that was published in the Calcutta Gazette, dated 27th January 1955. Both the tribunals adjudicated upon the issues on basic wages and D. A. along with some other issues. It was awarded by Shri M. C. Banerji that the minimum basic pay for an employee of this company shall be Rs. 25 per month and each employee shall also get a cash D.A. of Rs. 22 per month. In the subsequent award of Shri Gan the basic wage was increased from Rs. 25 to Rs. 27.50 and D. A. from Rs. 22 to Rs. 22.50 i.e. he gave an overall increase of Rs. 3 per month per head. It is admitted at the time of hearing that the previous awards and agreements have duly been terminated by notice as required. It is also admitted by the company that the union served on the company a charter of demands in 1961 (Ext. A/1 is copy of the charter of demands), in which the workmen have claimed revised grades and scales of pay and wages and also D.A. This notice itself is also an implied termination of the previous awards. Shortly after the submission of the charter of demands by the union the company voluntarily agreed to increase the total emoluments of the workmen by Rs. 7 per month. The company's witness No. 5 Shri Prasanta Kumar Sen who was in service of the company for 10 years up to March 1965 has deposed that the company granted an ad hoc increment of Rs. 7 per month to all workers with effect from the month of June 1962. That amount of Rs. 7 was divided into two equal parts of Rs. 3.50 as basic pay and Rs. 3.50 as D.A. In that year the company also introduced a scheme of production bonus. This fact in a way speaks of the company's admission of the change of circumstances since the last fixation of wages and D.A. by a tribunal in 1955. It is well-settled by the Hon'ble Supreme Court in the case of Burn and Co. Ltd., and their workmen reported in 15 F.J.R. (1958-59) page 333 that where the scales of pay had been fixed by previous adjudication or agreement and compares favourably with other concerns unless there is a finding that since the previous award, circumstances had so altered as to make the existing scales of pay and grades unreasonable or inadequate, any revision of scales will not be warranted. It was also held in that case that increase of D.A. to meet increased cost of living will, however, be justified. In the instant case, I have already observed that since the last adjudication in 1955 the company found justification for increasing the total emoluments of its employees by Rs. 7 per month. The company went further to introduce the scheme of production bonus. So, the very fact of the company's voluntarily increasing the total emoluments of the workmen shortly after the charter of demands was served upon the company by its

workmen goes to show the company's admission of the altered circumstances since the last adjudication in 1955. The last adjudication on the point was made in the year 1955 i.e. about 10 years back. This long period since the last adjudication is also a good ground for revision of rates of wages and D.A. It is, of course, of common knowledge that the prices of essential commodities have risen considerably and the cost of living has gone up. The union has supplied a chart from the Deputy Labour Commissioner, Government of West Bengal. It will appear from the chart that the cost of living index figures for working-class in Calcutta in 1955 was 333 and rose to 480 in 1964. So, there has been an increase of 147 points. It was awarded by the Third Major Engineering Tribunal in 1948 that for every 5 points rise, the D.A. should be increased at least by Rs. 28. But contended on behalf of the union that the D.A. should be increased at least by Rs. 28. But that was an award in respect of Engineering industry which is no way similar to the present class industry. But this much is clear that what was the D.A. awarded in 1955 is no longer adequate to neutralise the increased cost of living. The undisputed increase cost of living will undoubtedly justify an increase of D.A. But the extent of the increase of D.A. is to be considered in the light of the financial ability of the company to bear the increase. Similarly also the revision of the pay scales for the better can be possible only when it is found that the company has the capacity to bear the wage increase. Therefore, the company's financial position is an important factor in the matter of revision of pay scales and rates of D.A. It is only in the case of bare subsistence or minimum wage the company's financial position is of no consideration because every worker has got to be paid the bare subsistence or minimum wage irrespective of the capacity of the industry to pay. If an industry is unable to pay to its workmen at least a bare minimum wage, it has no right to exist.

In the instant case the union has asked for fixation of minimum wages and D.A. for blowers only. For all other categories of workmen the claim is for revision of wage scales and rates of D.A. The company has pleaded financial exigency and its inability to pay more in view of the fact that it has been making no profit for the last 10 years. The company has stated in paragraph 4 of the written statement in the first reference and para. 5 of the written statement in the second reference that it has not earned any profit for more than last 10 years. It has been running at a loss and in spite of losses sustained by the company the workmen are being paid adequately. The union has questioned the alleged loss of the company and also the adequacy of the emoluments and wages paid to its workmen. The alleged contention of the compnay does not appear to be correct. Company's own witness No. 6 Sankar Ghosh who is the accountant of the company has admitted in his evidence before the tribunal that the company earned a profit of Rs. 54,129 in 1961, Rs. 1,47,000 in 1962, and Rs. 2,49,923 in 1963. His evidence is also being supported by the balance-sheets for the years 1962 and 1963 (kept with the record). The balance-sheet for the year 1964 shows that company earned a profit of Rs. 1,49,813. Two more balance-sheets are also available on the record. They are of the years 1956 and 1957. In both the years the company earned profits. In 1956 it was Rs. 61,590 and in 1957 the profit was to the extent of Rs. 21,934. The balance-sheets for other years have not been produced by the company without assigning any reason. Therefore it seems very clear that the company did not make a clean statement regarding its financial position. There is nothing to prove loss in the business of the company in any year. The last tribunal award was given in 1955. Since then as it appears, from the evidence I have just discussed, the company has been regularly earning profit although the amount is fluctuating very often. There is evidence to show that the company increased the prices of its products by 25 per cent. in 1962. The prices of the goods manufactured by the company having been increased in 1962, the profit figure goes to Rs. 2,49,923 in the year 1963. The company, of course, made a good profit in the year 1962 about a lac of rupees more than the previous year. So, the company in that year having faced with a charter of demands voluntarily agreed to an ad hoc increase of remuneration of Rs. 7 per month. That amount was divided equally as basic pay and D.A. The company was in a financial position to do so. P.W. 5 Shri Prasanta Kumar Sen has not only admitted this fact but also stated that a scheme of production bonus was also introduced in that year. The overall increase of Rs. 7 per head per month in the basic salary and D.A. was granted by the company by notice, dated 31st May 1962 (Ext. E/27). The production bonus scheme that was introduced in 1962 remained suspended for a few months from 29th September 1962 up to 15th May 1963. According to P.W. 5 this had to be done on account of introduction of the price increase of the goods manufactured by the company. In any case, the company, as it appears, came forward to offer some more financial benefits to its workmen. Therefore, it is somewhat inconsistent for the company to contend that its financial position is very bad. On the contrary, it is very clear from the materials on the record that it has been regularly earning profit and in some years the amount was very large. It cannot be contended by the company that the profit was off due to increase in the prices of goods. It will appear from the production bonus notices Ext. E series that the production was quite satisfactory. Exts. E/1, E/3, E/6, E/7, E/11 and E/12 will clearly speak for improved production given by the workmen for which the company was pleased to introduce the production bonus scheme. Therefore, from all these it will be abundantly clear that the company's financial position was satisfactory. It may also be mentioned here that the company

diverted huge fund as advance to some other business outside the State. This will appear from the balance-sheet (copy with the record) nerely 8 lacs of rupees were advanced to Maurbhanj Glass Works Private Ltd., and to Sigcol (Maurbhaj) Private Ltd. in which concerns some of the Directors of the present concern are interested. That huge sum of money has almost been wasted as there is no chance of recovery. It is noted in the company's balance-sheet that the said amount is considered of doubtful realization. The company does not attempt to explain the hazardous enterprise at the cost of the present industry.

Although I have found that the financial position of the company is not unsound, on the whole it is satisfactory, yet in my view an incremental scale of wages may not be justified taking into consideration the entire facts and circumstances leading to financial stability of the concern. The business no doubt yields regular profit but the quantum of it is neither steady nor uniform. It varies considerably. So, it was somewhat risky to justify an incremental scale of wages without an uniformly increasing or at least somewhat steady amount of yearly profit. To justify an increase of pay on an incremental scale there must be financial stability at present and also financial stability in the near future. In the instant case, therefore, I am of the view that an increase of pay to a reasonable extent may be justified but not on new and revised incremental scale.

In the case of Express Newspapers (Private) Ltd. versus Union of India and others (A.I.R. 1958 S.C. 578) the Hon'ble Supreme Court has laid down certain principles and tests for the purpose of prescribing wage scales. The principles of fixation of wage rates are:—

(1) That in the fixation of rates of wages which include within its compass the fixation of scales of wages also, the capacity of the industry to pay is one of the essential circumstances to be taken into consideration except in cases of bare subsistence or minimum wage where the employer is bound to pay the same irrespective of such capacity;

(2) That the capacity of the industry to pay is to be considered on an industry-cum-region basis after taking a fair cross-section of the industry; and

(3) That the proper measure for gazing what industry to pay should take into account the elasticity of the demand for the product, the possibility of tightening up the organisation so that the industry could pay higher wages without difficulty and the possibility of increase in the efficiency of the lowest paid workers resulting in increase in production considered in conjunction with elasticity of the demand for the product—no doubt against the ultimate background that the burden of the increased rate should not be such as to drive the employer out of business.

In another case (Crown Alluminium Works) reported in 1958 L.L.J. 1 page 1, the Hon'ble Supreme Court held that "in deciding industrial disputes and in achieving immediate object of doing justice to the interest of labour and capital the industrial adjudication should take into account several principles such as the principle of comparable wages, the productivity of the trade or industry, cost of living, and ability of the industry to pay".

It has already been found that the cost of living has increased considerably and the company has ability to bear the burden of reasonable increase of wages and D.A. To fix the minimum wage and D.A. of blowers employed in the present concern, it will be necessary to consider the rate prevailing in similar other concerns of the region. Admittedly Messrs. B. K. Shaw Industries Private Ltd. is carrying on similar trade or business in the region of Calcutta. Both the concerns manufacture the same varieties of scientific glass product. The only difference between them is that Messrs. B. K. Shaw Industries Private Ltd is not a very old one. It started functioning in 1957 whereas the present concern came into existence in December 1937, and according to P.W. 3 Sukhen Gupta it started giving production from 1941. This witness served as Works Manager of the present concern up to 10th November 1962. Thereafter he left the present concern and joined Messrs. B. K. Shaw Industries Private Ltd. According to him, it is the pioneer in the particular line of business. For the purpose of having suitable comparable unit of business we should remember for proper guidance the principles laid down by the Hon'ble Supreme Court. It has been held by that Court that in applying that principle of industry-cum-region, industrial Courts have to compare wage scales prevailing in similar concerns in the region with which it is dealing and generally speaking similar concerns would be those in the same line of business as the concern with respect to which the dispute is under consideration.

Further, even in the same line of business it would not be proper to compare a struggling concern with a large flourishing concern. It was further observed by the Court that for the purpose of comparison the following among others, are relevant factors which should be borne in mind—extent of the business, carried on by the concerns, the capital invested by them, the profits made by them, the nature of the business carried on by them, their standing, the strength of the labour force, the presence or absence and the extent of reserves, the dividends declared by them, and the prospects about the future of their business and other relevant factors.

It is also held that the concerns which are completely different and dis-similar lines of business and disproportionately larger, should be avoided for the purpose of comparison. The Hon'ble Court has further cautioned in another case reported in 1964 I.L.L.J. 380 that the question as to which concerns are comparable concerns for the purpose of fixation of wage scales, should not be determined on the oral interested testimony of the parties. It should be determined on the basis of documentary evidence.

In the instant case, as I have already observed, Messrs. B. K. Shaw Industries Private Ltd. is a similar concern in the same Calcutta Region. There is also another Glass manufacturing concern namely, Messrs, Bharat Glass Works Private Ltd. The Director of the company Shri Asoke Savant gave evidence before the tribunal. He admits that his concern does not produce scientific glasses but the blower's job is all the same in the ordinary glass factory as well. He has produced the document Ext. C/1 to show that the minimum wage of a blower in his factory is Rs. 100 per month plus 50 per cent. D.A. D.W. 2 Rabindranath Chatterji who is Assistant Secretary of the Bengal Glass Manufacturing Association of which the members are Messrs. Asoke Glass Works, Messrs. Sree Govinda Glass Works and Messrs. B. K. Shaw Industries Private Ltd. He has produced the document Ext. C/1 to show that the minimum consolidated wage of a blower is Rs. 3.50 to Rs. 4 per day, i.e., Rs. 104 per month. Ext. C/2 shows that Messrs. B. K. Shaw Industries Private Ltd. is paying Rs. 4.81 per day as the minimum wage of a blower, i.e., the monthly rate is Rs. 125.06. Nothing could be said by the union against the prevailing rates in other glass manufacturing concerns. Ext. D is a chart of wages of the blowers employed in the present concern. There are as many as 15 blowers mostly members of the Muslim community and according to D.W. 5 Prasanta Kumar Sen they are residents of East Pakistan. None of them gets less than Rs. 100 as pay and D.A. One of them is getting the maximum of Rs. 246 per month. One blower gets the minimum pay of Rs. 79.50 and D. A. of Rs. 26. The consolidated minimum wage is Rs. 105.50 per month. This is comparatively lower than in any other concerns. Therefore I propose that the minimum pay of a blower will be Rs. 90 per month, plus ad hoc increase of D. A. of Rs. 6 per month, thus making a consolidated total monthly minimum wage of a blower to be Rs. 122 per month. There are only three blowers who are getting less than Rs. 90 per month. One is getting Rs. 88 and another Rs. 86.50, and the third Rs. 79.50. Their pay packets will be pulled up to the minimum wage of Rs. 90 per month. This should take effect from the beginning of 1964.

This disposes of the earlier reference relating to the minimum wage and D.A. of blowers.

In the light of my above findings and in consideration of the company's financial position, the present financial stability and the prevailing rates in similar other concerns, as far as available, and other relevant factors and long-term effect of increase of wages and D.A. on the industry, I am of opinion that there should be an ad hoc increase of D. A. by Rs. 6 per month in respect of workmen entitled to relief under the Industrial Disputes Act, and also an ad hoc increase of pay by Rs. 4 per month in respect of all categories of workmen. The member of such workmen does not exceed 400 as stated by the company in para. 2 at page 7 of the written statement filed in the earlier reference. The revised rates of wages and D.A will be effected from April 1964 i.e. from the time of the reference. The three blowers whose minimum wage will be Rs. 90 per month will further be entitled to the general increase of wage by Rs. 4 per month with effect from April 1964 but they will not be entitled to further increase of D.A. of Rs. 6.

This award will govern both the reference.

This is my award.

Issue

Whether the promotion of Shri Mahendra Singh who could not pass the written test in supersession of Shri B. B. Thakur who had passed the said test, to the post of Checker is justified ? What relief, if any, Shri B. B. Thakur is entitled to ?

After the service of the notice, Shri R. Mitra, Advocate, appeared on behalf of the Company and had taken time twice to file the written statement. 25th October 1965 was fixed as the date of the filing of the written statement by the Company. Today an application has been filed by Shri Bijon Behari Thakur stating that the claim mentioned in the order of reference had been amicably adjusted and that there is at present no dispute regarding the claim of promotion of Shri Thakur. This petition is filed by Shri R. Mitra on behalf of the Company and also by Shri B. B. Thakur. I have heard both of them. I am told that Shri Thakur had been promoted and at present, there is no dispute regarding the question of promotion of Shri Thakur. In the circumstances, I pass a "No dispute" award making the petition an annexure to the award.

This is my award.

House Rent	2.00	100	100	100	100
Combined Index	100.00	142	141	140	142

The Index Number for Birbhum area came down by 1 point from 142 in March 1965 to 141 in April 1965 and further by 1 point to 140 in May 1965. The Index Number then rose by 2 points to 142 in June 1965.

The fall of the index numbers in the months of April 1965 and May 1965 was due mainly to the fall in the prices of all varieties of dal, gur, mustard oil, fish, potato, onion, spices and certain items in the clothing group.

The rise in June 1965 was due mainly to an increase in the prices of different varieties of dal, gur, mustard oil, potato, brinjal, onion, dhuti, sari, shirting, lungi, supari and hair oil.

AWARD

The Government of West Bengal by order No. 1754-I.R./IR/10L-69/65. dated 14th May 1965, had referred to the following industrial dispute between M/s. Kamini Engineering Co., 7 Swinhoe Street, Calcutta-19 and their workmen represented by the Kamini Engineering Shramik Union, 6 Tiljala Road, Calcutta-39, for adjudication.

Issue

Whether the dismissal of Shri Suranjan Karmakar is justified ? To what relief, if any, is he entitled?

After the service of the notice the employer had filed the written statement. As the matter had been settled, it is not necessary to state the allegation in detail. It has been stated *inter alia* that the workmen of the company are not members of the alleged Union and the alleged dispute is an individual dispute and therefore this tribunal has no jurisdiction to try the case at all. It is further alleged that as Shri Suranjan Karmakar had taken back in employment and is working in the factory in terms of the mutual agreement, the issue which has been referred to this tribunal is misconceived. It would appear that the period of unemployment from 19th August 1964 to 22nd February 1965 had been treated as special leave without any

wages and Shri Karmakar had been paid Rs. 265 for this period of unemployment. Shri Karmakar had joined his duty on 24th February 1965 and had been drawing his wages thereafter. The company had to issue a charge-sheet by the letter, dated 18th August 1964, inasmuch as Shri Karmakar with others tried on 15th August 1964 to break open the main gate and Shri Karmakar had assaulted the Darwan when he resisted. After the charge-sheet was given, Shri Karmakar has submitted his explanation by the letter, dated 22nd August 1964. The company was not satisfied with the explanation and by the letter, dated 24th August 1964, asked Shri Karmakar to attend the enquiry on 29th August 1964. Shri Karmakar had also sent two letters, dated 29th August 1964 and 31st August 1964, making certain false allegation. At the time of the enquiry Shri Karmakar was present only for a few minute and therefore the enquirying officer had to complete his enquiry ex parte. He however found Shri Karmakar to be guilty of the charges. The report of the enquirying officer was accepted by the Management and Shri Karmakar was dismissed from service by the letter, dated 1st September 1964. As stated earlier, he has been taken back and he is now working in the factory.

The Union had not filed any written statement though the time was granted on several occasion for the purpose. Subsequently the petition was filed for time to file the petition of compromise. The petition of compromise has been filed on 13th October 1965. It is signed by two representatives of the company and two union's executives including the Union Secretary Shri Dwijen Chakraborty. I have heard the Unions Secretary and Shri Bipad Bhanjan Bhattacharjee who is the representative of the company. It appears to me that the terms of the settlements are legal, bona fide and fair and should be given effect to. It is stated that the company had already reinstated Shri Suranjan Karmakar in his substantive post after his earlier dismissal and there is no dispute now regarding that dismissal. I therefore pass 'no dispute' award making the petition of settlement as annexure to the award.

This is my award.

Shri R. BHATTACHARYA, M.A. LL.B, Judge, Fourth Industrial Tribunal.

This is a reference under section 10 of the Industrial Disputes Act. The parties are Messrs. National Razors & Blades (P) Ltd., 35 Stephen House, 4 Dalhousie Square (East), Calcutta-1, and their workman represented by National Razors & Blades Workers' Union, 62 Dum Dum Road, Calcutta-30. The issue has been framed as follows:

> Is the termination of services of Srimati Latika Bala Ghosh and Srimati Golap Bala Bose, packers, justified? To what relief, if any, are they entitled?

Today is fixed for fixing the date of hearing of the present reference. The parties have, however, filed a joint petition stating that the dispute between the parties has been amicably settled. It has been prayed by them that an award may be made in terms of the settlement mentioned in the joint petition. I have considered the petition and hearing the parties I am satisfied that the settlement is bona fide, reasonable, voluntary and legal. In the circumstances, I pass the award in terms of the joint petition which shall form part hereof as Annexure "A".

AWARD

The Government of West Bengal by order No. 1875-I.R./IR/10L-72/65, dated the 25th May 1965, had referred to this Tribunal the following industrial dispute between Messrs. Samar Engineering Works, 10 Benares Road, Salkia, Howrah, and their workmen represented by Iron and Steel Workmen's Union, 60 Kaibartapara Lane, Salkia, Howrah, for adjudication.

Issue

Whether the termination of service of Sarbashri Dibakar Senapati, Ajit Kumar Bera, Mohan Ch. Bagh, Ashutosh Mondal and Sridhar Ch. Mondal is justified? To what relief, if any, are they entitled ?

After the service of usual notice the company did not appear and did not file any written statement as directed. The company was allowed time till 14th July 1965 to file the written statement, but failed to file any. Accordingly the Union was directed to put in their written statement by 29th July 1965. Time was twice granted to the Union to put in the written statement. But even now 31th August 1965. no written statement was put in by the Union. On that date a written intimation was directed to be isseud to the parties stating that

f they did not appear by 21st September 1965, would be presumed that there is no dispute beween them and no dispute award will be passed. fter the receipt of written intimation the company gain failed to appear but the Union had put in the ritten statement. In that written statement filed y the Union it has been alleged that the company ad discharged Shridhar Chandra Mondal on 16th hadra, 1370 B. S. on a false allegaion of without any charge-sheet or any written notice and ithout proper enquiry and giving an opportunity r his defence. With regard to the other four workien it is alleged that they had reported for duties t 6 a.m. on 25th November 1963, and that they ad been discharged by the company without any eason or notice. Thereafter the Union had sent two tters to the Company, dated 26th November 963 and 29th November 1963, urging the Comany to reinstate all the five workmen with full back ages for the period of forced unemployment. The opies of the letters were sent to the office of the ssistant Iabour Commissioner, Howrah, and he ad fixtd several dates for joint conference, but the ompany neither attended those conferences nor ent any comments regarding the letters issued by he Union. In the circumstances it is stated that the service of the five workmen had been terminated by the Company in violation of the principle of natural justice and are therefore illegal and unjustified. The Union prays that all the five workmen may be reinstated with full back wages for the period of forced unemployment.

As I have stated earlier the Company did not file any written statement even after the service of the notice and has not even appeared after the last written intimation was sent from this Tribunal. Accordingly I have fixed 28th February 1965 for hearing. On that date, P.W. 1 Shri Satyen Das who s the Secretary of the Union, P.W. 2 Shri Sridhar Mondal and P.W. 3 Shri Ashutosh Jana (Mondal) ad been examined and documents had been mark-d as Exts 1 to 4.

I have carefully considered the oral and documenary evidence adduced before this Tribunal and it ppears to me that the services of the five workmen ad been illegally terminated in violation of the rinciple of natural justice. Before I discuss the videnc shortly, I would point out that the name of ne of the workmen has been wrongly written as shtosh Mondal and that the name of that workan is Ashutosh Jana. The name Ashutosh Jana ppears in Ext. 1, dated 26th November 1963, nd a copy of this letter was sent to the Assistant abour Commissioner, Howrah. Besides this, there also the evidence of P.W. 3 Ashutosh Jana himelf. I am satisfied that there is a mistake in the ame of one of the workmen regarding Shridhar Iondal. There is no doubt the allegation of stealng but there was no charge-sheet and there was also no enquiry into the alleged misconduct. His service was illegally terminated on 26th Bhadra, 1370 B.S. The Company also did not attend the joint conferences before the Assistant Labour Commissioner, Howrah and did not submit any comment regarding the letter, dated 29th November 1963, (Ext. 2). Regarding the other four workmen there is the evidence of P.W. 3 that they had worked up to 24th November 1963 and had reported for duties at 6 a.m. on 25th November 1963. It is the further evidence that they were asked to sit in the office and at 9 a.m. the cashier came and told them that there would be no work for them and they can go away after collecting their dues. Some money appears to be collected by Sarbashri Dibakar Senapati, Ajit Kumar Bera and Mohan Ch. Bugh. But here again there was no written charge-sheet or notice and there was also no enquiry. In fact it appears that there had never been any charge-sheet against them during the period of service. The service of these four workmen appears to have been certainly terminated without any reason. So far as they are concerned, the Company also did not submit any comment with regard to the letter, Ext. 1, dated 26th November 1963, and also did not attend the joint conferences. The Company has failed to appear before this Tribunal inspite of the notice and inspite of written intimation. In view of these facts and circumstances it appears to me that the services of the five workmen had been illegally terminated in violation of the principle of natural justice. I have therefore come to the conclusion that all the five workmen must be reinstated in service with full back wages for the period of forced unemployment.

The Company is directed to reinstate in service all these five workmen and to pay them the back wages less the amount paid, if any, to any workmen for the period of forced unemployment within one month of the date of the publication of this award in the "Calcutta Gazette". This is my award.

For the Sangha : Shri Narayan Das Gupta, Vice-President, All India Jute Textile Workers' Federation.

AWARD

The Government of West Bengal, by order No. 1577-I.R./IR-7L/10/65, dated 1st May 1965, had referred the following industrial dispute between Messrs. Auckland Jute Mills Ltd. and their workmen to this Tribunal for adjudication.

Issue

Whether the dismissal of Shri Okil Mia is justified ? To what relief, if any, is he entitled ?

After the service of usual notice, the Company had filed written statement and thereafter the written statement was filed by Mazdoor Sangha. In the written statement filed by the Company it has been alleged that the Mazdoor Sangha is not the Union formed exclusively for the workmen of the Company, that there is another Trade Union called Auckland Chatkal Shramik Union which was formed long ago by the Company's workmen which represents the overwhelming majority of the workmen of the Company, that no industrial dispute between the Company and their workmen was ever raised either by the workmen of the Company or by the Shramik Union, that the Company does not admit that the Mazdoor Sangha represents or is legally permitted to represent the workmen of the Company and therefore the dispute referred by the Government is not an industrial dispute but purely and individual dispute. It may be mentioned here that the learned Advocate Shri Sen appearing for the Company at the time of argument has specifically submitted that he was not pressing this question. In view of the submission made by the learned Advocate for the Company and also in view of the fact that no evidence regarding this question has been led by either side, it is not necessary to refer to this question any further. The Company however, in its written statement has also alleged that Shri Okil Mia who was working as a weaver under the Company was found some time past to be doing his work very negligently and unsatisfactorily and that he had been given warning both verbally and in writing but without any effect. On 20th December 1963 at about 7a.m. Mr. Cochrane the Senior Assistant, while on his routine inspection of the working of looms found that the clothes produced by Okil Mia was of narrow width than required. As this is a serious weaving fault he caught hold of the shirt of Okil Mia and pointed out the defect to him and stated that the Overseas buyers for whom these clothes are being manufactured would raise serious objections. Mr. Cochrane also wanted to issue a warning card as verbal warnings on previous occasions had no effect on him and had for the purpose called the clerk of the section. Immediately thereafter Okil Mia slapped Mr. Cochrane on his left cheek so hard that he almost fell to the ground. Then other people rushed forward, caught hold of Okil Mia and prevented him from assaulting Mr. Cochrane further. On the very day charge-sheet was issued to Okil Mia who replied on 21st December 1963. Thereafter the enquiry was held on 24th December 1963 and 29th December 1963 in presence of Okil Mia and in presence of the Works Committee representative. Okil Mia had full opportunity of defending himself and of cross-examining the witnesses on behalf of the Company and

as a result of the enquiry it was found that Okil Mia was guilty of the charge, and as the charge was serious the Company decided to dismiss Okil Mia and had issued the letter of dismissal, dated the 30th December 1963. It is submitted that in the circumstances the dismissal of Okil Mia is justified and he is entitled to no relief.

In the written statement filed on behalf of the Mazdoor Sangha it has been alleged that the conciliation proceedings regarding the dispute started on 3rd January 1964 and there had been number of conferences but to no effect. The allegations made on behalf of the Company are denied and the only fact that is admitted is the issue of charge-sheet on 20th December 1963 and the reply of Okil Mia on 21st December 1963. It is stated that Okil Mia is an expert and old weaver. The Company had acknowledged his good performance of the job by transfering him from an ordinary loom to a broad loom in 1957, where the earning is comparatively much higher. It is further alleged that on 20th December 1963 Okil Mia noticed that the cloth was not coming to the expected width and the machine was also not running properly. Therefore at about 6-30 a.m. he had stopped the machine for necessary adjustment. Just at that time and not at 7 a.m. Mr. Cochrane came to that place and started abusing Okil Mia in filthy language. He caught hold of the shirt of Okil Mia and had torn it into pieces and gave him blows in different parts of body including his abdomen. In defence Okil Mia might or might not have touched him but he did not do so either deliberately or knowingly. It is also stated that a charge-sheet was issued to Okil Mia by the Company which was afraid of general reaction and mass action. There was no doubt the enquiry by the management but it was of an extremely perfunctory nature. As Okil Mia did not expect to get justice he had instituted a criminal case against Mr. Cochrane and summons had been issued after judicial enquiry. The allegation regarding the giving of warning either verbally or in writing is specifically denied. In the circumstances, Okil Mia had prayed for reinstatement in service with back wages, during the period of forced unemployment.

Findings

Before I proceed to consider the evidence I would point out that it is not disputed that Okil Mia was working as a weaver under the Company and had been transferred from ordinary loom to broad loom either in 1955 or in 1957. It is also not disputed that there was some occurrence on 20th December 1963 and that what the alleged misconduct of Okil Mia charge-sheet was issued on that date and Okil Mia had replied to it on 21st December 1963. These are admitted facts of the case as submitted by the learned Advocate Shri Sen for the Company and by Shri Narayan Das Gupta appearing for the Sangha. Shri Sen, however, had referred me to the rulings reported in 1965 (II) L.L.J., 102 (S.C.) (Powari Tea Estate vs. Barkantaki), 1965 (II) L.L.J., 153 (S.C) (J. K. Cotton Spinning and Weaving Co. Ltd. vs. its workmen). In the first case it was held by their Lordships of the Supreme Court that though domestic enquiry was held by the employer in dealing with the case of misconduct alleged against the employees need not confirm to all the requirements of judicial proceedings, they must satisfy the essential requirements of natural justice, and since industrial adjudication touches considerable importance to the findings recorded by the enquiring officer holding a domestic enquiry in such cases, it is essential that the Officer should make a brief report indicating his conclusion and reasons in support of it. Otherwise it would be impossible for the Tribunal or the Labour Court to consider whether the conclusion reached by the enquiring officer was perversed or not. If the conclusion is shown to be perverse, the Tribunal would be justified in examining the merits of the dispute between the parties for itself. The fact that the Officer who holds the enquiry against the delinquent employee is competent to dismiss cannot possibly help for dispensing with a report. In that case the concerned workmen were charged with taking bribe or money unauthorisedly from the labourers of the Estate and the Manager who was competent to dismiss them held the enquiry but did not submit any report. He only passed the order of dismissal. The Labout Court to which the dispute was referred, came to the conclusion that the dismissal of two of the workmen was justified, but the dismissal of another was not justified. The Labour Court, therefore, directed his reinstatement with continuity of service. The order of the Labour Court was upheld by their Lordships of the Supreme Court on the ground that the enquiring report was not submitted by the Manager, even though that ground was not referred to by the Labour Court itself. Their Lordships were of opinion that the infirmity of the domestic enquiry was patent on the face of the record. In this case their Lorsdhips had referred the earlier case reported in 1963 (II) L.L.J., 452 (Khardah & Co. Ltd. vs. its workmen). There also the Manager who held the enquiry recorded no finding. It was held that in the industrial enquiries the question of bona fide or mala fide is often at issue and this is the reason why domestic enquiries must be held with scrupulous regard for the requirements of natural justice. It was further held that the enquiring officer also must record reasoned conclusions and the failure to record any finding after holding the enquiry would constitute a serious infirmity in the enquiry itself. It appears to me that as in the present case there is a report after the enquiry, these rulings are not strictly applicable in the circumstances of the present case. With regard to the other ruling referred to by Mr. Sen for the Company it would appear that it was held in that case that the industrial tribunal to which a dispute arising from dismissal of an industrial employee has been referred for adjudication is not an appeal court having power to examine the correctness and conclusion of fact arrived at by the domestic tribunal. Where the industrial tribunal finds that there was nothing improper or unfair in an enquiry by the domestic tribunal and where the action taken against a workman was not actuated by any ulterior motive and where the principles of natural justice have not been infringed, it is beyond the power of an industrial tribunal to set at naught the action taken by the Management which by in its competence by virtue of the Standing Orders. Whetherthe material before the domestic tribunal is adequate or not or whether the particular witnesses upon whom reliance has been placed by the Tribunal could have been believed or not, was entirely a matter for the consideration of the domestic tribunal. The industrial tribunal

while adjudicating upon an industrial dispute referred to it, does not posses the power of reviewing the evidence adduced before it excepting the limited classes of cases as referred to in 1959 (I) L.L.J., 285 (G. Mackenji & Co. Ltd. vs. its workmen). In the last case mentioned above reference was made to the ruling reported in 1958 (I) L L. J., 260 (Indian Iron & Steel Co. Ltd. vs. their workmen). In the case reported in 1958 (I) L.L.J., 260=A.I.R. (S.C.) 130, their Lordships had held that in the case of dismissal after enquiry by the domestic tribunal, the industrial tribunal can interfere with such action of the management only on the following grounds :—

(i) Where there is want of good faith,

(ii) where there is victimisation or unfair labour practice,

(iii) where the Management is guilty of basic error or violations of the principles of natural justice, and

(iv) when on the materials the finding is completely baseless and perverse.

Shri Das Gupta appearing for the Sangh conceded that unless it could be shown that the domestic enquiry suffers from any of these infirmities this Tribunal cannot interfere with the finding of the domestic enquiry that Okil Mia is guilty of the charge levelied against him. He, however, contended before me that there has been no fair and proper enquiry at all and the principle of natural justice has been violated. His main submission was that Okil Mia had not been given a fair opportunity to examine the witnesses including himself in defence. The question raised by Shri Das Gupta is very important. It has been held by their Lordships of the Supreme Court in the ruling reported in A.I.R. 1963 (S.C.) pages 1914-1963 (II) L.L.J., 367 (Sur Enamel and Stamping Work Ltd. vs. their workmen). That the workman must be given a fair opportunity to examine his witnesses including himself in his defence if he so wished on any relevant matter. Shri Das Gupta, however, very fairly conceded that there is a lacuna in the written statement put in by the Sangha and it has not been clearly stated in the written statement put in on behalf of the Sangha that Okil Mia wanted to examine some witnesses at the time of domestic enquiry but was not allowed to examine them.

I shall now turn to discuss the evidence. The admitted charge-sheet and reply (Ext. A) shows that it has been stated in the charge that Okil Mia was reprimanded for producing narrow cloth, though he was verbally warned on the previous day for the same reason and that Okil Mia turned round in a fit of temper and struck the senior assistant which is an act subversive of discipline. It has been added that Okil Mia had been served with four warning cards in the past for various weaving faults. The reply of Okil Mia is that the charges are absolutely false and baseless, that due to the bad yarn (cope) sometimes the weaved cloth get shrunk and he was continuously working with those had copes, that at about 6-30 a.m. the senior assistant Mr. Cochrane came and showed him red eyes and started abusing him in a very filthy language, that he had caught hold of his shirt and gave blows to him on his right side of his abdomen, that the shirt was torn and that he was only trying to escape of the virulent attack on him. He had denied all knowledge regarding the four warning cards and had prayed that the senior assistant of the department may be served with a charge-sheet to explain his conduct and the order of suspension imposed on him might be vacated. Though in the charge-sheet (Ext. A) there is a reference to rule 14 (C) (viii) of the Standing Orders, the learned Advocate Shri Sen did not submit the Standing Orders of the Company. The Learned Advocate Shri Sen is of opinion that it is not necessary to submit the Standing Orders of the Company. I am, therefore, unable to refer to the actual words of the Standing Orders. The Model Standing Orders also contained the words "any act subversive of discipline" in section 14(h) (viii). Presumably the words used in the Standing Orders are the same as the words used in the Model Standing Orders. It is, however, clear from what has been stated above that the workman Okil Mia understood what the charge against him was. But it may be pointed out that even in the reply he had spoken about the assault on him by Mr. Cochrane on the morning of 20th December 1963. The next document is Ext. E which is dated 22nd December 1963. It shows that Okil Mia was suspended from work from 20th December 1963 and that he was asked to attend the Mill Office on 24th December 1963 at 9-30 a.m. for enquiry and he was to bring his witnesses whom he wanted to examine on his behalf. Admittedly the enquiry was held on 24th December 1963 and admittedly again Okil Mia was present on that day at the Mill Office (vide the evidence of P.W. 1 and O.P.W. 1). The proceeding Ext. F shows that on 24th December 1963 the charge was explained to Okil Mia who stated that the reply of the charge had been written according to the dictation and he has given his thumb impression. It further shows that when the Chairman Mr. Smart who is the Manager wanted Okil Mia to repeat his reply in Hindi, Okil Mia admitted that the cloth of the loom was of narrow width but stated that this was due to tight copes which he was using. He further stated that the senior assistant was not satisfied with his explanation and wanted to serve him with a warning card and had abused him filthy and had given him two blows and pulled the shirt tearing it. Okil Mia appears to have been added that thereafter he had lost his temper and had slapped the senior assistant. The proceeding further shows that the Chairman had asked Okil Mia why he worked with bad copes and had not rejected them to avoid narrow width of the cloth but Okil Mia was unable to reply to that question. The Learned Chairman evidently forgot that he was holding an enquiry into the alleged misconduct of the workman and he was not holding any enquiry as to why the workman had to use bad copes as a result of which the clothes became shrunk. However, as I understand the Learned Advocate for the Company, it is not disputed that if bad copes are used, the clothes' width would be shrunk and would be of narrow or width. At

his stage it may also be pointed out that accord-
ig to the evidence of P.W. 1, Okil Mia, he was
first working in small looms but when broad
oms were brought into operation he was asked
work there, and that there has been no cross-
amination of this point by Mr. Sen appearing
r the Company. As I have mentioned above,
ere is no dispute that Okil Mia came to work in
e broad loom section either in 1955 or in 1957.
herefore, he had been working for a fairly long
me in the broad loom section and is, therefore,
esumably conversant with the work there. It
ay also be pointed out that Mr. Cochrane who
as examined before the domestic enquiry on 24th
ecember 1963 did not say anything about the
rbal warning said to have been given on 19th
ecember 1963 for producing narrower cloth.
course, in the report there is a mention about
e previous verbal warnings on 19th December
63. It has been stated there that Guly Sirdar
d confirmed about the previous warning of Okil
ia, but only thing that appears from the cross-
amination by Okil Mia of Mr. Cochrane is that
r. Cochrane was annoyed with bad cloth after
ving given a verbal warning on the previous
y. Shri Das Gupta had pointed out that there
a line Sirdar and there is also the Overseer and
at these persons were not examined before the
mestic enquiry. It is not for me to say whether
e enquiring officer should not have accepted the
idence of Cochrane and Guly Sirdar regarding
e previous warning or not, in the absence of the
amination of the line Sirdar and the Overseer.
owever the evidence of Mr. Cochrane, Guly Sir-
r, Sher Md., Ram Kissen and Rafique appears
have been recorded on 24th December 1963
Ext. F). According to the evidence of O.P.W.
, not only the statements were recorded on 24th
ecember 1963 but the minute of the proceedings
as also recorded on that date. O.P.W. 1 has
enied this suggestion that on 24th December
963 only Mr. Cochrane was examined and the
her persons were not examined. He has further
enied the suggestion that the minute part of the
roceeding was not recorded on 24th December
963 but was recorded on 27th December 1963 or
ometime later. With regard to the statements
f the witnesses before the domestic enquiry it
ould appear that there had been some cross-exa-
ination by Okil Mia himself and therefore, the
uggestion that the witnesses other than Mr. Co-
hrane was not examined on 24th December 1963
annot possibly be accepted. Regarding these
itnesses other than Mr. Cochrane, the evidence
f O.P.W. 1 would show that they had made their
tatements in Hindi and he had rendered the
lindi statements in English. But there is no
ndorsement to that effect either in the evi-
ence sheets or in the minute portion of
Ext. F. O.P.W. 1 has said that Mr. Cochrane
ave evidence in English and he had ren-
ered that statement in English into Hindi.
here is again no endorsement by O.P.W. 1
hat he had translated the English state-
ent of Mr. Cochrane into Hindi and had ex-
lained the statement to Okil Mia. At this stage
may be pointed out that it was not suggested
P.W. 1 in cross-examination that, in fact, the
ther witnesses excepting Mr. Cochrane had given
vidence in Hindi and that the statement of Mr.
Cochrane in English was translated into Hindi by
Mr. Banerji, O.P.W. 1. Regarding these witnesses
it may be pointed out also that Sher Md., had
stated in cross-examination that Mr. Cochrane
used abusive language and that Ram Kishan had
stated in answer to question put by the Chairman
Mr. Smart that he did not see the weaver Okik
Mia slapping Mr. Cochrane. It appears that in
the report Ext. 9 there is no discussion of the
evidence as mentioned above of the witnesses Sher
Md. and Ram Kishan. I do not think it can be
said that the enquiry which was held on 24th
December 1963 was absolutely fair but I do not
think it would be proper for me to base any firm
conclusion on this fact alone.

I shall now turn to discuss the evidence regard-
ing the question as to whether Okil Mia had
really been given an opportunity of defending
himself by addducing evidence. As I have men-
tioned earlier this point as not been taken specifi-
cally in the written statement which has been
filed on behalf of the Sangha. But Mr. Das
Gupta at the time of opening of the case had men-
tioned that the principle of natural justice had
been violated inasmuch as Okil Mia was not
allowed to examine the witnesses. Mr. Sen
appearing for the Company had submitted that
there is ample evidence to show that Okil Mia was
allowed opportunity to examine the witnesses but
decline to do so finally on 29th December 1963.
My attention has been drawn to a portion of Ext.
F wherein it has been stated that the enquiry was
postponed till Friday, 27th December 1963, and
the accused was advised to come with his evidence
at 4 p.m. O.P.W. 1 had stated at the time of ex-
amination-in-Chief that on 24th December 1963
he had asked Okil Mia to bring his witnesses on
27th December 1963 and that Okil Mia did not
turn up on 27th December 1963 the letter Ext.
B-1 was written to him. The letter Ext. B-1 is
dated 27th December 1963. It would appear
from the evidence of P.W. 1 and O.P.W. 1 that
this letter was received by P.W. 1 sometime in
the evening on 27th December 1963. Presumably
the letter was written after it was found that
Okil Mia had not turned up at 4 p.m. on 27th
December 1963. It is stated in that letter
(Ext. B-1 on admission) that Okil Mia did not
turn up on 27th December 1963, the letter Ext.
he was given an opportunity to produce his wit-
nesses on 29th December 1963 at 10-30 a.m.
(Sunday). It has been suggested to O.P.W. 1
in cross-examination that the letter Ext. B-1 was
written and sent to Okil Mia after learning about
the complain by Okil Mia. O.P.W. 1 had denied
this suggesion. But it does appear from Ext.
2-A that the complaint was written on 26th
December 1963 and was submitted to the learned
Magistrate, Barrackpur, on 27th December 1963.
However that may be, there is the evidence of
O.P.W. 1 and the endorsement in Ext. F-1 that
Okil Mia was asked to bring witnesses. It was
suggested to O.P.W. 1 in cross-examination that
Okil Mia had made over a slip in which the
names of some witnesses were mentioned, that he
told him that those witnesses would be examined
later, that Okil Mia again saw me on 26th
December 1963 and was told by him that the wit-
nesses would be examined later and that Okil Mia

again saw me on 27th December 1963 in the morning and was again told that the witnesses would be examined later. As Okil Mia had gone through Barrackpur Criminal Court for lodging a complaint it is only likely that he would not be able to produce the witnesses on 27th December 1963. On that date he was actually examined by the learned Magistrate, Barrackpur, on solemn affirmation. It appears to me to be very likely that if actually 27th December 1963 was fixed as the date for enquiry Okil Mia would have taken a date for giving his evidence. Regarding 27th December 1963, I would also point out that in paragraph 2(d) of the written statement by the employer, it has only been mentioned that the enquiry was held on 24th December 1963 and 29th December 1963. There is no statement that actually 27th December 1963 was fixed as the date of giving evidence by Okil Mia and that he had failed to appear on that date. Of course in the report Ext. G it has been stated that the accused wanted time to produce witnesses and was advised to come with the witnesses on 27th December 1963 at 4 p.m. and that he was later on informed to come with the witnesses on his behalf. If this is so I do not think why 27th December 1963 has been omitted in the written statement of the Company.

I shall not turn to discuss the evidence regarding the alleged enquiry on 29th December 1963. The evidence of P.W. 1 is that he did not know that there would be hearing on 29th December 1963. Of course in the letter Ext. B-1 there is the mention of the date 29th December 1963 (written as 29th November 1963 through mistake). Regarding that date there is the evidence of O.P.Ws. 1 and 2 and there is also the minute of the proceeding (Ext. F). According to O.P. Ws. 1 and 2, Okil Mia did not bring any witness. It was suggested to O.P.W. 2 that he was not present on 29th December 1963 at all and he had actually signed on being asked by the Manager without understanding the contents. O.P.W. 2 had denied that suggestion. O.P.W. 1 had said that O.P.W. 2 was present at the time of enquiry on 29th December 1963, that he does not know English and that after everything was explained to him he had given his signature. There appears to be the two signatures of O.P.W. 2 and underneath one of them, there is the date 29th December 1963. But that signature with date has not been proved by O.P.W. 2 who has only proved the other signature which is marked Ext. F-1. It may be mentioned here that even in Ext. F Okil Mia does not appear to have stated that he did not want to examine any witness. It has only stated that there was no one to give evidence for him. As Okil Mia had mentioned the names of witnesses in the petition of complain, dated 26th December 1963, it is not very likely that Okil Mia would not try to produce his witnesses to prove that he was not at fault. Even in the report Ext. G it is not seen that the accused did not want to examine any witness. It is only stated that the accused came on 29th December 1963 but without any witness to give any evidence in support of the reply to the charge-sheet. I think that Okil Mia really wanted to produce some witnesses in support of his case before the Enquiring Officer but the Enquiring Officer did not take the evidence of those witnesses. The Enquiring Officer had stated in his evidence that Okil Mia could call his witnesses from the department. I do not see how this is possible without the approval of the Management. I have therefore come to the conclusion that Okil Mia had not been allowed to examine witnesses to prove his case before the domestic enquiry and that there has been violation of the principle of natural justice.

Okil Mia had examined P.W. 2 Mohesh Singh to prove that he was not at fault on 20th December 1963. I do not think I can discuss the evidence of Mohesh Singh and find out whether the version of Okil Mia was true or not. I need only point out that the name of Mohesh Singh has been mentioned in the petition of the complaint Ext. 2-A. Ext. 2-A further shows that Jhulan Tewari and Full Md. Ausari beside Mohesh Singh and Okil Mia were examined at the time of judicial enquiry by the learned Magistrate. It is admitted by O.P.W. 1 that Mr. Cochrane is on bail in the criminal case pending before the Barrackpur Criminal Court. The order-sheet (Ext. 2) would show that Mr. Cochrane did not appear after summons and he only appear after the issue of warrant with the bail. However, in view of my above conclusion it is not necessary to discuss the other evidence. I need only say that I do not see why O.P.W. 1 Shri K. Bhattacharya, or O.P.W. 2 Shri Bachha Raj Bhar were asked to be present at the time of enquiry. They claim to be representative of the Works Committee but the Works Committee itself has no connection with the domestic enquiry. The Standing Orders provide for representation at the time of enquiry against a workman and it is for the workman to choose his representative. In the present case the evidence of O.P.W. 3 shows that he went there on being asked by the Management. It is not clear to me why any one should have been present on being asked by the Management. The question however need not discussed any further.

The learned advocate appearing for the Company did not adduce any evidence before me to prove that really Okil Mia had committed an act of indiscipline by slapping on the left cheeck of Mr. Cochrane on 20th December 1963. Therefore the Company did not admit to justify the dismissal on merits before me. On the other hand there is some evidence on the side of Okil Mia. Even at the time of domestic enquiry some facts as mentioned above in favour of Okil Mia had appeared. As the domestic enquiry has not been fairly and properly conducted and as the Company did not seek to justify the dismissal on merits, it appears to me that Okil Mia ought to be reinstated in service with full wages for the period of forced unemployment.

The order of dismissal of Okil Mia is set aside in view of my above finding and the Company is directed to reinstate Shri Okil Mia in service with continuity and pay him the average wage

for the period of his forced unemployment within a month of the publication of the award in the "Calcutta Gazette".

This is my award.

By order of the Governor,

S. C. MUKHERJEE, Asst. Secy.

No. 4427-I.R./IR/10L-81(A)/64.—16th October 1965.—Whereas under the Government of West Bengal, Labour Department, order No. 4136-I.R./IR/10L-81(A)/64, dated the 9th September 1964, the industrial dispute between Messrs. Taps and Dies Ltd. 4/1 Nabadwip Road, Krishnagar, Nadia, and their workmen represented by Taps and Dies Ltd. Employees' Union, Krishnagar, Nadia, regarding the issue mentioned in the said order being a matter specified in the second schedule to the Industrial Disputes Act, 1947 (XIV of 1947), was referred for adjudication to the Second Industrial Tribunal;

And whereas the said Second Industrial Tribunal has submitted to the State Government its award on the said industrial dispute;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

ANNEXURE

In the matter of an industrial dispute between Messrs. Taps and Dies Ltd., 4/1 Nabadwip Road, Krishnagar, Nadia, and their workmen represented by Taps and Dies Ltd. Employees' Union, Krishnagar, Nadia. (Case No. VIII-258 of 1964.)

BEFORE THE SECOND INDUSTRIAL TRIBUNAL, WEST BENGAL

Present:

Shri AMBICA PADA BHATTACHARYA, Judge,
Second Industrial Tribunal.

By order No. 4136-I.R./IR/10L-81(A)/64, dated Calcutta, the 9th September 1964, Government of West Bengal, Labour Department, referred an industrial dispute between Messrs. Taps and Dies Ltd., Krishnagar, and their workmen represented by Taps and Dies Ltd. Employees' Union for adjudication regarding the issue contained in the order of reference.

Issue

Is dismissal of Shri Stephen Molla justified? To what relief if any, is the workman entitled?

This is a reference under section 10 of the Industrial Disputes Act. Both the Company and the workman filed their written statements upon the issue referred to the Tribunal. The Union representing the workman in its written statement stated that Osborn India Engineering Private Ltd., was amalgamated with this Company and the employees of Osborn are under the employment of Taps and Dies Ltd. The Union took up the various grievances of the workmen through its Secretary Stephen Molla; as such Stephen Molla incurred the displeasure of the Company. Stephen Molla was appointed in November 1962. On 16th of January 1964 a charge-sheet was issued to him on the ground that he made certain remarks to the Works Manager. Stephen sent a reply to the charge-sheet. An enquiry was held in violation of the principles of natural justice and the enquiry is challenged as shame and perfunctory. The evidence was recorded in English in spite of the protest of Stephen Molla that he did not know English. On 10th February 1964 Stephen was dismissed by a letter. There had been conciliation proceedings before the Conciliation Officer, Barrackpore, and the Company applied under section 33(2)(b) of the Industrial Disputes Act. There had been conciliation over the dismissal of Stephen Molla and thereafter the present reference was made. The workman claims to be reinstated with back wages and continuity of service. Stephen also claims in his written statement that he was a protected workman within the meaning of the Industrial Disputes Act (paragraph 14).

The Company filed written statement wherein they deny the allegation of bitter feeling between the Union and the Management. Stephen Molla never represented the Union or discussed with the Company over labour matters. The Management has no occasion to be annoyed with Stephen. He was guilty of serious act of insubordination. That is the ground on which he was charge-sheeted and after proper and fair enquiry he was dismissed. In the enquiry Stephen was assisted by his co-worker David Biswas. They participated in the enquiry that was held. The Company dismissed Stephen Molla after full consideration of the evidence against him. The dismissal of Stephen Molla is therefore justified.

Appearances of the parties are as follows:

For the Company: Shri C. L. Ganguly, Advocate.

For the Union: Shri Amar Chakraborty, Advocate, assisted by Shri Amaresh Chakraborty, Advocate.

Decision

Besides the issue of dismissal there is a plea that Stephen is a 'protected' workman within the meaning of Industrial Disputes Act. This plea has been taken in the written statement and also in reply to the charge-sheet. The charge-sheet was issued on 16th January 1964 (Ext. 2). The reply

was given by Stephen on 20th January 1964. In that written statement a plea was taken that Stephen was a protected employee to the knowledge of the Company. Admittedly there had been conciliation pending before the Conciliation Officer, Barrackpore, when Stephen was dismissed by a letter on 10th February 1964 and the Company applied for approval under section 33(2)(b). That approval had been granted is not in dispute. The plea of the workman is that under section 33, sub-section 3 of the Industrial Disputes Act no action can be taken against a protected workman. In the explanation protected workman has been defined for the purpose of sub-section 3. A workman who being an officer of a registered Trade Union connected with the establishment is recognised as such in accordance with the rules is a protected workman. Next I will turn to the rules. Stephen is admittedly the Secretary of the Union of workmen. He is therefore an officer of a registered Trade Union connected with the establishment In order to be a protected workman he must be recognised in accordance with the rule 71 which provides as follows:

> "Every registered Trade Union connected with an industrial establishment to which the Act applies shall communicate to the employer before the 30th September every year, the names and addresses of such of the officers of the Union who are employed in that establishment and who, in the opinion of the Union, shall be recognised as 'protected workman'."

It is therefore obligatory on a registered Trade Union to communicate to the employer before the 30th of September every year the list of protected workmen. Now let us see if the name of Stephen Molla was communicated to the management before his dismissal in order that he may be recognised as a protected workman. It is significant to note that Stephen was dismissed on 20th February 1964. The communication must therefore be made earlier to 20th of February 1964. On the side of the Union a letter Ext. 4 is placed before me to show that the General Secretary of the Union (Stephen Molla) wrote to the Works Manager informing him that the General Secretary Stephen Molla should be treated as a protected workman. Copy of this letter was forwarded to the Labour Commissioner. The corresponding letter appears in the Labour Commissioner's file which was called for that purpose. There is nothing to show as to when was received by the Labour Commissioner. The letter is dated 3rd January 1964. But that date is not material. The date of receipt of the communication by the management is of paramount importance. The date of receipt by the Labour Commissioner would have also indicated the approximate date. Exhibite 4 filed by the Union itself shows that the copy was received by the Labour Commissioner's office on 29th February 1964, i,e., after the dismissal of Stephen Molla. This communication will be of no avail. This is not a communication in due compliance of rule 71 prescribed under section 33, sub-section 3. Stephen wanted to say that Ext. 4 was sent to the Management but his evidence is not reliable in view of the fact that he did not send it by post. In his evidence Stephen stated that the Vice-President of the Union sent it by post. He further adds that he had no knowledge. There is no evidence therefore that this letter was sent to the management at all. Even if it was sent to the management it was not earlier than 20th of February 1964 as the endorsement appearing on it will show that it was received by the Labour Commissioner on 29th February 1964. Stephen is not therefore protected workman as claimed.

I will now enter into the merits of the case. Stephen was a permanent workmen of the company and he was appointed in September 1962. Admittedly he is the General Secretary of the Union and there is ample evidence to hold the contention that he was participating in conciliation proceedings on behalf of the Union in various labour problems of this establishment. He is an important spokesman of labour so far as this establishment is concerned. The Labour Commissioner's file will bear out this fact. On 15th January 1964 Stephen Molla got a warning slip which is Ext. D. The warning slip runs thus:

> "In spite of being cautioned you are absent on 13th January 1964 without prior sanction. Your explanation is considered inadequate."

On 16th January 1964 Stephen Molla was served with charge-sheet which is Ext. F. The charge-sheet runs thus:

> On 15th January 1964 at 9 p.m. Stephen Molla appoached the Works Manager Shri A. K. Biswas with the warning letter received on the same day from Shri Sanyal, the Foreman, who complained to the Works Manager that he was aggrieved by the warning letter. The Works Manager told him that the procedure for obtaining leave was duly invited. To this Stephen Molla who retorted by saying:

আপনাদের কাছে এ্যাপিল করে কি হবে। এর ব্যবস্থা আমরা বাইরে করবো—না হয় ছ মাস জেল খাটবো।

> Further in the presence of Sourendra Kumar Ghose, the chargeman Stephen Molla uttered the following words.

আমাকে তাড়াবার মতলবেই এই সব করা হচ্ছে। এর জন্য যদি কারখানায় শান্তিভঙ্গ হয় তবে ম্যানেজমেন্ট দায়ী—না হয় চাকরী ছেড়ে জেলে যাবো। আমরা কি কারখানার কেনা গোলাম।

The above threat was considered highly prejudicial to the interest of the company and the conduct of Stephen Molla amounted insubordination and gross misconduct. This is the charge against Stephen. Stephen gave a reply Ext. G wherein he denied the allegation made against him. He did not utter those words. He further added that he was a victim of unfair labour practice. There had been a charter of demands submitted earlier today. On 15th Jauuary 1964, the Works Manager called him in his chamber and told him that he would teach him a lesson. Date of enquiry was duly notified and enquiry was held on 27th January 1964 and 31st January 1964. The proceeding of enquiry is

Ext. H. Shri R. Das Gupta, Labour Adviser of the Company, was the Enquiring Officer. He gave evidence before me and proved that enquiry proceedings. The enquiry proceeding is challenged by the Union on several grounds. It is first of all stated that the principal witness was the Works Manager Shri A. C. Biswas. Stephen Molla was not given opportunity of cross-examining him. The enquiry proceeding was perfunctory and biased. It was opposed to the principles of natural justice. I will consider the enquiry proceedings in this connection. I have perused the proceeding of enquiry very minutely. At the beginning Stephen was asked about the charge-sheet. At the enquiry David Biswas was present on behalf of the workman Stephen Molla. David was also examined before me. The Works Manager Shri A. C. Biswas was asked to explain the charge to Stephen and the charge was explained accordingly. Thereafter the Enquiring Officer asked Shri Molla whether he uttered those words. Molla denied. He added that there would be no result by making an appeal to the management. He further added that if there was breach of peace the attitude of the Company was responsible and not that of the workman. Thereafter Shri Biswas was asked to examine witnesses on his behalf. It is significant to note that no narration was given by Mr. Biswas and the workman was not given opportunity of cross-examining Shri A. C. Biswas. Shri S. K. Ghosh, the chargeman, was then called as a witness. He stated that he heard Stephen Molla saying the following:

> "How long would you continue such cruel behaviour. It is clear that all these tactics are being adopted to drive me out from this Company. If there is any breach of peace, then management shall be responsible for the same. Do you think we are purchased servants of the Company"?

Then the enquiring officer asked Stephen to cross-examine Shri S. M. Ghosh. It was declined. Thereafter the enquiring officer started cross-examining Stephen Molla. From time to time he asked questions to Shri A. C. Biswas which had no bearing upon the utterences alleged to have been made by Stephen Molla forming the subject-matter of the charge. Nowhere thereafter the proceedings show that Stephen Molla was told that he had a right to cross-examine Shri Biswas, the Works Manager. From the proceedings itself it is clear that Stephen Molla was not given any opportunity to cross-examine Shri Biswas nor does it appear from the enquiry proceedings that Shri A. C. Biswas stated the incident in the form of a narration. At the conclusion of the enquiry the following paragraph appears.

Enquiry Officer to Molla—You have stated in your reply that the Works Manager is very much prejudiced against you and you apprehended that you will not get any justice at the said pretended enquiry. Have you found any unfair practice or have you not been given full opportunity to defend your case in this enquiry? Stephen Molla—No, I have been given full opportunity to defend my case and I have nothing to say against this enquiry. The portion I have quoted will give a clear expression of the anxiety which the Enquiring Officer was suffering from in getting a confirmation of the fairness of the enquiry from the delinquent himself. If Stephen Molla was challenged the pretended enquiry could be ever admitted that the enquiry was very fair. The entire enquiry proceeding shows that the Enquiring Officer was very much anxious to exhibit that the enquiry was fair and he was over zealous in getting a certificate from Stephen Molla himself in this respect. The enquiry proceeding was opposed to the principles of natural justice inasmuch as Stephen Molla was not given proper opportunity of cross-examining the principal witness Shri A. C. Biswas, the Works Manager. The enquiring officer recorded the proceeding in English. Stephen Molla wants to suggest that the proceeding was not explained to him in Bengali. It is significant to note that though Stephen Molla does not know English, his representative David knows English and he was sitting by the side of the Enquiring Officer. The rendering of the evidence in English does not however vitiate the proceeding. I do not take any exception to the said record on that ground. Next I will turn to the findings of the Enquiring Officer which is described as perverse. It is the duty of the enquiring officer to find that Stephen Molla was guilty of major misconduct for insubordination. There is no clear finding as to what is the exact expression used by Molla which amounts to conduct of gross insubordination. As a matter of fact there is no proper finding by the Enquiring Officer in Ext. J. A long report is made but it nowhere describes that a particular utterence of Stephen Molla amounted to gross misconduct. The company has no standing orders. Still however in the absence of standing orders a commonsense view of ordinary prudent man should be the guide in determining what is insubordination and what is major misconduct. Shri Biswas did not give any evidence besides reading out the charge-sheet. The only witness was Sourendra Kumar Ghosh. I have already quoted his deposition. He stated that Stephen Molla said "that the Company was guilty of cruel behaviour and it was adopting tactics to drive out him from the Company and that if there was any breach of peace, the management would be responsible. The workmen were not Kena Golam of the Company. Stephen Molla as a General Secretary of the Union would have occasion to discuss labour matters with the management. In that capacity he is a Trade Union leader and not an ordinary workman. The interest of all the workmen are to be looked into by him. The utterences which are ascribed him in the evidence of Souren Ghose cannot amount to gross misconduct or insubordination. In discussing labour matter he was justified in making comments upon the behaviour of the man. He was even justified to show that management would be responsible for breach of peace and the workmen were not serfs of the Company. These are utterences from which I cannot say that Molla intended to insult or intimidate the Works Manager. This is an assessment of the relative position of labour and management in the opinion of Stephen Molla. He must have freedom of expressing himself provided he does not use abusive language or language amounting to threat to the Works Manager. The Enquiring Officer obviously relied upon the aforesaid evidence. In my considered opinion that is not gross misconduct or

insubordination, from the view point of a prudent man. In the absence of any standing orders the Enquiring Officer was not justified in commenting that the utterences of those words amounted to a major misconduct or insubordination. No particular order of the Works Manager was violated by uttering those words. This is no insubordination in any view of the matter. This is not a major misconduct because it was not personal threat to the Works Manager but it was a comment on the relationship between labour and management and it was a general criticism of the policy of the management which was followed in relation to labour in that establishment. There is another expression in the charge-sheet which one can take exception to.

"আপনাদের কাছে এ্যাপিল করে কি হবে। এর ব্যবস্থা আমরা বাইরে করবো,—না হয় ছ মাস জেল খাটবো।"

The last part as " না হয় ছ মাস জেল খাটবো"

has a bad insituation. The Enquiring Officer did not rely upon this alleged utterence. Shri Biswas did not give evidence to say this, nor Stephen Molla was given opportunity of cross-examining Shri Biswas on this point. Even if I accept that Stephen used the expression as quoted, it contains at most a disguised threat which was not directed against the Works Manager personally. It is a general expression and the reason for courting arrest may well have several inunciations. As a Trade Union leader he may have little confidence in an appeal to the management. These are utterences which do not amount to gross misconduct or insubordination. Even if those utterences are accepted as proved, I am unable to say that they amounted to gross misconduct or insubordination. The finding of the Enquiry Officer must therefore be held to be perverse and on that ground also the enquiry proceeding is vitiated. There is yet another reason for which I say that the dismissal of Stephen Molla on the above enquiry was bad. The letter of dismissal is Ext. K will speak for itself. The relevant portion of letter of dismissal is quoted for the purpose of appreciating the grounds of dismissal:

"A copy of the findings of departmental enquiry is forwarded herewith for your information. On careful consideration of the said findings, it has been found out that you are guilty of gross insubordination to your Works Manager.

In this connection it is also noted that the matter leading to your above misconduct has a bearing on your past record from which it is found that you were absent without permission on 5th December 1963 and you were verbally warned for the same. Further, on the same count you were against rigtly warned in writing on 15th January 1964, for leave without permission on 13th January 1964. On that date you had send an application for leave through a massenger, and you absented from duty without permission and did not consider it necessary to know it the management could and had allowed you the leave. In the preliminary investigation by the F/M you failed to justify your absence without prior sanction. The above circumstances establish that you had no justifiable reason to behave insubordinately with your superior.

A further instance of insubordinate behaviour towards the Works Manager had been a baseless and malicious remark by you made to the Works Manager at a meeting before the Labour Officer, Barrackpore, on 23rd December 1963. On this account you were given an open opportunity to substantiate the subject-matter of your remark before all the workmen in the factory on 24th December 1963 but you had failed to justify your remark and indulged in further insulting remarks to the Works Manager. You were accordingly publicly warned on 24th December 1963. The said warning letter was displayed on the Notice Board.

In consideration of the above, the management is of the opinion that it is no longer possible to retain you in the service of the Company in the interest of discipline in the factory.

Under the circumstances, you are hereby dismissed from the service of the Company."

The grounds for dismissal accordingly are set forth in the letter of dismissal. It is not found by the Dismissing Officer that the proved charge was enough ground for dismissal. In consideration of all the charges mentioned in the letter of dismissal, the order of dismissal follow. The letter shows that there are various other heads of charges on which the Dismissing Officer relied on meting out the order of dismissal. In regard to those several other charges there were nothing in the charge-sheet and there was no evidence before the Enquiring Officer; no opportunity was given to the workmen to meet those charges. The letter does not show that the charge proved was the ground for dismissal. The dismissal was the result of several charges for which the workman had no opportunity of meeting the same. The dismissal is accordingly bad and untenable. The enquiry proceeding is therefore vitiated and it cannot be relied upon.

Now since the enquiry proceeding is not relied upon the management is at libarty to prove the charge before this Tribunal. The charge is in respect of certain utterences which I have already quoted. I have already observed that those utterences do not amount to insubordination or major misconduct. Even if they do, they must be proved by cogent evidence before the Tribunal. Only witness examined before the Tribunal is the Works Manager Shri A. C. Biswas. The workmen Stephen Molla denies those utterences. The evidence is oath against oath. Sourendra Nath Ghosh was not examined before me. Stephen Molla denied that he made the following utterences, namely, "Apanader Kachhe Appeal Kore Ki Habe Er Byabastha Amra Baire Korbo-Nahay Chha Mas Jel Khatbo" I have already discussed the various aspect of the case. The evidence before me do not prove the charge of misconduct and insubordination. It is not proved that Stephen Molla made those actual utterences. The Works Manager was annoyed with Stephen Molla from before owing to his Trade Union activities. He was the General Secretary of

he Union and was taking part in conciliation proeedings and there were occasions when Stephen Molla and the Works Manager held discussion with ach other. The letter of dismissal will give a clue o the above relationship. The Works Manager was nfluenced by other matters in dismissing Shri Stephen Molla. From the evidence I have no esitation in saying that relationship between the Works Manager and Stephen Molla is extremely bitter because of the trade union activities of Stephen Molla. In the above state I cannot rely upon the evidence of Shri A. C. Biswas, the Works Manager. His evidence will not be sufficient to prove the charge. Moreover I have already commented that the utterences ascribed to Stephen Molla do not amount to gross misconduct or insubordination according to commonsense in view of ordinary prudent man. If the model standing orders are consulted, the expression which passed between Stephen Molla and the Works Manager would not amount to insubordination or gross misconduct. Judged by any standard Stephen Molla is not guilty of major misconduct or insubordination so as to merit order of dismissal. I hold that the dismissal of Stephen Molla is unjustified. He is entitled to reinstatement and all back wages and continuity of service, and it is to be implemented within 30 days of its publication in the "Calcutta Gazette."

This is my award.

Kamini Engineering Co., 7, Swinhoe Street, Calcutta-19, and their workmen represented by the Kamini Engineering Shramik Union 6 Tiljala Road, Calcutta-39, regarding the issue mentioned in the said order being a matter specified in the third schedule to the Industrial Disputes Act, 1947 (XIV of 1947) was referred for adjudication to the Sixth Industrial Tribunal;

And whereas the said Sixth Industrial Tribunal has submitted to the State Government its award on the said Industrial dispute;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

ANNEXURE

In the matter of an industrial dispute between Messrs. Kamini Engineering Co., 7 Swinhoe Street, Calcutta-19, and their workmen represented by the Kamini Engineering Shramik Union, 6 Tiljala Road, Calcutta-39. (Case No. VIII-115/65.)

BEFORE THE SIXTH INDUSTRIAL TRIBUNAL, WEST BENGAL

Present:

Shri P. BASU, Bar-at-Law, Judge.

AWARD

The Government of West Bengal by order No. 1680-I.R./IR/10L-69(A)/65, dated 7th May 1965, had referred to this Tribunal the following Industrial Dispute between Messrs. Kamini Engineering Co., 7-Swinhoe Street, Calcutta-19 and their workmen represented by the Kamini Engineering Shramik Union, 6 Tiljala Road, Calcutta-39, for adjudication.

Issue

Is the retrenchment of the following workmen justified? To what relief, if any, are they entitled?

1. Shri Mrityunjoy Chakravorty.
2. Shri Madan Halder.
3. Shri Jaladhar Banerjee.
4. Shri Subal Mondal.
5. Shri Phulena Sarma.
6. Shri Howaldar Singh.
7. Shri Kartick Biswas.
8. Shri Sk. Azad Sardar.
9. Shri Nirmal Sarkar.
10. Shri Santosh Das.
11. Shri Sunil Das.

After the service of the usual notice the employer appeared and filed the written statement. In view of the settlement it is not necessary to state the allegation in the written statement in detail. It has been alleged inter alia that the workmen of the company are not members of the alleged Union and the alleged dispute is not an industrial dispute, but is an individual dispute and, therefore, this tribunal has no jurisdiction to try this case. With regard to the retrenchment it is alleged that the business became slack from the middle of the year 1964 and that when there was no hope of any improvement, the company by the notice on 19th October 1964, had retrenched only 11 workmen mentioned in the order of reference, the retrenchment being effective from 20th October 1964. The company has complied with provision of 25F and 25G of the Industrial Disputes Act and the retrenched workmen had collected all the dues including the retrenchment compensation and one month's notice pay. The workmen never objected and there is no letter either by the workmen or by the union protesting against the retrenchment. As the retrenchment was justified, the workmen are not entitled to get any relief.

The Union did not file the written statement, though the time was granted on several occasions. On 27th September 1965, the Union submitted a petition for time to file the petition of compromise and time was allowed till 13th October 1965. On that date joint petition signed by two representatives of the company and two Union executives had been put in. I have heard the Union secretary Shri Dwijen Chakraborty and also Shri Bipad Bhanjan Bhattacharjee who is the representative of the company. It would appear that Shri Nirmal Sarkar and Shri Azad Sardar had already been re-employed against the permanent vacancy of the company and the company has agreed to give employment to the remaining workmen. It appears to me that the terms of settlement are fair, reasonable and legal and should be given effect to. I, therefore, pass 'no dispute' award making the petition of settlement an annexure to the award.

This is my award.

MEMORANDUM OF SETTLEMENT

Name of parties:—(1) Messrs. Kamini Engineering Co., 7 Swinhoe Street, Calcutta-19 (to be hereinafter known as "Company").

(2) Kamini Engineering Shramik Union, 6 Tiljala Road, Calcutta-39 (to be hereinafter known as "Union").

Representing company: (1) Shri G. B. Roy. (2) Shri B. B. Bhattacharjee.

Representing workmen: (1) Shri Dwijen Chakravorty. (2) Shri Durgadas Mukherjee.

Short recital of dispute:—

A dispute arose over the retrenchment of Shri Mrityunjoy Chakravorty and 10 others, and dismissal of Shri Suranjan Karmakar by the abovenamedUnion. It could not be settled through conciliation proceedings. As a result, the dispute had been referred to the Honourable Sixth Industrial Tribunal by the Government for adjudication vide G.O. No. 1680-I.R./IR/10L-69(A)/65, dated 7th May 1965 and 1754-I.R./IR/10L-69/65, dated 14th May 1961, respectively. Thereafter the parties held bi-partite discussion and the dispute is settled on the following terms and conditions.

Terms of Settlement:—

(1) That the company has already re-employed Shri Nirmal Sarkar and Shri Azad Sarkar against their permanent vacancy. The company further agrees that the rest of the workmen as per Schedule 'A' will also be taken in employment against permanent vacancy as and when vacancy occurs, in preference to any other recruitment from outside.

(2) That the company agarees to send letter or letters to the workman or workmen concerned at their respective permanent addresses under registered post with A/D, when such vacancy occurs and a copy of the said letter will be sent to the Secretary of the Union for information, at least 10 days time will be given so as to enable the workmen to join their duties failing which sufficient cause.

has to be shown to the company which they may consider.

(3) That the company has already reinstated Shri Suranjan Karmakar in his substantive post, who was dismissed by them earlier and hence there lies no dispute on this point.

(4) That the parties to the dispute do not like to proceed with the matter and they agree to file a joint petition of compromise before the Hihourble Sixth Industrial Tribunal to pass an Award in terms of this agreement as early as possible.

No. 4568-I.R./IR/10L-149(A)/64.—22nd October 1965.—Whereas under the Government of Bengal, Labour Department, order No. 3537-I.R./IR/10L-97/62, dated the 6th August 1962, as amended (hereinafter referred to as the said order), the industrial dispute between Messrs. the employers of the Engineering Establishments mentioned in list I of the said order and represented by themselves or by the organisation mentioned in list II of the said order on the one hand and their workmen represented by the trade unions mentioned in list III of the said order, on the other regarding the issues mentioned in the said order, being matters specified in the Third Schedule to the Industrial Disputes Act, 1947 (XIV of 1947), was referred to the Seventh Industrial Tribunal for adjudication;

And whereas during the pendency of proceedings before the said Industrial Tribunal Shri S. N. Banerjee a workman of (Messrs. Modern India Construction Co. Ltd., B. T. Road, P.O. Sukchar, 24-Parganas, one of the companies involved in the said disputes) of the said company, made a complaint in writing to the said Industrial Tribunal against the said company alleging that the said company discharged the said workman concerned in such dispute;

And whereas in exercise of the powers conferred by section 33A of the Industrial Disputes Act, 1947 (XIV of 1947), the said Industrial Tribunal has adjudicated upon the said complaint and submitted its award to the State Government;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

ANNEXURE

In the matter of an application under section 33A of the Industrial Disputes Act filed by Shri S. N. Banerjee of Natagar Ghosepara, Kalitola, P.O. Pansila, 24-Parganas, a workman of Modern India Construction Co. Ltd., B. T. Road, P.O. Sukchar, 24-Parganas, against the said Company. (Case No. 8/65/33A).

BEFORE THE SEVENTH INDUSTRIAL TRIBUNAL, WEST BENGAL

Present:

Shri S. K. ROY, Judge.

AWARD

This proceeding arises out of an application under section 33A of the Industrial Disputes Act, made by the applicant workman, Shri S. N. Banerjee, complaining of alleged illegal, *mala fide* and punitive termination of his sesvices in violation of principles of natural justice and without observing the required formalities of section 33(2)(b) of the Industrial Disputes Act though the termination was effected during the pendency of the adjudication proceeding of another dispute between the Company and its workmen, referred to this Tribunal by G.O. No. 3537-I.R., dated 6th August 1962.

The Company appeared on being served with the notice of the application and filed its written statement against the application denying the allegations made by the applicant and contending that his services were terminated in accordance with his terms of appointment and the relevant provisions of the Company's certified Standing Orders and the action taken was fully justified and bona fide.

After necessary preliminary proceedings and some adjournments, the case was fixed for hearing on 30th September 1965. But in the meantime, on 27th September 1965 the parties filed a joint petition of compromise setting out the terms upon which the dispute under adjudication in the present case has been amicably settled and praying for a 'no dispute' award in terms of the settlement. The joint petition was directed to be put up on the date fixed for hearing, 30th September 1965. On that date there was no appearance by or on behalf of the applicant but the Company's representive was present. I directed the joint petition filed earlier to be put up on the date fixed for hearing so that both parties might have a chance of being heard in connection with the petition and the settlement embodied therein. The absence of the applicant on the date of hearing clearly indicated that he had no objection to the joint petition and the settlement recorded therein. The Company's representative fully supported this settlement and produced the original receipt for Rs. 1,000 granted by the concerned workman on receipt of the said sum in full and final settlement of all his claim. Having regard to the aforesaid facts and circumstances, I accept the joint petition of compromise and the settlement embodied therein as genuine and *bona fide* and I am satisfied that there has been a *bona fide* settlement of the dispute between the parties in terms of the settlement recorded in the joint petition. Accordingly I would make a 'no-dispute' award in terms of the joint petition making a copy of the said petition a part of the award as an annexure.

In the result, I make a 'no-dispute' award in the case in terms of the joint petition of settlement filed on 27th August 1965, a copy whereof is made a part of the award as an annexure.

No. 4615-I.R./IR/11L-330/64.—28th October 1965.—Whereas under the Government of West Bengal, Labour Department, order No. 6380-I.R./IR/11L-330/64, dated the 30th November 1964, the industrial dispute between Messrs. Roduk & Company, 13/C Sarbakhan Road, Calcutta-37 (Head Office at 5 Clive Ghat Street, Calcutta-1) and their workmen represented by Roduk & Company Workers' Union, 86A Lower Circular Road, Calcutta-14, regarding the issues mentioned in the said order being a matter specified in the third schedule to the Industrial Disputes Act, 1947 (XIV of 1947), was referred for adjudication to the Second Industrial Tribunal;

And whereas the said Second Industrial Tribunal has submitted to the State Government its award on the said industrial dispute;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

ANNEXURE

In the matter of an industrial dispute between Messrs. Roduk & Company, 13C Sarbakhan Road, Calcutta-37 (Head Office at 5 Clive Ghat Street, Calcutta-1) and their workmen represented by Roduk & Company Workers' Union, 86A Lower Circular Road, Calcutta-14 (Case No. VIII-351 of 1964).

By order No. 6380-I.R./IR/11L-330/64, dated Calcutta, the 30th November 1964, Government of West Bengal, Labour Department, referred an industrial dispute between Messrs. Roduk & Company and their workmen represented by Roduk & Company Workers' Union for adjudication regarding the issue contained in the order of reference.

Issue

Whether the closure of the factory is real and bona fide? Whether the closure is beyond the control of the management in the circumstances justified? To what relief, if any, are the workmen entitled?

Decision

This is a reference under section 10 of the Industrial Disputes Act. The issue is regarding closure of the factory and both Company and Union filed their respective written statements. The closure was characterised by the Union as mala fide and a way of victimising the workers. The Company in their written statement contended that the closure was real and bona fide. The preliminary issue was disposed of by separate order,

dated 29th July 1965, in which it was held that issue raised was an industrial dispute and the Union had representative capacity. The case was fixed for hearing on merits on 22nd September 1965. On that day a talk of compromise cropped up and the case was adjourned to 30th September 1965. On 30th September 1965, a joint petition of compromise was put in. The workmen were paid a lump sum of money in full and final settlement of their claim. The compromise was signed by the Secretary of the Union Shri Phani Mukherjee and the Union Advocate as well as by the Company's representative and its Advocate. Several receipts were filed showing payment of the agreed amount under the joint compromise. The receipts are dated 30th September 1965. The receipts were perused and ordered to be returned. The dispute is accordingly dissolved.

This is my award.

Mazumder & Co., and their workmen represented by Durgapur Steel Project and Contractors' Mazdoor Union to adjudication regarding the issues contained in the order of reference

Issues

1. Wage.
2. Overtime allowance.

Findings

This is a reference under section 10 of the Industrial Disputes Act. Issues before the Tribunal were regarding wage and overtime allowance. The case was fixed for hearing on 29th September 1965 but the Union prayed for time. The hearing was adjourned to 18th October 1965. On the previous date it was ordered that in the case of absence of the Union, the case would be heard ex parte. On the adjourned date the Company was present but the Union was absent. The onus was upon the Union to prove their case in respect of the claim for wage and overtime allowance. As the Union was absent the Company did not prefer to adduce any evidence as it is not necessary. I may presume that their is no dispute pending as the Union does not come to press the claim.

A "no dispute" award is accordingly made.

No. 4589-I.R./IR/10L-116(A)/64. 27th October 1965.—Whereas under the Government of West Bengal, Labour Department, order No. 470-I.R./IR/10L-116(A)/64, dated the 3rd February 1965, the industrial dispute between Messrs Indian Hume Pipe Company Ltd., P.O. Barakar, district Burdwan and their workmen represented by the Barakar Hume Pipe Workers' Union, P.O. Barakar, district Burdwan, regarding the issue mentioned in the said order being a matter specified in the third schedule to the Industrial Disputes Act, 1947 (XIV of 1947), was referred for adjudication to the Second Industrial Tribunal;

And whereas the said Second Industrial Tribunal has submitted to the State Government its award on the said industrial dispute;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

ANNEXURE

In the matter of an industrial dispute between Messrs. Indian Hume Pipe Company Limited, post office Barakar, district Burdwan and their workmen represented by the Barakar Hume Pipe Workers' Union, post office Barakar, district Burdwan. (Case No. VIII-278 of 1964).

BEFORE THE SECOND INDUSTRIAL TRIBUNAL, WEST BENGAL

Present:

Shri AMBICA PADA BHATTACHARYA, Judge, Second Industrial Tribunal.

By order No. 470-I.R./IR/10L-116(A)/64, dated Calcutta, the 3rd February 1965, Government of West Bengal, Labour Department, referred an industrial dispute between Messrs. Indian Hume Pipe Company Limited, post office Barakar, district Burdwan and their workmen represented by the Barakar Hume Pipe Workers' Union, Burdwan, for adjudication regarding the issue contained in the order of reference.

Issue

Dearness allowance for all categories of workmen.

This is a reference under section 10 of the Industrial Disputes Act. There is a history of the reference which should be recapitulated. A reference was made to the Seventh Industrial Tribunal in respect of the following dispute:

"Dearness allowance for all categories of workmen"

It is a dispute between Messrs. Indian Hume Pipe Limited, Barakar Branch and their workmen. The reference was dated 22nd September 1964. Subsequently the appropriate Government in exercise of the powers under section 33(b) of the Industrial Disputes Act withdrew the said proceedings from the Seventh Industrial Tribunal and transferred it to this Industrial Tribunal for adjudication in consideration of the fact that another industrial dispute between the workmen of Konnagar factory and the company was pending before this tribunal.

In the written statement the union alleged the following :- -

The company is an engineering company with 60 establishments spread throughout India and Ceylon. In West Bengal there are two branches one at Konnagar and another at Barakar. The reference in question is in respect of the workmen at Barakar. The workmen are paid very low wages even below the need based minimum. The minimum wage of a daily-rated workmen is Rs. 2.50 P. and that of monthly-rated workmen is Rs. 76. The rate of dearness allowance of monthly-rated and daily-rated workmen is also low. The existing rates are shown in Annexure C. For basic wage ranging from Re. 1 to Rs. 100 it is 60 per cent. of the basic wage subject to a minimum of Rs. 50; for wage ranging from Rs. 101 to Rs. 150 it is 50 per cent. of basic wage subject to a minimum of Rs. 60; for wage ranging from Rs. 151 to Rs. 1,000 it is 20 per cent. of the basic wage subject to a minimum of Rs. 75. The daily-rated workers are getting Rs. 1.50 P. per day as dearness allowance according to the unilateral rate brought into existence from 1st January 1963. The cost of living index is much higher during the period from the base of 1949 when the dearness allowance was fixed. The union claims dearness allowance at rates shown in Annexure C. It is 100 per cent. for wage range from Re. 1 to Rs. 100, subject to a minimum of Rs. 80; 90 per cent. for wage range from Rs. 101 to Rs. 150, subject to a minimum of Rs. 100; 50 per cent. of the basic wage for the wage range from Rs. 151 to Rs. 1,000, subject to a minimum of Rs. 110. The dearness allowance of Barakar area where the factory is located should be considered with reference to the coal and steel industry in the neighbourhood. In a recent award of the Seventh Industrial Tribunal the wage scale of monthly-rated and daily-rated workmen of Konnagar factory had gone considerable high and the dearness allowance had also been revised. The company offered the rates of dearness allowance but the workmen of Barakar factory refused to accept it on the plea that the wages are lower than the wages prevailing at Konnagar factory. The union accordingly claims dearness allowance for all categories of workmen in the manner indicated in Annexure C.

The company at first filed a preliminary written statement on 12th April 1965 wherein it was contended that Barakar factory had been closed on and from 1st of January 1965 on account of circumstances beyond the control of the company. It is alleged that the site on which factory stood is gradually subsiding. In view of the closure the reference for dearness allowance is not maintainable. Thereafter the matter was heard on 8th June 1965 on the preliminary point and the preliminary objection was overruled. The reference was held to be competent and it was ordered that it would be heard and decided on merits. The company was given opportunities to file complete written statement. Pursuant to the same the company filed written statement on 13th July 1965 wherein the company reiterated their stand that in view of the closure the reference could be decided. In the written statement it was contended further that there was no case for increase of dearness allowance. The dearness allowance of the daily-rated workmen was settled under a bipartite settlement, dated 29th of November 1956. The dearness allowance was enhanced to Rs. 1.50 per day with effect from 1st of January 1963 on the representation of the workmen. With regard to the monthly-rated workmen the dearness allowance was fixed not in 1949 but in 1951 when the factory was started. The award

regarding Konnagar factory cannot influence the rates of dearness allowance prevailing at Barakar factory because Konnagar is a much bigger unit than Barakar.

Appearances of the parties are as follows:—

For the Company : Shri K. P. Mookerjee, Counsel.

For the Union : Shri S. Banerjee, Advocate.

Decision

At the time of hearing of the argument Shri K. P. Mukherjee on behalf of the company has taken another objection to the irregularity of the order of reference. He finds fault with the order on the ground that it is an excess of the powers conferred on the appropriate Government under section 33(b). His argument is that the appropriate Government may by an order in writing withdraw any proceeding pending before one tribunal and transfer it to another tribunal but in doing so appropriate Government cannot add anything to it or subtract anything from it. It is contended that by the impugned order of reference the appropriate Government withdrew the issue of dearness allowance but transferred both the issues, namely, the issue of dearness allowance as well as the bonus issue of 1962-63 which was already pending before this tribunal. This comment of Shri Mukherjee is not only without foundation but it shows misapprehension of the entire order of reference by which the appropriate Government transferred the dispute to this tribunal. In order of reference the appropriate Government states that whereas an industrial dispute as specified in Schedule I, namely, dearness allowance issue was pending before the Seventh Industrial Tribunal and whereas another industrial dispute described in Schedule II, namely, bonus issue was pending before the Second Industrial Tribunal, the Government considers it expedient that both the disputes specified in Schedules I and II should be adjudicated by one industrial tribunal. Therefore in exercise of the power under section 33(b) the Government withdraws the proceedings from the Seventh Industrial Tribunal and transfers it to the Second Industrial Tribunal. The two issues are specified in Schedules I and II in order to make it convenient for referring to the same in stating the reason of the transfer. It is not correct to say that by this order of reference both the issues were transferred to this tribunal. That is not the case at all and any reading of the order in that light is not a correct reading. I hold accordingly that the order of reference is not bad or it does not exceed the power conferred under section 33(b). The objection in this respect is overruled.

With regard to the other objection, namely, that the factory is closed on 1st of January 1965, I have recorded an order, dated 8th June 1965, which is in the order-sheet. The issue of closure is not before me. Whether the closure is bona fide or justified is not to be decided by me. I accept the closure as a fact. Even then the order of reference is maintainable. The present reference was made on 3rd February 1965, but there had been a reference already pending before the Seventh Industrial Tribunal, dated 22nd September 1964 and that reference was withdrawn from that tribunal and transferred to this tribunal. For all intends and purpose the dispute is one which had been referred to the tribunal in September 1964, i.e., long before the closure. The charter of demand is of the year 1962. If the workmen are given any relief, the question will arise from what date the relief would be granted to the workmen. Even if the factory is closed the workmen would be entitled to some relief during the period the factory worked and the workmen were in service and the relationship of employer and employee continued. Shri K. P. Mukherjee, on behalf of the company, submits that since the industry is dead, the tribunal is not competent to adjudicate upon the dispute of dearness allowance. He has placed before me two decisions of the Supreme Court. One of the cases stated by him is reported in A.I.R. 1957, Supreme Court, page 95. The relevant discussion appears at page 100. The reference of an industrial dispute was challenged on the ground that at the time of reference no industrial dispute according to the definition of the section 2(k) of the Industrial Disputes Act existed as the relationship of employer and employee ceased on closing down of the business and discharge of all the workmen on 21st March 1951. The date of notification in the reported case was 16th November 1951, i.e., after the closure of the business. In the instant case as I have already discussed the relationship existed on the date of notification which in the relevant case would be 22nd September 1964. It is no doubt that the scheme of the act is that it assumes the existence of the industry and then proceeds to provide for various steps. Where the business has been closed and it is either admitted or found that the closure is real and bona fide, any dispute arising with reference thereto will fall outside the purview of the Industrial Disputes Act. That is undoubtedly an accepted principle. In the reported case itself to which Shri K. P. Mookerjee has referred at page 101, it appears that the Supreme Court made a distinction. The subject-matter of the reference under the impugned notification was the claim of workmen on a promise by the management, dated 3rd January 1951 and 10th January 1961. If that contention was well founded the learned Supreme Court observed the dispute related to a claim which arose while the industry was in existence and between persons who stood in the relationship of employer and employees and that would normally be an industrial dispute as defined in the act (page 101). Thus the ruling which is cited by Shri Mukherjee has no application in the present case, specially because, the impugned notification in the case before us was made prior to the closure of the business during the continuance of relationship of employer and employee. Shri Mukherjee has relied upon another case reported in A.I.R. 1957, Supreme Court, page 168. In that case the company closed the factory temporarily for two months on 15th January 1952 and the services of the workmen were not considered necessary for two months from 17th January 1952. Thereafter certain terms were agreed upon and the workmen were to report for duty on 16th July 1952. The workmen did not report. The factory was closed. In

that decision the learned Supreme Court discussed provisions of section 22 of the Industrial Disputes (Appellate Tribunal) Act, 1956, with reference to the provisions of the Industrial Disputes Act. The principles discussed in that case have no application to our instant case. I hold that the order of reference is not bad or incompetent, in spite of a closure of the factory on 1st January 1965 and the issue of dearness allowance should be adjudicated upon. The workers will get relief, if any, up to 31st of December 1964 while the factory was existed.

Now I am turning to the issue on merits. It is established principles of law that in considering the question of dearness allowance the tribunals are to apply the industry-cum-region formula. If there are other engineering industries in Barakar area, the prevailing rates of dearness allowance in the said industry should form the basis of fixation of dearness allowance in this factory. If there is paucity of such industry in that region the region part of the industry-cum-region formula would receive more importance and other industries of that region shall receive consideration. This is the burden of decision reported in 1964, 1, L.L.J, page 342. The guiding principle is that all concerns should be more or less on equal footing in the matter of production costs. Where the number of comparable concern is small in a particular region and therefore the competition aspect is not of the same importance, the region part of the industry-cum-region formula assumes greater importance, particularly, with reference to the clerical and subordinate staff. In that reported case the Supreme Court has also observed that same dearness allowance should be given to employees getting same wages irrespective of whether they are clerks, subordinate staff or factory workmen. The union has produced before me a chart Ext. 6 from Indian Iron & Steel Company Limited, Burnpore, which is not a comparable concern, is a much bigger concern than Indian Hume Pipe. Ext. 6(a) is another chart of Indian Iron & Steel Company of Kulti. That is also not at all a comparable concern with the factory in question. No other engineering concern of that area is before me showing rates of dearness allowance prevailing in the industries in that region. As to other industries in that region there is nothing before me to form a basis in application of the principles industry-cum-region formula. I am not in a position therefore to fix dearness allowance on the said principle for want of appropriate datas.

Dearness allowance by settlement in 1956. The consumer price index is Ext 1. With reference to this it is argued on the side by the union that in 1963 the price index rose to 448 points while in 1956 it was 347 points. So there have been a rise of approximately 100 points. It is well accepted principles for full neutralisation of the rise should not be made. The rise in the price index should be neutralised partially. It is however clear that some rise in dearness allowance should be necessary to neutralise even a portion of the rise in the cost of living index. In this connection a case reported in 1964, Volume VIII F.L.R., page 283. is cited before me. In that decision the following principles have been laid down. Where at both the centres of the company the industrial work carried on by the company is similar in character and the employees working with it at the two respective centres were transferable from one to the other, there should be no disparity or difference between the dearness allowance paid by the company to its employees at one of this centres and that paid at the other centre. It is in evidence that the company has a branch at Konnagar and another branch at Barakar. It will appear from evidence of Shri Sunil Sengupta, P.W. 2, General Secretary of the union, that Barakar and Konnagar factories are almost equal in strength and production. The witness further adds that the company offered to pay dearness allowance prevailing at Konnagar. Cost of living index at Barakar and Konnagar would not be much different. P. W. 2 Shri Sengupta wants to say that the cost of living index at Barakar is higher than that of Konnagar. It will also appear from the evidence of Shri Sengupta that there are instances where there is transfer to Barakar from other units Considering the evidence on record I am inclined to allow to the workmen of Barakar the same dearness allowance which are paid to workmen of Konnagar under the award of 1963. It is an admitted fact that there have been an award in respect of the dearness allowance of the workers of Konnagar factory by the Seventh Industrial Tribunal. The Union has given an Annexure F(A) which shows the rates of dearness allowance for monthly and daily-rated workers according to the award of the Seventh Industrial Tribunal. I make those rates available to the workmen of Barakar factory. They are as follows:—

Rate of Dearness Allowance for the monthly-rated Staff

BASIC SALARY BETWEEN	Dearness Allowance
Re. 1 and Rs. 100	65% subject to a minimum of Rs. 55
Rs. 101 and Rs. 150	55% subject to a minimum of Rs. 65
Rs. 151 and upward	25% subject to a minimum of Rs. 80

Rate of Dearness Allowance for the daily-rated workmen

CATEGORY	Dearness Allowance
Skilled workmen	Rs. 1·75 nP. per day.
Semi-skilled workmen	Rs. 1·75 np. per day.
Unskilled workmen	Rs. 1.50 nP. per day.

The above rate of dearness allowance will have effect from the date of charter of demands, namely. 1st August 1963.

This is my award which is to be implemented within 30 days of its publication in the "Calcutta Gazette".

No. 4630-I.R./KW/I.R./11L-8/62.—29th October 1965.—Whereas under the Government of West Bengal, Labour Department, order No. 442-I.R./IR/11L-8/62, dated the 8th February 1962, the industral dispute between Messrs. The Shalimar Rope Works Ltd., 39 Shalimar Road, Howrah and their workmen represented by Shalimar Rope Workers' Mazdoor Union, 25 Shalimar Road, P.O. Botanical Garden, Howrah, regarding the issue mentioned in the said order being a matter specified in the second schedule to the Industrial Disputes Act, 1947 (XIV of 1947), was referred for adjudication to the Second Industrial Tribunal.

And whereas on an appeal filed by the company against the Award made by the said Second Industrial Tribunal on the said industrial dispute, the Honourable High Court, Calcutta, issued a rule and sent back the case on remand for re-hearing of the said issue;

And whereas the said Second Industrial Tribunal adjudicated on the said issue and submitted its award to the State Government;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

ANNEXURE

In the matter of an industrial dispute between Messrs. The Shalimar Rope Works Ltd., 39 Shalimar Road, Howrah and their workmen represented by Shalimar Rope Workers' Union, 25 Shalimar Road, P.O. Botanical Garden, Howrah. (Case No. VIII-30 of 1962.)

BEFORE THE SECOND INDUSTRIAL TRIBUNAL, WEST BENGAL

Present:

Shri A. P. BHATTACHARYA Judge, Second Industrial Tribunal.

This reference is dated 8th February 1962 and it ended in an award by my predecessor Shri P. C. Paul. In the written statement of the union the dismissal of Shri Paresh Nath Tripathi was enarged as wrongful and unjustified. Shri Paul in his award held that the dismissal was unjustified. Tripathi was ordered to be reinstated with arrear wages. On the application of the company a rule was issued by Mr. Justice B. N. Banerjee and in the Judgement of Justice Banerjee reported in 1965, 1, L.L.J., page 625. The following direction was given:—

> "In these circumstances, the best course for me is to uphold the finding of the tribunal that the dismissal of Paresh Nath Tripathi was wrongful but to set aside the relief granted to the workman and to remand the case to the tribunal, with the direction upon it to consider whether in the circumstances of the case, Paresh Nath Tripathi may be compensated, for his wrongful dismissal, in terms of money or whether he should be reinstated to his former position of trust. I order accordingly."

After receipt of the record both parties adduced additional evidence before the Tribunal and made their respective arguments. This is the history of the reference. The question which now arises for decision may be set forth thus—

> Whether Shri P. N. Tripathi is entitled to be compensated for his wrongful dismissal in terms of money or whether he should be reinstated to his former post of trust?

This is the issue which now falls to be decided on the evidence on record.

Appearances of the parties is as follows:—

For the Company: Shri N. M. Das Gupta, Advocate.

For the Union: Shri D. N. Trivedi, Advocate.

His Lordship has considered this aspect of the case to some extent but finally comment was reserved and the matter was remanded to the tribunal for the above purpose. It has been finally and conclusively held that the dismissial of Shri P. N. Tripathi was wrongful. The remand is for the limited purpose. The relevant observation of Justice Banerjee may be quoted here:

> "It appears that Paresh Nath Tripathi was employed in a position of trust in the factory of the petitioner-company and that his employer lost all confidence in him and became dissatisfied with his work. The evidence may not have been sufficient to establish the charges of misconduct levelled against Paresh Nath Tripathi; nevertheless the dissatisfaction of the employer against him is apparent. Although the termination of his service, on charges levelled against him, has been held to be wrongful (and in my opinion possibly rightly so) but that does not lead to the necessary consequence that he must be reinstated. The normal rule in

cases of wrongful dismissal is reinstatement but the normal rule admits of exceptions. One such exception is inexpendiency in forcing a workman back to a position of trust where the employer has lost all trust and confidence in the workman. These exceptions have been emphasized upon by the Supreme Court in two decisions, namely, Assam Oil Company, Ltd., vs. its workmen (1960—1 L.L.J. 587) and Samnoggur Jute Factory Company, Ltd., vs. their workmen (1964 I L.L.J. 634). In such exceptional cases monetary compensation for wrongful dismissial may be an adequate relief. The tribunal did not consider this aspect, when directing reinstatement of Paresh Nath Tripathi."

In deciding the question those observations of Mr. Justice Banerjee should be kept in view. Shri Tripathi was a supervisor in the factory known as Shalimar Rope Works Ltd., His duty was to supervise and control the work of about 100 workmen and to submit daily report of production and the running condition of the machinery in his section. The management forfieted confidence of the employer because he was negligent in his duty and was prone to commit breach of discipline such as absence from work, issue of false gate passes, writing of false report, loitering outside the factory premises during working hours, etc. The services of P. N. Tripathi was terminated by a notice, dated 3rd December 1960. Shri Tripathi was the supervisor and it is an administrative post and he has to supervise the work of 100 workers. He was accordingly holding a post of great responsibility. Shri B. K. Bhandari, Works Manager (O.P.W. 2) of the company stated that he lost confidence in Tripathi. His evidence is that Tripathi was to report on production every day. There is a mechanical supervisor who is to report on the machines. It is the exclusive duty of the production supervisor (viz. Tripathi) to report on daily production. Tripathi allowed the mechanical supervisor to report on production. This was negligent on his part. It will appear from the scrutiny of the production register that at times the production report was written not by Tripathi but by the machanical supervisor. Main charges against Tripathi were that he left work on 30th November 1960 and 1st December 1960 about the tiffin time and did not come back again on those days. The plea of Tripathi was that he fell sick. He stated in his evidence that he took medicines for his illness from the company's dispensary located inside the factory. The compoundor of the dispensary was examined. He stated that Tripathi did not take any medicine on those days. The hospital record spoke in support of the said testimony. Tripathi's explanation that he was ill is not accepted. It is significant to note that he did not report about illness on either of the two days. He was a responsible officer and it was his duty to report immediately if he was feeling unwell to return to work after tiffin hours on two consecutive days. This is a negligence which is proved on evidence before the Tribunal. It will appear that Tripathi left work on tiffin time but he has proved the production register for the date 1st December 1960 Ext. B to have been written by him. The total production is noted by him at 220 though he left work at tiffin time before the total production could be reached. This was a dishonest act on the part of Tripathi. This instance will prove that the conduct of Tripathi was in breach of trust reposed in him as a responsible officer to supervise production work. He has abused his position and as such the management is entitled to say that they have no confidence in him. The claim for reinstatement should not therefore be granted, and Shri Tripathi is entitled to monetary compensation for his wrongful dismissal. We are accordingly confronted with the task of assessing the amount of compensation in lieu of reinstatement. In the Assam Oil Co., Case reported in 1960 1, L.L.J., page 587 Miss Scott was wrongfully dismissed who lost the confidence of her employer. The amount of compensation of Rs. 12,500 was found fair amount in addition to payment of Rs. 2,700 as subsistance allowance. The question of Miss Scott's salary and the position of the concern were considered. In the instant case Tripathi was getting a salary of Rs. 161 per month when he was dismissed on 3rd December 1960. A claim of compensation Ext. 1 is pressed on behalf of the Union. The claim is Rs. 80,000, which includes arrears of pay, notice pay, gratuity, retrenchment compensation, etc. Shalimar Rope Works Ltd., is an establishment which cannot be said to be a small one. There is no evidence as to the financial position of the company. I take it that the company is a solvent one. Tripathi stated that he is out of employment and it appears that the company preferred a motion against the decision of the predecessor Shri Paul and it is obvious that the workman had to incur sufficient cost. The amount of arrears of pay calculated up to this day i.e. end of September 1965, would roughly amount to Rs. 10,000. The workmen should at least be entitled to said amount because he is without employment for the above period and had to fight out his case before my predecessor, then before Hon'ble High Court and then again in this court after remand. Considering all the factors I award Rs. 10,000 (Ten thousand) as amount of compensation in lieu of reinstatement. The above payment is to be made within thirty days of the publication of the award in the "Calcutta Gazette".

This is my award.

No. 4735-I.R./IR/10L-195/64.—2nd November 1965.—Whereas under the Government of West Bengal, Labour Department, order No. 153-IR/IR/10L-195/64, dated the 12th January 1965, the industrial dispute between Messrs. Grand Smithy Works, 5 G. T. Road, Belur, P.O. Belurmath, Howrah, and their workmen represented by Howrah Metal Workers' Union, 12/13 Cowisghat Road, Sibpur, Howrah, regarding the issues mentioned in the said order being matters specified in the second schedule to the Industrial Disputes Act, 1947 (XIV of 1947), was referred for adjudication to the Fourth Industrial Tribunal;

And whereas the said Fourth Industrial Tribunal has submitted to the State Government its award on the said industrial dispute;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

ANNEXURE

In the matter of an industrial dispute between Messrs. Grand Smithy Works, 5 G. T. Road, Belur, P.O. Belurmath, Howrah, and their workmen represented by Howrah Metal Workers' Union, 12/13 Cowisghat Road, Sibpur, Howrah. (G.O. No. 153-IR, dated 12th January 1963). (VIII-17/65.)

BEFORE THE FOURTH INDUSTRIAL TRIBUNAL, WEST BENGAL, CALCUTTA.

Present:

Shri R. BHATTACHARYA, M.A., LL.B., Judge,

Fourth Industrial Tribunal.

For the Workmen—Shri K. Banerjee, Advocate.

For the Company—Shri K. K. Moitra, Advocate.

The Government of West Bengal by its Labour Department order No. 153-IR/IR/10L-195/64, dated 12th January 1965, has sent a reference under section 10 of the Industrial Disputes Act over an industrial dispute between Messrs. Grand Smithy Works (hereinafter described as the Company), 5 G. T. Road, Belur, P.O. Belurmath, Howrah and their workmen represented by Howrah Metal Workers' Union (hereinafter referred to as the Union), 12/13 Cowisghat Road, Sibpur, Howrah, for adjudication of the following issues:

1. Whether the lay-off of 140 workmen named in the list enclosed as per notice, dated 8th November 1964, is justified? To what relief, if any, are they entitled?

2. Whether the non-employment of the following workmen is justified? To what relief, if any, are they entitled?

List of workmen

(1) Shri Hassan Raja, (2) Shri Saraswati Rajbhar, (3) Shri Indraraj Jadav, (4) Shri Bharat Kurmi, (5) Shri Shyamlal Kahar, (6) Shri Dudh Nath Singh.

The list mentioned in Issue No. 1 is made Annexure "A" to this award.

After the reference the company on ground of misconduct decided to dismiss some of the workmen mentioned in Issue No. 2 and, therefore, the company filed an application under section 33(1) of Industrial Disputes Act for obtaining permission to dismiss the workmen in question. At the request of both the sides and for the sake of convenience both these two cases have been heard analogously and this award shall govern both the cases. In the reference under section 10 of the Industrial Disputes Act the union on behalf of the workmen as well as the company have filed their respective written statements. In short, the case of the union is that the company is one of the biggest exporters of scrap from India. Some workmen joined the Howrah Metal Workers' Union in order to resist the oppression of the company. The employer got annoyed at this and started victimisation of labourers. The workers were refused work without notice and several workers were falsely charge-sheeted. The workmen mentioned in the Issue No. 1 were illegally and without any reason laid off with effect from 8th November 1964, although junior workers were kept employed. The said lay-off still continues. The six workmen mentioned in Issue No. 2 were further charge-sheeted on false allegations. All the workmen replied to the charges-sheets and they were harassed in the name of enquiry. The result of the enquiry has not been made known to them. It has been stated that the alleged lay-off and the non-employment of the six persons mentioned in Issue No. 2 were mala fide cases of victimisation because the company did not like that they should organise in a trade union.

In reply the company has stated that not a single workman of the company is a member of the union and that the union not being in a representative character has no right to espouse the cause of the workmen. Generally, the company has denied the material allegations of the union. With regard to the question of lay-off mentioned in Issue No. 1, the case of the company is that it is primarily an exporting concern. Its business is to procure various types of iron scraps and to process them into bundles or brequettes for the purpose of exporting them to Japan. There is no market for such type of products in India. In the Boring Department of the company, iron scraps are cut into small pieces and with them brequettes are prepared and they are ultimately exported to Japan. The working of the Boring Department is dependent on the orders for export to Japan. In the latter part of 1964, the company had partically no order for export of brequettes to Japan and the results was that huge stocks of brequettes were accumulated. The company found that unless those finished products in stock were sold out to the Japanese market, there was no need of any further production by the Boring Department and it was therefore necessary that the workers of that Boring Department should be laid off. The company accordingly by its notice, dated 8th November 1964, laid off 140 workmen of the Boring Department as mentioned in Issue No. 1. Out of these workmen only three workers, namely, Sarbashri. Narayan Thakur, Himangsu Dutta and Biswa Nath Koiry, were permanent while the remaining were

mporary hands. After the said lay-off the tuation has not changed. In the meantime out the said 140 workers 111 workers including ree permanent workers resigned from their rvice voluntarily and left the company after taining their dues in full and final settlement of eir claims. The services of the remaining 29 orkers were terminated after 48 days from the te of lay-off when the situation did not improve. at of these 29 workers whose service had been rminated by a notice, dated 26th December 1964, me settled their dues with the company and left ter giving full and final settlement receipt. The mpany has alleged that the lay-off is justified d this is not a case of victimisation.

Regarding Issue No. 2 of the order of reference, e company has stated in the written statement at Hussan Raja, Indraraj Jadav, Bharat Kurmi d Shyamlal Kahar were unskilled workers of the ess Department of the factory. They were arge-sheeted for gross misconduct and they were pt suspended pending enquiry. The charge was at on 15th November 1964, at about 12-15 noon ey in a concerted manner assembled at the tory gate and started shouting and abusing the nagement. They also caught hold or Shri Ram asad Choubey who was going out of the factory te, surrounded him, abused him, threatened him d assaulted him causing bleeding injuries on his rson. Hassan Raja received the charge-sheet d gave reply. Charge-sheet could not be served Indraraj Jadav and Bharat Kurmi at their local dresses. They were not received there. The mpany thereafter published the charge-sheets in e local newspaper Sanmarg, dated 31st December 64. In that notice they were asked to submit eir explanations. No explanations were sent to e company. Thereafter an enquiry notice was blished in the same newspaper, dated 12th nuary 1965, asking them to attend the enquiry be held. An enquiry was held. Except Hassan ja no other person appeared. Charge-sheeted rsons were given all opportunities for self-fence. Ultimately they were found guilty of the arges. Shyamlal Kahar however submitted his signation on 30th November 1964 and left the mpany obtaining his full and final settlement. e company therefore excluded him from the oceedings of enquiry. The management of the mpany considering the report of the enquiring icer found the charge-sheeted persons guilty of e charge. In the meantime, however, the vernment made a reference to this tribunal. The mpany on account of the reference could not cide whether it could legally dismiss the charge-eeted persons. Thereafter the company sought r legal opinion, the point and after sometime the mpany was advised to file the application under ction 33(1) of the Industrial Disputes Act for taining permision to dismiss them. Saraswati ajbhar has resigned from his service by a letter, ted 30th November 1964, and left the company ter obtaining all his dues from the company. adnath Singh in Sl. No. 6 of Issue No. 2 is ll working in the company and there was no casion for his non-employment.

In the application under section 33(1) of the dustrial Disputes Act, the company made allega-ns as indicated in the above paragraphs. In reply to this application the opposite parties Hassan Raja, Indraraj Jadav and Bharat Kurmi submitted a written statement. It has been alleged that the allegations made by the company were not correct, that although an enquiry was held against Hassan Raja, but it was nothing but a farce. The opposite parties Indraraj Jadav and Bharat Kurmi, according to the written statement, did not receive any charge-sheet or intimation about enquiry. As they were away from the local residence, they had no opportunity to go through the Sanmarg. However, main allegations have been denied by all the opposite parties.

Several documents of the company have been marked exhibits without any objection from the other side. The company has examined only one witness Shivaji Singh as P.W. 1. He is the Labour Officer of the company. He has stated that Dudnath Singh of Issue No. 2 has been working all along and he was never unemployed. The other five persons were charge-sheeted. Hassan Raja received the charge-sheet and he gave reply thereto. That charge-sheet and the reply have been marked exhibits in this case. Those documents will appear in the bunch of paper collectively marked Ext. 5(b). His evidence further shows that charge-sheets were also issued to other four persons. Saraswati Rajbhar and Shyamlal Kahar subsequently tendered their resignation and the company accepted them. P.W. 1 has stated that they left their services after taking all their dues. The relevant papers and vouchers have been collectively marked exhibits. P.W. 1 has further stated that charge-sheets were issued to Indraraj and Bharat through post to their local and native addresses. The charge-sheets were also published in Sanmarg. The notices of enquiry were also published. P.W. 1 has stated that he held the enquiry and Hassan attended the enquiry but Indra and Bharat did not come to the enquiry. We also get from this witness that the charge-sheeted persons were given all opportunities for their self-defence, that the company's witnesses were examined in presence of Hassan who attended the enquiry, that he was asked to cross-examine the witness, and that he cross-examined only one witness. Hassan did not examine any witness. He only made his statements. The enquiring officer found that the charge-sheeted persons guilty. P.W. 1 has stated that as the reference was pending at that time, the company sought for legal opinion and ultimately the company was advised to file an application under section 33(1) of the Industrial Disputes Act. The witness has stated further that the company is mainly an exporting concern. The company used to prepare bundles or brequettes for the purpose of export to Japan primarily. There is no market in India for such goods. The Boring Department of this company prepares brequettes. All the 140 persons laid off worked in the Boring Department. According to P.W. 1, towards the end of 1964 the company got a letter from Japan asking it not to supply any steel brequettes and that letter has been marked in this case. The evidence further shows that due to huge accumulation of brequettes and the absence of order in hand, the company had to lay off the workmen in question. The evidence of P.W. 1 is that all

the persons laid off were temporary except three who were Himansu Dutta, Narayan Thakur and Biswanath Koiry. After the lay-off 111 persons out of 140 tendered their resignations and left the company's service taking all the dues. Their letters and vouchers are all exhibited. The remaining 29 persons out of 140 were subsequently retrenched by a notice, dated 26th December 1964. That notice has also been exhibited. After this retrenchment four other persons, namely, Ramhari Parsi, Lakshman Thakur, Md. Ismail and Pannalal Gour, resigned and left the services of the company after receiving their dues. P.W. 1. has asserted that the lay-off, enquiry and the charge-sheets are all bona fide. During cross-examination P.W. 1 has stated that there is no separate register of workmen in respect of Boring Department alone, that even at present the Boring Department is not functioning, and that all the persons working in the Boring Department were laid off without any exception.

On the side of the workmen two witnesses have been examined. O.P.W. 1. is Jangi Koiry mentioned in Sl. No. 23 of the list attached to the order of reference. He says that on 8th November 1964 the workmen went to the factory but they were told that there had been a lock-out. The witness wants to say that at this the workmen came away from the factory. The witness has given a story of lock-out but that is not the case of the union. He has given a new story. He says that 300 or 400 workers came away from the factory and that they were prevented from doing any work. He says further that the company recruited 300 or 400 persons and they worked in the absence of regular workers of the company. Again the witness has stated that the company did not inform the workers that they would not be employed but after 10 days he and others came to know that they had been laid off. The witness says that he does not know to which department he belonged. The evidence of O.P. W. 1 is most unreliable and uncorroborated. He has not given evidence supporting the case of the union. He is not a truthful witness.

O.P.W. 2 is Hassan Raja of Issue No. 2. His evidence is that on 8th November 1964 there was a lock-out and he came home. After that date he did not go to the factory on any day. He has denied the allegations made in the charge-sheet. He has stated that he attended the enquiry, that the company examined its witnesses in his presence, that there was no witness on his side and that he made his own statements in the enquiry. During cross-examination this witness gives a strange story indicating that he has been made a tool in the hands of others to be used against the company. He has stated that he did not file any objection in the case filed by the company before this tribunal. The objection filed in the proceeding under section 33(1) of the Industrial Disputes Act was shown to him and he has admitted his signature which has been marked Ext. 8. He has stated that he does not know the contents of the petition of objection. He has stated that Kali Babu asked him to give signature and the contents of the objection were not read over and explained to him. He has also added that Bharat and Indra Raj, the other two opposite parties, gave their signatures and thumb impressions in his presence and that the contents were not read over to them. It is clear therefore from this witness that Hassan has no grievance regarding the enquiry proceeding. He has not come forward voluntarily to contest the proceeding under section 33(1) of the Industrial Disputes Act. Practically speaking he was not aware of the contents of the objection. It should be noted that Indraraj and Bharat though present at the hearing were not examined before me.

After narrating the nature of oral evidence adduced in this case, I shall now discuss about the Issue No. 1 relating to the lay-off. At the beginning of the actual hearing of the case when the parties opened their respective cases, Shri Banerjee, learned lawyer for the union, submitted that on the question of Issue No. 1 the union on behalf of the workmen would not press the cases for 115 workmen mentioned in the list attached to the order of reference who had already left the service of the company on receiving all their dues. He submitted that he would support the cases of 25 workmen who had not submitted any resignation. Those 25 persons have been mentioned in Sl. Nos. 6, 13, 15, 17, 19, 20, 23, 26, 38, 54, 56, 57, 61, 72, 80, 89, 90, 91, 97, 100, 103, 104, 105, 108 and 131 of the list attached to the order of reference. It is admitted by both the sides at the times of argument that the workmen in question were laid off by a notice, dated 8th November 1964. That has been marked Ext. 2(a). It is equally admitted that after the said lay-off these 140 persons did not work in the factory. The issue of this notice has not been challenged by the union. Of course, O.P.W. 1 on behalf of the union has stated in his evidence that the company did not issue any notice of lock-out. This witness does not say anywhere that there was a lay-off. He has tried to say that it was a case of lock-out. However, Shri Banerjee has accepted the issue of notice Ext. 2(a), by the company. The validity of the notice has neither been challenged from the side of the union at the time of hearing. Only two points have been urged by Shri Banerjee challenging the legality and the propriety of lay-off. The first point is that there is no evidence that the entire Boring Department of the company stopped functioning and that even if all the workmen of the Boring Department were laid off, still the lay-off in question was mala fide. Against this argument the case of the company is that as there was no order for brequettes coming from Japan and as there was accumulation of finished products, there was no necessity of further production of brequettes with which the Boring Department was concerned and that for the best interest of the company the entire Boring Department had to be laid off. P.W. 1, the Labour Officer of the company, has been examined. He has stated the case of the company. We get that the Boring Section was concerned only with the making of brequettes. Those brequettes were exported to Japan only. Japan informed the company that no further brequettes were necessary and the supply of the brequettes were to be stopped

Ext. 2(b) is a letter, dated 8th October 1964, written by Nomura Trading Co. Ltd., Osaka, Japan, to the company stating that Messrs. Sumitomo Metal Industries, Japan, do not require Mild Steel Brequettes. The letter therefore advised the company to stop supply of brequettes forthwith. P.W. 1 has definitely asserted that due to huge accumulation of brequettes and the absence of order in hand, the company had to lay-off the workmen in question. The union examined the witnesses after the examination of P.W.I. None of the witnesses on behalf of the union have denied the statements made by P.W. 1. There is no evidence on the side of the union to challenge the evidnce about the absence of order and the huge accumulation of brequettes. The evidence further shows that Boring Department of the company prepared the brequettes. The evidence is clear on the side of the company that except Japan there is no market for brequettes. In view of this evidence I hold that at the time of lay-off the company had no order for export of brequettes and that there was a huge accumulation of brequettes in the store of the company. For the best interest of the business the company had to suspend the work of Boring Department. P.W. I has stated that all the persons working the Boring Department without any exception were laid off. There is no satisfactory or reliable evidence on the said of the union or circumstance to indicate that the statement of P.W. 1 when he says that all the persons of the Boring Department were laid off was incorrect. I have already indicated that the evidence of O.P.W. 1 is unacceptable. O.P.W. 2 on the side of the union does not say anywhere that after the lay-off any workman of the Boring Department was on duty, or that the Boring Department was functioning. It has been argued by Shri Banerjee that the Adult Register, Ext 7(d), will show that from December 1964 to March 1965, Boring Department was functioning. It has been argued that Ext. 7(d), the Attendence Register, will show that a large number of workmen were on duty from December 1964 to March 1965. Shri Banerjee has relied upon the description of the department in the register. On the top of each page from December 1964 to March 1965 "Boring Department" was written. P.W. 1 during cross-examination has stated that Boring Department has been wrongly written during this period. He has asserted that even at present the Boring Department is not functioning. I have seen the entire Ext. 7(d). It appears that up to November 1964 at the top of each page was written "Grand Smithy Works", the name of the company. After March 1965, it was written "General Dept." I have also perused the other register, Ext. 7(e). On consideration of the oral evidence as well as the documents exhibited in this case, I find that, in fact, the Boring Department has been wrongly mentioned during the period from December 1964 to March 1965. This fact would be clear from perusal of the names of the workmen and the nature of work done by several persons will show their names. It is clear that under the Boring Department though wrongly mentioned, men of different departments have been mentioned. The nature of work done by several persons will show that they were not working in the Boring Department. The mistake has been clearly stated by P.W. 1 and I accept the statement. I find therefore that on reasonable grounds as stated earlier the company for the best interest of the business and to avoid loss laid off all the persons of Boring Department of the factory. There was no mala fide intention or action on the side of the company. The first point urged on the side of the union has, therefore, failed.

The next point canvassed by Shri Banerjee from the side of the union is that the lay-off was illegal because no register was maintained by the company according to section 25(i) of the Industrial Disputes Act. In this connection the notice of lay-off has got to be considered. The company clearly stated in the notice that except Narayan Thakur, Himangsu Dutta and Biswanath Koiry all other workmen were temporary and that they need not attend the factory during the period of lay-off. The three persons mentioned who are permanent were directed to come to factory for attendance every day except on holidays. It is to be remembered that section 25(i) of the Industrial Disputes Act is meant for the payment of compensation to the persons laid off. This section 25(i) is, therefore, connected with the matter of compensation payable to the laid off workmen. P.W.1 has stated during evidence that except the three persons named all other persons were temporary. There is no challenge during evidence from the side of the union against this statement of P.W. 1. Again, the union does not press the cases of Himangsu Dutta, Biswanath Koiry and Narayan Thakur. Moreover, when the company definitely asked the laid-off persons not to attend the factory, those workmen had no duty to attend the factory during the period of lay-off for the purpose of compensation and, therefore, the question of maintaining muster roll of the laid-off workmen under section 25(i) of the Industrial Disputes Act does not arise. If the lay-off in question is reasonable, bona fide and legal, the non-compliance into the employers' duty to maintain muster rull under section 25(d) of the said Act will not render such lay-off illegal or defective. I cannot accept that the second argument of Shri Banerjee will be of any value to render the "lay-off" illegal. I am satisfied that the lay-off by the company as mentioned in Issue No. 1 was justified, reasonable and legal. The case of the company is that after the lay-off those laid-off workers who did not leave the service of the company were retrenched on legal and valid reasons. The question of retrenchment is not an issue in the present reference and, therefore, I cannot consider that question. Before I leave the issue No. 1, I should mention that no particular argument was advanced from the side of the union regarding compensation of the laid-off workmen. Moreover, no evidence has been advanced by the parties relating to the data for ascertaining compensation. The issue No. 1 is thus disposed of against the workmen.

Coming to the Issue No. 2 on the question of non-employment of some workmen, Shri Banerjee for the union has submitted before me that he cannot support the case of the union on the evidence adduced in this case. He has stated that he does not find any material to speak in favour of the workmen over the Issue No. 2. He has

clearly given up the said issue at the time of argument. Shri Banerjee has also confessed that he cannot find any material to oppose the application under section 33(1) of the Industrial Disputes Act filed by the company. Issue No. 2 relates to the non-employment of Hassan Raja, Saraswati Rajbhar, Indraraj Jadav, Bharat Kurmi, Shyamlal Kahar and Dudh Nath Singh. The application filed by the company under section 33(1) of the Industrial Disputes Act is against Hassan Raja, Indraraj Jadav and Bharat Kurmi alone. At the time of opening of the case Shri Banerjee has stated that the union will not take up the cases of Dudhnath Singh who has been admittedly working in the company all along, Saraswati Rajbhar and Shyamlal Kahar. The last two persons have left the service of the company voluntarily on taking all their dues. P.W. 1 has stated in his evidence that Dudh Nath Singh has been working all along and that he was never non-employed. This fact has not been challenged by the union. The fact has been proved. With regard to the remaining five persons, P.W. 1 has stated that of these persons Hassan Raja received the charge-sheet sent through the post and he replied the charge-sheet. We also get from the witness of the company that Saraswati Rajbhar and Shyamlal Kahar tendered their resignations which were accepted by the company and left their service after taking of their dues. This fact has also been proved. Relevant papers have also been filed and exhibited in support of this fact. We get from P.W. 1 that charge-sheets were sent to Indraraj Jadav and Bharat Kurmi through post to their local addresses and their village addresses. The evidence is that those letters came up unreceived. Those letters have been filed and exhibited. We also get from evidence the charge-sheets regarding Shri Jadav and Shri Kurmi were published in the Sanmarg, a newspaper. That newspaper has been exhibited in this case. P.W. 1 has stated that these two charge-sheeted persons did not give any reply. The company, the evidence shows, issued notice about enquiry in Sanmarg. That notice has also been exhibited. P.W. 1 thereafter held the enquiry. Shri Jadav and Shri Kurmi did not attend the enquiry. Hassan Raja did. In the circumstances P.W. 1 held the enquiry in presence of Shri Raja and in absence of the other two. He recorded the evidence in presence of the delinquent who attended the enquiry. He offered all opportunities to the charge-sheeted persons for self-defence. I have considered the evidence of P.W. 1 as well as O.P.W. 2, Shri Raja. Shri Raja does not say anything against the enquiry. On the other hand, I accept the evidence of P.W. 1 and on consideration of the oral evidence as well as the records of the enquiry including the enquiry report, I am satisfied that the enquiry was held according to the principles of natural justice giving all opportunities to the delinquents for self-defence. The evidence further shows that some time was taken for filing the application under section 33(1) of enquiry. The delay has been reasonably explained by P.W. 1. I am satisfied that the delay was reasonable. The management considered the report of the enquiring officer and the cases of the delinquents. In the meantime the reference under section 10 of the Industrial Disputes Act was made. The company decided to dismiss the charge-sheeted persons but as it had bona fide doubt as to whether according to law it could dismiss them after the reference, the matter was referred to the lawyer. It took some time for the purpose and ultimately on getting the legal advice, the company has come to the Tribunal for permission to dismiss the workmen. The evidence shows that along with the charge-sheet the delinquents were suspended pending enquiry. From the evidence I am satisfied that all the charge-sheeted persons were reasonably non-employed by the company during the pendency of the enquiry and till their proceedings were finally disposed of by the company. Dudh Nath Singh has never been non-employed and the question of his non-employment does not arise. Saraswati Rajbhar and Shyamlal Kahar were also reasonably non-employed during the enquiry proceedings and their cases do not arise at present because they have already voluntarily resigned from service after taking all their dues. The issue No. 2 is decided against the workmen.

On the evidence on record and in view of my findings above, I am satisfied that the company proceeded against Hassan Raja, Indraraj Jadav and Bharat Kurmi with proper charge-sheets, proper enquiry and bona fide intention, that the enquiry was held following the principles of natural justice offering all opportunities to the delinquents for their self-defence, that the findings of the enquiring officer was reasonable and not perverse, that there has been no basic error of fact and that the enquiry, the charge-sheet and the decision of the management to dismiss the workmen are all reasonable, proper and bona fide. In these circumstances, the application under section 33(1) of the Industrial Disputes Act filed against Hassan Raja, Indraraj Jadav and Bharat Kurmi is allowed and I accord permission to the company for dismissing them.

ANNEXURE

the matter of an industrial dispute between Messrs. The Bhagat Oil Mills, Head Office at 174 Chittaranjan Avenue (factory at 32/4 Sahitya Parishad Street, Calcutta-6), Calcutta-7, and their workmen represented by the National Union of Bhagat Oil Mills Workers' 109Z Ultadanga Main Road, Calcutta-4. (Case No. VIII-199/65.)

BEFORE THE SECOND INDUSTRIAL TRIBUNAL, WEST BENGAL

Present:

Shri AMBICA PADA BHATTACHARYA, Judge, Second Industrial Tribunal.

By order No. 3279-I.R./IR/15L-8/64, dated Calcutta, the 27th July 1965, Government of West Bengal, Labour Department, referred an industrial dispute between Messrs. The Bhagat Oil Mills and their workmen represented by the National Union of Bhagat Oil Mills Workers for adjudication regarding the issue mentioned in the order of reference.

Issues

1. Whether refusal of employment to Sarvashri Gulraj Ahir and Bhagelu Ahir is justified? To what relief, if any, are they entitled?

2. Whether dismissal of Sarvashri Putur Kurmi, Birbal Bhar, Rajman Tewari and Ramlagan Kahar is justified? To what relief, if any, are they entitled?

This is a reference under section 10 of the Industrial Disputes Act. The reference was originally made to the First Industrial Tribunal on 9th of June 1964. Subsequently in exercise of the powers under section 33B of the Industrial Disputes Act the reference was withdrawn from the said Industrial Tribunal and transferred to this Tribunal by notification, dated 27th July 1965. The workmen are represented by the National Union of Bhagat Oil Mills Workers. The Union

filed written statement stating that the Company employs 300 workmen in the Oil Mill. Originally the workmen were under the leadership of an old Union Bhagat Oil Mills National Workers' Union but the leadership of that Union turned against the interest of the workmen and inclined towards the interest of the management. Thereafter the new Union named in the order of reference was formed in 1962 and registered in 1963. The management did not view the formation of the Union with favour and undertook a policy of victimisation against its members.

Shri Gulraj Ahir was a permanent workman of the Company. He is a member of the new Union. He put in 15 years of service. He was dismissed on the charge of assault of the Manager, Bhudharmal Bhagat. Over the self-same incident there was a criminal case instituted by Ramji Khoji, the Sales Manager. Gulraj was acquitted in that criminal case. The Company dismissed Gulraj in violation of the principles of natural justice.

Bhagelu Ahir is another permanent workman of the Company. He is a member of the Union. He put in five years of service in the Company. He was dismissed for the self-same charge, i.e., assault on the Manager Bhudharmal. He was dismissed on the same charge in violation of the principles of natural justice.

There are four other workmen, namely, Putur Kurmi, Birbal Bhar, Rajman Tewari and Ramgolam (wrongly described in the reference as Ramlagan) who were permanent workmen of the Company. Rajman is the Joint Secretary of the Union. Ramgolam was a member of the executive committee of the Union. They were convicted in a criminal court for gambling outside the mill premises and on a holiday. On the self-same charge they were dismissed. The dismissal of the four workmen is not justified. They put in long years of service in the Company.

All the workmen were charge-sheeted and they replied to the charge-sheets. The Company held domestic enquiry, opposed to the principles of natural justice and in a perfunctory manner.

The Company filed written statement wherein it was alleged that the Union named in the order of reference is a bogus union having no existence whatsoever. In August 1962 Mundrika Ahir, a worker of the Company, approached the Company with a story that he had been elected as General Secretary of the old Union. He confirmed this story by a letter, dated 7th September 1962. The Company made enquiries from the recognised Secretary of the old Union Shri S. L. Shome that the allegation of Mundrika Ahir was baseless. On 28th November 1962, Mundrika Ahir addressed a letter to the Labour Commissioner wherein a charter of demands was placed, a copy of which was forwarded to the Company. Mundrika Ahir gave up his claim to represent his old Union and started a new Union in the name of National Union of Bhagat Oil Mills Workers. After formation of the new Union he placed a charter of demands. The Company refused to sit in joint conferences with Mundrika Ahir because Mundrika did not represent a majority of the workmen. Mundrika Ahir cannot raise any industrial dispute on behal of the workmen. The reference is accordingl bad.

Coming to the merits of the reference the writte statement alleges that Gulraj Ahir was nev refused employment. He was not dismissed fro service though the written statement states th he was dismissed from service. The Tribun cannot decide anything beyond the issue refer to for adjudication, namely, refusal of emplo ment of Gulraj Ahir. Gulraj and Bhagelu we charge-sheeted for commission of acts of gro misconduct by letter, dated 10th June 196 They assaulted the Manager along with othe causing severely bodily injuries. The charg sheeted persons submitted their explanations 14th June 1961, denying the charges. An enqui was notified to be held on 22nd August 1961. the meantime a criminal case was institut against Gulraj and some others (not Bhagelu) f assault of the Manager and the Sales Manager the mill gate on 7th June 1961. Shri S. L. Shom Secretary of the old Union, wanted a postpo ment of the enquiry till the final disposal of t criminal case. The enquiry was according postponed on 22nd August 1961. The accus persons including Gulraj was acquitted by t Presidency Magistrate. There were six accus persons in that case. The management prefer an appeal to the Hon'ble High Court. The fi accused persons (except Gulraj) apologised a the management withdrew the appeal again them. Gulraj was acquitted in the High Cou As Gulraj and Bhagelu did not apologise, t management decided to hold enquiry in respect the charges in terms of the charge-sheet, dat 10th June 1961. Accordingly a notice of enqu was issued on 24th July 1963, asking them appear at the enquiry on 6th August 1963. that day Bhagelu attended the enquiry. T notice of enquiry against Gulraj was returned postal authorities unserved. Enquiry was h against Bhagelu alone in the absence of Gulr The enquiry was adjourned to 23rd August 196 Both Gulraj and Bhagelu were informed ab the date. The management held the enquiry 23rd August 1963, against Bhagelu. Bhage however, contended that the enquiry was concl ed on 6th August 1963, but the managem denied it. The enquiry held on 23rd August 19 was not attended by Bhagelu so it was held parte. The enquiring officer proceeded w examination of witnesses at the enquiry accordi to the principles of natural justice and Bhag was given full opportunity of defending hims Bhagelu was found guilty of the offence w which he was charged and he was dismissed b letter. Regarding Gulraj no enquiry could held against him as his whereabout co not be traced. The Labour Commissioner v addressed by the Company on 12th September 19 wherein this fact was disclosed.

With regard to the other four persons, name Putur Kurmi and three others, they were char sheeted for gambling in respect of which there l been conviction in the criminal court. They w guilty of gross misconduct by such gambli

Regarding Birbal and Ramgolam they were further charge-sheeted for absenting from duty on false pretext. These two persons submitted medical certificates on the ground of alleged illness for their absence from duty on 18th March 1963, though on the same day they attended Bankshall Court from 10 a.m. to 5 p.m. in the gambling cases. After receiving the charge-sheets the four persons submitted their explanations. Enquiry was held on 6th May 1963, in presence of those persons. The enquirying officer found them guilty of misconduct and all the four workers were dismissed by a letter, dated 14th May, 1963.

Appearances of the parties are as follows:

For the Company: Shri S. C. Sen, Advocate.

For the Union: Shri Satyendra Nath Banerjee, Advocate.

Decision

I will first of all take up the preliminary objection as to whether the Union named in the order of reference is competent to raise an industrial dispute on behalf of the workmen. The Company's written statement regarding the fact that Mundrika Ahir, Secretary of the Union, named in the order of reference gave out a story that he had been elected Secretary of the old Union need not be considered for the purpose of our present contention. It is the positive stand of the Union that a new Union was formed named National Union of Bhagat Oil Mills Workers in 1962 and it was registered in May 1963. It is true that there had been an old Union known as Bhagat Oil Mills National Workers' Union of which S. L. Shome was the Secretary. For reasons best known to the workers and organisers of the Union another new Union was formed of which Shri Mundrika Ahir became the Secretary. This Union is characterised by the management as a bogus Union. Obviously the Company does not want to recognise this Union. Let us see therefore if this Union is a genuine Union of workmen and whether it is competent to raise an industrial dispute on behalf of the workmen. I will turn to the evidence of P.W. 1, Shri Mundrika Ahir, Secretary of the Union. The certificate of registration shows that the new Union was formed and registered on 14th of May 1963, i.e., long before the reference was made. The membership register is Ext. 1. It shows the list of members of this Union. The counterfoils of receipt books for the year 1963 are filed. They are Ext. 2 series. The account book of the year 1963 is Ext. 3. The constitution of the Union is Ext. 5. The documentary evidence disclosed above read with evidence of the Secretary P.W. 1, Shri Mundrika Ahir, will reasonably lead to the conclusion that the Union named in the order of reference exists. It is admitted in the written statement of the Company that Mundrika Ahir on behalf of the new Union addressed a charter of demands to the Labour Commissioner as well as to the Company before the date of reference. It is therefore conclusively proved by evidence that the Union is not a bogus one. It is a genuine Union and the strength of membership was 145 in 1963, 138 in 1964 and in 1965, it is 130. The total number of workmen is 300. Thus it appears that a considerable number of workmen of this Company are members of this Union and as such the Union has a representative capacity and it can raise an industrial dispute on behalf of its workmen. The Company's objection in this respect must be overruled. Now I will turn to the individual cases and take up issues one by one. I will take up issue No. 1 first.

In issue No. 1 the cases of Gulraj Ahir and Bhagelu Ahir are raised and the issue is whether the refusal of employment to them was justified. Out of the two, I am taking up the case of Gulraj Ahir first.

Gulraj Ahir

He was a permanent workman of the Company. In the written statement the Union stated that he had been dismissed but that is not a fact. There is no letter of dismissal of Gulraj. The issue however is whether refusal of employment of Gulraj was justified. That is probably the proper issue though the learned representative for the management contends that since Gulraj never offered himself for employment the question of his refusal of employment does not arise. I fail to appreciate how Gulraj can offer himself for employment when he remained suspended after the charge-sheet was issued to him on 10th June 1961. The charge-sheet is Ext. H. It runs thus:

> It has been reported that you committed the following misconduct:
>
> (a) That on the night of 6th June 1961, you were sleeping during your duty hours.
>
> (b) That on 7th June 1961, at about 8 a.m. you along with others under a concerted plan assembled near the mill gate and staged a demonstration declaring that you will not permit the Manager to enter into the mills. It has been further reported that this concerted demonstration was staged due to the Manager's surprise visit in the previous night into the mill to inspect the working of the night shift workmen and on his finding that a large number of workers on duty including yourself had been sleeping in the mill.
>
> (c) That on 7th June 1961, at about 8-30 a.m. when the Manager Sree Bhudhermall Bhagat came to the mill and alighted from his car you along with others suddenly attacked and assaulted him causing severe bodily injuries.

The main charge accordingly is that on 6th June 1961, Gulraj was sleeping during duty hours and on 7th June 1961, between 8 to 8-30 a.m. he along with others obstructed the Mill Manager Shri Bhudhermall Bhagat at the mill gate and assaulted him there. It is dated 10th June 1961, as I have already stated. A reply was sent thereto in which Gulraj denied the charges. It is Ext. H(1), dated 14th June 1961. The management decided to hold an enquiry and on 24th of June 1961 and a letter was addressed to Gulraj Ext. H(2). No

date of enquiry was fixed and the reason for the same was stated in the letter that the main witness Ramjilal Khoji was on leave. Thereafter another letter was issued to Gulraj Ext. H(3), dated 7th August 1961, wherein date of enquiry was fixed on 2nd August 1961. In the meantime a criminal case was instituted over the incident stated in the charge-sheet against Gulraj Ahir and five others and the complainant was Ramjilal Khoji, Sales Manager of the Company. According to the management it was thought advisable to postpone the enquiry till the decision of the criminal case. It is stated in the written statement that the Secretary of the old Union Shri Shome made a request to the management in this respect. Shome was not examined before me but when the criminal case was pending over the incident before a Magistrate, it was advisable for the management not to hold the enquiry until the criminal case was decided by the Magistrate. If the management postponed the enquiry for that reason, I cannot find fault with such a step. From the mere postponement of the enquiry, I cannot say that the management was not bona fide or was acting in a mala fide manner. In the criminal case all the six persons were acquitted by the Presidency Magistrate. The management preferred an appeal to the Hon'ble High Court. The Judgement of the Hon'ble High Court is Ext. 6. From it this will appear that Ramjilal Khoji complained that the manager was assaulted by the six workmen including Gulraj Ahir who was the main assailant and who struck the manager on the head with wooden slipper. When the Sales Manager intervened he was also similarly assaulted by two other accused. This was the allegation. The accused persons pleaded not guilty to the charges. The charge before the Hon'ble High Court was under section 146, I.P.C., i.e., rioting. It will appear from page 5 of the judgment that the complainant requested the Hon'ble High Court to acquit the five respondents, i.e., all the accused except Gulraj. There is therefore substance in the written statement of the Company that they did not press the appeal in respect of five accused who apologised to the company. Gulraj did not apologise that is why the appeal against him was proceeded with. At page 5 of the judgment of the Hon'ble High Court Ext. 6 it was observed that since the five accused are acquitted, the charge of rioting (which requires the presence of five or more persons for forming an unlawful assembly) could not be upheld against Respondent No. 3 Gulraj. The rioting charge accordingly failed against Gulraj. There is another charge against Gulraj, namely, offence under section 323, I.P.C., for assaulting Manager. The Hon'ble High Court gave effect to the contention of the learned Advocate for the respondent as to the possibility of mistaken identity. Gulraj was given the benefit of doubt and accordingly acquitted. This judgment of the Hon'ble High Court was delivered on 28th of June 1963. The management was perfectly justified in keeping the enquiry in abeyance up to that date. It appears that the management immediately after the delivery of the judgment of the Hon'ble High Court took up the charge-sheet against Gulraj and issued the letter Ext. H(5) on 24th July 1963. Obviously sometime must have passed in obtaining copy of the judgment before the letter of enquiry could be issued. In this letter Gulraj was directed to appear in the enquiry on 6th August 1963, vide Ext. H(6). In this letter the management stated that the previous letter was received back undelivered with the remark 'left'. The enquiry was accordingly shifted to 23rd August 1963. The previous letter was addressed to Gulraj at 9 Raja Rajkissan Street. The subsequent letter Ext. H(6) fixing the date of enquiry on 23rd August 1963, was issued to his home address, namely, Gaya Ghat, Bairari, district Basti, U.P. No enquiry was held against Gulraj after issue of that notice. On 12th September 1963 a letter was addressed by the Company to the Assistant Labour Commissioner in reply to a memo, dated 29th August 1963. In that letter the Company alleged that Gulraj was not dismissed. It stated that a final order in respect of Gulraj was not made as Gulraj was not present at the enquiry and according to natural justice it was thought necessary that he should be given a further opportunity to defend his case if he wishes to do so. It was further alleged that as the notices issued to him were returned unserved from his recorded address and as the whereabouts of Gulraj were not known, no further notice could be issued to him. It therefore appears that the matter of Gulraj already reached a stage of conciliation in September 1963, before an enquiry could be held against him. Since the matter was pending conciliation and it was thereafter referred to the Tribunal, no enquiry, according to the management, could be held against Gulraj. Gulraj, however, remained suspended from the date of his charge-sheet.

From the above circumstances it emerges that though Gulraj was acquitted in the court of the trying Magistrate and in appeal before the Hon'ble High Court, the management took all pains to resurrect the disciplinary proceeding initiated in June 1961, over an incident which had been the subject-matter of decision before the learned Magistrate as well as before the Hon'ble High Court in appeal. In spite of the acquittal in both the Courts the management was insisting on carrying on the proceeding against Gulraj. Now the question is whether this action of the management in carrying on the proceeding even after acquittal by the two courts in a mala fide action on the part of the management. On this point the ruling reported in F.L.R. 1961, page 233 of the Madras High Court will through some light. At page 236 of the reported judgment it has been observed that the resurrection of the disciplinary proceeding against the dismissed employee Subbian even after the acquittal by the Sessions Judge was anything but bona fide. At page 236 a case reported in 1962, 1, Madras Law Journal page 35 was quoted by his Lordship. "A quasi-judicial Tribunal could not ignore the findings and orders of competent criminal courts in respect of an offence when the Tribunal proceeded to take any action on the basis of the commission of that offence and that it was desirable that the findings and orders of the criminal courts should be treated as conclusive in proceedings before quasi-judicial

ribunal." His Lordship observed that this rule ould apply to domestic Tribunals where the nployer was taking disciplinary action against e employee. Upon the authority of the above cision it was held that the action of the employer as not bona fide. In the instant case Gulraj was quitted in both the Courts of the identical offence respect of which he was charge-sheeted. That ing the position the decision of the criminal urt is binding upon the employer and any tempt on the part of the employer to resurrect at charge-sheet should be construed as a mala le act. It is anything but bona fide to proceed rther with the said charge. The management ght to have allowed Gulraj to resume duties nter he was acquitted in the criminal courts. The action of the management in refusing employment to him cannot but be mala fide. I hold that the refusal of employment to Gulraj is not bona ide and he is entitled to reinstatement and back wages.

Bhagelu Ahir

I will take up the case of Bhagelu Ahir next. The charge-sheet against him is the same as against Gulraj. It is dated 10th June 1961. I have quoted the charge while discussing the case of Gulraj. Bhagelu was not an accused in the riminal case. He was, however, charged with ssault of the manager on 7th June 1961. He was erved with a notice of enquiry. Bhagelu admits n his evidence that he attended the enquiry on th August 1963. The enquiry according to the anagement could not be proceeded with on that ay and on the request of Bhagelu it was adjourned o 23rd August 1963. On that day the enquiry as held Bhagelu, however, complained in a tter, dated 13th August 1963, that the enquiry as concluded on 6th August 1963. The manageent replied to the said letter on 17th August 963, denying the said allegation. In spite of hese correspondence between Bhagelu and manageent the fact remains that Bhagelu knew about he date of enquiry, i.e., 23rd August 1963. On hat day Bhagelu did not care to attend. An nquiry was held by Shri Sarkar, Labour Officer f the mill. The proceeding of enquiry is Exts. (6) to G(13). Several witnesses were examined uch as Ramjilal Khoji, Sales Manager, Kishore hand Sanghai, Dharanand Ojha, Bhudhermall Bhagat, the Manager. On the side of the workmen the learned representative contends that the nquiring officer Shri Sircar examined Bhagelu on he first day of enquiry and that is how enquiry tarted. At the beginning Bhagelu was questioned merely on the charge. His plea of not guilty as taken in respect of the charge. On the second ay on 23rd August 1963, the question of his rther examination after conclusion of the vidence of the management did not arise. hagelu preferred not to attend on the second ay of enquiary though he had notice of the me. With regard to the fact as to why the nquiry was held in the month of August 1963, I ave already discussed the evidence bearing upon e facts which prevented the management from olding the enquiry earlier. Over the self-same cident there had been a criminal case which was pending before the Hon'ble High Court. The management thought it advisable to wait for action until the decision of the Hon'ble High Court was made. This action of the management cannot be characterised as a mala fide conduct. The management thought it fit to wait the decision of the Hon'ble High Court because that was over the self-same incident though, however, Bhagelu was not an accused in that case. Mala fide conduct cannot be presumed from the delay in holding of the enquiry in the aforesaid circumstances. The enquiring officer after recording the evidence submitted a report finding Bhagelu Ahir guilty of the charge. That report is exhaustive, it is Ext. If(7). It appears that in spite of the acquittal of the criminal case over the same incident the management found Bhagelu guilty of the charge. It is significant to notice that Bhagelu was not an accused in the criminal case. He was not acquitted in the criminal case and the question of such acquittal did not and could not arise. He was soon taking part in the assault by several witnesses and those witnesses were examined before the domestic Tribunal and if the domestic Tribunal believed that evidence, I am unable to interere except in the following circumstances:

(1) Where there is victimisation or unfair labour practice;

(2) where there is want of good faith;

(3) where the management is guilty of basic error or violation of the principles of natural justice; and

(4) where on the materials the findings is completely baseless and perverse.

None of the above circumstances exist in the present case. Bhagelu was not a member of the Union even at the time of his dismissal. His Union activity could not therefore attract the hostility of the management. There is no reason why Bhagelu should be singled out for victimisation. I have analysed the conduct of the management and it does not anywhere show that it was not acting in good faith. There is evidence before the domestic Tribunal on which it was possible to come to the conclusion of guilt in respect of the charge-sheet against Bhagelu. I am unable to sit in appeal over the decision of the domestic Tribunal and as such I cannot entertain the argument advanced on the side of the Union that since Bhagelu's name was not disclosed in the criminal court, the entire charge against him was fictitious. There had been an enquiry which was fair and proper and there was evidence before the domestic Tribunal to uphold the decision of guilt. Bhagelu had opportunities of defending himself before the domestic Tribunal but he did not avail of the said opportunity and he deliberately absented himself from the enquiry. The report of the enquiring officer shows an analysis of the evidence produced before him and his finding is supported by reasons. The judgement of the criminal case was discussed and distinguised. The report was submitted on 23rd August 1963. Thereafter he was dismissed by the order, dated 24th August 1963. Letter of dismissal was received by Bhagelu. In view of

what is stated above the dismissal of Bhagelu Ahir is justified and as such the management is entitled to refuse employment to him.

Issue No. 2: Whether the dismissal of Sarvashri Putur Kurmi, Birbal Bhar, Rajman Tewari and Ramgolam Kahar is justified? To what relief, if any, are they entitled?

It involves the dispute regarding dismissal of Putur Kurmi, Birbal Bhar, Rajman Tewari and Ramgolam, four permanent workmen of the company. They were admittedly dismissed by the company after enquiry following charge-sheets given to them. Putur and Rajman were charge-sheeted for gambling in respect of which there had been police case and conviction thereon by a Magistrate. Regarding the other two workman Birbal and Ramgolam, they were also charge-sheeted on the same ground but there was an additional head of charge against them on the allegation that they took leave from duty on 18th March 1963, for attending the Bankshall court on the false ground of illness. The charge in respect of gambling is looked into first. The charge-sheets are dated 23rd of April 1963, Ext. I(2) is against Putur. Similar charge-sheets were issued against the other three workmen in respect of the same charge. All the workmen submitted their explanations. The workmen gambled on 17th March 1963 and were convicted in the court of the Presidency Magistrate on 18th March 1963. It is stated in the charge-sheet that this was a misconduct committed by the charge-sheeted persons. The workmen attended the enquiry after due notice being given to them. The enquiry was held by Shri B. Sircar, Labour Officer of the mill, on 6th May 1963, at the factory office. The proceeding of enquiry and the evidence recorded therein are exhibited in this case. Exists I(13) to I(27) are the relevant records. The enquiry report is Ext. I(11). The management examined before in the enquiring officer Shri Sarkar who is Labour Officer of the company. Shri Sankar Lal Khemka was present at the enquiry. In the enquiry against the four workmen Shri Khemka recorded the statement of witnesses. The witnesses made statement in Hindi and the record was also made in Hindi. Putur according to him refused to sign the enquiry proceeding. Before the Tribunal, out of the four workmen Ramgolam and Raj Mohan Tewari, are examined. Nothing is said about the fairness or otherwise of the enquiry. On a perusal of the enquiry proceeding I am left with an expression that it was a fairly and properly conducted and the workmen who attended the enquiry had full opportunities of placing their case before the domestic Tribunal. But the only question which is mooted before the Tribunal is that gambling for which charge-sheet had been given took place outside the mill premises and as such it is not a misconduct as defined in the Standing Orders of the Company. I will accordingly turn to the Standing Orders Ext. 8. Section 23 deals with misconduct. The standing orders Ext. 8 is in Bengal. In clause (s) it is stated that gambling within mill premises is a misconduct. Admittedly, the gambling took place outside the mill premises. This is the evidence of Ramgolam as well as Rajmohan Tewari who deposed in this case. Their evidence goes unchallenged. The workm were convicted in the criminal case for gambli and they pleaded guilty before the Magistrate a were sentenced to pay a fine of Rs. 10 each. N the question is whether gambling by playing ca outside the mill premises can be considered a misconduct which would merit dismissal. T management wants to rely upon a circular Ext. which was said to have been issued prohibi gambling outside the mill premises; it is da 13th January 1962. Previously before this cir lar it will appear that there had been some ga ling cases in the Company's quarters for wh there had been criminal cases. This is the dence of O. P. W. 3. Bhudhermall Bhagat. notice Ext. J. was issued in consequence there The notice reads thus:

> "All workmen who reside in Compan quarters are to refrain from gambling side or nearabout the factory prem or in the quarters in future".

There is no evidence that this circular was published and the workers had notice of the sa Moreover it prohibited gambling inside or near factory premises or in the quarters. In the tant case gambling took place beyond the bound wall of the factory premises in a park and it did take place inside the factory premises or in quarters. The word 'near' in the circular has overwritten and as such I cannot place any impl reliance upon it. Moreover the circular cannot the place of the standing orders duly certified as such infringement of the circular, if there any, cannot be considered as misconduct, in face of the standing orders clearly providing gambling within the factory premises shall be conduct. The learned representative of company has raised a point that there may misconduct outside those enumerated in the St ing Order. The list of misconduct stated in Standing Orders cannot be exhaustive. This be accepted in a restricted sense. Certain though they are not enumerated in the Stand Orders may tantamount to misconduct and may construed as such. The learned Advocate for company relied upon a case reported in 1 Labour Appeal Cases page 585 (Shalimar R Works). In that case the Labour Appel Tribunal held that the Standing Orders Rule N by which any act subversive of discipline was co tituted as misconduct would include any act s versive of discipline though committed outside working hours of the establishment. The cont tion that in order that an act may be subvers of discipline, it must be committed within factory while the factory is working and the complained of is connected with the affairs of factory cannot be accepted. In that case it wa fight which occurred outside the working ho and outside the factory; that was an act which construed as an act subversive of discipline. T reason for such a decision has been explain The employer is concerned with peace and g order in the factory and any act on the p of the workmen having the tendency to disturb peace and good order should be recorded as s versive of discipline. The act undertaken by workmen amounted to breach of peace and g order and as such it was construed as a miscond

being an act subversive of discipline. In the instant case the workmen were engaging in gambling at a place outside the factory premises and it cannot be said to be an act which would involve breach of peace or good order in the factory. It cannot be construed as an act subversive of discipline. The principles laid down by the Labour Appellate Tribunal cannot at all be attracted to the facts of the instant case where a private gambling was indulged in by some workmen with the help of cards. It cannot be a riotous conduct disturbing the peace and good order of the factory, by any stretch of imagination. The finding of the enquiring officer that the act of the workmen amounted to misconduct is not only an erroneous finding but it must be characterised as perverse. The Industrial Tribunal will refuse to interfere with the action of the management except where there is want of good faith, victimisation, basic error or violation of the principles of natural justice and baseless and perverse finding. In the instant case I am unable to say that the management was actuated by any mala fide motive. The action was not by way of victimisation either but it is a case where the management committed basic error and the finding arrived at by the management was baseless and perverse. Since the act did not amount to misconduct at all, finding must be characterised as perverse and in this manner I would interfere with the action taken against the four workmen.

There is a second charge against Birbal and Ramgolam. They absented from duty on 18th March 1963. On the same day however they attended Bankshall court. This is an additional head of charge against them. To this, the workmen submitted explanations and one such explanation is Ext. I(1) given by Birbal. His explanation was that on 17th March, 1963 he was in his quarters and was attended by the doctor. He was sick on that day. There had been enquiry by the enquiring officer on this point and he came to the finding that since the two workmen took leave on the ground of sickness but attended the court of Presidency Magistrate on that day, they took recourse to dishonest tactics by taking leave on false pretext. Regarding Putur also there was a similar charge that he absented on 18th March 1963, by changing his duty hours from day shift to night shift on false pretext of sickness. Putur gave explanation to the same Ext. I(3), dated 24th April 1953. The enquiring officer directed his enquiry against Putur on this point. He also attended the court of the Magistrate on 18th March 1963 in respect of the gambling case. The findings of the enquiring officer Ext. I(11) shows that the enquiring officer found all the four workmen guilty of the charge of gambling and of the charge of giving false pretext against the three workmen Birbal, Ramgolam and Putur. He came to the conclusion that the charges had been fully established against the workmen and recommended that the workmen should be dismissed. The order of dismissal runs thus:

> "I have gone through the report. I agree with the views of the enquiring officer. The matter is serious. Therefore the charge-sheeted workers should be dismissed with immediate effect. Issue dismissal letters".

Dismissal letters were accordingly issued. I have come to the conclusion that the principal charge against all the four accused in respect of gambling do not amount to misconduct and as such the finding of the enquiry on that point was perverse. There is no evidence that the officer passing the order of dismissal applied his mind separately to the charge of giving false pretext against Birbal, Ramgolam and Putur nor does the order show that he would have dismissed the workmen on that charge alone even though the principal charge could not be substantiated. The order of dismissal was given as cumulative effect of the two charges and there was no separate application of the mind by the dismissing officer in respect of the second part of the charge. That being the position, the action of dismissal taken by the management against the four workmen cannot stand. I cannot replace my own decision regarding proper punishment when the management did not exercise its decision as to whether the second part of the charge would have entailed dismissal of the workmen. The dismissal was the cumulative effect of both the charges. Since the most important charge fails, the order of dismissal must be held to be unjustified. I hold accordingly that the dismissal of the four workmen in issue No. 2 is not justified and the workmen are entitled to reinstatement with back wages and continuity of service.

To sum up my award accordingly is that with regard to issue No. 1 Gulraj is entitled to reinstatement with back wages while Bhagelu is not entitled to any relief. Regarding issue No. 2, Sarbashi Putur Kurmi, Birbal Bhar, Rajman Tewari and Ramlagan are entitled to reinstatement with back wages and continuity of service. The above award is to be implemented within 30 days of its publication in the "Calcutta Gazette".

AWARD

The Government of West Bengal by its Labour Department order No. 5519-I.R./IR/11L-560/58, dated 26th December 1958, referred this industrial dispute for adjudication under section 10 of the Industrial Disputes Act. One party to the reference is Messrs. Kerodimal Premchand, 7E Clive Row, Calcutta-1 and the other party is their workmen represented by the Gunny Traders Employees Union, C/o Shri P. S. Kushwah, 20 Strand Road, Calcutta-1. The issue which was so referred for adjudication stands as follows—

Issue

Whether the dismissal of Shri Baleshwar Singh justified? To what relief is he entitled?

It would transpire from the order sheets of the case record that immediately after the receipt of instant reference from the Secretary, Labour Department, notices were duly issued to the company and the union as well by registered post. The Secretary of the union Shri P. S. Kushwah, appeared on several days praying for time on all the occasions. Thereafter strangely enough the Secretary stopped appearing to this court any more. In this way several years have elapsed. It would also appear from the order sheet of the case that very recently I myself issued another registered notice. That notice was personally served upon the Union Secretary. This service took place in August 1965. Two months have elapsed since then. But the Secretary is not taking any step whatsoever. In short, he is sitting tight over the whole matter with his significant silence. The conduct of the other party of the case is no less strange. Thus it would come out from the materials on record that on three occasions attempts were made to serve registered notices upon the company but in vain. All the notices have come back unserved with the usual postal remarks "not known" "left", etc. Under the above circumstances I have reasons to think that the instant reference does not call for any adjudication from the side of this Court. It seems as if that the parties have themselves settled their dispute so much so that the dispute may now be fairly termed as non-existent.

In the result, I make a "no-dispute" award in the case and dispose of the same here and now in that way.

BEFORE THE SEVENTH INDUSTRIAL TRIBUNAL, WEST BENGAL

Present:

Shri S. K. RAY, Judge, Seventh Industrial Tribunal.

AWARD

This proceeding arises out of an application under section 33A, Industrial Disputes Act, by Shri Biswanath Das in which he has alleged and complained that while employed as a permanent workman under the Company O.P., Messrs. Shree Krishna (P) Ltd., his service was wrongfully and illegally terminated in contravention of the relevant provisions of section 33, Industrial Disputes Act, during the pendency of the adjudication proceedings of another dispute between the company and its workmen, referred to this tribunal by G.O. No. 3537-I.R., dated 6th August 1962. He has claimed rainstatement with full compensation.

The company appeared and filed its written statement in which the main and substantial contentions are that this workman was never employed under it but he was an employee under a contractor of the company and this company had no connection with alleged termination of his service, and is not in any way liable for the same.

After necessary preliminary proceedings and some adjournments, the case was finally fixed for hearing on 14th October 1965. On that date, neither party appeared and no step was taken on behalf of any of the parties. It is clear from this conduct of the parties that they are no longer keen on and interested in adjudication of the dispute and they have given up the dispute, which has thereby ceased to exist for the purpose of the present adjudication. Accordingly, the case is to be disposed of by a "no-dispute" award.

In the result, I make a "no dispute" award in the case on the basis that the parties have given up the dispute and it has thereby ceased to exist.

AWARD

The Government of West Bengal, by order No. 2853-I.R./IR/11L-148/65, dated 1st July 1965, had referred the following industrial dispute betwen Messrs. J. B. Nandi & Co., 113K Netaji Subhas Road, Calcutta-1 and their workmen represented by the Hindusthan Drivers' Union, 3 British Indian Street, Calcutta-1, to this Tribunal for adjudication.

Issue

Whether the termination of service of Shri Jagannath Porel, Driver, is justified? What relief, if any, is he entitled to?

After the service of notice, the company had filed a written statement. As the matter has been settled, it is not necessary to mention the written statement in detail. It would be sufficient to say that it has been stated that the concerned workman Shri Porel had settled the dispute with Shri Nilmoni Nandi, proprietor or Messrs. J. B. Nandi & Co., and had received the sum of Rs. 800 in terms of the settlement for which he had granted a receipt in Bengali. The written receipt itself is signed by Shri Porel and a true copy of the Bengali receipt has been annexed to the written statement. As the union had not appeared I had directed a copy of the order, dated 23rd September 1965, to be sent to the union at the address given in the letter of reference and also to Shri Porel at 2 Nabin

Mukherjee Lane, Sibpore, Howrah. It would appear that Shri Porel had received the written communication from the Tribunal by signing the acknowledgment receipt, but the return on the union shows that there is an endorsement to the effect "Left". In respect of the earlier notice from this tribunal, there is a similar endorsement. It appears to me that the union is no longer interested in the dispute in view of the settlement which I have mentioned above. In the circumstances, I am of opinion that a "no-dispute" award should be passed in the present case. I therefore pass a "no-dispute" award in this case. This is my award.

The issue which was so referred stands as follows:

Issue

Whether the dismissal of Sri Anil Baran Roy and Sri Shyam Sundar Nandi is justified? To what relief are they entitled?

It transpires from the order sheets of the case-record that immediately after receipt of the instant reference from the Secretary Labour Department, notices were duly issued to the Union and the Company as well by registered post.

The Company appeared and filed a letter authorising Shri J. N. Majumdar to represent their case before this court as long ago as on 17th February 1959. It is indeed strange that since thereafter the company sat tight over the matter and did not care to come before this court to proceed on with this case. Two notices were sent thereafter. The last return as I find it bears the familiar postal endorsement on the cover 'left'. On several occasions also the Union was notified by registered post. The returns have come but unfortunately with the usual remarks on the cover 'not known', 'left' etc. It appears crystal clear from the aforesaid facts and circumstances that neither of the parties is interested any more with this instant adjudication so much so that it would not even be incorrect to say that the industrial dispute is non-existent at present. It needs no further adjudication. Perhaps the parties themselves have settled their dispute amicably.

In the result, I make 'no-dispute' award in the case.

BEFORE THE SECOND IDUSTRIAL TRIBUNAL, WEST BENGAL

Present:

Shri AMBICA PADA BHATTACHARYA, Judge Second Industrial Tribunal.

By order No. 3755-I.R./IR/11L-254/64, dated Calcutta, the 25th August 1964. Government of West Bengal, Labour Department, referred on industrial dispute between Messrs. Fashion Furnishers and their workmen represented by West Bengal Wood Workers' Union for adjudication regarding the issue contained in the order of reference.

Issue

Whether the dismissal of Shri Pramilan Bhattacharjee and Shri Hemlal Roy is justified? To what relief, if any, are they entitled?

This is a reference under section 10 of the Industrial Disputes Act. The workmen are represented by West Bengal Wood Workers' Union The Union and the management filed their respective written statements. The Union contends that Fashion Furnishers is a top ranking industry of manufacture of furniture. The two workmen Sarbasri Pramilan Bhattacharjee and Hemlal Roy were permanent employees of the Company. The Union had been demanding higher wages for the workmen. There was a meeting held on 6th February 1964 where it was decided that a formal charter of demand would be sent to the company and it was sent on 12th February 1964. The news of the meeting and its decision outraged the company. Four workmen including these two were served with charge-sheets on 8th February 1964. The workmen replied to the same on 10th February 1964. A sham enquiry was held. The enquiry was neither fair nor proper and the decision of the management was pre-planned. Thereafter the workmen were dismissed. The workmen were victimised. There was conciliation with success. The two workmen claimed compensation and reinstatement in service.

The employer filed written statement wherein it is stated that it is a small shop employing 177 carpenters. It is denied that the Union made a claim for increase in wages at any time prior to 12th of February 1964. The demand for increase of wages was made for the first time on 12th February 1964. On 5th February 1964, the workmen suddenly resorted to a stay-in strike without giving any prior notice to he company. A few workmen including the two workmen in question are guilty of subversive conduct and they caused the stay-in strike which continued for the whole day. The company denies that the enquiry was sham or unfair. The workmon had been given every opportunity of meeting the charges. The enquiry was fair and the decision taken was bona fide. The workmen were guilty of misconduct and their dismissal is justified.

appearances of the parties is as follows :

For the Company: Shri A. R. Roy Mukherjee, Counsel.

For the Union: Shri Patit Paban Pathak.

Decision

The locus standi of the Union to represent the workmen is not challenged. The only point to be decided is whether the dismissal of Sarbasri Pramilan and Hemlal, two workmen of this Company, is justified. According to the company the workmen resorted to a sudden stay-in-strike on 5th February 1964. These two workmen excited the other workers in the said strike. On 8th of February 1964 four workmen were charge-sheeted including these to. The charages are indentical. It runs thus.

> "It was noticed that you were inciting the carpenters, who reported for duty on 5th February 1964 to resort to stay-in strike. You had exhorted them not to work on 5th February 1964 and to adopt the tactics of stay-in strike. Your subversive action caused the workers to be on stay-in strike on 5th February 1964 from 10 a.m. to 6 p.m. (full working hours) resulting in considerable loss to the firm.

So, charges are framed against you as follows:

1. You acted as a subversive element creating indiscipline among the workers.
2. Your action resulted in stay-in strike which was unjustified and illegal.

3. You had caused considerable loss to the firm by stopping work on 5th February 1964.
4. Your conduct as a workman was very bad.
5. You are subversive of discipline.

Show cause within two days from the receipt of this charge-sheet why disciplinary action would not be taken against you."

The substance of the charge is that the carpenters were excited by these four workmen to resort to strike on that day. Whether that would be a misconduct and whether in fact the two workmen excited the other carpenters in resorting to the strike are the relevent questions. Strike, it may be recalled, is a lawful weapon in the hand of the labour for enforcing their legitimate demands. It is true that a written demand for increase of wages was made on 12th February 1964 but previous to that there had been a meeting on 6th February 1964. This is the evidence of Hemlal. In pursuante to a decision taken on that meeting the written demand was made on 12th February 1964. O.P.W.1. Shri Amiya Madhab Chaki is the Manager of this concern. It is a proprietory concern. Shri Chaki admits that written demand Ext. C(2) was made on 12th February 1964. It will appear from his evidence that there had been demand from the workers previous to the date of strike. He admits that in the month of January some workers demanded higher wages. He further wants to add that on 2nd February 1964 the management offered an increase of Rs. 7-8-0 per month but that offer was refused by the workers. It is therefore obvious that there had been a demand though not in writing to the management for claim of higher wages and the offer made by the management did not satisfy the demand. The workers resorted to strike for one day only, i.e. 5th of February 1964. The evidence of the Supervisor Shri Benoy Kumar Ghosh is that on 6th the workers attended their normal work. They also worked on 7th and 8th, 9th was a Sunday. The workers were suspended with effect from 10th February 1964. It is therefore clear that in enforcing their claim against the employer, the workers resorted to a token strike for one day. Now let us see if the strike is illegal or unjustified. It is not the case of either party that the strike was illegal. It is not a public utility service. Section 22 of the Industrial Disputes Act has no application. The other section, namely, section 23 has no application either. The strike was not during the pendency of any conciliation proceeding or tribunal proceeding. The strike cannot be characterised as illegal. The strike was legal and in the circumstances stated quite justified. Participation in such a strike by the workers cannot be a misconduct. It is further clear that the management was infuriated because of the strike and took action against the four workers whom they considered to be leaders. This is the evidence of Shri Amiya Madhab Chaki that four workmen were charge-sheeted who were considered to have taken the leadership. The leadership in the strike is the reason for victimising the four workmen who according to the management took leading part in the strike. This is an act of victimisation and unfair labour practice. I will now turn to the enquiry that was held and see whether the enquiry was fair and proper and whether the finding are perverse.

The workmen gave replies to the charge-sheets. One such reply is Ext. 1(a). The charges were denied. Enquiry was held by Shri Ashru Kumar Bose, brother of the Proprietor and Assistant Manager of the concern on 7th March 1964. All the four charge-sheeted workmen attended the enquiry. The proceeding of enquiry is Ext. I. There is a list of persons who were present at the enquiry but the proceeding shows that two important persons who were present were not included in the list. Manager himself was present and writing out the enquiry proceedings. In cross-examination O.P.W. 2 Shri Bose had to admit it. Another important person was present, namely, Shri Madan Mohan Saha, an Advocate. Shri Saha is a lawyer and according to Shri Bose he was assisting the conduct of the enquiry. The mere presence of Shri Saha would not vitiate the enquiry proceeding The presence of Shri M. Saha is noted in the finding Ext. 1(1). It shows that the management was very much anxious to get a flawless proceeding which would stand future scrutiny. With regard to the conduct of proceedings at the beginning Hemlal gave out five names, who are workers of this company as his witnesses. The enquiry was a common enquiry against the four workmen and the evidence on the side of defence would also be common. Though five workmen were named by Hemlal and they are all workmen of this concern, the management did not call for them. The plea given is that Hemlal later withdrew his demand of examining the witnesses. In the proceeding the enquiring officer asked Hemlal at page 8 whether he would examine witnesses. The recorded reply is that he would not examine witnesses because some outsiders were present. Thereafter the enquiring officer did not try to ascertain who were the outsiders whose presence had been objected to by the workmen. When the witnesses at the outset gave out the names of five persons as witnesses I do not think a further question can arise as to whether he would examine his witnesses. It had been the duty of the management in this particular case to call those persons who were working in this very concern. I am not unmindful of the fact that it was not the duty of the management to produce witnesses for the defence at the domestic enquiry. This has been laid down in a Tata Oil Mills case, reported in 1964, II, L.L.J page 113. The officer holding the enquiry could take no valid or effective step to force the attendance of any witness but where the witnesses are working in the company itself unless the company allows them to come they could not have attended the enquiry during the working hours. In the instant case the facts are altogether different and the officer holding the enquiry should have called those workmen whose names were cited by Hemlal as his witnesses at the enquiry. The non-compliance of this demand on the side of the workmen would vitiate the proceeding and I am compelled to say that the workmen were not given proper opportunities of defending themselves. The substantial

charge is that the four charge-sheeted persons excited the other persons not to work. Most important persons were the other workers who were prevented from working according to the charge-sheet. The management did not examine any of the workmen who were prevented or whose tools had been snatched away. So if the workmen demanded that those persons should be brought as witnesses, it is a very legitimate demand and if no opportunity is given to the workmen in this respect, it amounts to denial of justice. The officer holding enquiry examined two witnesses, namely, Benoy Ghose who stated that the four workmen were exciting the other workmen not to work. They snatched away the tools of other workers when others were going to work. This evidence of Shri Ghosh, the supervisor, was relied upon by the enquiring officer. There was another witness Shri Jamini Babu who did not go so far. Jamini Babu stated that on going to the workshop he found that none of the carpenters was working. He does not say that the four workmen were obstructing the other workers from doing their work. The enquiring officer relied upon the evidence of Shri Ghosh and came to the finding that taking away of tools of other workmen and preventing them from work and use of insulting and offensive language, constituted a conduct subversive of discipline. Two workmen Sishu and Sambhu expressed their regret and they were let off with warning but Hemlal and Pramilan were dismissed. This will appear from the finding Ext. I(1).

The enquiry proceedings is vitiated for the reasons I have already given. Furthermore from the entire course of events which I have analysed the conclusion is irresistable that the management was out to victimise the persons whom they considered to be leaders in respect of the strike though the said strike was legal and justified. The enquiry was really a got up affair and the assistance of Shri M. Saha, a lawyer, was requisitional for preparing the enquiry proceedings and particularly for recording the findings which show a legal touch. It was a pre-planned decision on the part of the management to victimise Pramilan and Hemlal for their leadership in the matter of the strike. Turning to the evidence before me I can at once say that the evidence of Shri Ghosh was a secured evidence. He was made to say what he said at the enquiry. He described himself as a supervisor of the workshop. He went to the workshop and found that no work had been done by any of the workmen. If that is so, why should the four workmen go out of their way to make a request to other workmen not to work or prevent them from working. Since all the workmen struck down work and resorted to stay-in strike there should have been no occasion for the leaders to utter those expressions of request or threat in presence of Shri Ghosh. Shri Ghosh did not care to ascertain why the work was stopped. It is unnatural. It would have been his first step to ascertain why the workworks resorted to a stayin strike for the day. He only makes his presence in the workshop to hear something from the leaders of the strike in order to say before the domestic enquiry that he heard the four leaders thereatening the other workmen and snatching away their tools. The strike was in pusurance to a claim of higher wages in which all the workmen were equally interested and it was a conserted action of all the workmen. It is obvious that the four workmen were taking leading part in the said demand, so they were victimised. Two of the workmen apologised to the management and they were reinstated but these two workmen refused to apologise to the management so they were victimised. It is a clear case of victimisation and unfair labour practice resorted to by the management for crushing any future attempt at strike in enforcement of any demand for higher wages. The very fact that written demand had been made on 12th February 1964 would go to prove that there had been an earlier demand by the workmen and strike was resorted to by all the workers, in a combined and conserted manner. The story of preventing some workmen from joining their work on the day of strike has no legs to stand upon. The action of the management is mala fide. I hold that the dismissal of these two workmen Sarbasri Hemlal and Pramilan is not justified. They are entitled to reinstatement with all back wages and continuity of service. The award is to be implemented within 30 days of its publication in the "Calcutta Gazette."

ANNEXURE

e matter of an industrial dispute between Messrs. Moondakotee Tea Estate, P.O. Sonada, district Darjeeling, and their workmen represented by Darjeeling District Chia Kaman Mazdur Union, Chowk Bazar, P.O. Darjeeling, district Darjeeling, eferred under G. O. No. 3468-IR/IR/9L-18(A)/65, lated 13th August 1965. (Case No. VIII-225/65)

BEFORE THE SIXTH INDUSTRIAL TRIBUNAL, WEST BENGAL

Present :

Shri P. BASU, Bar-at-Law,
Judge, Sixth Industrial Tribunal

The Government of West Bengal by order No. 3468-I.R./IR/9L-18(A)/65, dated the 13th August 1965, had referred the following industrial dispute between Messrs. Moondakotee Tea Estate, P.O. Sonada, district Darjeeling and their workmen represented by Darjeeling District Chia Kaman Mazdur Union, Chowk Bazar, P.O. Darjeeling, district Darjeeling, to this tribunal for adjudication.

Issue

Whether the dismissal of Shri Dal Bahadur Subba is justified ? To what relief, if any, is he entitled ?

After the service of the notice, the Tea Estate did not appear and did not file the written statement as directed. Thereafter a written intimation was sent to the Tea Estate to put in the written statement positively by 30th September 1965. Before that date, a petition signed by Shri Ananda Prasad Pathak, Secretary of the Mazdur Union, together with an annexure, was sent to this tribunal and it was received on 21st September 1965. The tribunal waited till 28th October 1965, but even now the Tea Estate has

not appeared and has not filed any written statement. This day an authority has been filed by Shri Hrishikesh Banerjee who is the Secretary of the West Bengal Committee of A.I.T.U.C. The authority is signed by the President of the union and I am told that Shri Pathak is under arrest. Shri Banerjee further told me that the dispute regarding Shri Subba had been settled and Shri Subba is now working in the Tea Estate. In the petition it is stated that the settlement was arrived at in a bipartite meeting held on 26th May 1965 and that Shri Subba is to work as a supervisor on probation for six months with effect from 6th July 1965 on a salary of Rs. 105 per month. In view of what I have stated above, it appears to me that there is no longer any dispute between the Tea Estate and the union regarding the dismissal of Shri Subba. I therefore pass a "No dispute" award making the petition of the Secretary together with its annexure, an annexure to the award.

This is my award.

(1) Scales of pay for Starters, Drivers and Conductors.

(2) Dearness Allowance.

(3) Permanency.

(4) Leave—Privilege, Casual, Medical and Festival

(5) Annual Bonus Scheme.

(6) Retiral benefits.

This is a reference under section 10 of the Industrial Disputes Act. The employer is the Bus Association of Route No. 1. There are as many as 9 bus owners who are listed in the reference as members of the Bus Association. The workmen are represented by the Bus Workers' Union of Serampore-Chinsurah-Bainchee. Six issues were referred to the tribunal for adjudication. The association as well as the workmen submitted their respective written statements and the case was fixed for hearing on 21st August 1965. A talk of compromise developed on that day and after some adjournments both parties entered into a settlement amicably and filed a joint petition of compromise on the 22nd October 1965 wherein the terms of settlement. were embodied. It is signed for the workmen by the Secretary, Shri Narayan Chandra Bhattacharjee, and by the Secretary of the Bus Association of Route No. 1, Shri Ajit Banerjee. The terms of settlement are fair and reasonable and the dispute is settled therein. The settlement will form a part of the award and the reference is disposed of in terms of the settlement which is made annexure to the award.

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

ANNEXURE

In the matter of an application under section 33A of the Industrial Disputes Act, 1947, filed by Shri Jamuna Prosad Tewari, 17/4 Canal West Road, Calcutta-9, an employee of Messrs. Narikendanga Roller Flour Mills, of the same address, against the said Company in connection with G.O. No. 1792-I.R./IR/11L-134/64, dated 11th May 1964. (Case No. 78/65 U/S. 33A.)

BEFORE THE SIXTH INDUSTRIAL TRIBUNAL, WEST BENGAL

Present:

Shri P. BASU, Bar-at-law, Judge.

AWARD

This is an application under section 33A of the Industrial Disputes Act and had been filed on 14th August 1965 by Shri Jamuna Prosad Tewari of 17-A Canal West Road, Calcutta-9, against Messrs. Narikeldanga Roller Flour Mills of the same address. The allegation of the applicant is that he had served as Durwan of the Flour Mills for the last 4th years and suddenly on 1st August 1965 his service was verbally terminated without assigning any reason. It is further alleged that though an industrial dispute between the management and the union was pending, the management did not seek the permission of the Tribunal and that before terminating the service, there was no enquiry by the management and there was also no issue of any charge-sheet. Therefore section 33 of Industrial Disputes Act had been violated. The applicacant prays for reinstatement in service with full back wages for the period of forced unemployment.

No written statement had been put in by the management by the date fixed as the matter appears to have been settled between the applicant and the management. On 14th October 1965, Shri K. L. Mitra appeared for the Flour Mills and also filed a petition signed by Shri Tewari in which there is a prayer that the application may be treated as withdrawn and/or rejected, as there is no dispute with the management. Subsequently, on 20th October 1965, the Manager Shri Sisir Kumar Biswas appeared before this Tribunal and stated that Shri Tewari has left the service and has no further claim against the Company. I directed the Manager to put in a petition to that effect by 21st October 1965. Accordingly on that date, a petition was filed signed by the Manager Shri Biswas in which it has been stated that the applicant has no claim against the Company, and there is no dispute outstanding between the applicant and the Opposite Party, as the applicant has left the service, and also the quarters of the mills. The circumstances mentioned above clearly show that the applicant is not pressing the application filed under section 33A of the Industrial Disputes Act. I am, therefore, of opinion that a "no-dispute" award should be passed in the present case making the two petitions filed on 14th October 1965 and 21st October 1965 as annexures to the award. This is my award.

AWARD

The Government of West Bengal, by order No. 1884-I.R./IR/13L-46/63, dated the 25th May 1965, had referred the following industrial dispute between Messrs. The Printers House (Pvt) Ltd. and their workmen represented by Shop Assistants Association of Bengal, to this Tribunal for adjudication.

Issue

Whether dismissal of Sri G. Mookerjee, Sales-in-charge is justified? What relief, if any, is he entitled to?

After the service of usual notice, the Company had submitted written statement but though the Union had taken time on six occasions, no written statement was actually filed by the Union. In the written statement submitted by the Company, it has been stated that the alleged Union has no right to raise any dispute regarding the dismissal of Shri G. Mookerjee and the reference is bad in law, inasmuch as the alleged dispute is really an individual dispute and not an industrial dispute. It is further stated that Shri G. Mookerjee had administrative capacity in the matters of sales and was not a workman as defined in the Industrial Disputes Act, 1947. It is also alleged that previously a charge-sheet was given to Shri G. Mookerjee for other acts of misconducts and another charge-sheet was issued to him on 21st August 1963 for different acts of misconducts. Shri G. Mookerjee had not submitted his explanation regarding the charge-sheet issued on 21st August 1963 and thereafter, another charge-sheet was issued on 9th September 1963. Shri Mookerjee had submitted his explanation to the last charge-sheet and thereafter there was enquiry by Shri K. D. Sen, who is the Labour Officer of Messrs. Bengal Potteries Ltd. Shri Mookerjee had attended the enquiry and the enquiring officer had recorded the evidences in presence of Shri Mookerjee, and after considering the evidences and the charge-sheet and the explanation submitted, found Shri Mookerjee to be guilty of

gross misconduct. After the report was received, the Managing Director went through the report, the recorded evidences and the documents and came to the same conclusion as arrived at by the enquiring officer. Accordingly by the letter, dated 29th July 1964, Shri Mookerjee was dismissed from service. It is therefore submitted that Shri Mookerjee is not entitled to any relief either by way of reinstatement or otherwise.

As stated earlier, the Association did not submit any written statement even after a lapse of considerable time. Today both parties had filed a joint petition of settlement. It is stated therein that Shri Mookerjee accepts the dismissal by the Company and has no claim for reinstatement and/or compensation against the Company and he will not get any employment at all. It is further stated that in consideration of the above, the Company at the request of Shri Mookerjee had agreed to pay a sum of Rs. 500 as ex-gratia payment and Shri Mookerjee accepts that amount in full and final settlement. Actually, the sum was paid over by Shri Das Gupta on behalf of the Company to Shri Mookerjee in presence of the Tribunal. Shri G. Mookerjee told me that he had no further dispute with the Company.

I am, therefore, of opinion that the terms are bona fide, legal and fair and should be given effect to. I pass a "no dispute" award making the petition of compromise an annexure to this Award. This is my award.

BEFORE THE SIXTH INDUSTRIAL TRIBUNAL, WEST BENGAL

In the matter of an industrial dispute (Order of Reference No. 1884-I.R./IR/13L-46/63, dated 25th May 1965.)

Between

Messrs. Printers' House (P) Ltd.,

And

Their workmen.

The joint petition of the Company and the Union and also Shri G. Mookerjee as referred in the issue under reference:—

Most respectfully sheweth:

1. That it is agreed that the Union is a stranger general Union and the said Union has no right to represent the workmen/employees of the Company.

2. That without prejudice to the above contention, it is submitted that on the approach of Shri G. Mookerjee, Sales-in-charge, as mentioned in the issue under reference, the dispute is settled on the following terms:

(a) Shri G. Mookerjee accepts the dismissal, as made by the Company.

(b) He has no claim for reinstatement and/or compensation against the Company and that he will not get employment in the Company in any manner.

(c) In consideration of the above, the Company at the request of Shri G. Mookerjee has agreed to pay a sum of Rs. 500.00 (rupees five hundred) only as ex-gratia payment and the same as accepted by Shri G. Mookerjee in full and final settlement.

In the above circumstances, the parties pray that a "no dispute" award be passed in this case.

And for this act of kindness, your petitioner, as in duty bound, shall ever pray.

AWARD

The Government of West Bengal, by order No. 2727-IR/IR/10L-73/65, dated the 28th June 1965, had referred the following industrial disputes between Messrs. Associated Electrical Industries (India) Private Ltd. (hereinafter referred to as the Company), and their workmen represented by Associated Electrical Industries (India) Ltd. Employees' Welfare Association (hereinafter referred to as the Association), to this Tribunal for adjudication.

Issues

1. Whether the management is justified in retiring the following three workmen ? To what relief, if any are they entitled ?

 (a) Shri Monoranjan Chakraborty.

 (b) Shri Gosto Behari Sen Gupta, and

 (c) Shri Haridas Dutta.

2. Retirement age.

After the service of notice, the association had put in the written statement at first as directed, and the company had also put in the written statement. In the written statement filed by the association, it has been alleged that the company is a highly prosperous commercial concern being subsidiary of AEI Ltd., London, and has agency business of different engineering and electrical concerns of reputation, both indigenous and foreign and that the company employs about 385 workmen in thehead office including 216 clerical, 58 skilled manual and 111 subordinate staff. It is further alleged that the association of the workmen is a recognised association and that the workers' claim had been vindicated in bipartite settlements and in the awards of the industrial tribunals. The first adjudication proceeding between the company and the Head Office staff was in 1948-49 by three-men tribunal presided over by Shri Das Gupta and known as the Mercantile Tribunal. That tribunal adopted as a pattern, amongst other things, a retiring age of 55 years but the award had a legal and binding effect for one year only. There has also been awards regarding bonus and there had been subsequent amicable settlement for the following years. However, because of the change of circumstances, the office employees of the different offices who were parties to the Mercantile Tribunal Award started agitation for revision of various matters including the retiring age and the employees of different concerns obtained substantial reliefs either by means of bipartite settlement with their respective employers or by the award of the tribunals or the decision of the Supreme Court in appeal. The workmen of the company had placed a Charter of Demands on 30th December 1960, claiming, amongst other things, the revision of retiring age and refixation of the same at 60 years. The company had replied to the Charter of Demands by the letters, dated 8th April 1961 and 20th June 1961, and stated that the retiring age should be 55 years and there would be usual extension of service at the rate of 2 months for each year of service rendered. The company further stated in their letters that they were prepared to concede 60 years as the retiring age, but they considered their offer as more favourable to the workmen and hence suggested the scheme in the interest of the employees concerned. Regarding the other demands made in the Charter of Demands, there was an agreement with the association on 28th July 1961 and in view of the clear understanding in respect of the retiring age in the two letters mentioned above, the claim of retiring age was not pursued at that time as a matter of expedience. Thereafter, the company had followed in every case the revised retiring age, viz., 55 years, plus 2 months' extension for each year of service rendered in the company, whatever the same might be in any individual case. The association had also given a list giving the names of persons who had retired long after 55 years in Annexure C to the written statement. The company, however, suddenly and arbitrarily and without any previous notice under section 9A of the Industrial Disputes Act had discharged three workmen, named Shri Monoranjan Chakraborty, Shri Gosto Behari Sengupta and Shri Haridas Dutta by the letters, dated 22nd January 1965, 9th February 1965 and 9th February 1965. So far as Shri Chakraborty is concerned, he had served the company for 17 years 19 months, including one year's extension, having been appointed on 16th May 1947. According to the understanding with the company Shri Chakraborty should have been retired at 55 years, plus, 2 years 10 months, i.e., at the age of 57 years 10 months. Similarly, Shri Sen Gupta was appointed on 12th March 1945 and had served the company for long 20 years. Therefore, he should have been retired at 58 years 4 months. Shri Dutta was appointed on 1st August 1936 and had served the company for 23 years 8 months including 3 years' extension. He should have been retired at the age of 59 years 4 months. Thus, in the case of each of these workmen, they

have been retired by the company illegally and unjustifiably and in breach of the solemn undertaking of the company mentioned above . All these workmen were employed in the company long before the retiring age was first fixed by the Mercantile Tribunal Award and these workmen knew that they could continue in employment, so long as they wished unless they were dismissed for misconduct or, were physically incapable of work. These workmen were in sound health and there was no reason at all to force them to retire at the age of 55 years, particularly as there was no retiring age fixed for the employees when they entered into the services and as they had not agreed to be bound by the retiring age which was subsequently fixed. As the company had threatened further forcible retirement at the age of 55 years, the association had written letters on 29th January 1965 and 8th February 1965. The company, however, paid no heed to the reasonable representation of the association and the association, therefore, wrote the letter, dated 9th February 1965, to the Labour Commissioner, Government of West Bengal, praying for his intervention in the matter. Subsequently, there was conciliation proceedings, but due to the adamant attitude of the company, no settlement was arrived at. In the circumstances, the association prays that the three workmen mentioned above, may be reinstated in service with full back wages, and bonus and also prays for fixation of the retiring age at 60 years for all recruits subsequent to the date of introduction of retiring age at 60 years, and for holding that those who are appointed before the retiring age was fixed in the company in 1949, the retirement should only be on the ground of physical disability and that those persons should continue to work as long as they are physically fit.

The company in the written statement has raised a preliminary legal objection. It has been stated that the order of reference is illegal and void, and therefore, the tribunal cannot adjudicate the alleged dispute. The specific objection had been stated in the paragraph 8 of the written statement itself. The learned representative of the company Shri Basu Thakur had submitted that in view of the agreement entered into between the company and the association on 28th July 1961, the question of retiring age cannot be adjudicated by this tribunal. His submission was that the agreement is to be in force for 5 years from 1st January 1961, and therefore, during this period when the settlement was in operation, the Government of West Bengal cannot refer the alleged dispute regarding the retirement age to the tribunal for adjudication. In the written statement filed by the company, it has also been stated that the retiring age had been fixed at 55 years by the Mercantile Tribunal Award, and the retiring age once fixed by a tribunal becomes a condition of service for all existing and new employees, unless modified by different awards or settlement. The company admits that the association submitted a Charter of Demands on 30th December 1960 and the company had replied to the said Charter of Demands by the letters, dated 3rd April 1961 and 20th June 1961. The company, however, denies that it offered a revision of retiring age which provided 55 years, plus, usual extension at the rate of 2 months for each year of service. It is further stated that after the Mercantile Tribunal Award, the company on 4th February 1958 had written a letter to the General Secretary of the Employees' Welfare Association on the issue of retirement of clerical and subordinate staff, and this letter was further clarified by the Secretary of the company in his note, dated 8th December 1958. There was also the circular, dated 27th May 1960. It is further alleged that one Shri B. Mondal was retired on 15th June 1960 on reaching the age of 55 years, that the company only grants extension when such extension is necessary for company's requirement, that at the time of retirement of the three employees and also at the present time, the company is having much surplus staff in its establishment due to its reorganisation and that the company had offered a voluntary retirement scheme to weed out the surplus staff by the letter, dated 22nd July 1965. The retirement of the three employees was proper and legal and the association is not entitled to any relief. Regarding the age of retirement, the company states that the age of retirement is 55 years as awarded by the Mercantile Tribunal Award.

Findings

Before I discuss the two issues, which had been referred to this tribunal for adjudication, I shall consider the preliminary objection which has been raised by the learned representative Shri Basu Thakur appearing for the company. The objection only relates to issue No.2, namely, the question of retirement age and has no bearing on the other question which has been referred to this tribunal for adjudication. It is not disputed that the association had presented the Charter of Demands to the company on 30th December 1960 and it is further undisputed that one of the demands was the revision of the retiring age and refixation of the same at 60 years (vide paragraph 13 of the written statement of the association, Ext.1, item 8, Ext.1-A item 4, Ext. 6, at page 5 of Ext.A). Ext.2 is the settlement signed by the Managing Director Mr. Nicholson and by the General Secretary Shri D. P. Basu. It does not contain any provision regarding the retiring age. The learned representative Shri Basu Thakur did not dispute that in the final agreement, Ext.2 there is no clear term that the demand regarding the retiring age which has been raised in the Charter of Demands mentioned above had been given up in consideration of the agreement regarding the other demands raised in the Charter of Demands. He, however, contended that the association did not press for the demand regarding the retiring age in view of the other terms mentioned in the settlement. Shri Basu Thakur had referred to certain letters and also to the evidence of P. W. 6 J. Kar Choudhury who was the working President of the association at the relevant point of time. At the time of cross-examination P. W. 6 had said that they had come to an overall settlement and actually the terms agreed to by the company regarding certain items of the Charter of Demands had been embodied in the agreement, that regarding other matters there was no agreement with the company and they did not pursue them at the time of the agreement and that it was also stipulated that regarding the other items as mentioned in the Charter of Demands, they will not be able to raise those matters within 5 years of the date of agreement. The evidence of P.W.6 in cross-examination certainly tends to support the contention of the learned representative of the company

but it appears to me that there is nothing in any of the letters which has been produced before the tribunal showing that there was really any agreement by the association that the other demands which had not been conceded to by the company, could not be raised during the period of 5 years. Ext. A is the letter, dated 30th December 1960 and in it there is a reference to the expiry of the 5 years agreement with the company. This particular agreement, however, has not been put in by either side. Ext. A, however, definitely shows that the claim was that the retiring age should be 60. Ext. F is a letter, dated 14th July 1961 and contains the comments made by Mr. Nicholson with regard to the demands made in the Charter of Demands. So far as the retiring age is concerned, nothing has been specifically stated in that letter. Shri Basu Thakur, however, pointed out that even in that letter, it has been stated that the offers made by the company had all been made on the basis of arriving at an overall settlement and the offers are not open for piece-meal acceptance and rejection. It appears to me that this remark in the letter only apply to the offers actually made regarding certain items in the Charter of Demands and those offers cannot relate to other items mentioned in the Charter of Demands which have not been specifically mentioned in that letter. Ext. F-1 is a letter, dated 21st July 1961, by the General Secretary of the association to the Managing Director in reply to the letter Ext.F. It has been stated therein that the offers had been considered by the members of the association and that for the sake of an amicable settlement, they would not press for acceptance of the items which the company cannot concede. It has further been stated that the offers concerned do not fully meet the aspirations of the association. I do not think that these letters really show that the association really agreed to give up the claim for fixation of the retiring age at 60 and had agreed not to press that claim for the period of 5 years, that is to say for the period during which that settlement was to be in operation. In this connection I would also point out that the evidence of O. P. W. 1 Mr. Bes who is also the signatory to the settlement, Ext. 2, does not show that the association had really agreed not to raise a demand for fixation of the age of retirement at 60 years for the period of 5 years from 1st January 1961. In my opinion what had really happened was that as the company did not agree to the demand for fixation of the age of retirement at 60 years, the association did not press for that demand at that time and therefore, the settlement only embodied the terms which were actually agreed to between the company and the association. In my opinion it cannot therefore be said that there was really a settlement to the effect that the association would not raise the question of fixation of retiring age at 60 years for the period of 5 years. The learned representative of the company had referred me to the ruling reported in 1963 (L) L. L. J., 601 (Imperial Tobacco Co. Employees, Association, vs. the State of West Bengal). In that case, there was a tripartite settlement in which all the disputes raised at the time of conciliation were settled. It was stipulated that no demand or dispute was pending. It appears that the dispute as to working hours mentioned in the Charter of Demands was not specifically mentioned in the settlement. In the circumstances, it was held that no writ of mandamus can be issued at the instance of another union regarding the dispute as to the working hours. In that case it was clearly stated in the tripartite settlement itself that all the disputes raised at the time of conciliation had been settled and that no demand was pending. In the present case there is no such term or stipulation in the bipartite settlement Ext. 2 which appears to have been printed in the West Bengal Labour Gazette of September 1961. The learned Advocate Shri Sen Gupta had however raised another contention and submitted that for another reason the settlement cannot be regarded to be valid and binding. In view of my decision which I have mentioned above it is not necessary for me to discuss at great length this other contention raised by Shri Sen Gupta for the association but as the contention has been raised and as submissions had been made by both sides regarding that contention I shall shortly discuss it. It was urged by the learned Advocate Shri Sen Gupta that the agreement had not been sent to the conciliation officer concerned as required by rule 68(3) of the West Bengal Industrial Disputes Rules, 1958, and therefore the settlement is not a settlement under section 2(p) of the Industrial Disputes Act. It is necessary to refer to the definition of "settlement". In section 2(p) of the Act, it has been stated that the "settlement" means a settlement arrived at in the course of a conciliation proceeding and included a written agreement between the employer and workmen arrived at otherwise than in the course of conciliation proceeding where such agreement has been signed by the parties thereto in such manner as may be prescribed and a copy thereof has been sent to the appropriate Government and the conciliation officer. This section, therefore, so far as relevant for the present purpose, shows that a written agreement arrived at otherwise than in course of conciliation proceeding between an employer and workmen must be signed by the parties in the prescribed manner and also shows that the copies are to be sent to the appropriate Government and to the conciliation officer. Conciliation officer has been defined in section 2(d) of the Act to mean a conciliation officer appointed under this Act. Reference may also be made to section 4 of the Act. It has been laid down therein that the appropriate Government may by notification in the Official Gazette, appoint such number of persons as it thinks fit, to be conciliation officer charged with the duty of mediating in and promoting the settlement of industrial disputes. It has further been laid down that the conciliation officer is appointed for the specified area or for specified industries in specified area or for one or more specified districts and either permanently or for a limited period. Therefore there could be conciliation officers for specified industries or for specified area. The learned Advocate Shri Sen Gupta had submitted that the State of West Bengal had vested different officers with the powers of the conciliation officers for different areas. Shri Basu Thakur informed me that the Labour Commissioner, Deputy Labour Commissioner, Assistant Labour Commissioners and the Labour Officers are all conciliation officers. As the requisite Government notification had not been put in, it is very difficult to say whether there is any conciliation officer regarding the Electrical Industries or regarding the area where there is the office of the company in question. However, it is now necessary to refer to rule 68 and rule 75 of the West Bengal Industrial Disputes Rules, 1958. In rule 68, it has been provided that the settlement arrived at in course of conciliation proceeding or otherwise shall

be in Form J, that the settlement shall be signed by (a) in the case of an employer, by the employer himself or by his authorised agent, or when the employer is an incorporated company, or other body corporate, by the agent, manager or other principal officer of the corporation; (b) in the case of workmen, either by the President or Secretary of a trade union of workmen, or by five representatives of the workmen duly authorised in writing in this behalf by the representatives, meeting of the workmen held for this purpose and that where a settlement is arrived at between an employer and its workmen otherwise than in course of conciliation proceeding before a Board or conciliation officer, the parties to the settlement shall jointly send a copy thereof to the State Government in the Department of Labour and the Labour Commissioner and the conciliation officer concerned. It would therefore appear that where the settlement is arrived at otherwise than in course of conciliation proceeding, the parties are to jointly send copies to the State Government in the Department of Labour, the Labour Commissioner and the conciliation officer concerned. Rule 75 shows that the conciliation officer is to file all settlement effected under this act in respect of the disputes in the area within his jurisdiction in the register maintained for the purpose in Form N or N-1, as the case may be. In the Form J, it has been stated that the copies are to be sent to the Labour Commissioner, West Bengal and the Joint Secretary to the Government of West Bengal, Department of Labour. Form N is a prescribed register and shows that the details as to industries, parties to the settlement, date of settlement and the manner in which the settlement was arrived at, are to be entered therein. Shri Sen Gupta had submitted that in fact the copy of the agreement or settlement was never sent to the conciliation officer concerned in terms of rule 68(3) of the West Bengal Industrial Disputes Rules. Shri Basu Thakur appearing for the company had pointed out that copies had been sent to the Labour Commissioner. The original which was produced by Shri Basu Thakur appears to have been taken back by him. As far as my recollections goes, copies had been sent to the Labour Commissioner and the Assistant Labour Commissioner. No copy appears to have been sent to the conciliation officer concerned. In this connexion, I would point out that O. P. W. 1 Shri Bes has himself stated that the agreement does not show that it was sent to the conciliation officer by designation as such. Under rules mentioned above, the copy must be sent to the conciliation officer concerned. The evidence and the facts and circumstances make it abundantly clear that rule 68(3) of the West Bengal Industrial Rules had not been complied with In this connection I would point out that it would have been easy for the company to call for the register of settlement from the conciliation officer concerned in order to show that actually a copy had been received by him and due entries had been made in the relevant register of settlement. The question now is what is the effect of non-compliance of the rules. I have mentioned earlier that Shri Sen Gupta argued that the non-compliance has the effect of invalidating the settlement itself No direct ruling could be cited by the learned representatives appearing for the parties. It appears, however, from the ruling reported in 1965 (II) L.L.J., 149 (S.C.), Technological Institute of Textiles vs. its workmen, that where there was no evidence to show that the formalities prescribed in rule 58 of the Industrial Disputes (Punjab) Rules were complied with in regard to the settlement and where certain items of disputes were not pressed and were withdrawn under the terms of settlement and certain items of disputes were withdrawn by the workmen in the reference and no award was made in respect of such items, the existence of settlement or award does not bar the workmen from raising such demands and getting the same adjudicated. I am unable to refer to rule 58 of the Industrial Disputes (Punjab) Rules because those rules are not available here. It, however, appears that rule 58 of the Central rules contain provisions similar to rule 68 of the West Bengal Industrial Disputes Rules. Presumably the Punjab Rules are similar to the Central rules. Their Lordships held that the effect of non-compliance with the formalities is that the workmen concerned are not barred from raising the industrial disputes which were not pressed earlier. It appears to me that in the present case also the workmen or the association on their behalf are not prevented by any bar from raising the industrial dispute regarding the retiring age. I would accordingly overrule the preliminary objection raised by Shri Basu Thakur on behalf of the company.

I shall now turn to discuss issue No. 1. It is undisputed that by the Mercantile Tribunal Award, the retirement age was fixed at 55 years. There is, however, a clause in this award to the effect that in exceptional cases, extension of service may be granted where both the employer and the employee agree. Presumably this clause in that award refers to agreement in the case of individual workmen. In view of such certain circumstances to which I shall refer presently, it is not necessary to refer further to the Mercantile Tribunal Award any further. The argument of Shri Basu Thakur is that after the expiry of one year, the terms of the award would continue to govern the conditions of service of the workmen. This argument cannot be accepted. The award was admittedly passed in 1949 and was in force for one year. As Shri Sen Gupta had pointed out, there has been amendment by Act 48 of 1950 and sub-section 3 of section 19 had been recast. Under section 19(2) of the Industrial Disputes Act, 1947, the award was to be in operation for a period not exceeding one year. By the amendment in 1950, certain changes have been made, but the amendment has no retrospective operation. There has also been further amendment by Act 37 of 1956. It would, therefore, appear that the award itself had ceased to operate or be binding on the parties after the period of one year from 1949. In fact, there appears to be an agreement for 5 years ending sometime in December 1960 as mentioned in Ext. A It is true that this agreement itself for the period of 5 years has not been put in by the parties. But the fact that there was an agreement would show that fresh terms were agreed to after that award ceased to be in force or to be binding on the parties. It was, however, argued that even if the earlier award had ceased to be in force, still the age of retirement continued to be 55 years here. It is necessary at this stage to refer to certain correspondences between the parties. The earliest letter of the company is Ext. B which is dated 4th February 1958. It has been stated there that normally the retirement age for

members of the staff is 55 years and where the com-
y wishes for any reason to retain the service of
employee, it will offer extension of service of one
r at a time. The company appreciated the posi-
that as a result of such extension, promotion of
members of the staff might be delayed and there-
to overcome the difficulty, the company introduced
supernumerary scheme. The scheme is that a
ber of the staff offered extension of service beyond
years, will be treated as supernumerary and will
moved from the grade in which he is working at
time of reaching the age of 55 years, that the basic
y of such supernumerary staff will remain at
figure received by them at the age of 55 years and
will not receive further increment in respect of
service after 55 years, that the promotion from
r grade will be made in order to fill the vacancies
ed by such removal, that until the actual retire-
of the supernumerary staff, the promoted person
be temporarily placed in the higher grade and that
ight be necessary to keep a number of post to the
st paid of the branch or department or section
nt, such number be equal to the number of the
numerary staff. The next letter is Ext. B-1
1 is dated 8th December 1958. After referring
the letter Ext. B, certain directions have been made
arding the promotion from one grade to another.
r the present purpose, it is not necessary to refer
these details. The next letter is dated 27th May
0, Ext.G. It has been stated therein that the age
which the members of the staff would retire is 55
rs and that the company would give extension of
vice to long service employees reaching the age
55 years, when the employees were in good health
l fit to carry out their duties and where company's
uirements made such extension mutually advanta-
us and that such extensions have been granted up to
age of 60 years in most cases, but the company can
grant extension of service to all employees up to
age of 60 years even if the employee is fit and will-
to carry on in the service of the company. After
statement, it is stated that the retiring age would
55, that the extension of service after the age of 55
rs will be considered in each suitable case, that
extensions will only be granted when the employee
good health and capable of carrying out his duty
iently, and the company's staff position at the time
rants such extension. It is further stated that the
tension will be granted for a period not exceeding
e year and reconsidered for further extensions annu-
ly, and that the total of the periods of extensions after
e age of 55 years that will be considered, will be two
onths for every year of service with the company
fore reaching the age of 55 years (e.g. an employee
aching the age of 55 years with 24 completed years
service in his credit, may receive extensions for a
aximum of 4 years, and an employee with 15 years
completed service at the age of 55 years, may
ceive extensions up to 2½ years). It would there-
re be noticed that the system of granting yearly
tensions was slightly changed or modified, in the
st clause which I have mentioned above. Though
clause 4 it has been stated that the extension should
for a period not exceeding one year, in clause 5
has been stated that the extensions could be for
e total period of service up to the age of 55 years
ultiplied by two i.e. 2 months for each year of service.
the example which has been given, the person with
24 completed years of service might look forward to extensions of 4 years, that is to say, he might look forward to serve in the company up to the age of 59 years. Before I pass on to discuss the other letter I would refer to the evidence of O.P.W. 1 Shri Bes. His evidence is that by the letter (Ext.B-1) the company had indicated that the age of retirement would be 55 years but the company retained the discretion to extend the service of certain persons, that there were small dispute in 1959 and 1960 regarding the exercise of discretion of the company in favour of certain persons, and that to frame a rule indicating the circumstances where the company would normally exercise its discretion, the company formulated the rules on 27th May 1960 (Ext.G). At the time of cross-examination O.P.W.1 had said that generally speaking, the disputes regarding the conditions of service are settled either by settlement with the workmen concerned, or by an award or by affixation of notice on the notice board, that if the company issues a notice affecting the service conditions, it gives a copy of notice to the association, that the document (Ext. G) was not settled by agreement with the association, or by award or by affixation of the notice in the notice board with a copy to the association, that there was no correspondence with the association before the document (Ext. G) was prepared and that though there had been certain correspondences with the association, those correspondences were not produced. Shri Bes said that he might be able to produce those documents before the argument. Actually the original letter was produced by Mr. Bes on the following date and it would appear that a copy of that letter had been sent to the association, but it is not proper for me to rely on this original letter, because it has not been marked an exhibit. But there are certain other correspondences which would show that the association did receive the letter, dated 27th May 1960. I would refer to Ext. 5A, dated 8th February 1965, wherein it has been stated, inter alia, that the company's letter, dated 20th June 1961, had superseded the earlier letter, dated 27th May 1960. Therefore, the association must have received the letter, dated 27th May 1960 (Ext. G). Similar statement has been made in the letter to the Labour Commissioner, dated 9th February 1965. There also it has been stated by the association that the original letter of the company, dated 27th May 1960, stood superseded by their letter, dated 20th June 1961. I shall now refer to the letter, dated 20th June 1961, but before I do so, I would refer to paragraph 17 of the written statement of the association. It has been stated, inter alia, that according to the revised scheme of retiring age subsequently confirmed by letters, dated 3rd April 1961 and 20th June 1961, certain persons had actually been retired long after the age of 55 years at which they are to retire normally. Therefore, even according to the case of the association, the normal age of retirement was 55 years, but there could be extension of the period of service of the workmen on the basis of the letters mentioned above. Ext.1 is the letter, dated 3rd April 1961. This was written by the Managing Director after the Charter of Demands and after certain other correspondences and discussions had taken place. Regarding retirement, the company stated that it does not consider that there should be any change in the present retirement age at 55 years, that the company had granted extensions in most cases and under its existing rules, long service staff may look forward to service after the age of 60

and that the company considered that the retirement rules are fair to all the staff. In the other letter, dated 20th June 1961 (Ext. 1A), the company stated that under the present rules, although retirement age is officially 55, members of the staff who remain in good health can normally expect extensions of service after 55 and up to the age of 60, equal to, one year for every 6 years of service with the company prior to the age of 55. It was also pointed out that with the present supernumerary scheme, although the service of the members of the staff reaching the age of 55, are retained, junior members of the staff receive salary increases as if a retirement had actually taken place, that the extension of the retirement age to 57 or 58 years would only benefit the members of the staff who at the time of retirement have completed less than 12 or 18 years respectively and that if the extension is agreed to, the supernumerary scheme and the extension of service will have to be discontinued. The company further added that if it becomes general practice for the retirement age in Calcutta to be extended to 58 or 60 years, the company would be only too pleased to fall in line with the general practice. It will be remembered that this letter was written before the agreement with the association, dated 28th July 1961. It would therefore appear that virtually on the basis of the assurance contained in this letter, the association did not press for the demand regarding the fixation of the retirement age at 60 years.

Incidentally, I may point out that in paragraph 15 of the written statement filed by the association, it has been stated that the company came to certain understanding in respect of the other demands before the agreement with the association, dated 28th July 1961 and in view of the clear understanding in respect of the retiring age in the letters (Exts.1 and 1A), the item of claim of retiring age was not pursued as a matter of expedience. Therefore, the association did not press the demand of retiring age of 60 years in view of the assurance which the company had given to the association. I have already referred to the supernumerary scheme as would appear from the letters which I have mentioned above. I need only refer to the evidence of O.P.W.1. He has stated at the time of cross-examination that the workers made a demand that the retirement age ought to be 60 years and the company had written the letter (Ext.1A) in reply and stated that the company cannot fix 60 years, but might fix 57 or 58 years and that if that age is fixed, the persons who had served for more than 18 years would not get any benefit and that the people who had obtained the notional promotion would not get any benefit either. His evidence further is that the company's present scheme was really more beneficial to the workmen concerned, inasmuch as they would be able to work for a longer period of service and that the company had no objection to fix the age to 58 years or 60 years according to the general practice. Regarding the letter Ext.1, O.P.W.1 has said that the company stated in that letter that the senior staff may look forward for service up to 60 years, subject to the existing rules of the company. By the expression "existing rules", Mr. Bes must have referred to the supernumerary scheme which I have referred to above. In substance that scheme is that the normal age of retirement is 55 years, but the member of the staff can look forward to service under the company for the further period at the rate of 2 months for each completed year of service. This system or scheme had been in vogue from about July 1961 till 1965. Therefore this system or sch must be regarded to be the service rules gover the conditions of service of the members of the working under the company.

It has further been argued that the scheme is subj to two conditions and the company has the right determine the actual period of service of any partic workman. In the first place, the particular workm must be physically and mentally fit and in the seco place, there must be sufficient work in which the pa cular workman could be employed. Shri Sen Gu appearing for the association did not seriously disp that any particular workman who had attained the of 55 years, might be retired by the company if he found physically and mentally unfit to discharge duties. His contention was, however, that in the of these 3 workmen, there was absolutely no evide that they were physically and mentally unfit to charge their duties. It appears to me that there absolutely no evidence that the 3 workmen Shri Cha borty, Shri Sen Gupta and Shri Dutta, became ph cally and mentally unfit at the time they were re by the company. Even the evidence of O.P.W.1. had signed the letters, Exts. 4, 4A and 4B, does show that these workmen were retired beca they became physically and mentally unfit and were no in a position to discharge their duties any furthe In this connection, I would refer to section 2(oo) (c of the Industrial Disputes Act. It has been laid dow therein that retrenchment does not include the termina tion of service of a workman on the ground of continue ill health. The ground of continued ill health is valid ground for which the employer can termina the service of any workman, but this ground has n been taken by the company either in the letters even in the written statement which has been put on behalf of the company. The next contention with regard to the requirement of the company at th time of retirement of these 3 workmen. These 3 work men were retired on 8th February 1965, 31st March 1965 and 18th April 1965. To my question O.P.W. stated that it is not stated in any of the letters, Exts to 4B, that these 3 workmen had been retired becaus at the relevant time, they were found surplus to th requirement of the company. In paragraph 9 of th written statement of the company, it has been stated inter alia, that in this company the retirement age 55 years and extension can only be given where such extension is necessary for the company's requir ments and that at the time of the retirement of the 3 workmen and also now, the company is having to many surplus staff in its establishment due to its r organisation and the association is also well aware the same. Therefore, according to the written stat ment of the company, there was much surplus sta due to the reorganisation of the company. This alleg tion in the written statement of the company has n been substantiated by any reliable evidence. O.P.W has stated in answer to my question that there w surplus staff to the extent of 20 or 25 per cent. among the clerical staff, and that about 6 of these persons ha passed the age of 55 years and all these persons ha either been retired or would be retired when the perio of extension expires. The evidence of O.P.W.1 furth shows that in Calcutta there are about 400 employe It is not clear on what basis, some 20/25 persons we found to be surplus to the requirement of the compan

The evidence of O.P.W.1 also shows that the company is amending the procedure and reducing the number of records kept in the company's office, and therefore, the company does not require the surplus staff. The letter of instruction to O.P.W.1 to eliminate certain records has, however, not been produced before this tribunal even at the time of argument. In this connection I would refer to the letter, Ext.9, dated 12th April 1965, in which the Secretary of the association had clearly stated that there was no scope for any reduction of any staff and that it is not correct that any staff is actually surplus. This letter, therefore, was written even before Shri Dutta was made to retire on 18th April 1965. In my opinion, there is no cogent evidence to show that really there is any surplus staff. If there is really any surplus staff which the company does not require, the company is certainly entitled to retrench the surplus staff after complying with the provision of law. It is not necessary for the present purpose to refer to the alleged voluntary retirement scheme, in view of the scope of reference. But apart from the alleged voluntary retirement scheme which the association is alleged to have repudiated, the company could certainly retrench in accordance with law the alleged surplus staff. According to the evidence of O.P.W.1, some members of the staff became surplus to the requirement of the company towards the end of December 1964. If this is so, I do not understand why the company did not take the straightforward way and retrench the surplus staff after giving them proper notice and proper compensation in accordance with law. I have, therefore, come to the conclusion that the two conditions which had been mentioned had not been established and the workmen under the existing service rules are entitled to get extension of 2 months per year of service after attainment of the age of 55 years. Therefore, if any workman has worked, for say, 17 years, and then attained the age of 55 years, he is entitled to work for 34 months more. I do not think the company has the right to give one year's extension at a time as sought to be done in the case of three workmen. Shri Basu Thakur, however, urged that even after the letters granting one year's extension had been issued to the concerned workmen, neither the association nor the workman concerned wrote any letter protesting against the extension for one year only at a time. It is true that there is no such letter of protest either by the association or by the workmen concerned, but this is certainly not decisive of the matter. If under the existing rules, the workmen are entitled to extension at the rate of 2 months for each year of service before 55 years, then the company has no right to grant only one year's extension at a time and then to retire those workmen after the expiry of the time allowed by the company. Now Ext. 9 shows that Shri Chakraborty joined on 16th May 1947, and Ext. 4 shows that he had completed the age of 55 years on 9th February 1964. Shri Chakraborty, therefore, was entitled to work for 33 months from 9th February 1964, but he was retired on 8th February 1965, that is to say, after putting in only one years further work. He is therefore entitled to work for 21 months more. Shri Sen Gupta had joined on 12th March 1945 and was retired on 31st March 1965 (vide Exts. 4A and D). In Ext. D it has been stated that Shri Sen Gupta was actually aged 57 years as would appear from the Provident Fund form. But as the Provident Fund form itself had not been put in, the statement in Ext. D regarding the actual age of Shri Sen Gupta cannot be accepted. According to the service rule mentioned above, Shri Sen Gupta is entitled to work 40 months more from 1st April 1965. With regard to Shri Dutta it appears that he had joined on 1st August 1936 and that he had attained the age of 55 years on 18th April 1962 and that he was granted 3 years' extension and was actually retired on 18th April 1965 (vide Exts 4B and D). Under the rule mentioned above, he is entitled to work for 51 months more after attaining the age of 55 years. He was only allowed to serve for 3 years or 36 months. Therefore, he is entitled to serve the company for 15 months more from 18th April 1965. The conclusion, therefore, is that the company is not justified in retiring the 3 workmen mentioned above and they are entitled to serve the company for the further periods as mentioned above. This issue is decided accordingly.

I shall now turn to discuss the second issue, viz., as to the age of retirement. The first submission made by Shri Sen Gupta on behalf of the association is that all these 3 workmen and others who had joined the company before the Mercantile Tribunal Award of 1949 are entitled to go on serving the company as long as they are physically fit, inasmuch as there was no age of retirement of the members of the staff before that award. My attention has been drawn by the learned Advocate Shri Sen Gupta to the ruling reported in 1964 (II) L. L. J., 146 (workmen of Cattle Well Bullen & Co., vs. Kettle Well Bullen & Co.). In that case it was held by their Lordships of the Supreme Court that the rules framed by the company as to the age of retirement (55 years) in 1947 and 1951 do not apply to an employee who had entered service before, that there was no age of retirement before and that there was nothing to show that the workmen had agreed to accept the new rules as part of the conditions of their service. In that case, there was no evidence that the new rules were enforced against the prior employees but in the present case, there is the evidence which I have discussed above that the workmen had accepted the scheme introduced sometime in 1961. I have discussed the details of the scheme and I need not repeat of what I have already stated. In fact, the association depended on the service rules by which a workman is to get an extension after 55 years at the rate of 2 months per year of service. In fact, it is the case of the association that the employees had been retired on the basis of such service rules between 1961 to 1965. I am of opinion that in the facts and circumstances of the present case, the ruling referred to above is not applicable. Shri Sen Gupta has also referred me to the ruling reported in 1959 (II) L.L.J., 405 (Guest, Keen, Williams (P) Ltd., vs. P. J. Starling). This case was referred to by their Lordships of the Supreme Court in the case reported in 1964 (II) L.L.J., 146. In that case it was held that the age of retirement as fixed by the standing orders does not apply to the prior employees. Their Lordships also laid down certain relevant factors which must be taken into account for fixation of the age of superannuation; they are as follows :—

(i) nature of work, (ii) nature of wage structure, (iii) retirement and other benefits, (iv) character of climate, (v) age of superannuation in comparable industries in the same region, and (vi) general practice in the past regarding retirement.

Before I discuss the evidence I would point out that so far as the West Bengal is concerned, the present trend is the fixation of the age of retirement at 58 years [1964 (I) L.L.J., 743, Associated Power Company vs. its workmen], [1964 (1) L.L.J., 380 at 382, workmen of Balmer Lawrie & Co., vs. Balmer Lawrie & Co]. As I understand Shri Basu Thakur appearing for the company, he did not dispute that the age of superannuation or retirement might be fixed at 58 years, in view of the decisions of their Lordships of the Supreme Court in the cases referred to above. He, however, submitted that if that age is fixed, the supernumerary scheme must go. I think that if the age of superannuation is fixed at 58 years, there would be no further scope for the supernumerary scheme introduced sometime in June-1961. Now, regarding the factors which I have mentioned above, there is no evidence before me regarding items Nos. (i) to (iii). Regarding item No. (iv) the climate of West Bengal was presumably considered in the two cases which I had referred to above. Regarding item No. (v), certain evidence had been given regarding industries in Calcutta. Ext. 13 is the memorandum of settlement between the workmen and the employer, viz., the Life Insurance Corporation of India. I do not think that the settlement arrived at Bombay can be considered to be relevent regarding the age of superannuation in Bengal. Ext. 14 is the service rules of the Indian Cable Co., and shows that the age of retirement is 60 years. Ext.15 is the agreement between G. E. C., and G. E C. Staff Union. Item No. 9 of the agreement shows that 60 years is fixed as the age of superannuation only with regard to the employees whose terms and conditions of service at the time of employment did not specify the retirement. The association had examined P.W.1 who is employed in the Divisional Office in the Life Insurance Corporation of India in Calcutta, P.W.3 who is employed by the Indian Cable Co., Calcutta, and P.W.4 who is employed by the G.E.C. of India (P) Ltd. P.W.2 K.K. Sarkar is employed in the Tata Office in Calcutta. He has stated that the retiring age of the employees is 60 years but he is unable to produce any document to show that the age of retirement is really 60 years. I do not think that the evidence adduced is sufficient for the purpose of concluding that the age of superannuation should be 60 years. Shri Sen Gupta had relied on Ext.7. This is a statement by the association regarding 10 companies including Tata Iron & Steel Co. Ltd. where the age of retirement is said to be 60 years. I do not think the statement can be relied on in the absence of definite documentary evidence to show the actual age of retirement of the employees of those concerns. I do not therefore accept the submission of the learned Advocate Shri Sen Gupta that the age of retirement should be fixed at 60 years. In my opinion, the age of retirement should be fixed at 58 years. Regarding the question of general practice in the past regarding retirement, it would appear from Ext.3 that certain employees had been retired by the company, generally speaking, after attaining the age of 60 years. There are, however, two cases where the employees had been retired at 57 years and 57 years 9 months. I think, it would be fair in the circumstances to fix the age of retirement at 58 years. This issue is disposed of accordingly.

To sum up, the retirements of Shri Chakraborty, Shri Sen Gupta and Shri Dutta are unjustified and they are reinstated in service with full back wages and bonus for the period of forced unemployment. They must be reinstated within one month of the publication of this award in the "Calcutta Gazette" and must be allowed to serve for the periods as indicated in the body of the award.

Regarding the age of retirement, I fix the age of retirement at 58 years. This part of the award also will have effect after a month of the publication of the award in the "Calcutta Gazette." The supernumerary scheme must be discontinued after this award comes into force. This is my award.

Before taking up the issues for discussion and decision on merits, I must first dispose of a preliminary objection raised by the two concerned associate companies, viz., (1) Messrs. Cuthbertson and Harper India Private Ltd., of 10 Government Place East, Calcutta and (2) Messrs. Beauty Shoe Supply Co., 173/1 Dharmatalla Street, Calcutta, challenging the legality and maintenability of the order of reference and the jurisdiction of this Tribunal to adjudicate upon the reference on the ground that the concerned dispute is not an industrial dispute, because the sponsoring Union, Calcutta Leather Workers' Union, has no *locus standi* to raise any industrial dispute on behalf of the concerned workmen. It is contended that this omnibus Union cannot represent the concerned workmen for the purpose of raising an industrial dispute as understood in law, because there is a separate Union of the employees and workers of these companies named Employees and Workers Union of Cuthbertson and Harper India Private Ltd., which is the registered Union and is recognised by the Company and the overwhelming majority of the workmen of these companies are represented by this Union and the companies have been dealing with this Union as representative of their employees for a pretty long time. It should be stated here that though two companies have been named in the order of reference as the employers it is an admitted and undisputed position that the second company, viz., Messrs. Beauty Shoe Supply Co., of Dharmatalla Street is an associate concern of Messrs. Cuthbertson and Harper India Private Ltd., which is the proprietor of this Company. This fact is specifically pleaded in the written statement filed on behalf of Messrs. Beauty Shoe Supply Co., and it has not at all been challenged or disputed at the hearing by the concerned Union. The whole contention of the Company under the preliminary issue is that the dispute referred to this Tribunal at the instance of the sponsoring Union, Calcutta Leather Workers' Union, is and cannot be an adjudicable industrial dispute under the Industrial Disputes Act, because it is not a collective dispute raised on behalf of the concerned workmen by a Union legally competent to represent them and raise an industrial dispute on their behalf.

This basic preliminary objection must be decided first of all, because if the objection is accepted, the whole adjudication proceedings would become void for want of jurisdiction. I now proceed to discuss and decide this preliminary objection on merits. It is proved that there is a separate Union exclusively of the workmen of these two companies under the name and style of Employees and Workers Union of Cuthbertson and Harper Ltd., and this Union is a registered Union and it was registered in 1957. OPW 1 Shri Mahendralal Saha, Accounts Clerk of Messrs. Cuthbertson and Harper Ltd., has testified that there is a Union of the employees of this Company and all its branches and he is the President of the Union. He produced the registration certificate of the Union when he gave evidence before this Tribunal and it was noted in the record of his deposition. He also produced the latest annual return submitted by this Union to the Registrar of Trade Unions. Ext. E is that return for the year ending 31st March, 1965. He also produced membership register of the Union containing list of members from April 1963, to March 1965. Ext. F is that register.

According to the register, there were 83 members of the Union in April 1963, 78 members in May 1963, 77 members in June 1963, 76 members in July 1963 and 76 members in August 1963. The present reference was made in June 1963. I see no reason to disbelieve the genuineness of the membership register produced by the Union President. OPW 1 Shri Mahendra Lal Saha has testified that the register contains signature of the Inspector of Trade Unions who checked it. I find one such signed endorsement, dated 12th March 1964. No suggestion was made to him in cross-examination that the membership register was a false and fabricated document. According to the unchallenged evidence of OPW 2 Shri N. Haldar, the Head Clerk and Secretary of both the Companies, the total number of workers in these two establishment is 104, including office staff. This unchallenged statement must stand. So, the position comes to this that out of about 104 employees of these two Companies, including office staff and factory workmen, nearabout 80 were and are members of this separate Union of the workers of these two companies. Certainly, these members constituted an overwhelming majority of the total number of employees of these two companies, including office staff and workmen. As against the clear and specific challenge to the competence of the sponsoring Union, Calcutta Leather Workers' Union, to represent the workmen of these two Companies and raise an industrial dispute on their behalf, on satisfactory evidence has been produced to prove that an appreciable or substantial number of workmen of these two companies are really members of this Union and they have asked and authorised the Union to raise the present dispute. It is an omnibus Union of the Leather Workers of Calcutta and not an exclusive Union of the workers of these two companies. It is well-settled that even a general and omnibus Union of the workers of a particular industry may raise an industrial dispute on behalf of the workers of a particular establishment carrying on that industry, but in that case, it must be proved that an appreciable or substantial number of workmen of that establishment are members of such a Union so that it may be said that the dispute has the collective backing of an appreciable or substantial number of workmen of that establishment. Unfortunately, however, the present sponsoring omnibus Union has failed to establish this particular fact upon which its very legal competence to raise the present industrial dispute depends. The Secretary of this Union, Shri Dwip Narayan Das (P. W. 1), has given evidence. He has not, however, produced any document to show how many workers of the two concerned establishments were members of this Union at the relevant time or are now its members. He has admitted that there is a register of members of this Union. No explanation for non-production of the register has been given. It should be noted that the Companies took the preliminary objection in the written statement filed before this Tribunal and so, it was fully known to the Secretary of the Union that he must meet the Companies' challenge to its competence to represent the concerned workmen and raise an industrial dispute on their behalf. It is also to be noted that not a workmen who is now working in these two establishments has come forward to give evidence and prove that really a substantial number of workmen are members of this Union and authorised the Union to raise the present dispute. Two workmen named in the list attached to the order of reference have, no doubt, been examined and one is PW 2 Md. Mustakin and the other is PW 3 Jhari Das. Mustakin's service was, according to his own evidence, terminated in 1964 and Jhari Das has stated in his examination-in-chief that he was dismissed from service in 1961 and then he has again stated in cross-examination that he left work of this Company five years ago. Moreover, one of these two workmen has clearly stated that quite a substantial number of workmen of these two establishments are members of this omnibus Union. Out of 23 workmen of 10 Government Place East (Cuthbertson and Harper India Private Ltd.) named in the list attached to the order of reference No. 1 Mahadeo Ram, is admittedly dead and Nos. 3 to 12 and one Hiralal not named in the list, sent an application to this Tribunal by registered post stating that they are not members of the concerned omnibus Union and they had or have no industrial dispute with the concerned companies. They are all employees of Messrs. Cuthbertson and Harper India Private Ltd. This application was duly proved by OPW 2 Shri N. Haldar and his testimony in proof of this application was not challenged in cross-examination at all. Ext. A is that application. So, this application must be accepted as correct and *bona fide*, and on the basis of this application, it must be held that out of the 23 concerned workmen of Messrs. Cuthbertson and Harper India Private Ltd., 11 have clearly disowned any connection with the concerned omnibus Union and denied existence of any industrial dispute between them and the concerned companies. It is further to be noted that of the 11 workmen of 173/1 Dharmtalla Street (Beauty Shoe Supply Co., Ltd.,), no except Mustakin has come forward to give evidence in the case and he is a dismissed employee. There is, therefore, no oral testimony of any present workmen of these establishments to support the Union's claim that quite a substantial number of workmen of the two establishments are members of this Union. The claim of the concerned omnibus Union in this behalf also becomes to a great extent untenable, in view of the fact that it has been definitely proved by the membership register of the exclusive Union of the workmen of these two establishments (Ext. F) that at or about the time the reference was made in 1963, nearabout 50 workmen of these two establishments out of the total number of employees including clerical staff standing at 104 were members of this exclusive Union and necessarily, they had nothing to do with the omnibus Union. The concerned omnibus Union has produced Ext. 1, a charter of demands, said to have been submitted by them to Messrs. Cuthbertson and Harper Ltd., on behalf of the workmen. Receipt of this charter of demands as not been admitted by the Company. There is no document to prove that this charter of demands was servedupon the Company either by registered post or through messenger under a receipt. Ext. 2 is the letter from the Labour Officer to the Secretary of the concerned omnibus Union on the subject of strike with effect from 18th September 1961 in Messrs. Cuthbertson and Harper Ltd. By this letter, the Labour Officer asked the Secretary to call off the strike and informed him that the dispute was being taken up for conciliation. These two documents, Exts. 1 and 2, cannot certainly by themselves prove that really an appreciable or substantial number of workmen of Messrs. Cuthbertson and Harper Ltd. were members of this Union, and so they cannot be considered sufficient to prove the legal competence of the concerned omnibus Union to raise the present

industrial dispute on behalf of the concerned Union. Ext. 3 is an admitted letter of 16th October 1961, from Messrs. Cuthbertson and Harper Ltd., to the General Secretary of the concerned omnibus Union in reply to a letter of the Union, dated 15th October 1961. I have gone through the letter. I do not find anything in it to prove that the Company acknowledged or admitted the concerned omnibus Union to be competent to represent the workmen of the Company. On the contrary, it is clearly stated in the letter that the Union is not recognised by the Company and the Company does not intend to discuss the alleged grievances of some workmen with the Union directly on bipartite level. This letter of the Company cannot be considered and accepted as a sufficient proof of the fact that the Company itself recognised this Union to be a competent representative of the workers of Messrs. Cuthbertson and Harper Ltd.

On a consideration of the evidence and facts and circumstances discussed above, I hold that it has not been proved that the concerned omnibus Union commands or commanded membership of an appreciable or substantial number of workmen of the two concerned establishments now or at the relevant time when the reference was made, and so it is legally incompetent to raise any industrial dispute on behalf of the concerned workmen. I further hold that apart from this omnibus Union, the dispute under reference has not been proved to have the backing of a substantial or appreciable number of workmen of these two establishments by themselves. Necessarily, I also hold that the dispute referred for ajudication is not an industrial dispute capable of adjudication under the Industrial Disputes Act and the order of reference is illegal and without jurisdiction and this Tribunal has consequently no jurisdiction to adjudicate upon the reference. Upon the above findings, I accept the basic preliminary objection raised on behalf of the companies. The legal result is that this reference must be struck down as illegal and without jurisdiction and necessarily, this Tribunal will have no jurisdiction to adjudicate upon the reference.

In view of the above decision of the basic preliminary objection, the Tribunal cannot go into and decide the specific issues referred for adjudication on merits and, the case must be disposed of on the result of the preliminary objection.

Accordingly, I strike down the reference as illegal and without jurisdiction and do not proceed to adjudicate the specific issues upon merits on the basis that the Tribunal has no jurisdiction to adjudicate upon the reference. This is my award.

By order of the Governor,

S. C. MUKHERJEE, Asstt. Secy.

No. 5000-I.R./IR/11L-314/64.—16th November 1965.—Whereas under the Government of West Bengal, Labour Department, order No. 4466-I.R./IR/11L-314/64, dated the 24th September 1964, the industrial dispute between Messrs. Hindusthan Safety Glass Works Private Ltd., 12 M. M. Feeder Road, Ariadah, 24-Parganas, and their workmen represented by the Hindusthan Safety Glass Workers' Union, 64 Feeder Road, Belgharia, 24-Parganas, regarding the issue mentioned in the said order being a matter specified in the second schedule to the Industrial Disputes Act, 1947 (XIV of 1947), was referred for adjudication to the Third Industrial Tribunal;

And whereas the said Third Industrial Tribunal has submitted to the State Government its award on the said industrial dispute;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown the annexure hereto.

ANNEXURE

In the matter of an industrial dispute between Messrs. Hindusthan Safety Glass Works Private Ltd., 12 M. M. Feeder Road, Ariadah, 24-Parganas, and their workmen represented by the Hindusthan Safety Glass Workers' Union, 64 Feeder Road, Belgharia, 24-Parganas, referred under G. O. No. 4466-I.R./IR/11L-314/64, dated the 24th September 1964. (Case No. VIII-289-64).

BEFORE THE THIRD INDUSTRIAL TRIBUNAL, WEST BENGAL

Present :

Shri J. N. MANDAL, Judge.

By order No. 4466-I.R./IR/11L-314/64, dated the 24th September 1964, the Government of West Bengal, in the Labour Department, referred under section 10 of the Industrial Disputes Act, 1947, the industrial dispute between Messrs. Hindusthan Safety Glass Works Private Ltd., 12 M. M. Feeder Road, Ariadah, 24-Parganas, and their workmen represented by the Hindusthan Safety Glass Workers' Union, 64 Feeder Road, Belgharia, 24-Parganas, regarding the matters specified in the schedule, to the Third Industrial Tribunal, constituted under section 7A of the Industrial Disputes Act, 1947, by notification No. 608-I.R./IR/3A-2/57, dated the 11th March 1957, for adjudication.

Issue

Whether the dismissal of Sarvashri Babulal Rai, Indrasan Chowdhury, Nandku Singh and Bhagwan Das is justified ? To what relief, if any, are they entitled ?

This is a reference under section 10 of the Industrial Disputes Act made by the Labour Department of the Government of West Bengal for adjudication of an industrial dispute existing between Messrs. Hindusthan Safety Glass Works Private Ltd., 12 M. M. Feeder Road, Ariadah, 24-Parganas (hereinafter be referred to as the Company) and their workmen represented by the Hindusthan Safety Glass Workers' Union, 64 Feeder Road, Belgharia, 24-Parganas (hereinafter be referred to as the Union).

Both parties having received summons from this Tribunal appeared and filed written statements. They also filed their documents but the parties being anxious for an amicable settlement of the dispute, proper atmosphere was created and opportunity given to enable them to settle their dispute. I am glad to note that ultimately the dispute was settled amicably.

The reference related to dismissal of 4 workmeu Sarvashri Babulal Rai, Indrason Chowdhury, Nandku Singh and Bhagwan Das. One of them Shri Indrason Chowdhury accepted Rs. 800 as compensaton from the Company and did not like to proceed any further in respect of his claim for reinstatement. That amount he received before this Tribunal on 10th December 1964 and immediately filed a petition of satisfaction of his claim. A stamped receipt has also been filed. Another workman Shri Babulal Rai similarly received Rs. 1,700 from the Company on 11th January 1965 and filed a petition on the date together with a stamped receipt. The third workman Shri Nandku Singh received payment of Rs. 1,000 from the Company on 11th August 1964 and immediately filed a petition to that effect along with a stamped receipt. The last workman Shri Bhagwan Das also received payment of Rs.750 form the Company on 1st November 1965 in full satisfaction of his claim and accordingly filed a petition before this Tribunal on that very date together with a stamped receipt. Payment was witnessed by Union's Advocate Shri Nanda Dulal Srimani. So I make an award on compromise in full satisfaction of the claims of the four concerned workmen. The four petitions filed by them on 10th December 1964, 11th January 1965, 11th August 1965 and 1st November 1965 do form part of the compromise award.

LABOUR DEPARTMENT

ORDERS

No. 4941-I.R./IR/11L-162/65.—11th November 1965.—Whereas under the Government of West Bengal, Labour Department, order No. 3155-I.R./IR/11L-162/65, dated the 14th July 1965, the industrial dispute between Messrs. Subodh Chandra Nandy and Pradip Chandra Nandy, 16 Cross Street, Calcutta-7, and their workmen represented by Shop Assistants' Association of Bengal, B-73 College Street Market, Calcutta-12, regarding the issue mentioned in the said order being a matter specified in the second schedule to the Industrial Disputes Act, 1947 (XIV of 1947), was referred for adjudication to the Sixth Industrial Tribunal;

And whereas the said Sixth Industrial Tribunal has submitted to the State Government its award on the said industrial dispute;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

ANNEXURE

In the matter of an industrial dispute between Messrs. Subodh Chandra Nandy and Pradip Chandra Nandy, 16 Cross Street, Calcutta, and their workmen represented by Shop Assistants' Association of Bengal, B-73 College Street Market, Calcutta-12. (Case No. VIII-185/65.)

BEFORE THE SIXTH INDUSTRIAL TRIBUNAL, WEST BENGAL

Present:

Shri P. BASU, BAR-AT-LAW, Judge.

For the Union: Shri Sadhan Prosad Dutta, General Secretary.

AWARD

The Government of West Bengal, by order No. 3155-I.R./IR/11L-162/65, dated 14th July 1965, had referred the following industrial dispute between Messrs. Subodh Chandra Nandy and Pradip Chandra Nandy, and their workmen represented by Shops Assistants' Association to this tribunal, for adjudication.

Issue

Whether termination of employment of Shri Kali Krishna Chine is justified? What relief, if any, is he entitled to?

The employer had not appeared inspite of service of notice, and had not filed the written statement as directed. It would appear that the employer refused to accept the notice on or about 4th August 1965. Subsequently, a written communication was sent from this court directing the employer to file the written statement by 27th September 1965 and intimating that if no written statement is filed, it would be presumed that the case will not be contested by the employer. This

notice from the court was also refused by the employer on or about 18th September 1965. As the employer did not appear and did not file any written statement, the union was directed to submit the written statement which was actually submitted on 22nd October 1965. Thereafter, the case had been taken up for hearing today. It would appear from the evidence of the concerned workman Shri Kali Krishna Chine that he had worked under the employer for about 3 years and was drawing at the time of the verbal dismissal wages at the rate of Rs. 100 per month. It further appears from his evidence that as Shri Chine had participated in the movement for weekly cosing of shops as per the law, he was verbally dismissed on the 2nd Ashar 1371 B.S., without any charge-sheet and without any enquiry. The dismissal, therefore, clearly violates the principles of natural justice, and also appears to be a case of victimisation of the workman. The concerned workman, therefore, is entitled to be reinstated in service and to be paid the full wages for the period of forced unemployment. I do not, however, agree that this tribunal can order the payment of the arrear wages for the month of Jaista 1371 B.S., and up to 2nd of Ashar 1371 B.S. For the arrear wages, the concerned workman has to seek his relief elsewhere.

As the termination of service of Shri Chine is illegal and unjustified, the company is directed to reinstate Shri Kali Krishna Chine in service with full back wages for the period of forced unemployment with continuity of service, within one month of the date of this award in the "Calcutta Gazette".

This is my award.

ANNEXURE

In the matter of an industrial dispute between Messrs. Imperial Chemical Industries (I) Private Limited, 34 Chowringhee, Calcutta-16, and their workmen represented by I. C. I. and Associated Companies Employees' Union, 34 Chowringhee, Calcutta-16. (Case No. VIII-89 of 1965).

BEFORE THE SECOND INDUSTRIAL TRIBUNAL, WEST BENGAL.

Present :

Shri AMBICA PADA BHATTACHARYA, Judge,
Second Industrial Tribunal.

By order No. 1480-I.R./IR/11L-231(A)/63, dated Calcutta, the 23rd April 1965, Government of West Bengal, Labour Department, referred an industrial dispute between Messrs. Imperial Chemical Industries (I) Private Limited and their workmen represented by I. C. I. and Associated Companies Employees' Union for adjudication regarding the issue mentioned in the order of reference.

Issue

What should be the salary of the following employees on promotion? To what relief, if any, are they entitled?

Name of Workmen

(1) Shri Kailash Singh; (2) Shri G. S. Roy Choudhury; (3) Shri M. N. Mohinta; (4) Shri S. K. Dutta; (5) Shri R. K. Mitter (Publicity Department); and (6) Shri R. K. Mitra [I.C.I(I) H.O.A/Cs].

This is a reference under section 10 of the Industrial Disputes Act. The employer named in the order of reference is Messrs. Imperial Chemical Industries (I) Private Limited and their workmen represented by I.C.I. and Associated Companies Employees' Union. The union has filed written statement in which is embodied the case of six workmen mentioned in the order of reference. Though six workmen were promoted from their respective grades to the next higher grade the dispute that arises is in regard to what should be their salary on promotion. The case of six workmen were treated separately.

The first in order is Kailash Singh, a sub-staff who was promoted from Grade II to Grade I on 31st March 1961. He should have received on such promotion an increment of Rs. 5 in his basic salary but this was denied to him. On promotion his salary remained Rs. 55 though he was entitled to Rs. 60.

The next in serial is Shri G. S. Roy Choudhury of the clerical staff. He was working in Grade C. He was promoted to Grade B on 1st January 1961. His basic salary was fixed at Rs. 166 on promotion. It ought to have been Rs. 178.

Serial No. 3 is Shri M. N. Mohinta, a stenographer. He was promoted to Grade B on 12th of June 1952. He raised a dispute over fixation of his salary on promotion to Grade B. After protracted correspondence over the matter his claim was turned down eventually in 1960. Mohinta claims Rs. 167 as salary on 12th June 1962 being the minimum confirmed salary of Grade B and Rs. 190 on and from 1st of January 1963.

The next is serial No. 4 Shri S. K. Dutta. He was promoted to Grade A along with Shri K. K. Ghosh. Dutta was placed on a slab lower than Ghosh. Shri Dutta was working in the Accounts Department of I. C. I. before promotion Both of them were made members of the factory establishment of Indian Explosive Limited after promotion. They were both in the same scale of pay before promotion. On promotion to Grade A Shri Ghosh had been drawing higher salary than that of Shri Dutta.

Serial No. 6 is Shri R. K. Mitter of Publicity. He is in Grade A. In 1962 while in Grade A he was given increment of Rs. 10 which is even lower than the stipulated annual increment of Grades B and C. In Grade A the increment is discretionary of the management but this discretion was not properly exercised. That is the grievance of Shri Mitter.

Serial No. 6 is R. K. Mitra (of Head Office—Accounts). On being promoted to Grade B on 22nd of October 1956 (wrongly described in the written statement as 23rd November 1956) his salary was fixed at Rs. 238. Other employees who were junior in service to Shri Mitra and promoted subsequent to him to Grade B got their salary fixed at Rs. 250. This is an anomalous position and Shri Mitra is aggrieved thereby. All these disputes were referred for adjudication, conciliation having failed.

The company filed written statement objecting to the claims of the six workmen.

With regard to Serial No. 1 Kailash Singh the company states that on promotion he was fitted in to the nearest stage of the higher grade. His basic salary was Rs. 55 in Grade II and on promotion his salary was fixed at Rs. 55 which is also the salary in Grade I. It is true that another sub-staff Shri Bhubaneswar was given an advance increment of Rs. 5 but that was a special case.

Shri G. S. Roy Chowdhury on promotion got an increment of Rs. 20 in his basic salary. On promotion on 1st January 1961 his salary became Rs. 166. There is no reason why he should get an initial of Rs. 178.

Shri M. N. Mohinta's salary was fixed according to the established principle of the company, any further claim in this regard is unjustified and should be rejected.

Shri S. K. Dutta voluntarily accepted a post with Indian Explosives Limited at Gomia and he was promoted to Grade A in that concern. His case stands outside the scope of this present reference. Indian Explosives Limited is not a party to the present reference and the present union is not competent to represent his case.

Shri R. K. Mitter (Publicity).—The increment of A Grade employees rests at the discretion with the company. He is not entitled to any particular increment as of right.

R. K. Mitra (Accounts).—Mitra is not getting lower salary than Shri Ballav and Shri Mukherjee quoted by him in the written statement.

Appearances of the parties are as follows :

For the Company : Shri D. Basu Thakur, Officer of Bengal Chamber of Commerce and Industry.

For the Union : Shri Patit Paban Pathak.

Before entering into the merits of each individual case I should examine certain documents on which the company seeks to rely in formulating of the principles of fixation of wages on promotion. There had been a reference to the Fourth Industrial Tribunal which ended in an award on settlement. The settlement award is dated 24th April 1963, it is Ext. E. The issue before the Tribunal was wages and grades and scales besides other issues, such as increment of sub-staff, which is also relevant for our present purpose. At page 2 of the terms of settlement Ext. (E) of the award the following principle with regard to fixation of wages on promotion as are provided for.

> "Where confirmed members of the staff are promoted to a higher grade and their salary before promotion is lower than the minimum for the higher grade to which they are promoted, or is the same as the minimum of the higher grade, they shall start on the minimum of higher grade but shall not be entitled to the increase intended to be given on confirmation. The difference between the minimum of the new grade and the

confirmation salary of the new grade shall be made up in two stages, in which case C grade will be 110-6-122-8-170-10-200 and B grade will be 150-8-166-12-300.

A man who is promoted to a new grade and whose salary before promotion is between any two stages in his new grade, will on promotion be pulled up to the next stage in his new grade".

Grades A and A1 are left to the absolutely discretion of the company."

The award should continue in force and be nding on the parties until 31st December 1955. us is also clearly stipulated in the last paragraph the award. Nevertheless this is an award d even though the award has ceased to be in opera- n and in force and has ceased to be binding on the rties under the provisions of section 19(6) of the dustrial Disputes Act it will continue to have its ect as a contract between the parties that has been de by industrial adjudication in place of the old ntract. This proposition can be found in the preme Court decision reported in 1964, 1, L.L.J. ge 19. The relevant discussion will appear at page of the reported case. Thus the principle which been incorporated in the award shall continue force as contract between the parties unless the l terms are cancelled or varied by subsequent agree- nts or awards. There had been a subsequent agree- ment Ext. B in 1959 described as 1959 Calcutta Agree- ment. Under that settlement some additional in- rements had been given and some adjustments provided. t is not the case of the union that the company had olated any of the terms of settlement of 1959. The ovisions which have been quoted above from the ward are not modified in any manner. At page 3 the settlement of 1959 it is clearly proved that the rms and conditions of service which have not been odified as a result of this agreement will not be changed dversely. The cases of six workmen are to be consider- d in the light of the above provisions in the award nd also from the view point of natural and social stice. The union can attract jurisdiction of the ribunal if it succeeds in proving that in dealing with e individual cases of these workmen there had been ant of good faith in the company or that the company as prompted by mala fide motive in fixing the salary n promotion. Now I will turn to the individual ses.

Shri Kailash Singh.—I will take up the cases of the orkmen seriatim. From the order of reference No.1 Kailash Singh. Ext.A filed by the company shows e position of his salary on promotion. He was romoted from Grade II to Grade I, on 1st January 961. On the day of promotion he was drawing Rs 55. the Grade II. He was promoted to Grade I which hows a stage of Rs. 55. He was fitted to that stage. e expects another increment of Rs. 5 on promotion. his cannot be accepted as a principal. Even if he is xed at next higher stage of Grade I his salary would e Rs. 57-8 and not Rs. 60 as claimed If the com- any grants him a promotion to Grade I on 1st January 961 his salary becomes Rs. 55 which is a stage in the rade I to which he was promoted. I cannot call mala fide in not giving him a further increment on st January 1961. His case does not offered any of the principles of fixation judged from the point of view of the award or from the view point of social and natural justice. He is not entitled to any relief. He has cited one or two cases where the company gave double increment. It is open to the company to be bountiful to someone provided he is just to others. Everyone cannot claim equal bounty. He can claim what is just and proper. The claim of Kailash Singh does not stand and the fixation of his salary on promotion cannot be called in question.

Shri G. S. Roy Chowdhury.—The company has filed a chart showing his salary sheet for the relevant period. It is Ext. A(1). Roy Chowdhury was promoted from 'C' Grade to 'B' Grade on 1st January 1961. He was drawing Rs. 146 and on promotion to B Grade on 1st January 1961 he was given an increment of Rs. 20 and his pay was fixed at Rs. 186 which is the confirmed stage in B Grade. He cannot have any grievance whatsoever to the said fixation. I fail to understand how and why his salary should be fixed at Rs. 178. In addition to Rs. 20 he cannot claim a minimum increment of Rs. 12 in the B Grade. His claim of fixation at Rs. 178 cannot be entertained.

Shri M. N. Mohinta.—From the written statement of the union it appears that he was promoted to 'B' Grade on 12th June 1952. He started correspondence with the management and the relevant letters are Exts. 11 to 34. He was a stenographer and promoted to Grade 'B' Assistant. I will now consider the evidence on record and that evidence consists of the correspondence. Ext. 13 will show that Mohinta was a stenographer and he was promoted to B Grade Assistant in January 1953. He was on probation for six months from June to December 1952. The question of fixation of his pay in B Grade must be considered with reference to the date 1st of January 1953. His pay on 1st January 1953 was raised to Rs. 158. His claim is that his pay ought to have been fixed at Rs. 166, the confirmatory pay of B Grade at that time. The fixation at Rs. 158 can be judged with reference to the principles laid down in the award Ext. B which takes effect from 1st of January 1953. According to the principles to which I have referred hereinbefore the salary of Shri Mohinta was below Rs. 156, the minimum of B grade and the company could have fixed his salary on promotion to B grade at Rs. 150 if they liked. It is a case which falls within the principles laid down at page 2 of the award Ext. 2. The company instead of fixing his new pay at Rs. 150 raised it to Rs. 158. There is no violation of that principle in this case and under the same principle Mohinta is not entitled to the confirmatory minimum of B grade, i.e., Rs. 166. The claim of Mohinta in this respect is ill founded and is negatived.

Shri Pathak on behalf on the union argues that Mohinta was promoted to A Grade and at such promotion his salary ought to have been fixed at Rs. 225 on 1st November 1956. I may at once turn down this argument on the ground that the written statement of the union is silent about it. Paragraph 3 is the written statement in respect of Mohinta. It is nowhere stated therein that Mohinta has any grievance over the fixation of his pay on promotion to A Grade. That is not the case of the union in the written statement and as such I need not consider it and allow the

union to make out a new case. The question of fixation of pay of Mohinta in Grade A is not a subject matter for decision, in view of the written statement of the parties. Attempts were made to rely upon the correspondence on this point but I should not consider them in the absence of a specific case by the union in the written statement. Mohinta is not, therefore, entitled to any relief on this score in this reference.

Shri S. K. Dutta.—Shri Dutta was promoted to Grade A. Another employee Shri K. K. Ghosh who was junior to Shri Dutta was also promoted to Grade A. Shri Ghosh got his pay fixed in the Grade A at Rs. 300 while Shri Dutt's pay was fixed at Rs. 268. On promotion Shri Dutta joined Indian Explosive Limited at Gomia. That is also the case with Shri K. K. Ghosh. The comparative table of the pay sheets of the two employees is Ext. F. Shri Dutta was getting Rs. 233 in Grade B on 1st January 1961. On 27th February 1961 he was promoted to Grade A. The starting salary of Grade A is Rs. 200 and the confirmatory salary is Rs. 225. Shri Dutta was already getting Rs. 238, i.e, higher than even the confirmatory salary of Grade A. On 27th February 1961 on promotion to Grade A he got an increment of Rs. 20 and his pay was fixed at Rs. 268. Increment in Grade A is discretionary of the management. That being so, Shri Dutta cannot make any grievance of his fixation in Grade A at Rs. 268 which is above the confirmatory pay in A Grade. He cannot also make grievance of the fact that Shri K. K. Ghosh was given higher salary on promotion. If the company is generous to K. K. Ghosh, Shri Dutta cannot demand the same generosity. There is nothing irregular in the fixation of pay of Shri S. K. Dutta and there is no proof of want of bona fide in the company in the matter of said fixation. He cannot claim that his salary should be adjusted on par with that of Shri K. K. Ghosh.

The company has raised an objection on the point that Shri Dutta is employed in Indian Explosives Ltd., at Gomia, which is not mentioned in the order of reference. It will appear from the correspondence which passed between Shri Dutta and the company Exts. 35 to 38 that as a matter of fact the service of Shri Dutta was transferred from Imperial Chemical Industries to Indian Explosives Limited. The fact that the service of Shri Dutta is transferable from one company to the other will indicate that the establishment is common.

Shri R. K. Mitter (Publicity Department).—He was promoted to A Grade. His salary sheet is Exts. A3 and A4. He was promoted to A Grade on 1st January 1958. In 1962 he was given an increment of Rs. 10 in Grade A. He is aggrieved by the said increment. His contention is that even in Grade B the annual increment is Rs. 12. In Grade A the increment is at the discretion of the company. The grant of Rs. 10 as increment in 1962 was even lower than the annual increment in Grade B. Shri Mitter accordingly contends that the discretion was not properly exercised by the management. From the increments which had been given to Shri Mitter from 1960 to 1965 it will appear that Shri Mitter got increment which varied from Rs. 10 to 30 . Only in one year the increment was Rs. 10. This will appear from Ext. A4. I cannot condemn the conduct of the management as mala fide because Rs. 10 had been given as an increment for one year only in face of the broad fact that in the other years increment had been given at Rs. 20 or Rs. 30. From the single instance, I cannot say that there was any mala fide in the company in the grant of Rs. 10 as increment. Shri R. K. Mitter (Publicity) is not therefore entitled to any relief.

Shri R. K. Mitra [I.C.I(I) H.O.A/Cs.]—His salary sheet is Ext. A5. He was promoted to Grade B on 22nd October 1956, though in the written statement of the union it is wrongly noted as 23rd November 1956. He was drawing Rs. 226 on 1st January 1956. On promotion to B Grade his salary was left unchanged. On 1st January 1957 he was given an incement of Rs. 12 and his salary was fixed at Rs. 238. At the time of promotion on 22nd October 1956 the salary of Shri Mitra of Rs. 226 remained unchanged because it is a stage in B Grade, i.e., 5th stage after confirmation. There was no necessity of pulling up in this particular case on the date of promotion. Subsequently however on 1st January 1957 he was given regular increment of Rs. 12 in B Grade and his salary became Rs. 23 His grievance is that Shri D. Ballav and Shri R. M Mukherjee who were junior to him in service and were promoted to Grade B subsequently got their salary fixed at Rs. 250. The company filed Ext. D showing the salary of Shri R. K. Mitra as compared with Shri Ballav and Shri Mukherjee. It will appear from that sheet that at no stage the salary of Shri R. K. Mitra was below the salary of Shri Ballav and Shri Mukherjee On 1st January 1958 Shri Mitra was getting Rs. 26 whereas Sri Ballav and Shri Mukherjee were getting Rs. 250. Shri R. K. Mitra, Head Office, Accounts has therefore no case.

My award therefore is that the employees mentioned in the order of reference are not entitled to any relief

Appearances :

Present for the Company : Shri C. L. Ganguli, Advocate.

Present for the Union : Shri Niren Das Gupta, Secretary.

By order No. 4834-I.R./IR/13L-22(A)/63, dated the 30th November 1963, the Government of West Bengal, in the Labour Department, referred under section 10 of the Industrial Disputes Act, 1947, the industrial dispute between Messrs. Lal Chand Ray & Co. Pvt. Ltd. 7/1 Grant Lane, Calcutta-12, and their workmen represented by Lalchand Workers' Union, 16/17 College Street, Room No. 51, Calcutta-12, regarding the matters specified in the schedule, to the Third Industrial Tribunal, constituted under section 7A of the Industrial Disputes Act, 1947, by notification No. 908-I.R./IR/3A-2/57, dated the 11th March 1957, for adjudication.

Issues

(1) Grades and scales of pay.
(2) Dearness allowance.
(3) Leave and holidays.
(4) Working hours.

The present reference was received from the Labour Department of the Government of West Bengal for adjudication of an industrial dispute under section 10 of the Industrial Disputes Act. Several items of disputes were raised by the workmen represented by Lalchand Workers' Union, 16/17 College Street, Room No. 51, Calcutta-12 (hereinafter be referred to as the Union) against their employer Messrs. Lal Chand Ray & Co. Pvt. Ltd., 7/1 Grant Lane, Calcutta-12 (hereinafter be referred to as the Company).

Immediately after receipt of the reference, notices were issued to both the parties who entered appearances and filed their written statements. The case proceeded but subsequently, the parties were inclined to come to a settlement in respect of all the disputes under reference and also in respect of other pending disputes. Proper opportunities were given to them and they came to a settlement in respect of all the existing disputes and incorporated the terms of settlement in a joint petition signed by the representatives of both the parties and filed before this Tribunal on 2nd November 1965. I have persued the terms of settlement. They appear to be quite fair and reasonable. So I accept them and make an award on compromise. The joint petition filed on 2nd November 1965 do form part of the compromise award as an annexure thereto.

Short recital

The dispute on alleged termination of service of Shri Amar Ghosh is pending before the Learned Fourth Industrial Tribunal for adjudication. The case of the Union is that Shri Ghose's service has been terminated without assigning any reason, whereas the case of the employer is that Shri Ghose left his service and resigned verbally. Without prejudice to the pleadings of either party the alleged dispute is settled on the following terms :

(i) That the employer, i.e., Falguni Co-operative Society shall give employement to Shri Amar Ghose in his former post on and from 9th November 1965 and the workman concerned agrees to report for duty on 9th November 1965.

(ii) That the workman concerned Shri Ghose shall not be entitled to any wages or compensation for the period from 7th October 1964 to 8th November 1965.

(iii) It is agreed by the union that the service of Shri Naren Biswas who is working in the post of Shri Amar Ghose shall be terminated with effect from 9th November 1965 and the Union shall not claim or raise any dispute on the termination of the service of Shri Naren Biswas.

Annexure "A"

GREAT EASTERN HOTEL LTD.

Junior Staff

Name of the Parties : (1) Messrs. Great Eastern Hotel Ltd., 1, 2 & 3 Old Court House Street, Calcutta-1, and (2) Workmen in the employ of the Bakery Department of the Great Eastern Hotel Ltd. as represented by The Great Eastern Hotel Employees' and Workers' Union, 249 Bepin Behari Ganguli Street, Calcutta-12.

Representative of Employer : Shri B. K. Roy, Director and Shri C. L. Pyne, Director.

Representative of Workmen : Mhd. Ismail, President and Shri Robin Chakraborty, General Secretary.

Short recital of the case : Being dissatisfied with the existing conditions of service the Great Eastern Hotel Employees, and Workers' Union raised the following demands—

Revision of Pay and Dearness Allowance, Introduction of Graded Scales of Pay, Service Charge, Holidays and Compensatory Allowance.

Joint discussions were held during which the Management also raised their difficulties relating to growing discipline and pressed for drawing up a comprehensive scheme of gratuity.

After protracted negotiation the dispute has been settled on the following terms :—

Terms of Settlement

Scales of Pay, Dearness Allowances and Service Charge

(a) (i) Scales of pay :

Grade I : Rs. 90—3—120 EB 4—140.

Grade II : Rs. 75—3—105 EB 3—120.

Grade III : (a) Rs. 65—2·50—90 EB 3—105.

(b) : Rs. 55—2·50—80 EB 3—95.

Grade IV : Rs. 43—2—63 EB —2·50—83.

Workmen shall not be stopped at the efficiency bar of a grade more than twice, i.e., two increment years.

(ii) Categories of Junior Staff against scales of pay : Categories of workmen listed on schedules mentioned below will be employed in or entitled to grades and scales of pay noted against each.

Workmen in Schedule I—Grade I

Workmen in Schedule II—Grade II

Workmen in Schedule III—Grade IIIA

Workmen in Schedule IV—Grade IIIB

Workmen in Schedule V—Grade IV

(iii) Fitment :

By way of fitment the workmen will be placed in their respective grades at slabs which if not identical with the workmen's existing basic salary should be at the next higher one.

After a workman has been fitted into the appropriate slab of the scale, he will be granted one increment for every five years of service done with the company.

All years of appointment prior to 1930 shall be considered to be 1930 for the above purpose.

If on account of granting increment mentioned above, any workman's basic wages reach the maximum of his grade, he will be promoted to the next higher grade.

(b) Dearness Allowance :

Workmen in the employ of the company on the date of Agreement shall continue to enjoy the Dearness Allowance they are in receipt of.

All workmen who would be employed after the date of this Agreement in any of the categories mentioned in Schedule V shall be paid Dearness Allowance at the rate of Rs. 25 per mensem.

New entrants, i.e., workmen employed after the date of this Agreement belonging to categories mentioned in Schedules I to IV shall be paid Dearness Allowance at the rate of Rs. 30 per mensem.

(c) Service Charge : 1964-65 and onwards:

Service charges collected by the company during the accounting year 1964-65 and onwards will be disbursed among employees of the Hotel and Bakery on the following basis :—

A. Amount of service charge as stated in the audited accounts of the relevant accounting year shall be placed before labour for information.

B. Fifteen per cent. for breakages and shortages and five per cent. for staff welfare expenses shall be deducted from the total amount of service charges shown in the audited accounts.

C. The balance will be distributed as follows :—

(*i*) Merged with basic pay : Increase in basic pay (i.e., 15%/10%/5%) granted under Memorandum of Settlement, dated 26th October 1961, will be considered as part of service charge merged with basic pay. Their basic pay in different grades carries same.

(*ii*) Monthly Service Charge : It is agreed that each permanent employee shall be paid a sum of Rs. 8 per month as monthly service charge. This amount shall not be treated as a part of the employees' basic pay or dearness allowance and as such shall not be taken into consideration for purpose of Provident Fund contribution, Gratuity, Bonus or overtime payment. This amount is not subject to fluctuation.

(*iii*) Ad hoc Service Charge : The ad hoc amount will be determined in the following manner.

From the total amount of service charge collected in the accounting year the following deduction shall be made :—

(1) 20 per cent. as mentioned in B above.

(2) Amount merged with basic pay as explained in (i) above.

(3) Amount paid as monthly service charge as explained in (ii) above.

The balance left, if any, shall be disbursed among all employees equally in two instalments in a year. The employees of Bakery however will be paid service charge as per details mentioned above less the amount they are paid in excess over the Hotel employees on account of customary bonus (in terms of weeks and Dearness Allowance). The amount thus recovered will be distributed among Hotel employees only.

1963-64.—Service charge received on 2nd December 1964 is in full and final settlement of dues for the accounting year 1963-64.

2. Gratuity.

(a) A workman of superannuation shall be entitled to gratuity provided he has put in at least three years of continuous service with the company in one capacity or another.

A workman shall retire on attaining the age of sixty. The management may, however, at their discretion grant extension to any such workmen but extension shall not be given for more than one year at a time.

(*b*) A workman on approved resignation from the service of the company shall be entitled to gratuity provided he has put in at least nine year's continuous service with the company in one capacity or another.

(*c*) If a workman dies while in service gratuity shall be paid, irrespective of the years of service of the deceased workman, to his nominee or nominees or legal heir on the bais of succession certificate in case no nominee has been mentioned by him.

(*d*) If a workman is declared unfit for further service on medical grounds or if a workman is permitted to retire on ground of physical incapacity he shall, irrespective of his years of service, be paid gratuity on termination of his service. The management shall be within their rights to get a workman medically examined and act on the Doctors' recommendation. The worker may be retired on medical grounds if he is found unfit for further service by a Civil Surgeon or a Doctor of a similar rank.

(*e*) No gratuity is payable to a workman if he is dismissed from the service of the company for committing an act of misconduct of the nature of theft, dishonesty, riotous and disorderly conduct amounting to assault upon company's officers and workmen.

Rate and calculation.—Gratuity shall be paid at the rate of 15 days' basic wages and dearness allowance for every completed year of service subject to a maximum of 15 months' basic wages and dearness allowance the wages for the purpose shall be the wages last drawn by the workman.

For the purpose of calculation of gratuity for a workman his effective service shall be taken into consideration i.e., all the periods of unauthorised leave during his tenure of service shall be deducted from the total period of service.

3. Festival Holidays :

The Company agree to grant four National Holidays in a year, i.e., Republic Day, Independence Day, Gandhiji's Birth Day and Netaji's Birthday.

Since the Hotel must continue to function on all the days of the year no employee shall be permitted to stay away on any of these National Holidays.

Workmen working on these National Holidays shall be paid one day's extra wages (basic, D.A. and M.S.C for each day.

Workmen absenting on any of these National Holiday shall not be entitled to any wages for absence on such day.

4. The union has dropped all other items of dispute mentioned in the short recital of the case.

5. It is agreed that the respective rights and prerogatives if the management and the employees will be respected by both parties.

6. It is agreed that negligence of duty, careless rvice, damage to company's property, interfering ith normal work, loitering aimlessly within the com- ound of the establishment, causing disturbances to hers, insubordination, indiscipline, discourteous be- aviour towards residents or customers, being on duty unclean dress/costume shabby appearance, rendering oms or place of resort of residents untidy/dirty ill not be encouraged by the union and the workmen. he union and workmen assure improve of service.

7. It is agreed that for the purpose of redress of ievances constitutional procedure will be followed. nconstitutional methods, e.g., demonstration, coercion, olence, use of abusive languages, posting and dis- ibuting of unauthorised pamphelets or posters, wilful mage to company's property, slowing down of work, egal strike, stay in-strike, wrongful confinement of anagerial staff. will not be adopted or encouraged the union.

ANNEXURE

In the matter of an Industrial dispute between Messrs. India Tar & Bitumen Products, 10/1 Bibir Bagan Lane, Salkia, Howrah, and their workmen represented by India Tar & Bitumen Products Workmen's Union, 172 Beneras Road, Salkia Howrah. (Case No. VIII-50/64).

BEFORE THE SEVENTH INDUSTRIAL TRIBUNAL, WEST BENGAL.

Present:

Shri S. K. RAY,
Judge, Seventh Industrial Tribunal.

AWARD

The above dispute over the issue specified in the order of reference and reproduced below was referred for adjudication to this Tribunal by the Government of West Bengal, Labour Department, order No. 769-I.R./IR/111-39/64, dated the 22nd February 1964.

Issue

Bonus payable in 1963.

The parties duly appeared and filed their respective written statements in due course. After necessary preliminary proceedings the case was first fixed for hearing on 23rd March 1965. Since that date, the company took three adjournments on 23rd March 1965, 27th May 1965 and 1st September 1965, though none appeared for the union on any of those dates. On 1st September 1965 the case was adjourned to 3rd November 1965. On that date, both parties were absent without taking any steps. In order to give the parties one more opportunity to appear before the Tribunal for prosecuting the case, the Tribunal suo moto adjourned the case to 16th November 1965 with the direction that if no step was taken by either party in the meantime, the case would be disposed of according to law on the adjourned date. On 16th November 1965 again, both parties were absent and no step was taken on

behalf of any of them. It is clear from the aforesaid conduct of the parties that they are no longer interested in the adjudication of the dispute and have given up the dispute, which has thereby ceased to exist for the purpose of the present adjudication. In these circumstances, the case is to be disposed of by a "no dispute" award.

In the result, I make a "no dispute" award in the case on the basis that the parties have given up the dispute and the dispute has thereby ceased to exist.

S. K. RAY,
Judge,
Seventh Industrial Tribunal.

No. 5257-I.R./IR/8L-23/63. — 30th November 1965.— Whereas under the Government of West Bengal, Labour Department, order No. 5867-I.R./IR/8L-14(c)/61, dated the 7th October 1961, read with its corrigendum No. 7816-I.R./IR/8L-14(c)/61, dated the 16th December 1961, the industrial dispute between Messrs. Kesoram Cotton Mills Ltd., 42 Garden Reach Road, Calcutta-24 and their workmen represented by Garden Reach Textile Workers' Union, Q-77 Akra Road, Calcutta-24, regarding the issues mentioned in the said order, being matters specified in the third schedule to the Industrial Disputes Act, 1947 (XIV of 1947), was referred to the Second Industrial Tribunal for adjudication;

And whereas during the pendency of proceedings before the said industrial tribunal Shri Mahabir, a workman of the said company, made a complaint in writing to the said industrial tribunal against the said company under section 33A of the Industrial Disputes Act, 1947 (XIV of 1947);

And whereas in exercise of the powers conferred by section 33A of the Industrial Disputes Act, 1947 (XIV of 1947), the said industrial tribunal has adjudicated upon the said complaint and submitted its award to the State Government;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

ANNEXURE

In the matter of an application under section 33A of the Industrial Disputes Act filed by Shri Mahabir, a workman of Messrs. Kesoram Industries & Cotton Mills, 42 Garden Reach Road, Calcutta-24, c/o Shri Arun Sen, 1/1 Garden Reach Road, Calcutta-24, against the aforesaid company in connection with C.O. No. 5867-IR, dated 7th October 1961 (Case No. 56 of 1962 under section 33A.)

BEFORE THE SECOND INDUSTRIAL TRIBUNAL, WEST BENGAL.

Present:

Shri AMBICA PADA BHATTACHARYA, Judge, Second Industrial Tribunal.

This is an application under section 33A of the Industrial Disputes Act. It had been pending since June 1962. It was fixed on 19th November 1965 for orders. On 19th November 1965 an application is filed under the purported thumb impression of Mahabir, the complainant who applied under section 33A. The Factory Manager of Kesoram Industries & Cotton Mills Ltd., authenticated the said thumb impression as having been affixed in his presence. The applicant received all his dues in full and final settlement of his claim and he is now desirous of proceeding with the application. The application under section 33A of the Industrial Disputes Act is accordingly dismissed.

This is my finding.

Present :

Shri AMBICA PADA BHATTACHARYA, Judge, Second Industrial Tribunal.

By order No. 2452-I.R./IR/10L-129/64, dated Calcutta the 26th June 1964, Government of West Bengal, Labour Department, referred an industrial dispute between Messrs. Britannia Engineering Company Ltd., Titaghar and their workmen represented by (1) Britannia Engineering Workers' Union, (2) Britannia Engineering Sramik Union, (3) Britannia Engineering Works Mazdoor Union and (4) Britannia Engineering Company Ltd. Staff Association for adjudication regarding the issue contained in the order of reference.

Issue

Bonus payable in 1963 on the trading results of 1962.

This is a reference under section 10 of the Industrial Disputes Act. The reference was received on 10th July 1964 by the Tribunal. The workmen are represented at the hearing by two unions jointly i.e. serial Nos. 3 and 4 though the order of reference mentions the name of four unions. The workmen as well as the company filed their respective written statements. The reference was heard on several dates commencing from 28th October 1965 to 9th November 1965.

The written statement of the union disclosed the following allegations. The company had been earning huge profits while the wage structure of the employees are far below the living wages. The other conditions of employment are extremely unsatisfactory. During the year 1962 the company earned extensive profits as disclosed in their balance sheet. On the basis of such profits the workmen, both piece rated and time rated are entitled to 165 days' basic earnings as profit bonus for the accounting year 1962. The company had paid one month's basic wage as customary Pujah bonus irrespective of profit or loss. The union raised the dispute of bonus and after conciliation a settlement was reached by which the dispute had been referred to the Tribunal for adjudication.

The company filed their written statement wherein the union's claim was challenged. The company is a unit of engineering industry in West Bengal functioning in a highly competitive market. The wages had been fixed in terms of the Third Major Engineering Tribunal award The company paid one month's basic wages as bonus in the year 1962 as there had been some profits to warrant the said payment. The bonus so paid was not customary. The claim of the union of bonus for 165 days' basic earning is unrealistic and is not related to the profits earned by the company. It is admitted that for maintaining good relation and industrial peace a settlement was reached under which payment had been made equivalent to one month's basic wages to the workmen pending adjustment after the final award of the Tribunal. The mode of recovery of the advance had also been laid down in the said agreement. This payment had been made on 17th of October 1963.

The written statements were filed wherein facts were stated in terms of the bonus formula formulating by the Full Bench and at the time of hearing it was conceded by both parties that the provisions of the Payment of Bonus Act, 1965 (Act No. 21 of 1965), would be applicable to the bonus for the trading year 1962. The company accordingly submitted some calculation sheets. The union did not examine any witness before the Tribunal. The company examined O.P.W.1. Shri R. S. Jain, the Commercial Manager, who proved certain documents before the Tribunal and gave evidence.

Appearances of the parties are as follows :—

For the Company—Shri J. N. Chatterjee, Deputy Labour Adviser of Indian Engineering Association.

For the Union—Shri Jagannath Pandey and Shri Bimal Chandra Mitra.

Decision

The trading year of the company is from 1st January to 31st December, i.e. according to calendar year. The issue before the Tribunal is bonus payable in 1963 on the trading results of 1962. It is uncontroversial that the Payment of Bonus Act, 1965, would apply to this reference under section 33 of the said Act. Calculation for the purpose of bonus will have to be made in terms of the Payment of Bonus Act, 1965. Section 4 of the Act lays down the procedure for computation of gross profits in clause (b) in the manner specified in the second schedule. The company filed some calculation sheets according to that schedule; one is Ext. B and a subsequent one is Ext. B(1). The union did not file any calculation sheet of their own. For the purpose of calculation net profit as per profit and loss account is to be taken. This figure will appear in the balance sheet Ext. A. It is Rs. 15,07,175. Some items are to be added back to the net profit. Item No. 2 of the second schedule prescribes for "adding back provision for :

(a) Bonus to employees;

(b) Depreciation;

(c) Direct taxes, including the provision (if any) for previous accounting years;

(d) Development rebate/Development allowance reserve.

(e) Any other reserves."

In the instant case the balance sheet does not show any provision for bonus to employees. The figure of depreciation appearing in the balance sheet is to be added back and the uncontroversial figure is Rs. 12,19,024. Regarding direct taxation the amount provided in the balance sheet is Rs. 9,10,003. This amount is to be added back. There is no development rebate reserve or any other reserves. The total accordingly comes to Rs. 21,29,024. According to the company no other item is to be added back. It will appear from the balance sheet that the company had paid Rs. 1,81,899 as customary bonus in the accounting year 1962 in that year. This is shown as a revenue expenditure in the profit and loss account. This figure constitutes actual payment of bonus in the trading year and it is incorporated in the balance sheet at page 10 in the lump figure of Rs. 65 lacs and odd shown under heading 'salary, wages and bonus.' It is the clear evidence of Shri R. S. Jain, the Commercial Manager, that the sum of Rs. 1,81,899 had been paid as customary bonus for the year 1962 during that accounting year and this amount had been shown as revenue expenditure in arriving at the net profit in the profit and loss account. On the side of the union it is urged that this amount of bonus actually paid should be added back in view of the provisions of section 17 of the Payment of Bonus Act. Section 17 provides as follows :—

"Where in any accounting year—

(a) an employer has paid any Puja bonus or other customary bonus to an employee; or

(b) an employer has paid a part of the bonus payable under this Act to an employee before the date on which such bonus becomes payable,

then, the employer shall be entitled to deduct the amount of bonus so paid from the amount of bonus payable by him to the employee under this Act in respect of that accounting year and the employee shall be entitled to receive only the balance."

It is therefore clear that the employer is entitled to deduct the amount of customary bonus which have been paid to the employees from the bonus payable by them to the employees under this Act. They had already deducted the said amount from the profits in the balance sheet and if a second deduction is permitted under section 17 of the Bonus Act, there is going to be double deduction unless the amount of bonus so paid is added back to the net profits. Since the statute provides for deduction of customary bonus under section 17 it is only natural that the said amount should be added back to the net profits for the purpose of calculation of the bonus payable under the Act. It is true that the manner of calculation is specified in the second schedule and the calculation of gross profit is to be made according to that schedule under section 4 of the Act. The schedule itself does not show an column for adding back of the actual amount customary bonus paid to employees in respect of t bonus year. I do not think that the schedule nee prescribe for the same, as such adding back is a nece ssary corollary to the provision for statutory deductio made in section 17 of the Act. The employer ca never be entitled to a double deduction for the sam amount of customary bonus. This is opposed to an principle of natural justice or principles of accountancy I accordingly overrule the company's objection i this respect and hold that the amount of customar bonus paid for the trading year namely, Rs. 1,81,89 should be added back in addition to what had bee added back by the company in Ext. B or B1. Th total figure accordingly comes to Rs. 23,10,923. Nov this amount is to be added back to the net profit o Rs. 15,07,175 as appearing in the balance sheet. Th amount of total of items 1, 2, 3 and 4 of the secon schedule comes to Rs. 38,18,098. The second schedul prescribes for certain deductions. In the instant cas there is only one item of deduction, namely, capita receipts and capital profits. This is item No. 6. Th uncontroversial figure is Rs. 17,547. The amoun of gross profits for the purpose of bonus according t second schedule comes to Rs. 38,00,551.

Now I will turn to the deduction of prior charge under section 6 of the Act. The first item is the amount by way of depreciation admissible in accordance with the provisions of sub-section (1) of section 32 of the Income Tax Act. The said amount is Rs. 12,19,024 This figure is uncontroversial. Section 6, sub-section (b) provides for any amount by way of development rebate or development allowance which the employer is entitled to deduct from his income under the Income Tax Act. In the instant case the figure of Rs. 4,93,434 as development rebate is uncontroversial. The next item of deduction is under section 6, sub-section (c) which runs thus :

"Subject to the provisions of section 7, any direct tax which the employer is liable to pay for the accounting year in respect of his income, profits and gains during that year."

The amount of direct tax liability is to be deducted. There had been returns submitted for the income tax by the company for 1962. The assessment returns are Exts. C(1) to C(3) proved by Shri R. S. Jain. Final assessment has not yet been made by the Income Tax Department. The Income Tax Department however made a provisional assessment wherein also development rebate had been calculated at Rs. 4,93,434. On the basis of the provisional assessment order the amount of direct tax was calculated by the Income Tax Department at Rs. 9,60,103.25 P. Income tax was calculated on the net profit earned by the company. This is the amount of income tax which is to be deducted. On the side of the company Shri J. N. Chatterjee, learned representative argues that since I was adding back the sum of Rs. 1,81,899 to the net profit for the purpose of calculation of the bonus payable according to the Act, the direct tax should also be enhanced to Rs. 10,51,053, adding a National Income Tax upon the tax provisionally assessed by the Income Tax Officer. This argument is fallacious. The Act provides that for the purpose of bonus calculation the amount of

ct tax for which the employer is liable in the account-year should be deducted. There is no question any national income tax being deducted ply because for the purpose of working out the cal-tion for bonus, I added back the sum of Rs. 1,81,899. ne company has shown and that very rightly, in the alance sheet the payment of bonus as revenue penditure. There is no question of tax liability on the said amount. Tax will be assessed by the ncome Tax Department upon the net profit earned. am adding back the amount of bonus for the reasons have already stated and it has got nothing to do ith the calculation of income tax. My considered inion is that the amount of provisional taxation ould be accepted as the figure for deduction. Under ction 6, sub-section (c) and under section 6, sub-ction (d) the employer is entitled to certain other duction as laid down in third schedule. One item dividend on equity shares at 8.5 per cent. It rks out to the figure Rs. 4,25,000. Another item dividend on preference shares at the actual rate . at 9.10 per cent. The figure works out at Rs. 3,227. The employer is also entitled to 6 per nt. of its reserves shown in the balance sheet. he said amount is Rs. 2,83,898. The total of deduc-on according to the 3rd schedule comes to Rs. 72,125. The total of deductions in respect of prior arges under section 6 accordingly comes to s. 34,44,686.25 P. The amount of available surplus ll be :

Rs. 38,00,551—Rs. 34,44,686.25P.=Rs. 3,55,864.75P.

. 3.55.864.75 P. Allocable surplus would be 60 per nt. of available surplus, and the figure works out at . 2,13,519.00 P. I rely on chart Ext.B(3).

Now the question is what should be the amount of nus payable to the employees. In considering this estion sections 10,11,12 should be adverted to. Section 10 makes it bounden upon every employer to pay every employee in an accounting year a minimum bonus which shall be 4 per cent. of the salary or wages earned by the employee during the accounting year or Rs. 40 whichever is higher, where there are profits n the accounting year or not. Section 11 prescribes hat where in respect of any accounting year the allo-able surplus exceeds the amount of minimum bonus payable to the employees under section 10, the employer hall, in lieu of such minimum bonus, be bound to pay bonus to every employee in the accounting year which shall be an amount in proportion to the alary or wage earned by the employee during the ccounting year subject to a maximum of twenty per ent. of such salary or wage. For determining the ercentage and for ascertaining whether the allocable urplus exceeds the amount of minimum bonus it will e necessary to ascertain as to the amount of salary or vage earned by the employee during the year 1962. The words "salary or wages" has been defined in section , sub-section (21). It means all remuneration (other han remuneration in respect of overtime work) capable of being expressed in terms of money which would, if he terms of employment, express or implied, were fulfilled..... and includes dearness allowance but does not include the items :

(i) any other allowance which the employee is for the time being entitled to;

(ii) the value of any house accommodation or of supply of light, water, medical attendance or other amenity or of any service or of any concessional supply of foodgrains or other articles;

(iii) any travelling concession;

(iv) any bonus (including incentive, production and attendance bonus);

(v) any contribution paid or payable by the employer to any pension fund or provident fund or for the benefit of the employee under any law for the time being in force;

(vi) Any retrenchment compensation or any gratuity or other retirement benefit payable to the employee or any ex-gratia payment made to him;

(vii) any commission payable to the employee

of sub-section 21. In this connection a point has arisen as to whether the wages earned by piece rated workers would come within the definition of salary or wage. Learned representative for the company suggests that piece rated workers work under incentive scheme and as such their salary should be calculated at per with time rated workers. This argument is without any substance. Wages are earned by workers either at piece rate or time rate. Wages are fixed in one case according to hours of work and in another case according to quantum of work. The wages earned in any of the two ways certainly fall within the definition of salary or wage as given in sub-section 21. The learned representative for the company attempts to invoke the exception of clause (iv) of sub-section 21. It provides for exclusion of any bonus (including incentive, production and attendance bonus). The payment of piece rated workers' wages is not payment of any bonus. It is neither incentive nor production or attendance bonus. It is salary or wage. The wages and salary earned by piece-rated workers during the accounting year shall be calculated according to their actual earnings on piece rated system during the accounting year. There is another point to be clarified in this respect. Section 12 of the Act provides that where the salary or wage of an employee exceeds Rs. 750 per mensem, the bonus payable to such employee under section 10 or section 11 shall be calculated as if his salary or wages were Rs. 750 per mensem. Though an employe edrawing up to Rs 1,600 is entitled to bonus, the amount of his salary or wages for the purpose of bonus shall be calculated as if his salary was Rs. 750 per month. The company has filed a calculation sheet Ext. B(3) at the request of the Tribunal showing total wages paid to workers in 1962 inclusive of piece ratedworkers. Total wages are Rs 26,16,986 . Total salary paid to staff drawing up to Rs. 1,600 per month was Rs. 13,23,414. Deduction in respect of salaries above Rs. 750 but within Rs. 1,600 per month calculated on the basis of Rs. 750 per month is Rs. 45,700. The total

wages in terms of sections 10,11 and 12 of the Bonus Act is calculated at Rs. 38,94,700. This is the amount of total wages paid to employees during the year 1962. Percentage of allocable surplus of the total wages and salaries has been worked out at $\frac{\text{Rs. } 2,13,519 \times 100}{38,94,700} = 5.48$ per cent. I have accepted the calculation sheet Ext.B3 as the correct basis of my calculation. It was filed by the company at the instance of the Tribunal. The company does not accept that the calculation should go by exhibit 3B3 but my finding is that the calculation will go by Ext. B in the manner which I have already discussed. The percentage of allocable surplus is accordingly found to be 5.48 per cent. It is above the minimum of 4 per cent. I accordingly declare that the company will pay 5.48 per cent. as bonus for the year 1962 to every employee, subject however to the following deductions. The company is entitled to adjust the Pujah bonus paid to the employees in terms of section 17 of of the Act. A question arises as to whether the advance paid to employees by the settlement Ext. 1 should be adjusted from the bonus. Section 17 states that if the employer had paid a part of the bonus before the date or which the bonus is payable the employer is entitled to deduct the amount of bonus so paid from the bonus payable under this award. The learned representative for the company submits that the the advance which had been paid under the Agreement Ext. 1 is not a part of bonus but it is an advance made to the workmen of wages which is to be recovered in a particular manner as agreed upon in Ext. 1. Ext. 1 clearly states that this advance is to be adjusted towards bonus. The company is accordingly entitled to adjust the advance of payment towards the bonus payable under this award in the manner suggested in the agreement Ext 1. This is my award which is tobe implemented within 30 days of its publication in the "Calcutta Gazette."

Issue

Whether the retrenchment of Shri Ramdula Bhattacharjee is justified? To what relief, if any is he entitled?

The present reference was received from th Government of West Bengal, for adjudication of a industrial dispute under section 10 of the industria Disputes Act, 1947, existing between Messrs. India Hume Pipe Co. Ltd., P. O. Barakar, distric Burdwan (hereinafter be referred to as the com pany) and their workmen represented by Baraka Hume Pipe Workers' Union, P.O. Barakar, distric Burdwan (hereinafter be referred to as the union)

As usual, after receipt of the reference, notice were sent to the parties calling upon them to appea and present their respective cases before the Tri bunal. They appeared and filed their writte statement.

The case was ready for hearing. On the date o hearing, the parties settled the dispute amicabl and filed a joint petition before this tribunal on 12t November 1965 reporting that the dispute has bee

settled amicably. The terms of settlement were incorporated in a memorandum of settlement which has been made an annexure to the joint petition. Both the documents were signed by the concerned workman Ram Dulal Bhattacharji and the General Secretary of the union on one side and the Manager of the company and the learned Advocate representing the company on the other.

The dispute related to retrenchment of Shri Ram Dulal Bhattacharji. I have perused the terms of settlement. The concerned workman agreed to accept the company's offer of Rs. 875 in full and final settlement of all claims arising out of the present adjudication proceeding, as such, the terms appear to be fair and reasonable. So, I accept the terms of settlement and make an award on compromise. The joint petition, dated 12th November 1965, and the memorandum of settlement which has been annexure to the joint petition are made part of the award as annexures thereto.

This is my award.

Issue

Profit sharing bonus for 1962-63.

The parties to the reference appeared on receiving notices from the Tribunal and they started talking about settlement of the present dispute along with some other disputes previously referred to this Tribunal for adjudication and were pending for adjudication. Some opportunities were given to them and they successfully settled the dispute and incorporated the term of settlement in a joint petition filed before this Tribunal on 2nd November 1965.

The present dispute relates to the workmen's claim for profit sharing bonus for 1962-63. The company agreed to pay every year bonus equivalent to two months' basic wages to the employees. The workmen accepted the offer. Therefore, I find the terms of settlement as quite fair and reasonable and on acceptance of the said terms, I make an award on compromise. The joint petition dated 2nd November 1965 do form part of the compromise award as annexure thereto.

Issue

What should be the quantum of bonus for year 1963?

After the service of usual notice, the work represented by the two unions and also the emp er had filed their written statements. The wr statement submitted by the two unions are the s and therefore, it would be sufficient to mention of them. It is stated that the bonus on profi the year 1963 is payable in 1964, that accordin the company's showing, the company has ea huge profit to the tune of Rs. 4,43,000, that income of the workmen falls short of the li wages, and that the company had paid bonus e valent to 3¼th months' basic wages for the 1962 payable in 1963. It is further stated that unions had demanded bonus to the tune of 5 mo total wages for 1963, but the company had ref their demand, that at the time of conciliation, it agreed that the workmen would be paid months' basic wages as bonus, and that an ag ment was entered into on 17th November The union had prayed that the workmen ma granted 5 months' wages as bonus for the 1963.

The company in the written statement not dispute that advance of 2½ months' wages in terms of the agreement dated 17th No ber 1964 was made, but alleges that further ments towards the bonus will depend on the pany's having an available surplus according t Bonus Formula. It is further stated that if a per account is taken of the trading results as sh in the balance-sheet, and if the prior charge allowed by the Bonus Formula and the provi for rehabilitation are allowed, there would nothing from which the workmen could be any bonus. The company prays that as the p made by the company in the relevant year not justify the payment of any further bonus t workmen, the prayer of the workmen may rejected.

Findings

At the time of the opening of the case, Shri Pathak who had appeared for both the unions had inquired whether the provisions of the Bonus Ordinance (3 of 1965) which came into force on 29th May 1965, or the provision of the Bonus Act (Act 5 of 1965) will apply in the facts and circumstances of the present case. Shri Pathak had pointed out that the demand regarding the payment of bonus was received by the Labour Conciliation Officer on or about 7th September 1964. Shri Basu Thakur appearing for the employer had pointed out that section 33 of the Payment of Bonus Act, 1965, is quite clear on this point and had submitted that the provisions of the Bonus Act, 1965, are applicable. I agree with Shri Basu Thakur that the provisions of the Bonus Act are applicable. It has been provided, inter alia, in section 33 of the Act that where immediately before 29th May 1965, any industrial dispute regarding payment of bonus relating to any accounting year, not being an accounting year earlier than the accounting year ending on any day in the year 1962, was pending before the appropriate Government or before any Tribunal....., then the bonus shall be payable in accordance with the provisions of this Act in relation to the accounting year to which the dispute relates and in subsequent accounting year, notwithstanding that in respect of that subsequent accounting year no such dispute was pending. It is not necessary for the present purpose to refer to the explanation of section 33 of the Act. The present reference was received by this Tribunal on or about 18th January 1965 and is pending here. Therefore, as this reference is pending in this Tribunal before 29th May 1965, the provisions of the Act will be applicable and not the provisions of the Ordinance. In the end Shri Pathak has conceded that the provisions of the Bonus Act are applicable to the facts of the present case, and not the provisions of the Bonus Ordinance.

It is necessary before going into the facts to refer to certain definition mentioned in section 2 of the Act. Regarding accounting year, it has been provided, inter alia, that with regard to a company, the accounting year would be the period in respect of which any profit and loss account of the com- laid before it in an annual general meeting is made up, whether the period is a year or not. Regarding allocable surplus, it has been provided in section 2(4)(b) that it would be 60 per cent. of the available surplus. Regarding available surplus, it has been defined to mean available surplus computed under section 5 of the Act. Regarding the terms "direct taxes", it has been defined to mean any tax chargeable under the Indian Income Tax Act and other taxation law, as specified in section 2(12). Regarding the term 'employee', it has been defined to mean any person (other than an apprentice) employed on a salary or wage not exceeding Rs. 1,600 per mensem in any industry to do any skilled or unskilled, manual, supervisory, managerial, administrative, technical, or electrical work for hire or for reward, whether the terms of the employment be expressed or implied. This definition, therefore, makes it clear that in calculating the bonus to be paid to the employees, the salary paid to an employee whose salary is over Rs. 1,600 per mensem is not to be taken into account. I will have occasion again later on to refer to this definition. I shall now refer to section 4(b) which provides that the gross profits derived by an employer from an establishment in respect of any accounting year, shall be calculated in the manner specified in the second schedule. Section 5 of the Act provides that the available surplus in respect of any accounting year shall be the gross profits of that year after deduction therefrom the sums referred to in section 6. It has been provided in section 6 of the Act that the amounts by way of depreciation admissible in accordance with the provision of section 33(1) of the Indian Income Tax Act, any amount by way of development rebate or development allowance which the employer is entitled to get from its income under the Income Tax Act, any direct tax that the employer is liable to be paid for the accounting year in respect of his income, profits and gains during that year, subject to provision of section 7 and also such further sums as are specified in respect of the employer in the third schedule, are to be deducted from the gross profit as prior charges. Section 7, inter alia, provides that any direct tax payable by the employer for any accounting year shall, subject to certain provisions, be calculated at the rates applicable to the income of the employer for that year. For the present purpose, it is not necessary to refer to the provisions in sections 7(a) to 7(e) of the Act. In section 10, it has been, inter alia, laid down that subject to the provisions of sections 8 and 13, every employer shall be bound to pay to every employee in an accounting year a minimum bonus which shall be 4 per cent. of the salary or wage earned by the employee during the accounting year, or Rs. 40 whichever is higher, whether there are profits in the accounting year or not. In section 11, it has been laid down that where in respect of any accounting year the allocable surplus exceeds the amount of minimum bonus payable to the employees under section 10, the employer, shall, in lieu of such minimum bonus, be bound to pay to every employee in the accounting year, bonus which shall be amount in proportion to the salary or wage earned by the employee during the accounting year, subject to the maximum of 20 per cent. of such salary or wage.

I shall now turn to discuss the facts of the case, and would find out whether the employees are entitled to get any bonus for the year 1963 which is payable in 1964. Shri Basu Thakur appearing for the company had referred to section 23 of the Act which lays down that in a case of reference regarding the dispute as to bonus, if the balance-sheet and the profit and loss account of the employer, being a corporation or a company (other than a banking company), duly audited by the auditors qualified to be auditors of the companies under sub-section (1) of section 226 of the Companies Act, 1956, are produced, then the Tribunal is to presume the statements and particulars contained in such balance-sheet and profit and loss account to be accurate and it shall not be necessary for the company to prove the accuracy of such statements and particulars by filing of an affidavit or by any other mode. It is also provided that if the Tribunal is satisfied that the statements and particulars contained in the balance-sheet or the profit and loss account of the company are not accurate

then it may take such steps as it think necessary to find out the accuracy of such statements and particulars. Section 23, therefore, lays down the laws presumption of accuracy of the statements and particulars contained in the balance-sheet and the profit and loss account. As most of the figures appearing therein had been accepted by the unions, there is no occasion for me to take any step for the purpose of finding out whether the statements and particulars in those two documents are accurate or not. Incidentally I may point out that even before the enactment of the Ordinance and the Act, it was held by their Lordships of the Supreme Court that the amount of gross profit taken from the profit and loss account is generally accepted (A.I.R. 1959, S.C., 967=1959 (I) L.L.J., 644—Associated Cement Company Ltd., vs. Their workmen). The figures therefore appearing in these two documents will have to be accepted generally, subject to certain observations which I shall make later.

The gross profits as mentioned above, has to be calculated in accordance with section 4(b) and Second Schedule of the Act. The first item is the net profit as per the profit and loss account, and Ext. A-1 shows that the amount is Rs. 4,63,143.97 paise (vide Exts. A-1 and B). This amount is also shown in Ext. 2 which was the company's calculation submited earlier by the employer according to the Bonus Ordinance. The sum of Rs. 51,426.19 paise appears in Ext. 1 which has been submitted on behalf of the unions on 8th November 1965 which is the date of hearing. P.W. 1 who had prepared this calculation sheet on behalf of the unions, has stated that he took this figure of 51,426.19 paise from the profit and loss account and therefore he had made the calculation according to the provisions of the Ordinance. At the time of cross-examination P.W.1 Shri Kali Charan Banerjee had stated that the sum of Rs. 51 thousand odd appears in page 2 of the balance-sheet at the left hand bottom. It is written there that that amount represents the balance which is carried to the balance-sheet. It is not clear why P.W. 1 had accepted that figure to be the net profit. O.P.W. 1 Shri T. P. Dutta who is the accountant of the company has said in his evidence that the amount is not the correct net profit as per the profit and loss account as stated in Ext. 1, that this sum has to come out of the net profit of Rs. 4,63,143.97 paise and that this amount also includes the sum of Rs. 9,483.00 paise which was carried from the previous year. It would appear that there has been no cross-examination by Shri Pathak regarding this evidence. In my opinion, P.W. 1 has made a mistake in accepting the amount shown as balance carried to the balance-sheet to be the net profit and that the evidence of O.P.W. 1 that the net profit is Rs. 4,63,143.97 paise as per Exts. A-1 and B should be accepted. My finding, therefore, is that the net profit as per the profit and loss account is Rs. 4,63,143.97 paise.

Thereafter certain provisions for bonus to employees, depreciation, direct taxes including provision, if any, for the previous accounting year, and development rebate have to be added to the net profits. There was a sharp difference between the employer and the unions as to whether any provision at all have been made regarding bonus to the employees. Shri Basu Thakur has actually urged that there is no such provision regarding bonus to the employees. I shall presently discuss whether any amount in the profit and loss account can be regarded to have been set apart for payment of bonus. But I do not see that the employer can escape the liability regarding the payment of bonus by not making a provision for bonus in the profit and loss account. In my opinion, the amount available for payment of bonus can only be ascertained after the other items are ascertained, inasmuch as no distinct provision has been made in the profit and loss account or in the balance-sheet for payment of bonus to the employees in the year 1963 (Exts. A-1 and B). The next item as mentioned in the Schedule II is the provision for depreciation and this amount is 33,391.51 paise as per the profit and loss account (Ext. A-1). The next item is the provision for direct taxes. Ext. A-1 shows that the sum of Rs. 3,07,500.00 has been provided for as the provision for income tax including provision for super profits tax of Rs. 7,500 in respect of the previous year. Shri Pathak also wanted to add the figure of Rs. 13,276.50 paise which has been shown in the right-hand column of the profit and loss account. I do not agree with Shri Pathak that this sum of Rs. 13,276.50 paise should also be added back. It would appear that in 1963, the company had received the sum of Rs. 44,125.00 as the dividend from the subsidiary company, viz., Hooghly Co. (Bombay) Ltd., and that it also received the sum of Rs. 133.00 at the dividend on non-redeemable debentures of the Bengal Chamber of Commerce and Industry. I enquired from Shri Pathak as to why the dividends or the income tax payable thereon by the company should be taken into consideration for the purpose of determining the bonus payable under the Act. Shri Pathak was unable to reply to my querry and told me that he would give the reply on 12th November 1965 but Shri Pathak, however, did not appear on 12th November 1965 and did not reply to my querry. It appears to me that the dividends which the company had received in 1963 from the subsidiary company and also in respect of debentures are not amounts which can be taken into consideration for determining of the bonus payable under the Act, inasmuch as the employees did not contribute anything towards the accrual of that income. It might be that under the Indian Income Tax Act, the amounts would be regarded to be income and assessed as such by the Income Tax authorities, but so far as the Bonus Act is concerned, those amounts must be regarded to be extraneous income which cannot be taken into consideration in deciding the quantum of bonus payable under the Act. I shall, therefore, exclude that amount, viz., Rs. 13,276.50 paise which is shown to be the income tax payable in respect of the dividends. The next item in the development rebate, and the profit and loss account (Ext. A-1) shows that the amount is Rs. 500. The last item which must be added back is the bonus paid to employees in respect of the previous accounting year. There is no dispute that the employees received in 1963 the sum of Rs. 77,438.08 paise as the bonus for the year 1962 (Ext. C). This is also the evidence of P.W. 1 in cross-examination. Of course, O.P.W. 1 has tried to say that this sum had been paid by the company for the year 1963 in 1963 before the close of the financial year. This evidence, in my opinion,

not be accepted, because this sum has not been wn in the profit and loss account (Ext. A-1) also because no account book had been produced show that, in fact, that amount was paid out of bonus payable for 1963. Shri Pathak had also ted to add another sum of Rs. 1,42,980.00 which aid to be the proposed dividend under the head- "other reserves" which appears in Schedule II the Act. This amount appears in Ext. A-1 in left-hand side at page 2. It would appear from edule II (footnote 1) that the amount is to be ed back to the extent it is charged in the profit loss account. Therefore, this sum of Rs. 1,42, ,00 paise which is the dividend declared the company on 31st March 1964 has to be added. There are no other item ich can be added. The total sum is 10,24,953.56 paise. As there is no specific vision regarding bonus for employees, I take it t the amount of bonus payable must come out he total figure, less some allowable deductions per the Bonus Act. I cannot, however, accept evidence of P.W. 1 that this amount must be med to be Rs. 1,03,224.93 paise.

shall now turn to discuss the question of deduc- s from the amount which I have arrived at. items mentioned in item No. 6 of Schedule II ot appear to be relevant for the purpose of this . The first item is the amount of depreciation ch should be allowed and there is no dispute the depreciation should be allowed at Rs. 30, .00 as per section 6(a) of the Act. There is also dispute that the company is entitled to deduct sum of Rs. 500.00 as development rebate. The t item is the amount of tax which is payable. sum to be taxed is Rs. 5,86,872.00. The com- y had calculated at the rate of fifty per cent. the first two lacs, and at the rate of sixty per t. on the balance of Rs. 3,86,872.00. In Ext. t has been shown that the amount of tax pay- for the accounting year 1963 is Rs. 3,32,123.50 e. The company is liable to be taxed at the s provided in the Finance Act, 1964. As the able income exceeds 5 lacs, the rates as men- ed by the company do not appear to be correct le Schedule I, Part I, paragraph (d), Part 2, graph (d), (iii) (A) and (iii) (B). Quite pos- y, the amount of taxable income has been asses- by the Income Tax authorities at the figure of cs or less, though there is no definite evidence his behalf. O.P.W. 1 has also said that regard- income tax, the figure had been allowed at the of 50 per cent. up to 2 lacs and at the rate of er cent. on the remaining amount, and that the ulation has been made according to the Finance and the Income Tax. In view of this evidence O.P.W. 1 the amount of income tax payable ld be accepted at the figure of Rs. 3,32,123.50 e (vide Ext. B). Under Schedule III of the the company is entitled to deduct the dividends able on its preference share capital calculated he actual rate at which such dividends are pay- . The documentary and the oral evidence do show whether the dividends had been paid on preference share capital. Therefore, no amount be deducted. The company is, however, enti- to deduction at the rate of 8½ per cent. on the paid-up equity share capital as on the commence- ment of the accounting year, that is to say, on 1st January 1963. The amount of the capital had been accepted at Rs. 6,87,500.00 and the interest works out at Rs. 54,187.50 paise. The only other item as per Schedule III is the return on reserves and the interest allowed is 6 per cent. There is no dispute that the reserves amount to Rs. 8,30,210.00. There is further no dispute that the company is entitled to deduction of Rs. 49,812.60 paise.

The available surplus, or the gross profits for the year 1963 is therefore Rs. 5,57,473.96 paise (Rs. 10,24,953,56 minus Rs. 4,67,479.60). An annexure is given below mentioning the different items taken for arriving at the figure of available surplus. The allocable surplus, therefore is 60 per cent. of that amount, or Rs. 3,34,484.33 paise. The total of basic wages and/or salary and the D.A. paid in 1963 is Rs. 4,37,823.21 (Ext. B and Ext.C). It may, however, be pointed out that this figure includes salaries up to Rs. 1,600. Section 12 of the Act provides that where the salary or wage exceeds Rs. 750 per month, the bonus payable to such employee under section 10, or as the case may be, under section 11, shall be calculated as if his salary or wage were Rs. 750 per month. Shri Basu Thakur had submitted that if Rs. 750 per month is taken as the basis of calculation, the figure would be Rs. 64,800 in place of Rs. 65,235 and Rs. 42,550 in place of Rs. 68,468 (vide Ext. C). Therefore, the amount as shown would be reduced by about 29 thousand rupees or so. There would be, however, not much difference in calculating the bonus payable. It appears that the percentage of bonus would be much more than 20 per cent. (twenty per cent.) of the salary or wage. I would, therefore, allow 20 per cent. of the salary or wage as the bonus for the year 1963, less an amount, if any, actually paid for the bonus of that year. The percentage above 20 per cent. should be dealt with in the manner provided in section 15 of the Bonus Act. The amount of bonus due to the employees must be paid in terms of section 19 of the Act.

This is my award.

Jaya Shree Textiles and Industries Ltd., Rishra, Hooghly and their workmen represented by Jay Shree Textiles Mazdoor Union, Rishra, for adjudication regarding the only issue mentioned in the order of reference.

Issue

Is the dismissal of Shri Aloke Sethi justified ? To what relief, if any, is he entitled ?

Findings

This is a reference under section 10 of the Industrial Disputes Act. After receipt of the reference and issue of notices to the employer and the workmen written statements were filed by the employer as well as the union on behalf of the workmen. The case was fixed for hearing on 10th November 1965 and on that day a joint petition of compromise was filed wherein the dispute had been settled. It was agreed that the company would pay a sum of Rs. 1,500; out of which Rs. 1,300 would be paid to the workman concerned and the balance would go towards payment of cost in full and final settlement of the claim of reinstatement and compensation. The payment will be made by 18th of November 1965. The joint petition is signed by Shri Patit Paban Pathak and Jadu Gopal Sen on behalf of the union and Shri D. Ghatak for the company. The terms are fair and acceptable. An award is accordingly made in terms of the petition of compromise which is made annexure to the award

Judge, Seventh Industrial Tribunal.

AWARD

This proceeding arises out of an application under section 33A, Industrial Disputes Act, by Shri Sitaram Bajaj, a workman of the company O.P., Messrs. Ganga Tin Factory, complaining of his alleged dismissal without any charge-sheet or enquiry in June 1963, during the pendency of the adjudication proceedings of another dispute between the company and its workmen, referred to this tribunal by G.O. No. 3537-I.R., dated 6th August 1962, and in contravention of the relevant provisions of section 33, Industrial Disputes Act and claiming reinstatement to service with full back wages. The company O.P. appeared in response to the notice of the application served upon it and filed its written statement raising some preliminary objection

gainst the maintainability of the workman's appli-
ation on the ground that the Official Receiver,
igh Court, Calcutta, had taken over charge of the
ompany under orders of the High Court and as
uch, the present application was not maintainable
ithout making the Official Receiver a party.

The case was fixed for 22nd October 1965 for
earing of the preliminary objection. On that date,
he applicant prayed for an adjournment and the
ase was adjourned to 18th November 1965 for
earing. On 18th November 1965, neither party
ppeared and no step was taken by any of them.
he case was then ordered to be put up on 20th
lovember 1965, for final orders pending taking of
ecessary steps by the parties, if any. On 20th
lovember 1965, again both parties were absent
ithout taking any step.

It is clear from the absence of both parties on
vo successive dates of hearing 18th November
965 and 20th November 1965, that they have
ased to take any interest in the present proceeding
nd have given up the dispute arising out of the
orkman's application and the absence of the
orkman particularly indicates that he is no longer
nterested in prosecuting the case for adjudication
f the dispute. In these circumstances, the case is
o be disposed of by a "no-dispute" award on the
round that the parties have ceased to prosecute the
ase for adjudication.

In the result, I make a "no-dispute" award in
he case.

AWARD

The Government of West Bengal, by order No. 1625-I.R./IR/11L-120/64, dated the 4th May 1965, had referred the following industrial dispute between Messrs. Skoda (India) Pvt. Ltd., and their workmen, represented by Skoda (India) Employees' Union, to this tribunal for adjudication.

Issue

Whether the refusal to re-employ the retrenched workman Shri A.R.V. Nathan in Durgapur Site Office of the company is justified? What relief, if any, is he entitled to?

After the service of usual notice, the company had filed the written statement at first as directed and thereafter the union had filed the written statement on behalf of the workman. In the written statement filed by the company, a preliminary objection was raised to the effect that there is really no dispute under the provisions of the Industrial Disputes Act, inasmuch as there is no cause of action to re-employ Shri Nathan in Durgapur Site Office of the company, and that the alleged dispute, if any, is not an industrial dispute within the meaning of the Industrial Disputes Act. It is not necessary to refer to this objection by the company because the counseal Shri Mukherjee had abandoned the preliminary objection when Shri N. Ray for the workman was arguing. It is also stated in the written statement of the company that Shri Nathan was employed by the letter, dated 12th June 1962, that Shri Nathan had accepted the terms and conditions of service, as will appear from the endorsement, dated 15th June 1962 and that Shri Nathan was employed at the Calcutta Office at P-38 Mission Row Extension, Calcutta-13. It is further stated that as the entire stock of tractors was disposed of and as due to import restrictions further tractors were not available for assembly and/or sale, the company found that 10 employees of the Calcutta Office were surplus to its requirements, and therefore, the company by notice, dated 28th November 1963, had retrenched 10 employees including Shri Nathan who was working as a stenographer with effect from 30th November 1963 on the principle of "last come first go". Regarding this retrenchment, there was

a conciliation proceeding and in course of the conciliation proceeding, the company as a gesture of goodwill suggested that it would consider temporary re-employment either of Shri Nathan or of Shri Chatterjee who was another stenographer, as certain machineries for Coal Washery Project were expected to arrive in course of two or three months, and as there might be some scope at the Durgapur Site Office of the company for employment of one of the two stenographers. In fact, however, the machineries were not received during the expected period of two or three months, and up to the middle of January 1965 only 75 per cent. of the machinery had arrived. At the Durgapur Site Office, there was already a stenographer named Shri Adhikari. In the circumstances, the company could not possibly give temporary employment to Shri Nathan. The company by its letter, dated 24th February 1964, to the Conciliation Officer, had stated, inter alia, that without prejudice to its rights and contentions and with a view to promoting amicable settlement to the dispute, it was prepared to offer temporary employment to one of the two retrenched stenographers at the Durgapur Site Office within a probable period of two or three months, when the machineries and equipments of the Coal Washery Project were expected to arrive, and that it was further prepared to make ex-gratia payment to the two remaining retrenched employees, viz., Shri Bhattacharjee, junior accounts clerk and Shri Chatterjee, stenographer, over and above their legal dues. Subsequently, on 15th April 1964 the Assistant Secretary, Labour Department, Government of West Bengal, wrote a letter to the Secretary of the union stating that the question of giving employment to two stenographers was depended upon any vacancy that might arise at Calcutta and Durgapur Site Office. Subsequently, in May 1964 both Shri Chatterjee and Shri Nathan had accepted full payments in full and final settlement of their claims against the company. Lastly, it is said that as the machineries did not arrive within the period stipulated, Shri Nathan has no right of re-employment at the Durgapur Site Office. The company, therefore, prays that it might be found that Shri Nathan is not entitled to any relief.

In the written statement, the union had alleged that Shri Nathan was not employed only to work at the Calcutta Office of the company and for bona fide reason could be transferred to the other branches of the Site Office of the company, that there were no circumstances calling for retrenchment of the workmen and the retrenchment of 10 workmen is illegal, invalid and unjustified and that Shri Adhikari working as stenographer at the Durgapur Site Office was the junior most in that category. The union does not dispute that there was a conciliation proceeding after the company's notice, dated 28th November 1963, but alleges that there was categorical assurance given by the company that Shri Nathan would be given employment at the Durgapur Site Office within a period of three to four months, and that Shri Nathan was the senior stenographer and not Shri Chatterjee. The union also denies that there was any stipulation that Shri Nathan would be taken in employment at the Durgapur Site Office only when the machineries for the Coal Washery Projects would be available. It, further states that most of the machineries required for Coal Washery Projects had arrived, that the workmen did not accept the terms as laid down in the letter, dated 24th February 1964 and that the letter of the Assistant Secretary, dated 15th April 1964 quite categorically states that the company agreed to give temporary employment to Shri Nathan at the Durgapur Site Office within a period of 3 or 4 months. Shri Nathan also accepted the payment on the basis of the agreed terms that he would be given temporary employment at the Durgapur Site Office. Lastly, it is stated that the refusal of the company to give re-employment to Shri Nathan at the Durgapur Site Office within the period of three or four months from February 1964 (the expression February 1963 in paragraph 10 of the written statement appears to be typing mistake), is unjust, unfair and mala fide. As Shri Nathan was a member of the executive committee of the union and had actively participated in the matters relating to the organisation of the union, the act of the company in refusing to re-employ him is an act of victimisation. It has therefore been prayed that the company may be directed to employ Shri Nathan at the Durgapur Site Office and to pay him all wages for the period from the date of his non-employment by way of compensation.

Findings

It has not been disputed that Shri Nathan was employed as a stenographer at the Calcutta Office of the company on 12th June 1962 and that he was confirmed on 15th September 1962 (Exts. 1 and 2 on admission and Ext. A). It is further not disputed that the company had issued the retrenchment notice (Ext. B on admission), dated 28th November 1963, retrenching 10 workmen including Shri Nathan with effect from 30th November 1963 and that over this retrenchment of 10 employees of the Calcutta Office, there had been conciliation proceeding. The union had written the letter, dated 30th November 1963 (Ext. 5 on admission) to the Labour Commissioner, Government of West Bengal, complaining about the wrongful and illegal retrenchment of the workmen by the notice, dated 28th November 1963. Thereafter, the Deputy Labour Commissioner had written the letter, dated 17th December 1963, to the employer and that letter was replied to on behalf of the employer by the letter, dated 7th January 1964 (Ext. D on admission). In that letter, it was pointed out that the company is not engaged in any manufacturing business but merely undertakes the supply of industrial plants imported from Czechoslovakia as well as the assembly and servicing of tractors which is confined to the Calcutta area only. It was also pointed out that due to import restrictions, it has not been possible for the company to secure any licence for the year commencing April 1963 and whatever stock of tractors had been left with the company had been gradually disposed of during the period from April to November 1963. It is also stated that as since the entire stock of tractors had been disposed of and no further tractors were available for assembly and/or sale due to import restrictions, the management had no option but to retrench 10 of the employees who had been rendered surplus to the requirement of the company. As

there was no further stock of tractors, the work of the Calcutta Branch office has been considerably reduced. The company had complied with the provisions of section 25F of the Industrial Disputes Act and rule 77 of the West Bengal Industrial Disputes Rules, 1958, and six of the ten retrenched employees had already accepted their dues and had no further dispute regarding the retrenchment. Lastly, it is alleged that the company has no knowledge either regarding the formation of the union or regarding the union activities of Shri Nathan and others. It appears to me that the company by that letter, Ext. D, had made its position absolutely clear. At this stage I would point out that I do not accept the contention of Shri Ray appearing for the workman that the question of legality or otherwise of the alleged retrenchment can be gone into in this case, if not mainly at least incidentally. The subject-matter of reference is the alleged refusal of employment of the retrenched workman Shri Nathan. Therefore, the facts had to be accepted that there had been retrenchment and the only question which has been referred to for adjudication is whether one of the retrenched workmen, viz., Shri Nathan is entitled to be re-employed in the Durgapur Site Office. It is admitted that Shri Nathan had accepted all his dues sometime in May 1964. Shri Ray, however, contended that Shri Nathan had accepted all his dues consequent on his retrenchment in view of the assurance given by the company that Shri Nathan would be re-employed at the Durgapur Site Office. In fact, Shri Ray had placed the case a little higher and had submitted that actually the payment of dues was accepted by Shri Nathan on condition of re-employment at the Durgapur Site Office after three or four months. I pointed out to the learned Advocate Shri Ray that in the written statemment itself of the union, there is no allegation that it was on condition of re-employment at the Durgapur Site Office that Shri Nathan had accepted all the dues from the company in May 1964. I shall presently refer to the other evidence. But at this stage I would only point out that even according to the evidence of P.W. 2 Shri Nathan, he had received the payment in May 1964 after receipt of the assurance as per the Branch Manager's letter that he shall be employed at the Durgapur Site Office. Therefore, both according to the written statement and according to the evidence of the concerned workman, Shri Nathan had accepted the sum due on some assurance that he would be re-employed at the Durgapur Site Office. It appears to me that in view of the acceptance of the money by Shri Nathan consequent on his retrenchment and also in view of the scope of reference, this tribunal cannot decide whether the retrenchment itself was legal and justified. I therefore decline to enter into that question and I shall proceed on the basis that the alleged dispute over the retrenchment of Shri Nathan and other employees of the Calcutta Office does not arise for consideration in the present case.

The next letter of the company is dated 24th February 1964 (Ext. E on admission). After referring to the earlier letter, dated 7th January 1964 and after referring to other matters, it has been stated that the company, without prejudice to the rights and contentions raised in that letter and with a view to promoting an amicable settlement of the dispute, is prepared to offer temporary re-employment to one of the two stenographers at the Durgapur Site Office within a probable period of three to four months when the machinery equipments for the Coal Washery Project were expected to arrive. Therefore, according to the company, the expected time of arrival was about the end of June 1964.

The next letter is the letter of the Assistant Secretary, Labour Department, Government of West Bengal. As considerable reliance has been placed on this letter by Shri Ray, it is necessary to quote portion of this letter; it has been stated—

> "It appears that the above employees were working in the Calcutta Branch Office of the company. The main business of this branch office related to import of tractors and spare parts and their sales and service. Due to restriction on import of tractors the business position of the Calcutta Branch of the company was adversely affected and the company had to retrench these employees for want of work
>
> It is also agreed to give temporary employment to Shri Nathan at Durgapur Site Office within a period of three or four months.
>
> In view of the above facts Government do not think the cases fit for intervention."

I do not see how it can be said that this letter, Ext. 3, dated 15th April 1964, is an assurance by the company to re-employ Shri Nathan at the Durgapur Site Office. This at best shows that the company hoped to give re-employment to Shri Nathan after three or four months after the expected arrival of the machineries for the Coal Washery Project. Of course, the evidence of O.P.W. 1 who is the Branch Manager, shows that Shri Nathan is senior to Shri P. C. Chatterjee and therefore, normally in case of re-employment Shri Nathan would have the prior claim. The question now is whether any occasion for re-employment at all arose. It would appear from the evidence of O.P.W. 1 that some machineries did arrive but sufficient quantities of machineries did not arrive. There has been no cross-examination on this point of O.P.W. 1. Even apart from the evidence of O.P.W. 1, it would appear from paragraph 8 of the written statement of the workmen that it has been stated that most of the machineries required for Coal Washery Project had arrived. It appears to me that sufficient quantities of machineries were not received during this period of three or four months and as a result, there was no sufficient additional work justifying the appointment of another stenographer at the Durgapur Site Office. Ext. F (on admission) is another letter, dated 17th November 1964. In that letter also, it has been stated by the company that although some machinery and equipment had started arriving at Durgapur, it did not entail sufficient work so as to warrant appointment of a wholetime stenographer, and in fact, additional work, if any, was being taken care of by the stenographer already working there. The company, therefore, regretted its inability to re-employ Shri Nathan. The point

is also made clear in the other letter, dated 11th November 1964 (Ext. G on admission). My attention has been drawn to the letter of the company, dated 2nd May 1964 (Ext. 4), in which the company has stated to Shri Nathan that he would be given temporary employment at the Durgapur Site Office within a period of two or three months. In the letter, Ext. 6, dated 10th July 1964, the Secretary of the union states after referring to the letter of the Government, dated 15th April 1964, that the union had accepted the letter, dated 15th April 1964, by the letter, dated 28th April 1964 and that it was made clear that the company would re-employ Shri Nathan at Durgapur Site Office within the period of three or four months. It is further stated that the consignment for Durgapur Coal Washery had already arrived at Calcutta and the clearance work had started. This letter is signed by P.W. 1 Shri Bhattacherjee. But in his evidence he does not say that sufficient quantities of machineries had already arrived in June/July 1964. Ext. 7 is another letter by the union but as one of the sheets has not been filed before this tribunal, it is not possible to refer to this document. There is also the reference to the assurance of the company in the letter, dated 27th December 1964, Ext. 8. The only other letter is Ext. 9, dated 26th February 1965. It has been stated, inter alia, in that letter that the management had agreed to employ Shri Nathan at the Durgapur Site Office within the period of three or four months and reference has been made to the letter, dated 24th February 1964. These are all the documentary and oral evidence which had been produced before me and on a consideration of the entire oral and documentary evidence, it appears to me that the company did really offer to re-employ Shri Nathan who had been retrenched, at the Durgapur Site Office provided there was sufficient additional work consequent on the expected arrival of sufficient quantities of machineries in course of three or four months. Shri Mukherjee appearing for the company had submitted that there was really no contract for re-employment of Shri Nathan at the Durgapur Site Office and therefore Shri Nathan has no right to re-employment. I am unable to accept this submission made by the learned Counsel. It appears to me that the right to re-employment is more a statutory right than a contractual right, and therefore, the mere fact that the offer of the company by its letter, dated 24th February 1964, was not specifically accepted by either the workman concerned or the union of the workmen, would not show that Shri Nathan has no right to re-employment. That right, as I have stated, is really his statutory right as provided in the Industrial Disputes Act. In my opinion, however, Shri Nathan cannot be re-employed at the Durgapur Site Office unless of course there is sufficient work for him there. Shri Ray appearing for the workmen submitted that in the letter of the Assistant Secretary, dated 15th April 1964, there is no reference to the expected arrival of sufficient quantities of machineries at the Durgapur Site Office. As I have said earlier that, that letter, dated 15th April 1964, was written by the Assistant Secretary after discussion with the employers' representatives and the representatives of the union and after certain correspondences. Therefore, the mere omission regarding the expected arrival of some machineries in that letter, Ext. 3, is not sufficient for the purpose of concluding that the company undertook to re-employ Shri Nathan at the Durgapur Site Office after 3 or 4 months from 24th February 1964. I may also mention here that Shri Nathan has already got an employment elsewhere (vide the evidence of P.W. 2). This fact by itself is not sufficient for the purpose of refusing the claim of Shri Nathan to re-employment. This is a circumstance which must be taken into consideration along with other facts and circumstances. In my opinion, it is absolutely clear that the employer undertook to re-employ Shri Nathan in accordance with industrial law on the expected arrival of the machineries of the Coal Washery Project at Durgapur and that as the expectation was not entirely fulfilled there was no additional work in justifying the employment of an additional stenographer at the Durgapur Site Office.

The company is therefore justified in refusing to re-employ Shri Nathan at the Durgapur Site Office. In view of my finding that the refusal to re-employ Shri Nathan at the Durgapur Site Office is not unjustified, and Shri Nathan is not entitled to get any relief.

This is my award.

AWARD

By order No. 3997/I.R./I.R./4L/13/65, dated the 9th September 1965, the Government of West Bengal, in the Labour Department, referred under section 10 of the Industrial Disputes Act, 1947, the industrial dispute between Messrs. Jamair Co. (P) Ltd., 42 Chowringhee Road, Calcutta-16 and their workmen represented by the Jamair Employees' Union, 7 N. G. Basak Road, Dum Dum, Calcutta-28, regarding the matter specified in the schedule, to the Third Industrial Tribunal, constituted under section 7A of the Industrial Disputes Act, by notification No. 808-I.R./I.R./3A-2/57, dated the 11th March 1957, for adjudication.

Issue

Is the refusal of work to Shri Sitaram justified ? To what relief, if any, is he entitled ?

This is a reference under section 10 of the Industrial Disputes Act, 1947, made by the Labour Department of the Government of West Bengal for adjudication of an industrial dispute existing between Messrs. Jamair Co. (P) Ltd., 42 Chowringhee Road, Calcutta-16 (hereainafter be referred to as the company) and their workmen represented by the Jamair Employees' Union, 7 N. G. Basak Road, Dum Dum, Calcutta-28 (hereinafter be referred to as the union).

Immediately after service of notices upon the parties they entered appearences and started negotiations for amicable settlement of the dispute relating to refusal of employment to Shri Sitaram.

I am glad to record that both parties have successfully settled the dispute, and presented a joint petition before this Tribunal on 15th November 1965 incorporating therein the terms of settlement. The company has agreed to give employment to Shri Sitaram with effect from 15th November 1965. Both parties also agreed that the period of non-attendance will be treated as leave without pay. I find the aforesaid terms as fair and reasonable, so I accept them and make an award on compromise. The joint petition filed on 15th October 1965 do form a part of the compromise award as annexure thereto.

This is my award.

Government of West Bengal, Labour Department r its order No. 5365-I.R./IR/11L-85(A)/64, dated Calta, the 10th October 1964, referred an industrial spute between Messrs. Das Zimmermann Private mited and their workmen represented by the West ngal Engineering Workers' Union for adjudication garding the only issue contained in the order of erence.

Issue

Whether the termination of services of the following rkmen is justified ? To what relief, if any, are they itled ?

Names of Workmen :

1. Shri Saukhi Ram
2. Shri Bundel Ram
3. Shri Jogeswar Ram
4. Shri Laturam
5. Shri Guneswar Jha
6. Shri Sundar Jha
7. Shri Mohabir Jha
8. Shri Jata Sankar Jha
9. Shri Tula Kanta Jha
10. Shri Jitendra Jha
11. Shri Gangadhar Jha

This is a reference under section 10 of the Industrial Disputes Act. The workmen are represented by the West Bengal Engineering Workers' Union. Termination of service of 11 workmen had been referred to the Tribunal under this reference. On the day of hearing union submitted that they press the case of three workmen only, namely, serial No. 1. Saukhi Ram, No. 2. Bundel Ram and No. 4. Laluram, wrongly described in the reference as Laturam. The other eight workmen are accordingly out of the picture. The union submitted written statement wherein they alleged that the services of the three workmen in question were terminated by a notice with effect from 3rd of February 1964. The termination of service had been called in question by the union as wrongful and act of victimisation on the part of the company. The workmen joined service on 19th March 1963 but their E.S.I. cards show the date of appointment as 5th August 1963. On 7th October 1963 the workmen were refused work and on 7th December 1963 they were asked to work under another company.

The company filed their written statement wherein they contended that the workermen were appointed on 5th August 1963 and they were never refused employment up to the date of termination of their service on 3rd February 1964. The main business of the company is manufacturing of blue printing machine. It also undertakes manufacture of cabinet under orders from Samuel Osborn (P) Ltd. The eleven workmen were appointed against those temporary orders for cabinet making. As there was no contract for drawing cabinet from the month of February 1964 the company had no other alternative but to terminate the services of the eleven workmen in question. Eight workmen settled their disputes with the company. This is an admitted fact. Regarding three workmen in question it is contended that they also settled their disputes with the company.

Appearances of the parties are as follows :—

For the Company—Shri Robin Majumder, Advocate.

For the Union—Shri Subodh Banerjee.

Decision

We are considering the case of three workmen only because the union does not press the case in respect of the other eight workmen. First of all let us consider whether the three workmen settled their disputes. Exts. B, B(1) and B(2) are three receipts purported to

have been authenticated by the workmen. They are written in English. Saukhiram alone gave evidence before the Tribunal. He denied that he settled the dispute. The receipt which purports to bear his thumb inpression is Ext. B(2). It was not read over or explained to the workmen in the language he understood. At least there is no evidence to that effect. That being so, it must be held that Saukhiram did not settle his dispute. I am reluctant to rely upon the voucher Ext. B(2).

The position is otherwise in respect of other two workmen namely, Laluram and Bundelram. They signed the receipts Exts. B and B(1). They are not examined before the Tribunal to deny the documents Exts. B and B(1) which go to show that they accepted wages for seven days in full and final settlement of all their dues and claim. In the absence of their evidence before the Tribunal it should be held that they had settled their disputes by accepting the payment. In any event they are not entitled to any relief in this reference. Now I will turn to the evidence bearing upon the question of termination of service.

The services of the three workmen had been terminated admittedly by a notice Ext.1(i), dated 1st February 1964. Ext.1(i) is in respect of Saukhi Ram. The other two workmen did not appear before the Tribunal. The notice simply states that the company do not require the services of the workmen on and from 3rd February 1964. It was further stated that he was purely a temporary cooly. Seven days pay in lieu of notice had been tendered. Similar notice was issued to other two workmen. The case of the company is that the coolies were appointed in the Cabinet Department which is not regular business of the company. It is the evidence of O.P.W.1, Shri Sunil Kumar Das that regular work undertaken by the company is manufacture of blue printing machines. Cabinet making is not their regular business. His further evidence is that on specific orders cabinets were manufactured and that since February 1964 there was no order of cabinet making. This is also the evidence of O.P.W.2, Shri S.K.Mukherjee, foreman. It is their positive evidence that they used to work as coolies in the Cabinet Department. I should not disregard their evidence in this respect. Saukhi Ram himself stated that they were working as coolies in the same department and doing the same type of work. Obviously it was Cabinet department. The union stated that the workmen were appointed prior to 5th of August 1963. Their E.S.I. cards show that they were appointed on 5th August 1963. There is nothing to show that their appointments had been earlier than August 1963. In the written statement of the union it is stated that the workmen were refused employment on 7th October 1963. This is not a fact. Exts.1 to 1(b) filed by the union and written by the three workmen would negative this contention. These letters are dated 7th October 1963 and they admit that they were working at that time. The attendance register has been filed by the company. It is Ext. C. It shows continuity of appointment till the date of termination of service. I cannot therefore presume that they company resorted to victimisation by temporary suspension of work.

With regard to the question of termination itself I have already pointed out the evidence of the Secretary and the Foreman. As there had been no orders of cabinet making, services of the workmen had been terminated. The specific orders have been filed. They are Exts. A series. The company relies upon Ext. A3 which shows that the order makers Messrs. Samuel Osborn reduce the quantities of the items. It is dated 20th February 1964. There is nothing to show in this letter that those items relate to cabinets. Exts. A(4) to 1 (6) are filed to show that there had been no order for cabinet on 20th January 1964 and 25th January 1964. Ext. A(7) is another order, dated 24th of June 1964, where no cabinet was ordered. On a perusal of the orders Exts. A(4) to A(7) it is clear that no order for cabinet had been given in the month of January 1964.

It is suggested on behalf of the union that the company might be withholding the orders in respect of cabinet making. I should not presume such a conduct on the part of the management on the face of the positive evidence of Secretary and Foreman that there had been no orders for cabinet making and finally the department had to be closed. I can rely upon the oral testimony in this respect and hold that for want of work, the services of the eleven workmen had been terminated. It is true that the orders do not assign any reason but this is not mandatory. The workmen did not put in one year of completed service and they are not entitled to retrenchment compensation. That being so, the management rightly offered seven days wages to the workmen. Accordingly I hold that the termination of the workmen is justified. None of the workmen are entitled to any relief in this reference.

This is my award.

The present reference under section 10 of the Industrial Disputes Act over a dispute between Messrs. Lipton (India) Ltd., 9 Weston Street, Calcutta-13 (hereinafter described as the Company) and their workmen represented by the Lipton Mazdoor Union, 249 Bepin Behari Ganguly Street (Top floor), Calcutta-12 (hereinafter described as the Union), was sent to this Tribunal for adjudication by the Government of West Bengal, Labour Department, order No. 1742-I.R./IR/9L-7/66, dated the 14th May 1965. The issue for decision is as follows :

Issue

Whether the dismissal of Shri Mihir Banerjee justified ? To what relief, if any, is he entitled ?

AWARD

After due notice from this Tribunal, the parties appeared and submitted their respective written statements. In short the case of the Union is that Mihir Banerjee was appointed by the Company for its Calcutta Head Office only subject to the Company's terms and conditions of employment for the Head Office staff. The Company, in 1964, transferred Shri Banerjee to its new factory at Kidderpore. The duty hours of the Head Office were from 9-30 a.m. to 5 p.m. on Mondays to Fridays and from 9-30 a.m. to 1 p.m. on Saturdays. The working hours of the factory were however from 8 a.m. to 4-30 p.m. on Mondays, from 8 a.m. to 5-30 p.m. on Tuesdays to Fridays and from 8 a.m. to 12 noon on Saturdays. The case of the Union is that the Company acted illegally in transferring Shri Mihir Banerjee to the factory because according to the terms and conditions of service, Mihir Banerjee could not be transferred elsewhere from the Head Office. Mihir Banerjee protested against the illegal transfer and he reported at the Head Office for work. The Company instructed Mihir Banerjee to report for duty at the Kidderpore factory and it was stated if he continued to attend the Head Office, it would be considered as disobedience of order. It has been submitted from the side of the Union that the order of transfer and the instruction given by the Company being illegal, there was no disobedience of order of the Company. The Company however, issued charge-sheet against Mihir Banerjee on ground of disobedience of order and absence without leave. He was asked to attend an enquiry. An enquiry was however held by the Company against all principles of natural justice. The enquiry was a sham enquiry. The Company found Mihir Banerjee guilty of the charge and the said finding was improper. The Company ultimately illegally dismissed Mihir Banerjee. At the time of dismissal two industrial disputes were pending for conciliation before the Labour Directorate but as no approval or permission was obtained by the Company, there was violation of the provision of section 33 of the Industrial Disputes Act.

The case of the Company in brief is that the present dispute is not an industrial dispute. For a long time, the Company's Head Office and its Calcutta factory were situated in the same premises at 9 Weston Street, Calcutta. A decision was made by the Company to shift its factory and the Company acquired a large plot of land in Kidderpur area in 1961. In 1963, the Company's plant and machinery were removed from Weston Street to the new site and the factory personnel were transferred at various stages and the factory at Kidderpore went on with production from 1963. Cerain employees who had actually been doing work in aid of the factory, were sitting in Head Office and when a decision was taken to construct a factory at Kidderpore, it was found necessary to transfer such personnel from Head Office to the new factory at Kidderpore. In accordance with this decision, a portion of the Purchase Department was transferred to the Kidderpore factory, On similar ground such sections of the Accounts and Shipping Departments which had been doing work in connection with the factory, were decided to be shifted to the Kidderpore factory. These facts were known to the Unions representing factory workmen and Head Office personnel. About 700 workers of the factory and over 100 factory staff who were working at 9 Weston Stre accepted the transfer from Weston Street to Kidderpo 12 clerical staff who were attached to the Head Offi were also transferred and they accepted the positio The Company agreed to grant all workers and sta who were taken over to Kidderpore factory a dearn allowance for 3 years and the quantum of the allowanc was agreed to after negotiation with the two recognis Unions. A question of compensation was also rais for the transfer of Head Office personnel to Kidderpo factory. An agreement was made between the Compan and the Union in May 1965. The Union accepte that the Management had the right to transfer an Head Office employee to Kidderpore factory. Wi regard to Mihir Banerjee, the case of the Compan is that at the time of his appointment he was clear told that although he was being engaged initiall to work at 9 Weston Street, his services would b transferred to the new factory at Kidderpore wit the transfer of Purchase Department there. Mih Banerjee was to follow the Chief Purchasin Officer whereever the latter moved. The Compan had every right to transfer Mihir Banerjee to th Kidderpore factory but in spite of repeated instru tions, he did not comply with the direction of th Management. This action of Mihir Banerj amounted to disobedience of lawful orders of th Company and his failure to join the factory Kidderpore in spite of transfer order, amounted absence without leave because such leave was n granted to him. The Company issued a charg sheet against Mihir Banerjee. An enquiry w held against him giving full opportunity for h self-defence. The enquiring officer found hi guilty and the Management, after due consider tion, dismissed him from service. The Compan has stated in its written statement that as no indu trial dispute was pending at the time of the di missal of Mihir Banerjee, there could be n question of obtaining approval or permission fro the conciliation officer. It has been alleged th the dismissal is justified, legal and proper.

Several documents have been put in by th parties and they have been marked exhibits in th case. The Union, on behalf of the workmen, h examined 3 witnesses on its side but the Compan has declined to examine any witness on its side

At the time of hearing and argument, the Com pany did not challenge the character of the dispu mentioned in the order of reference. No objecti was raised from the Company stating that th present dispute was not an industrial disput That the present Union is representing the wor men in question has been accepted before me. Th jurisdiction of this Tribunal for adjudicating th present reference has not been challenged at th time of hearing. I am however statisfied that th dispute in question is an industrial dispute, th the Union is authorised to represent the workme and this Tribunal has jurisdiction to adjudica upon the issue framed by the Government.

The first point that has been urged from the side the Union is that Mihir Banerjee was appointed by th Company solely for the Head Office Establishment the Company and that the Company had not right t transfer him to the factory unit of the Company again

his will. As against this contention, the case of the Company is that at the time of appointment Shri Banerjee was clearly informed that although he was being engaged to work at 9 Weston Street, his services would be transferred to the new factory which was to be started at Kidderpore. The Company wants to say that on the basis of this clear understanding at the time of appointment, the Company was certainly entitled to get Mihir Banerjee transferred to the new factory. Mihir Banerjee has been examined in this case as P.W.3. His evidence is clear on the point of appointment. From his evidence we get that he was appointed for Head Office works, that at the time of his appointment, there was no talk on the side of the Company that he was to work in its factory or in the factory office, that the Head Office of the Company was situated at 9 Weston Street, Calcutta, that at the time of his appointment, the factory of the Company was in an adjoining house numbered, as far as he remembers, as 9/13 Weston Street, and that he had no duty relating to the factory. The witness did not agree to work in the factory but after this transfer he expressed his willingness to go to the factory if he was allowed to work according to the office hours maintained at the Head Office. We get from P.W.3 that he used to work under Shri Saha who had besides the witness, one clerk and a steno-typist. Shri Saha dealt with import licence and procuring indigenous controlled goods. The works of the witness, as a stenographer, were connected with these works. Shri Saha also dealt with packing boxes and in connection with the packing boxes, a clerk and a steno-typist had to work. After the establishment of the factory at Kidderpore, the said clerk and the steno-typist were transferred to the factory premises, and Shri Saha used to supervise their work for about one hour and a half in the factory during the first half of the day. During the remaining period of the day, Shri Saha had to work in the Head Office. As against the oral evidence of Mihir Banerjee, the Company has not examined any competent witness in reply. No reason has been assigned by the Company for non-examination of any witness on this point.

I shall now consider the documentary evidence regarding the appointment of Shri Banerjee. The initial appointment letter is Ext. 1. This is dated 2nd July 1963. In the very first paragraph of the letter it is stated "with reference to your application, dated the 25th June 1963, and subsequent interview, you are hereby appointed as a Stenographer in our Calcutta Head Office subject to the Company's Terms and Conditions of Employment for Head Office Staff." Of course, this appointment was probationary for a period of three months. Ext. 2 is the letter of confirmation, dated the 7th October 1963. Second paragraph of the letter reads thus :

"As stated in the Appointment Letter, herewith we enclose one copy of the Head Office Terms and Conditions governing your employment in tis Company. You are requested to signify your acceptance of these Terms and Conditions by signing at the appropriate place on our Office copy of the said Terms and Conditions, as indicated."

Admittedly, there is no other document showing the terms and conditions of the appointment of Shri Banerjee. Now, what do we get from these two documents Exts. 1 and 2? Ext. 1 clearly shows that Shri Banerjee was appointed as a stenographer by the Company in its Calcutta Head Office alone and that the service conditions of Shri Banerje would be guided by the Company's terms and conditions of employment for Head Office staff. Ext. 2 confirms the appointment given by Ext. 1. Along with Ext. 2 Shri Banerjee was supplied with one copy of the Head Office terms and conditions governing his employment in this Company. Admittedly Shri Banerjee accepted the terms. According to the Company, at the time of appointment of Shri Banerjee, the Company had its factory unit and also its Head Office unit. It is admitted that the two units have their separate terms and conditions of service governing the employment in the two units of the Company .It is clear, therefore, that the service conditions of the two units are different. Ext. R. contains the terms and conditions of employment for Calcutta Head Office staff. Ext. R(1) contains the terms and conditions of employment for monthly-rated staff of the then Calcutta factory, now transferred to Kidderpore factory. I have considered both these exhibits and it will appear that for the factory employees, the duration of the office hours is longer than the office hours meant for the Head Office staff. On the question of labour, the employees of the Head Office is on the advantageous position. From the evidence there can be no doubt that Shri Banerjee was appointed by the Company for its Calcutta Head Office Establishment and it has clearly stipulated that his service would be guided by the terms and conditions of employment for the Head Office staff. There is no ambiguity on this point. Shri Banerjee has asserted this during his evidence. He has stated clearly that there was no talk between him and the Company that he was to work in future in the factory or that he would be transferred to the factory later on. Against this evidence the Company has not ventured to examine any witness to contradict the statement of P.W.3. It has been argued from the side of the Company that Shri Banerjee was told at the time of appointment that after the establishment of the new factory, he would be transferred there. I fail to appreciate this argument. If really there was any such understanding, I fail to understand why the Company did not, at the time of his appointment, mention such fact in the appointment letter clearly stating that Shri Banerjee was to work in the factory or in Kidderpore factory on any subsequent date. When there was the written appointment letter, I disbelieve the story set up by the Company that there was a talk between Shri Banerjee and the Company that the former was to be transferred to Kidderpore factory subsequently. On the very face of the appointment letter and the confirmation letter and on the evidence of P.W.3, the story of the Company as stated is unacceptable. I hold that Shri Banerjee was appointed by the Company for its Calcutta Head Office alone and that for such employment, the terms and conditions of employment for the Head Office were binding on him. There is no scope for argument that Shri Mihir Banerjee was appointed for the works of the Kidderpore factory.

In my view, Mihir Banejee's appointment was solely for the purpose of Calcutta Head Office of the Company. The Company could not compel Mihir Banerjee to work in the factory and to be guided by the service conditions laid down for the factory department. A worker of the factory department was to work more. The working

hours of the factory are certainly prejudicial to the interest of Shri Banerjee.

According to my findings above, when the Company had no right to direct Shri Banerjee to work in the factory according to the service conditions of the factory, Shri Banerjee's refusal to work in the factory or to accept the transfer would not amount to disobedience of any lawful order of the Company. From the evidence of P.W.3 we get that Shri Banerjee, after the expiry of his leave, joined the office on the 2nd December 1964 and found Shri Saha working in the Head Office. Shri Banerjee saw Shri Saha. Shri Saha took Shri Banerjee to the room where he was working in the Head Office. Shri Saha gave works to Shri Banerjee and Shri Banerjee worked there. We also get from P.W.3 that Shri Saha used to supervise the works of his steno-typist and clerk at the factory for about one hour and a half in the first half of the day and during the remaining period of the day, he used to work in the Head Office. It is clear, therefore, that Shri Saha had two types of work. He dealt with packing boxes connected with the factory and in that connection, he remained in the factory during the first part of the day. Shri Saha also dealt with import licence and indigenous controlled goods and in this connection he used to work in the Head Office. Shri Banerjee's works were connected with import licence and indigenous controlled goods. It is proved therefore that Shri Saha used to work in the Head Office regarding import licence and indigenous controlled goods and for that purpose, Shri Banerjee's services were required. It has not been proved before me that Shri Banerjee's work was connected with packing boxes or other works in the factory. The Company has not examined Shri Saha or any other competent person to contradict Shri Banerjee on this points. In this view of the matter also, the transfer of Shri Banerjee to the factory does not appear to be *bona fide*. It is clear that the Company most unreasonably wanted to compel Shri Banerjee to go to the factory and work there only in order to see that the employee must comply with the order of the employer to prove its authority.

There is another allegation in the charge-sheet regarding absence without leave. Admittedly, the Company after the transfer order did not allow Shri Banerjee to work in the Head Office. Shri Banerjee was always willing to work in the Head Office according to the terms of his appointment. When the Company did not allow him to work in the Head Office, Shri Banerjee had no other alternative but to apply for leave. The Company did not grant any leave. Neither was Shri Banerjee allowed to work in the Head Office. The Company wants to say that after the refusal of leave by the Company, Shri Banerjee ought to have joined the factory at Kidderpore. According to my finding, there cannot be any legal unilateral decision by the Company and therefore Shri Banerjee should not be held guilty of absence simply because he did not comply with the improper order of the Company to attend the factory at Kidderpore. This is not a case of unauthorised absence or disobedience of orders according to the service conditions applicable to Shri Banerjee.

It has been argued from the side of the Company that several other persons of the Head Office accepted the transfer order to the factory at Kidderpore. This branch of argument is unacceptable. We are not concerned to see what other persons are doing. Those persons might not have known their legal positions or right. They might have willingly accepted the position. The question is whether the stand of Shri Banerjee is justified. Shri Banerjee wants to stand upon his right according to the terms of his appointment and he has got every right to fight according to law without accepting the view of other co-workers.

Shri Sanyal on behalf of the Union has attacked the propriety of the enquiry proceedings. It has been argued that the enquiry was a sham show of enquiry because the Company had already decided the guilt of Shri Banerjee. In this connection my attention has been drawn to Ext. 11, a letter of the Company to Shri Banerjee, dated the 14th December 1964. This is practically speaking, the charge-sheet. In this letter, the Company informed Shri Banerjee that he had disobeyed the orders of the Company and remained absent without leave and that he had made himself liable for disciplinary action. The language in this letter is not at all happy. From the reading of the contents it appears that the Company found Shri Banerjee guilty of disobedience of orders and absence without leave but still an enquiry was being held in connection with that matter. Ext. A(1) contains the findings of the enquiring officer. I have gone through the report and find that the conclusions arrived at by the enquiring officer are unreasonable and perverse. The enquiring officer wants to say in his report that Shri Banerjee did not question the right of the management to transfer him from the Head Office to the factory. The enquiring officer did not consider the evidence given by Shri Banerjee at the enquiry where he stated that he was agreeable to work in the factory provided his hours of work were from 9-30 a.m. to 5-00 p.m. as in the Head Office. This statement shows that Shri Banerjee wanted to be guided by the service conditions applicable to the Head Office. It does not matter whether he took his seat for duty in the Head Office or in the factory premises. The question is whether the condition relating to the duty hours was applicable to Shri Banerjee when he would be working in the factory premises. Shri Banerjee insisted upon the service terms regarding working hours applicable to the Head Officer. The enquiring officer did not also properly read the letters of Shri Banerjee written to the Company objecting to the transfer and insisting upon the working hours as provided by the terms and conditions meant for the Calcutta Head Office. The enquiring officer clearly misunderstood the case of Shri Banerjee and accepted the view of the management as gospel truth without caring for the evidence and the records. Moreover it appears from his conclusions that the basis of his finding was the fact that several employees, formerly working in the Head Office, had accepted the transfer orders for work in the factory but Shri Banerjee was an isolated instance of his refusing to accept the transfer. The enquiring has attempted to say that when so many workmen of the Head Office accepted the transfer, the protest against the transfer by Shri Banerjee was unreasonable because he was the solitary instance against so many transfers accepted by other co-workers. This reason of the enquiring officer was not only unjustified but perverse to

e extreme. There has been clearly a basic or of fact. The enquiry proceedings conducted y the enquiring officer and the findings arrived at y him are most unreasonable and improper. The ecision of the management on this report is also nacceptable. The management was all along consider- ng the action of Shri Banerjee as an instance of mis- onduct. The decision of the management to dismiss hri Mihir Banerjee on ground of misconduct is *mala de*, illegal and unjustified.

The next point of law that has been canvassed from ie side of the Union is that even if it is assumed that is a case of change of service conditions of Shri anerjee, the Company should have issued a notice ider section 9A of the Industrial Disputes Act prescribed form. Admittedly in this case the Com- any did not issue any notice under section 9A of ie Industrial Disputes Act. In the written statement ie case of the Company was that at the time of ppointment, Shri Banerjee was given to understand at with the shifting of the factory to Kidderpore, he as to work in the factory. The Company wanted say that his appointment was meant for the factory ough at the time of appointment, he was placed in e Head Office establishment. At the time of argu- ent, however, the contention of the Company as that although Shri Banerjee was appoin- d in the Calcutta Head Office establishment e Company had every right to transfer him to its ctory and change the service conditions. Admittedly ie factory had different service conditions and the ity period was longer than that of the Head Office. he Company transferred Shri Banerjee by an order id asked him to work in the factory according to ie duty hours prescribed by the factory. Certainly is was a case of change of service conditions. Section A of the Industrial Disputes Act clearly prescribes r notice of change of the conditions of service. The mpany, before transfer, did not give any notice Shri Banerjee for the change in the conditions of s service. At the time of argument, however, Shri aman for the Company, submitted that Ext. J, a tter written by the Company to Shri Banerjee on h November 1964, may be treated as a notice under ction 9A of the Industrial Disputes Act. This tter says that it is necessary that Shri Banerjee's ties in the Purchase Department be carried out at dderpore factory and that he should report at the w factory at 8 a.m. on 9th November 1964. First all, we should remember that there are rules framed the Government of West Bengal relating to the tice of change. Rule 34 says that an employer ending to effect any change in the conditions of vice in respect of any matter specified in the 4th edule, shall give 'notice' of such intention in m E. Form E has been prescribed by the Govern- nt. No notice has been issued by the Company this case in form E stating the date from which ording to the Company, the change in the duty rs would be effected. According to the form, the mpany has to specify the proposed change and also existing conditions of service, The Company has to e the date from which the change would be effective. t. J is not a notice in that form. The notice of nge must be clear and unambiguous and definite. t. J does not fulfil the conditions as prescribed by tion 9A of the Industrial Disputes Act or rule 34 med by the local government under the Act. Ext. J cannot be treated as a notice for change in the conditions of service. Without notice there cannot be any change in the service conditions according to law. The change of service conditions cannot be made effective within 21 days of giving a notice. Ext. J, the letter, dated the 5th November 1964, simply informed Shri Banerjee that his duties would be carried out at Kidderpore factory and that he should report at 8 a.m. on 9th November 1964. There is no clear inention of the Company expressed in this letter that the service conditions of Shri Banerjee would be changed. Moreover, according to this letter, there was no gap of 21 days for giving effect to the change of duty hours of Shri Banerjee. I hold, therefore, that even if it is assumed to be a case of change of service conditions, the proposed change was not legal and effective for want of due notice.

The last point argued from the side of the Union is that two conciliation proceedings were pending before the Government but the Company did not obtain any approval for the alteration of the conditions of service according to section 33 of the Industrial Disputes Act. The letter of dismissal is Ext. 13. It is dated the 4th January 1965. The Union has examined P.W.1, an assistant in the Labour Directorate, Government of West Bengal. He has stated that in connection with the present dispute before this Tribunal, a conciliation proceeding was started before the Assistant Labour Commissioner on 26th December 1964 and on 6th Janua ry1965, the Company was for the first time, informed about the proceedings. This witness does not help the Union because according to his evidence the Company was not aware of the conciliation proceed- ings at the time of dismissal of Shri Banerjee. P.W.2, another assistant in the Office of the Labour Com- missioner, Government of West Bengal, has stated that between the parties, a conciliation was started by the Labour Officer on 26th October 1964. On 18th November 1964 a notice about this conciliation proceed- ing was given to the Lipton (India) Limited and on 23rd November 1964, the Company sent representation in reply to that letter. The witness has stated that the proceeding is still pending. There is no doubt therefore that at the time of the dismissal of Shri Banerjee, a conciliation proceeding was pending before the Government as stated by P.W.2. The Company has declined to cross-examine this winess. Shri Sanyal for the Union has argued that there has been a violation of section 33 by the Company for not taking approval of the Conciliation Officer for the proposed change in the service conditions of Shri Banerjee. I do not think that the argument of Shri Sanyal will help him in any way. The violation of the provison of section 33 will at best give a right to the aggrieved party to file a complaint under section 33A of the Industrial Disputes Act and in that proceeding under the complaint, the Tribunal will consider whether the change in the service conditions of the aggrieved party was justified or legal, and an award will be passed on that dispute. It will be treated as an award passed in an Industrial Dispute under section 10 of the Industrial Disputes Act. A regular reference under section 10 of the Industrial Disputes Act, tending the same question, has been sent to this Tribunal and I am deciding the issue. As to whether the dismissal of Shri Banerjee was justified in connection with this issue I am incidentally to decide whether the transfer order of Shri Banerjee or rather

the change in the service conditions of Shri Banerjee regarding duty hours was legal and proper. This question is very much necessary to be decided in connection with the issue mentioned in the order of reference. Simple violation of the provision of section 33 will not render the order of the employer relating to the change of service illegal. The broad question is lying before me and I am to decide considering all facts and circumstances, as to whether or not the change of duty hours for Shri Banerjee is legal because this question has got to be decided before I consider the question of dismissal.

As a last resort, the Company has argued before me that even if the dismissal is held to be illegal, the Tribunal has to see whether Shri Banerjee should be reinstated specially in view of the fact that the Management of the Company has lost all confidence in him. The facts and circumstances of this case clearly show that there can be no such question and there is no occasion for the Company to lose confidence in Shri Banerjee. There has been no misconduct on the part of Shri Banerjee and moreover the Company has not adduced any evidence and there is no circumstance to prove that in fact, the Management has lost all confidence in Shri Banerjee. I reject this contention.

I view of my findings abovei, I hold that the dismissal of Shri Mihir Banerjee is unjustified, improper and illegal. The dismissal passed against him is set-aside and the Company is to reinstate Shri Banerjee within one month from the publication of this award in the "Calcutta Gazette" with due notice to him. The Union has claimed all back wages and allowances for Shri Banejee during the perid of his non-employment. The date of dismissal of Shri Banerjee is 4th January 1965. In his evidence Shri Banerjee has stated that since March 1965, he has been doing the temporary work and he is getting Rs. 250 per month. The last pay drawn by him including allowance from the Company would be about Rs. 396 or Rs. 398 per month. The Company must pay to Shri Banerjee for the period from the date of dismissal to the date of reinstatement the amount of money payable at the rate at which Shri Banerjee was getting his wages and allowances at the time of dismissal less the amount which Shri Banerjee has received as remuneration for the temporary work, he has been doing. This amount must be paid to Shri Banerjee within two months from the date of publication of this award as stated above.

No. 6308-I.R./IR/10L-4/65.—2nd December 1965.—Whereas under the Government of West Bengal, Labour Department, order No. 593-I.R./IR/10L-4/65, dated the 10th February 1965, the industrial dispute between Messrs. Modern Moulders Ltd., P.O. Kamarhati, 24-Parganas and their workmen represented by the Modern Moulders Mazdoor Union, 22/1 Kali Charan Ghosh Road, Calcutta-50, regarding the issue mentioned in the said order being a matter specified in the second schedule to the Industrial Disputes Act, 1947 (XIV of 1947), was referred for adjudication to the Second Industrial Tribunal ;

And whereas the said Second Industrial Tribunal has submitted to the State Government its award on the said industrial dispute;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

ANNEXURE

In the matter of an industrial dispute between Messrs. Modern Moulders Ltd., P.O. Kamarhati, 24-Parganas and their workmen represented by the Modern Moulders Mazdoor Union, 22/1 Kali Charan Ghosh Road, Calcutta-50 (Case No. VIII-34 of 1965).

BEFORE THE SECOND INDUSTRIAL TRIBUNAL, WEST BENGAL.

Present:

Shri AMBICA PADA BHATTACHARYA, Judge
Second Industrial Tribunal.

Government of West Bengal, Labour Department, by its order No 593-I.R./IR/10L-4/65, dated Calcutta, the 10th February 1965, referred an industrial dispute between Messrs. Modern Moulders Ltd., and their workmen represented by the Modern Moulders Mazdoor Union for adjudication regarding the issue contained in the order of reference.

Issue

Whether suspension of the following workmen for the period mentioned against each is justified? To what relief, if any, are they entitled?—

(1) Shri Chandra Bhusan Chanda—7th February 1963 to 19th June 1964.

(2) Shri Bangali Shaw—24th January 1963 to 16th July 1964.

(3) Shri Protap Bhattacharjee—24th January 1963 to 16th July 1964.

(4) Shri Aloke Misra—24th January 1963 to 16th July 1964.

(5) Shri Basudev De—2nd February 1963 to 28th August 1964.

(6) Shri Nakul Ghosh—2nd February 1963 to 28th August 1964.

(7) Shri Lakhan Paul—2nd February 1963 to 28th August 1964.

(8) Shri Gopal Karmakar—2nd January 1963 to 12th September 1964.

This is a reference under section 10 of the Industrial Disputes Act. The reference was received on 23rd February 1965. A preliminary objection was raised as to maintainability of the reference by Mr. Sengupta on behalf of the company. It was heard on 18th August 1965 and the objection was overruled by order No. 11. Thereafter the reference was fixed for hearing and the hearing was concluded on 12th November 1965.

The workmen are represented by Modern Moullers Mazdoor Union. There are eight workmen whose suspension is the subject matter of reference. The union filed a written statement stating that the eight workers of the company were suspended for the specified periods mentioned in the order of reference without any justification.

The company filed a written statement urging that the reference was not maintainable, that owing to break down of the old furnace on 4th October 1962 the company had to discharge and lay-off a number of workmen and some workmen were offered alternative employment. All the eight workmen in this reference were provided with alternative employment during the period when the furnace was out of work. They refused to carry out the direction of the company. They were not really suspended but their work remain suspended owing to the break down of the furnace.

Appearances of the parties are as follows:—

For the Company—Shri P. K. Sengupta, Advocate
For the Union—Shri Matish Roy, General Secretary of the union.

Decision

The company's stand is that the eight workmen were not suspended at all. There was a break down in the furnace admittedly on 4th of October 1962. The temporary hands were discharged and 2 hands were laid-off. This is the evidence of Shri P. J. Roy Choudhury, the Factory Superintendent. There had been a previous reference over the lay-off which ended in an award made by me and published in the "Calcutta Gazette, Extraordinary", dated 16th January 1964, Ext. 11. With regard to these eight workmen they were not included in the list of laid-off workmen whose reference had been decided by me. These eight workmen were never laid-off. As there was no work in the furnace they were given alternative employment but they refused to accept the same. All the workers were invited to join their duties by a notice, dated June 13, 1964, it is Ext. E. Subsequently some other notices were also issued. They were asked to join after the erection of the furnace had been completed. With regard to the 8 workmen they were never suspended. This, in brief, is the contention, in general, of the company.

I will now turn to the individual cases. I will take up the case of serial No. 8, Gopal Karmakar first.

Gopal Karmakar

He gave evidence before the tribunal, He is W. W. 1. His evidence is that he was suspended on 2nd January 1963. He rejoined work on 13th September 1964. For the period of suspension he claims compensation on the ground that the suspension was not justified. Ext. A(1) is the letter issued by the company on 2nd January 1963 wherein he was charged with damage of company's property and was suspended for 7 days from 2nd January 1963. He was also asked to submit explanation in respect of the charge. On the side of the company it is urged that Gopal was suspended only for 7 days and after the expiry of 7 days it was open to him to resume work but Gopal did not do so. There is a bunch of correspondence over this matter. Gopal wrote a letter Ext. A(3) on 4th January 1963 wherein he complained that he was not allowed to work on 3rd January 1963 and he requested for permission to resume his duties immediately. This was not a reply to the charge-sheet. Ext. A(4) is the reply to the charge and it is dated 15th January 1963. He denied the charges and added that he should be paid compensation for the period of forced unemployment. The company issued a letter, Ext. A(7), on 24th January 1963 wherein it acknowledged receipt of the explanation. The company adds the following paragraph in that letter:—

> "The company has no objection whatsoever to your employment but you must make good the loss caused to the company calculated at Rs. 315 in easy monthly instalment of Rs. 20 only".

In the meantime Gopal addressed a letter Ext. 1 stating that he was kept without employment and he requested for resumption of duties with immediate effect. It shows that Gopal was anxious to resume his duties. Gopal wrote another letter Ext. 1(1) which is a reply to the company's letter Ext. A(7) wherein he denied the charge and claimed compensation. He reiterated in that letter that he should be allowed to resume his duties. The learned representative for the company suggested that Ext. A(7) was a letter wherein the company extended an invitation to Gopal to come and join his duties. I am unable to accept this contention because the offer was not unconditional but a condition was put to it namely, that the workman would have to pay Rs. 315 as compensation for the loss of company's goods which had been the charge against Gopal, a charge which Gopal denied. It is not therefore an open invitation to the workmen to come and join, on the other hand, the letters addressed by Gopal to which I have referred will go to suggest that Gopal could not join because the company refused him employment. He was called ultimately by the company by the letter Ext. 2(b) to join on 14th of September 1964 and he joined accordingly. It is therefore obvious that Gopal was kept under suspension for the period from 2nd January 1963 to 12th July 1964. The company issued a charge-sheet against Gopal and suspended him but did not hold any enquiry into the said charge. Suspension for such a long period amounts to victimisation and as such it must be held to be unjustified. Shri Matish Roy, on behalf of the union, has drawn my attention to a case reported in 1961, I, L.L.J page 652 (S.C.).

The effect of suspension had been discussed at page 661. Suspension is of two kinds. Suspension may be as a punishment in the second place it may be an interim suspension pending an enquiry into a case where removal is the result sought. It was this type of interim suspension which was dealt with in the case of Hotel Imperial 1959, 2, L.L.J page 544 and it was pointed out that without an express term in the contract or without some provision of a statute or the rules, there could not be interim suspension in the sense that the master could withhold the wages of the servant. The master could certainly forbid the servant from working while he was inquiring into his conduct with a view to removing him from service but in such a case he will have to pay the wages during the period of interim suspension. In the present case I have discussed the facts to prove that the workman had been kept suspended for 7 days in the initial order but on expiry of the said period he was not permitted to join his duties without a condition, nor was be asked to join. The workmen was anxious to resume his duties and it was the attitude of the company which forbid him from joining his usual duties. It is a case where the worker was kept out of employment and this order of suspension virtually had been extended even beyond 7 days though no specific orders to that effect had been made. It is a case of suspension without any justification. The workman is accordingly entitled to wages for the period in question. The rate of wages of Rs. 3.87 per day is unchallenged by the company.

Next I will take up the case of Chandra Bhusan Chanda. He was the head mistry of the Blowing department. Ext. 7(k) was the letter issued to him on 7th February 1963 by which according to the union he was suspended. Various charges were levelled against him. The main charge was that when the furnace broke down and he had no work in the Blowing department he was directed on 10th January 1963 and 4th February 1963 to take up other work, namely, work of grinding but he did not join that work. Chandra admitted that on 16th January 1963 the company asked him to show cause because he did not join work of grinding which he considered to be beneath his dignity and standard. His wages were Rs. 170 per month. Grinding work was done by females. According to Chandra Bhusan it was not the work suited to head mistry. The company however offered him his usual wages for grinding work. Be that as it may, Chandra Bhusan having refused to do that work was directed to show cause by the letter Ext. 7(k). Last line of the letter runs thus:—

> "Your failure to do so would entitle the company to take such steps as the company may be advised. Pending final order you shall be remained suspended".

It is therefore clear that the intention of the company was to take disciplinary action against Chandra Bhusan and kept him suspended pending final orders. Shri Sengupta on behalf of the company urges that this is not an order of suspension but it is an order of suspension of work, because Chandra Bhusan was sitting idle, his work remained suspended. I cannot appreciate this distinction which is attempted to be drawn by Shri Sengupta. The clear order is that the employee was suspended pending departmental enquiry against him for misconduct. If this is not a suspension order, I do not know what else this can be. Chandra Bhusan replied in this letter Ext. 7(j) on 11th February 1963 denying the charges against him and insisted that the action that was taken against him was by way of victimisation.

He challenged that the order of suspension was illegal. He further requested the company to withdraw the suspension order and the charge sheet and allow him to resume his duty with full compensation for the period of unemployment. The company did not pay heed to it. His suspension order was never withdrawn. In that predicament how could the company expect that the employee would offer himself for joining his duty, inspite of the order of suspension. Instead of lifting the order of suspension the company persisted on the same attitude and ultimately on 13th June 1964 when the furnace was restored Chandra Bhusan was recalled along with all others vide Ext. 8. Chandra Bhusan came and joined. Chandra Bhusan accordingly remained suspended for the period from 7th February 1963 to 19th June 1964. This period must be treated as period of suspension. The company did not arrange for any enquiry as to whether the charges levelled against Chandra Bhusan could be sustained. Chandra Bhusan remain suspended without any departmental enquiry for this long period. It cannot but be characterised as unjustified. He was not laid-off. If the company had no work for him he could have been laid-off owing to the break down of the furnace. The company did not chose such an action. That being so, Chadra Bhusan is entitled to the wages for this period.

Next I will take up the cases of workmen, namely, Sarbasri Bangali Shaw, Protap Bhattacharjee, Aloke Misra, serial Nos. 2, 3, and 4.

Ext. 3(b) is the order issued by the company upon them along with two others who are not in the order of reference. The allegation is the same. They refused to do a particular job assigned to them and were sitting idle within the factory and acting in a manner subversive of discipline. Owing to the break down of the furnace the company had no work for them. They were asked to do some other work but they refused to do it. Of the three workmen Aloke Misra gave evidence before the tribunal. He was working as a Glass Ornamental Cutter. Bangali Shaw and Protap Bhattacharjee were his co-workers in the same department and in the same type of work. All the three workmen were charge-sheeted in the same manner as in Ext. 3(b). The last line of the order runs thus:—

> "Pending final orders you shall remain suspended".

This, according to me, is an order of suspension pending disciplinary action against the workmen The workmen showed cause on 28th January 1963 Ext. B. All the three gave explanation together. They denied the charges and requested the company to withdraw the order of suspension. Shri Sengupta's argument is the same which I have already discussed in considering the case of

Chandra Bhusan. No enquiry was held into the charges and no order had been passed. The workmen were not laid-off but they were charge-sheeted and suspended. Subsequently they were called back to work and these three workmen joined on 17th July 1964. They remained suspended for the period from 24th January 1963 to 6th July 1964. This suspension for a long period was without any justification and the workmen are accordingly entitled to wages for that period.

Next I will take up the cases of Sarbasri Basudev De, Nakul Ghosh and Lakhan Paul serial Nos. 5, 6 and 7.

Ext. 5(b) is the order issued by the company against these three workmen jointly on 8th February 1963. The charge is similar. They did not join the alternative work given to them and were sitting idle indulging in act subversive of discipline. The last line of the order runs thus:

"Pending final order you shall remain suspended".

The three workmen accordingly were charge-sheeted and it was proposed that disciplinary action would be imposed against them in furtherance of the same they were suspended pending final order. Earlier to this on 3rd February 1963 the company had served a similar order charging them in the similar manner and ordering them to remain suspended. This will appear from Ext. 5(c). Both these letters without any ambiguity go to show that the three workmen were suspended pending departmental enquiry against them in respect of the charge-sheets Exts. 5(c) and (b). They replied to the said charges as will appear from Ext. C, dated 6th February 1963 and Ext. C(1), dated 11th February 1963. Ext. C, was signed by all the three workmen while Ext. C(1) was signed by two of them. It will appear from Ex. C that the workmen denied the charges and requested the company to withdraw the order of suspension and allow them to resume their duties. They also claimed compensation for the period of suspension. It will, therefore, appear that the workmen were suspended after service of the charge-sheets but no enquiry was held by the management and no decision was taken in respect of the same. One of the workmen Shri Lakhan Paul (P.W. 3) gave evidence before the Tribunal and stated that he and two other workmen were working in the Packing Department and all of them were suspended on 2nd February 1963. Subsequently by a notice they were asked to join their duties much later i.e. in the month of June 1964. These three workmen joined on 29th August 1964. Their order of suspension was never withdrawn. After they joined it would be treated that the said order stood withdrawn. O.P.W. 1 Shri P. K. Roy Choudhury, the Factory Superintendent, gave evidence to the effect that several notices were issued inviting the workmen to join. The first notice is Ext. 8, dated 13th June 1964, to which I have referred earlier. The second notice is Ext. E, dated 19th June 1964, where it was stated that all concerned persons did not report on 19th June 1964 and the workers are invited to join on or before 29th of June 1964. The time was accordingly extended. The third notice was accordingly issued on 26th June 1964 wherein workers were further invited to join by 29th of June 1964. Another notice was issued on 27th of June 1964 Ext. E(2) wherein the workers were asked to join by 29th of June 1964. It may be argued that since the workmen did not join by 29th of June 1964 they should be deprived of their wages for the period subsequent thereto. Shri Sengupta does not advance any such argument. Assuming that such an argument can be made but this can be answered by saying that the general notice inviting the workmen to join must be proved to have been brought home to these workmen who had been suspended. Moreover, the suspended workmen could not have joined as naturally they would be under the misapprehension that they were not entitled to join because of the order of suspension. Their claim can therefore be sustained for the entire period during which they remain suspended i.e., they would be entitled to wages up to the date of their resumption of duty. In this particular case the three workmen claimed wages up to 28th of August 1964. Obviously they joined on 29th August 1964. I think that their claim is justified. They would be entitled to claim their wages for the period from 2nd February 1963 to 28th August 1964.

All the eight workmen are therefore entitled to their wages for the period of suspension mentioned against their respective names in the order of reference.

The union has submitted a chart along with the written statement which is Annexure A. The correctness or otherwise of the chart has not been challenged by the company. Four workmen, namely, Gopal Karmakar, Lakhan Paul, Aloke Misra and Chandra Bhusan Chanda gave evidence stating their respective wages. The other four workmen were not however examined. The chart given in Annexure A of the Union is not challenged by the company in their written statement or in evidence. I can accordingly rely upon the contents in Annexure A. The reliefs which the workmen are entitled are specifically stated in Annexure. I hold accordingly that the workmen are entitled to the respective wages at tabled below:—

		Rs. P.
1.	Chandra Bhusan Chanda	2,788.58
2.	Bangali Shaw	2,856.84
3.	Aloke Misra	2,856.84
4.	Protap Bhattacharjee	2,074.80
5.	Basudev De	1,202.04
6.	Lakhan Paul	1,202.04
7.	Nakul Ghosh	1,411.83
8.	Gopal Karmakar	2,360.70

This is my award which is to be implemented within 30 days of its publication in the "Calcutta Gazette".

No. 6314-I.R./IR/10L-169(A)/64.—3rd December 1965.—Whereas under the Government of West Bengal, Labour Department, order No. 5370-I.R./IR/10L-169(A)/64, dated the 10th October 1965, the industrial dispute between Messrs. Philips India Limited, 'Philips House', 7 Justice Chandra Madhab Road, Calcutta-20 and their workmen employed in the Factory at 19 Convent Road, Calcutta, represented by Philips Workers' Union, 249 Bepin Behari Ganguly Street, Calcutta-12, regarding the issue mentioned in the said order being matters specified in the third schedule to the Industrial Disputes Act, 1947 (XIV of 1947), was referred for adjudication to the Second Industrial Tribunal;

And whereas the said Second Industrial Tribunal has submitted to the State Government its award on the said industrial dispute;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

ANNEXURE

In the matter of an industrial dispute, between Messrs. Philips India Limited, Philips House, 7 Justice Chandra Madhab Road, Calcutta-20 and their workmen employed in the factory at 19 Convent Road, Calcutta, represented by Philips Workers' Union, 249 Bepin Behari Ganguly Street, Calcutta-12 (Case No. VIII-307 of 1964).

BEFORE THE SECOND INDUSTRIAL TRIBUNAL, WEST BENGAL

Present:

Shri AMBICA PADA BHATTACHARYA, Judge,
Second Industrial Tribunal.

By order No. 5370-I.R./IR/10L-169(A)/64, dated Calcutta, the 10th October 1964, Government of West Bengal, Labour Department, referred an industrial dispute between Messrs. Philips India Limited, Philips House, and their workmen employed in the factory at 19 Convent Road, Calcutta, represented by Philips Workers' Union, 249 Bepin Behari Ganguly Street, Calcutta-12, for adjudication regarding the issue contained in the order of reference.

Issue

Whether the workmen are entitled to higher quantum of bonus for the year ended 31st December 1963 than what has been offered by the company in its notice, dated the 29th September 1964? If so, what should be the quantum of additional bonus?

FINDINGS

This is a reference under section 10 of the Industrial Disputes Act. The issue is whether the workmen are entitled to higher bonus for the accounting year 1963. Written statements were filed by the union as well as by the company. It was contended on behalf of the union that the Bonus Act of 1965 would not be applicable to this reference. On 22nd November 1965 when the reference is taken up for hearing a joint petition is filed signed by the representative of the company as well as the representative for the union, wherein the following points were considered. The industrial dispute regarding payment of bonus relating to the year ended 31st December 1963 was pending before the Tribunal before 29th of May 1965. That being so, the Bonus Act applies. It is conceded in the said joint petition that the petitioner company paid bonus to the workmen a sum amounting to more than 20 per cent. of the salary and wages and as such the workmen under the provisions of the Bonus Act are not entitled to receive any further sum on account of additional bonus.

That being the conceded position, the workmen had already received the maximum bonus payable under section 10 of the Bonus Act. Any higher quantum of bonus is not payable to them. The workmen are not accordingly entitled to higher quantum of bonus for the year ended 31st December 1963. This is my award.

ANNEXURE

In the matter of an industrial dispute existing between Messrs. Dazzle Products Ltd., 7 and 8 Guho Road, Howrah, Head Office 138 Canning Street, Calcutta, and their workmen represented by Dazzle Products Employees' Union, 3 Guho Road, Chusury Howrah, (Case No. 339 of 1964.)

BEFORE THE FIFTH INDUSTRIAL TRIBUNAL, WEST BENGAL

Present:

Shri K. P. MUKHERJI, Judge, Fifth Industrial Tribunal.

Present for the Company—Shri J. Gupta, Labour Officer of the Company.

Present for the Union—Shri Nikhil Ranjan Roy, Advocate.

The above industrial dispute was referred to this tribunal under section 10 of the Industrial Disputes Act, 1947, by Government of West Bengal, Labour Department, order No. 6226-I.R./IR/11L-192/64, dated 18th November 1964, for adjudication upon the following issue:

Issue

Bonus for the accounting year 1963-64 payable before Durga Puja of 1964.

After receipt of the reference from Government on 21st November 1964, usual notices were issued on the parties concerned fixing 14th December 1964 for their appearance and for filing written statement by the union. Both parties appeared on that date, and the union filed its written statement as directed, and 28th December 1964 was fixed for filing written statement by the company. The company took time on two dates for filing written statement, and filed the same on 23rd February 1965. Thereafter the company filed its balance-sheet on 19th March 1965, a copy of which was also made over to the union. Both parties were then directed to submit their respective statements of available surplus and and the company submitted the same on 20th May 1965 but the union did not. The date of hearing of the case was fixed on 3rd November 1965. The Judge of the tribunal having been absent at the Sadar station on account of his work in connection with the Minimum Wages Committee regarding Cinchona Plantation, the case could not be taken up for hearing on the date fixed. On 11th November 1965 the case was put up for orders. The representatives of the parties also appeared on that date and stated that a talk of compromise was going on between the parties over the matter in dispute. On their prayer, 26th November 1965 was fixed for giving the parties a chance of a compromise if possible, and in case it was not compromised, for fixing a date of hearing. The Judge was on leave on 26th November 1965 and the record was put up on 27th November 1965. Parties also appeared and filed a joint petition of compromise and prayed for an award in terms of the settlement arrived at between the parties.

The terms of compromise appear to be quite fair and reasonable and I am satisfied that there has been a bona fide settlement of the dispute between the parties. The petition of compromise is accepted and I pass a "no dispute" award as prayed for. The petition of compromise is made a part of the award as Annexure A.

This is my award.

MEMORANDUM OF SETTLEMENT

Name of parties—(1) Dazzle Products Ltd. (Head Office: 138 Canning Street, Cal.-1), (2) Workmen of the company represented by the Dazzle Products Employees' Union, 3 Guha Road, Ghusury, Howrah.

Represented by—(1) For the Company: Shri G. D. Mimani. (2) For the workmen: (a) Shri Haridas Chakraborty, (b) Shri Harendra Prosad Bhattacharjee.

Short recital of the case.

By reference No. 6226-I.R./1R/11L-192/64, dated the 18th November 1964, the Government of West Bengal, Labour Department, referred the issue of bonus for the accounting year 1963-64 payable before the Durga Puja of 1964 to the Fifth Industrial Tribunal, West Bengal, for adjudication. Due to the promulgation of the Bonus Ordinance the parties have agreed to mutually settle the dispute on the following terms:—

Terms of settlement

1. The company will pay minimum bonus at the rate of 4 per cent. of wages or Rs. 40, which even is higher; as provided in the Bonus Ordinance to all workmen entitled to bonus under the Ordinance for the year 1963-64.

2. The amount of advance paid to the employees at the rate of 15 days' basic wages which was to be adjusted against bonus awarded by the tribunal will now be adjusted against the minimum bonus payable under the ordinance.

3. It is agreed that the payment of bonous for 1963-64 in terms of (1) and (2) above will be made on 30th October 1965.

4. It is agreed that this settles the dispute regarding bonus for the year 1963-64 pending before the Fifth Industrial Tribunal, West Bengal.

5. It is agreed that the parties will jointly make a prayer to the Fifth Industrial Tribunal for an award based on the terms of settlement.

AWARD

By order No. 5994-I.R./IR/10L-197/64, dated the 27th October 1964, the Government of West Bengal, in the Labour Department, referred under section 10 of the Industrial Disputes Act, 1947, the industrial dispute between Messrs. Standard Electronics Ltd., 17A Ashu Bose Lane, Howrah, and their workmen represented by the Central Howrah United Engineering Workers' Union, 101/3A Brindaban Mullick Lane, Howrah, regarding the matter specified in the schedule, to the Third Industrial Tribunal constituted under section 7A of the Industrial Disputes Act, 1947, by notification No. 808-I.R./IR/3A-2/57, dated the 11th March, 1957, for adjudication.

Issue

Bonus payable in 1963.

This is a reference under section 10 of the Industrial Disputes Act, 1947, made by the Labour Department of the Government of West Bengal for adjudication of an industrial dispute said to be existing between Messrs. Standard Electronics Ltd., 17A Ashu Bose Lane, Howrah (hereinafter be referred to as the company) and their workmen represented by the Central Howrah United Engineering Workers' Union, 101/3A Brindaban Mullick Lane, Howrah (hereinafter be referred to as the union).

As usual immediately after receipt of the reference, notices were issued to the parties. The union appeared after several adjournments and filed a statement of the case but the company did not file any in spite of proper service of notice. The company having wilfully avoided appearance the case had to be fixed for ex-part hearing, but the union also did not come ready and no step was taken. The reference was received on 5th November 1964. So, more than a year elapsed without any effective step being taken by the union for hearing of the case Moreover, on the date fixed for hearing, none appeared, no intimation sent and no step, whatsoever, was taken. Therefore, in the circumstances, it may be presumed that the dispute under reference does no longer exist. So, I take a "no dispute" award.

By order No. 6090-I.R./IR/10L-179(A)/64, dated Calcutta, the 7th November 1964, Government of West Bengal, Labour Department, referred an industrial dispute between Messrs. R. K. Engineering Syndicate and Messrs. Balmer Lawrie and Co., and their workmen represented by Balmer Lawrie Employees' Association for adjudication regarding the issues contained in the order of reference.

Issues

Whether the termination of service of the following workmen justified? To what relief, if any, are they entitled:—

(1) Sk. Lallan, (2) Moti Chand Sharma; (3) Jay Mondal Sharma, (4) Surendra Nath Bera, (5) Barsati, (6) Ramsaran, (7) Gaurisarkar Sharma, (8) Bhagwan Sharma, (9) Dil Bahadur, (10) Ram Audh Sharma and (11) Madhu Sudan Ram.

Abolition of contract system.

Appearances of the parties are as follows:—

For R. K. Engineering Syndicate—Shri S. K. Bhanja Chowdhury, Advocate.

For Messrs. Balmar Lawrie and Co.— Shri J. K. Ghosh, Advocate of Messrs. Orr Dignam and Company, Solicitors.

For Balmer Lawrie Employees' Association—Shri Sunil Kumar Das, Asst. Secretary.

This is a reference under section 10 of the Industrial Disputes Act. The workmen are represented by Balmer Lawrie Employees' Association. Both the Syndicate and the Association filed their respective written statements and the reference was fixed for hearing on 23rd September 1965. On that day the syndicate was absent and the union representative applied for time. It was adjourned to 18th November 1965. The syndicate and the Association jointly submitted a petition to the Tribunal stating that the Association do not wish to proceed with adjudication proceeding and as such both the Association and the Syndicate prayed that a 'no dispute' award is made. The Assistant Secretary of the Association and the Syndicate's Advocate appeared before me. Shri J. K. Ghosh, Advocate for Balmer Lawrie and Co., was also present and he had no objection to the said petition. Accordingly I pass a 'no dispute' award in this reference.

Shri B. BASU, Bar-at-Law, Judge.

AWARD

The Government of West Bengal, by order No. 1954-I.R./IR/4L-14/65, dated 31st May 1965, had referred the following industrial dispute between Sarbashri Kismet Singh and Ajaib Singh, owners of Bus No. WBS277 of Route No. 87, 4B Lake Place, Calcutta-29 and their workmen represented by the Barrackpore Bus Employees' Union, B. T. Road, Khardah, 24-Parganas, to this Tribunal for adjudication.

Issue

Whether the termination of service of Shri Krishnapada Roy is justified? What relief, if any, is he entitled to?

After the service of usual notice, written statement had been put in on behalf of the employers. Though one Ranjit Singh who is the Secretary of the union, had appeared on 28th October 1965 after the written intimation from this Tribunal, no written statement had been filed either before or after that date. Even today, none has appeared on behalf of the union, or on behalf of the employers. In the circumstances, it is not necessary to state in detail the written statement filed on behalf of the employers. It will be sufficient to state that the employers are the owners of the Bus No. WBS277 which plies in Route No. between Shyambazar and Barrackpore Court, one Gurudev Singh was the permanent driver s September 1960 and that there was an arrange between the employers and Gurudev Singh tha Gurudev Singh was absent for any reason, he w appoint a driver for a temporary period and G dev Singh would be entirely responsible for proper working of the temporary employme the driver or drivers. Pursuant to this arra ment, Gurudev Singh had employed during absence Shri Krishnapada Roy who was never permanent driver of the Bus. There is, theref no relationship of master and servant between employers and Krishnapada Roy. He cannot reinstated. It is further stated that Krishna was also not a member of the union and that alleged dispute is only an individual dispute.

As no written statement had been put in behalf of the workmen and as the Secretary of union, Ranjit Singh, has also not appeared at time after 28th October 1965, it appears to me there is really no dispute between the empl and Krishnapada Roy. In the circumstances, I a "No-dispute" award in the present case.

This is my award.

Shri AMBICA PADA BHATTACHARYA, Judge, Second Industrial Tribunal.

By order No. 5160-I.R./IR/10L-169(A)/64, dated Calcutta, the 9th October 1964, Government of West Bengal, Labour Department, referred an industrial dispute between Messrs. Philips India Limited and their workmen employed in (1) the Head Office, (2) the Regional Office, (3) Commercial Ware House and Packing and Forwarding represented by Philips Workers' Union for adjudication regarding the issue mentioned in the order of reference.

Issue

Whether the workmen are entitled to higher quantum of bonus for the year ended 31st December 1963 than what has been offered by the company in its notice, dated the 29th September 1964? If so, what should be the additional bonus?

DECISION

This is a reference under section 10 of the industrial Disputes Act. The issue is whether the workmen are entitled to higher bonus for the accounting year 1963. Written statements were filed by the union as well as by the company. It was contended on behalf of the union that the Bonus Act of 1965 would not be applicable to this reference. On 22nd November 1965 when the reference is taken up for hearing a joint petition is filed signed by the representative of the company as well as the representative for the union wherein the following points were considered. The industrial dispute regarding payment of bonus relating to the year ended 31st December 1963 was pending before the Tribunal before 29th of May 1965. That being so, the Bonus Act applies. It is conceded in the said joint petition that the petitioner company paid bonus to the workmen a sum amounting to more than 20 per cent. of the salary and wages and as such the workmen under the provisions of the Bonus Act are not entitled to receive any further sum on account of additional bonus.

That being the conceded position, the workmen had already received the maximum bonus payable under section 10 of the Bonus Act. Any higher quantum of bonus is not payable to them. The workmen are not accordingly entitled to higher quantum of bonus for the year ended 31st December 1963.

This is not award.

AWARD

The Government of West Bengal, by order No. 2905-I.R./IR/4L-24/65, dated 3rd July 1965 had referred the following industrial dispute between Shri Panchanan Mallick, owner of bus No 1134, Route No. 78, Bania Para, Moniramporc

Barrackpore, and his workmen represented by Barrackpore Bus Employees, Union, B.T. Road, Khardah, 24-Parganas, to this Tribunal for adjudication.

Issue

Whether the termination of service of Shri Mahabir Shaw is justified? To what relief, if any, is he entitled?

After the service of usual notice, the employer had put in the written statement at first as directed. The union Secretary Shri Ranjit Singh had appeared on 28th October 1965, but the written statement was not filed either before or after that date. As no written statement has at all been filed I had fixed 29th November 1965 for hearing. Even today, none has appeared on behalf of the workmen and even the concerned workman has also not appeared. In the written statement filed on behalf of the employer, it has been stated that Mahabir Shaw is not a workman within the meaning of the Industrial Disputes Act, 1947, that Shri Shaw was employed as a Badli driver of but No. 1134 at the daily rate of Rs. 10 and had worked for 14 days in the month of March, 24 days in the month of April and 26 days in the month of May 1964, and that Shri Shaw was so employed during the temporary absence of the permanent driver. It is further stated that Shri Shaw had been absenting himself from 1st June 1964 and that the termination of service of the Badli driver in the circumstances is legal and justified. It is also said that Shri Shaw is not entitled to any relief. The learned Advocate Shri Mitra showed me a register showing the days in which Shri Shaw had worked, and also showing that full payments have been made for the days during which Shri Shaw had worked. In view of the fact that the matter is not contested either by the Union on behalf of the workmen or by the concerned workman and also in view of the further fact that no written statement had been put in by the union, it appears to me that a "No-dispute" award ought to be passed in this case. I accordingly pass a "no-dispute" award. This is my award.

BEFORE THE FOURTH INDUSTRIAL TRIBUNAL WEST BENGAL, CALCUTTA

Present :

Shri R. BHATTACHARYA, M.A., LL.B., Judge, Fourth Industrial Tribunal.

The present reference under section 10 of the Industrial Disputes Act arises out of Government of West Bengal, Labour Department, order No. 5156-I.R./I.R./15L-21(A)/63, dated 17th December 1963. The parties are Messrs. Vegetable Products Ltd., P. O. Belghoria, 24-Parganas and their workmen represented by Vegetable Products Workers' Union, 49 Nimta Road, P. O. Belghoria, 24-Parganas. The issues for adjudication are as follows :

1. Bonus out of profits for the year ending 31st December 1961, payable in 1962.

2. Customary Bonus payable before the Puja of 1962.

After due notices the parties to the present dispute appeared before this Tribunal and submitted their respective written statements. When the case became ripe for hearing, attempts were made for amicable settlement and some adjournments were granted for the said purpose. Today both the sides appear and file a joint petition of compromise stating that the disputes between them have been amicably settled by and between them according to the terms mentioned in the petition of compromise. It is prayed that an award may be passed on the basis of this petition. I have heard

both the sides and I find that the compromise is voluntary, reasonable and legal. As prayed for by the parites, I pass an award in terms of the petition filed today which shall form part hereof as Annexure "A".

AWARD

This proceeding arises out of an application under section 33A, Industsial Disputes Act, made by Shri Ramraj Uppadhaya, against the employer-company, Messrs. S. P. Manufacturing Co., complaining that he was illegally and unjustifiably retrenched from service by the company in contravention of the provisions of sections 25F & 25G, Industrial Disputes Act, and also of the relevant provisions of section 33, Industrial Disputes Act, during the pendency of the adjudication proceedings of another dispute between the company and its workman, referred to this Tribunal by G.O. No. 3537-IR., dated 6th August 1962.

The company on being served with a notice of the application, appeared before this Tribunal and filed its written statement in due course.

The case was finally fixed for hearing on the 24th November 1965. In the meantime, on 11th November 1965, the applicant workman personally appeared before the Tribunal and filed a petition stating that he had amicably settled his dispute with the company out of court and so did not want to proceed with the application any further and praying that the case should be disposed of by a "no dispute" award. The petition was directed to be put up on the date already fixed, 24th November 1965. Accordingly, the petition was put up on that date. There was no appearance by either party on that date. As none has appeared to oppose or challenge the petition filed on 11th November 1965, I accept it as bona fide and genuine and accordingly I would dispose of the case on the basis of that application.

Accordingly, I make a "no dispute" award in the case on the footing that the applicant workman has amicably settled his dispute with the Company out of court and thereby the dispute has ceased to exist for adjudication.

AWARD

This proceeding arises out of an application under section 33A, Industrial Disputes Act, made by Shri Yakub Ali Beg against the Employer-Company, Messrs. Austin Distributors (P) Ltd., complaining of alleged mala fide and unjustified termination of his service in contravention of the relevant provisions of section 33, Industrial Disputes Act, during the pendency of the adjudication

proceedings of another dispute between the company and its workmen, referred to this Tribunal by G.O. No. 3537-IR., dated the 6th August 1962 and claiming reinstatement to service with full back wages or compensation for the period of forced unemployment.

The company appeared on being served with the notice of the application and filed its written statement in due course.

The case was finally fixed for hearing on the 25th November 1965. On that date, the applicant personally appeared before the Tribunal with Shri Biseswar Ganguli, President of their union, and presented an application stating that he did not want to proceed with the case any further and praying that the case might be treated as closed.

As the applicant himself is not willing to proceed with the case any further and does not want adjudication of the dispute raised by him, it is to be held that he has given up the dispute and so, the case is to be disposed of by a "no dispute" award.

In the result, I make a "no dispute" award in the case on the ground that the applicant workman himself has given up the dispute and does not want any adjudication thereof.

AWARD

The Government of West Bengal, by order No. 3359-IR./IR/11L-183/65, dated 3rd August 1965, had referred the following industrial dispute between Messrs. K. Hore and Co., 122 Dharamtala Street, Calcutta-13 and their workmen represented by the K. Hore and Co., Mazdoor Union, 48 Dharamtala Street, Calcutta-13, to this Tribunal for adjudication.

Issue

Is the dismissal of Shri Munshi Singh justified ?
To what relief, if any, is he entitled ?

After the service of the usual notice, the company did not file the written statement at first as directed, and in fact, time was allowed on the last occasion till 15-12-65 for filing the written statement. However, on 1-12-65, a petition of compromise signed by Mominul Hayder, Secretary of the union, the concerned workman Shri Munshi Singh and the Factory Manager of the company, was filed. It appears therefrom that Shri Munshi expressed his regret and gave assurance that he would maintain discipline in future, and that in view of the expression of regret and the assurance, the management agreed to take him in employment in the same or similar post on the same pay he was drawing at the tme of the termination of service. It was further agreed that Shri Munshi would get continuity of his service and the period of unemployment will be treated as absence without pay. I have heard the concerned workman, the Secretary of the union and the Factory Manager, and also the learned Advocate Shri Das Gupta who appeared for the company. It appears to me that the terms of compromise are legal, bona fide and reasonable and should be given effect to. In the circumstances, I pass a "no-dispute" award. This is my award.

Second Industrial Tribunal.

By order No. 3673-IR/IR/10L-91/64, dated Calcutta, the 20th August 1964, Government of West Bengal, Labour Department, referred an industrial dispute between Messrs. Indian Hume Pipe Co., Ltd., factory at Konnagar and head office at 190/1 Rash Behari Avenue, Calcutta and their workmen employed in the aforesaid two places represented by the Indian Hume Pipe Employees, Union which was referred to this Tribunal for adjudication regarding the issue contained in the order of reference.

Issue

Whether the workmen employed at Konnagore factory and Calcutta Office of Indian Hume Pipe Co., Ltd., are entitled to any bonus for the year 1962-63 (year ending 30th June 1963)? If so, what should be the quantum and under that condition should it be paid?

This is a reference under section 10 of the Industrial Disputes Act. The issue before the Tribunal was whether the workers employed at Konnagore Factory and Calcutta Office of Indian Hume Pipe Co., Ltd., are entitled to any bonus for the year 1962-63 (year ending 30th June 1963). Both parties filed written statements in support of their respective cases. After several adjournments it was fixed for hearing on 22nd November 1965. On that day a joint petition was filed duly signed by both parties. On the side of the workmen Shri Nani Gopal Majumdar, General Secretary, signed the petition of settlement. The terms of settlement are incorporated in Annexure "A". An award is accordingly made in terms of Annexure A which forms a part of the award.

MEMORANDUM OF SETTLEMENT

Representing Employers—Shri J. M. Shah, Circle Engineer and Shri A. K. Das Gupta, Manager, Konnagar Factory.

Representing Employees—Shri N. G. Majumder, General Secretary, Indian Hume Pipe Employees' Union, Konnagar.

Short recital of the case

The Indian Hume Pipe Employees' Union, Konnagar, made a demand for Bonus for the year 1962-63 and the same is pending before the Industrial Tribunal in reference No. 3673/IR/IR/10L-91/64, dated 20th August 1964, for a decision in terms of the provisions under the Payment of Bonus Act, 1965, by letter, dated 16th June 1965, addressed to the Assistant Labour Commissioner, Government of West Bengal, Chandernagore, and a copy to the company the union requested for payment of bonus for the year 1963-64. By letter, dated 8th September 1965, the union further requested for D. A at the rate of Rs.2 per day to each worker subject to the withdrawal of the High Court Case. After considering the Union's demands the above matter was discussed at various meetings between the management and the union. As a result of these discussion, a settlement is reached between the parties on the following terms :

AWARD

This proceeding arises out of an application under section 33A, Industrial Disputes Act, made by Shri Mirza Omerali Beg against the Employer Company Messrs. Austin Distributors (P) Ltd., complaining of alleged mala fide and unjustified termination of his service in contravention of the relevant provisions of section 33, Industral Disputes Act, during the pendency of the adjudication proceedings of another dispute between the company and its workmen, referred to this Tribunal by G.O. No. 3537-IR., dated the 6th August 1962, and claiming reinstatement to service with full back wages or compensation for the period of forced unemployment.

The company appeared on being served with the notice of the application and filed its written statement in due course.

The case was finally fixed for hearing on 25th November 1965. On that date, the applicant workman personally appeared before the Tribunal with Shri Biseswar Ganguli, President of their union, and presented an application stating that he did not want to proceed with the case any futher and praying that the case might be treated as closed.

As the applicant himself is not willing to proceed with the case any further and does not want adjudication of the dispute raised by him, it is to be held that he has given up the dispute and so, the case is to be disposed of by a "no dispute" award.

In the result, I make a "no dispute" award in the case on the ground that the applicant workman himself has given up the dispute and does not want any adjudication thereof.

BEFORE THE FOURTH INDUSTRIAL TRIBUNAL' WEST BENGAL, CALCUTTA

Present:

Shri R. BHATTACHARYA, M. A., LL. B., Judge, Fourth Industrial Tribunal.

For the Union—Shri Biswanath Ash, Advocate.

For the Firm—Shri K. K. Guha, Advocate.

This is a reference under section 10 of the Industrial Disputes Act. The parties are Messrs. Birdhichand-Milapchand, 188 Jamunalal Bazaz Street, Calcutta and their workmen represented by Burrabazar Zamadar Sangh, 90 Lower Chitpore Road, Calcutta-7. The issue for decision is as follows :

Whether refusal of employment of Shri Shub Narain Singh by the company is justified ? To what relief, if any, is he entitled ?

The case stated by the union on behalf of the workmen of Messrs. Birdhichand-Milapchand, in short, is that Shubh Narain Singh was a permanent workman in the employ of the business. He had availed himself of one month's leave with effect from 10th June 1964 and went to his native place. On the expiry of the leave when he reported for duty, he was refused employment. This refusal employment was mala fide and it is a case of unfair labour practice and victimisation. It has been alleged that he was refused employment on and from 11th July 1964. It has been stated further that previous to this termination of service the workman filed a suit in the Small Causes Court, Calcutta, for recovery of his wages and that the said case was disposed of on the basis of a compromise. The union wants to say that the refusal of employment was the result of the suit brought by the workman. In the written statement it was also stated that before the institution of suit Shub Narayan sent, through his Advocate, a demand letter in which it was wrongly stated that Shub Narayan was a part-time employee. In fact, the union says, Shub Narayan was a whole-time employee.

In reply Birdhchand-Milapchand has stated that this is not an industrial dispute. The case of the employer is that Shub Narayan was never a permanent worker. He was only a part-time worker for realisation of rents from some tenants. The story of leave stated by the union is false. Shub Narayan voluntarily left his service on 20th April 1964 when he was asked to submit the accounts of rents which he had realised from the tenants. Leaving the service Shub Narayan filed a suit in the Small Causes Court, Calcutta, against the First but the suit ended in a compromise on 20th May 1964. The firm has categorically dened the story of the union and stated that after Shub Narayan left the service of the firm voluntarily on 20th April 1964, the question of refusal of his employment thereafter does not arise.

Several documents have been exhibited on the side of the firm and there has been no objection from the side of the union. They have been exhibited on the union's agreeing to waive their formal proof. On the side of the union also some documents have been exhibited through the witness.

The first question raised by the party is whether Shub Narayan who has been admittedly described in the order of reference incorrectly as Sib Narayan, was a whole-time employee of the firm or a part-time employee. On this point Shub Narayan himself has stated that he was a durwan and he had 24 hours duty. As against this evidence, the Manager of the firm, O. P. W. 1, has stated that Shub Narayan was a part-time durwan whose duty was to collect rent from the tenants. The union in its written statement has stated that in the letter of demand sent by Shub Narayan through his Advocate had described him as a part-time employee and that the statement was incorrect. Shub Narayan has not stated before me how he instructed his Advocate. The letter of the Advocate has been marked Ext. D. In this letter a demand for arrears of salaries for part-time job done by Shub Narayan as rent-collector was made. The Advocate who wrote this letter under the instructions of Shub Narayan has not been produced before me. Moreover in the plaint filed by Shub Narayan before the Court of Small Causes, Calcutta, it was clearly stated that Shub Narayan was engated by Birdhichand-Milapchand on part-time basis for collection of rent and to do other sundry jobs. Shub Narayan has admitted before me during evidence that before filing of the plaint, the contents of it were explained to him by his lawyer. It is claear that Shub Narayan did not raise any objection at that time. In these circumstances, I hold that the story set up at present that Shub Narayan was an whole-time employee is a

gh. My decision is that Shub Narayan was a part-e worker of Messrs. Birdhichand-Milapchand.

The next question is important. First of all, we to ascertain whether there has been a refusal of em-yment of Shub Narayan by Birdhichand-Milapchand. this point Shub Narayan has stated that he has t left the service. He says that the Manager granted n leave for a month with effect from 10th June 1964. has further stated that when after a month he came join on 11th July 1964, he was not given any work. ereafter on the 20th or 22nd July 1964, he gave a er to the union stating his grievances. That letter been marked Ext. 4a. In this letter Shub Narayan ply stated that in June 1964, he went home after aining leave and when he came to join after a month, was not allowed to work. It is to be noted that in letter Shub Narayan did not state on which date ook the leave or when actually he was refused work. s letter is dated 20th July 1964. The case of the. loyer, on the other hand, is that on 24th June 1964 b Narayan left the service voluntarily when he was d to submit accounts of the rents realised by him. ing cross-examination Shub Narayan at an unguard-moment has stated that on March or April 1964, ent to his native village and thereafter he came back alcutta in September 1965. Of course, in the mean-he came to Calcutta on the dates fixed in the cases, the case before the Small Causes Court and the re-ce before this Tribunal. This is an indication in April 1964 Shub Narayan went to his native ge and that he did not thereafter work under Bird-and-Milapchand as an employee. The story of ing leave in June 1964 cannot be accepted. As inst the evidence of Shub Narayan, the Manager of dhichand-Milapchand has examined himself. He stated that Shub Narayan worked in the Firm to 20th April 1964. On 21st May 1964 Shub Narayan paid his dues after calculation to the extent of 728.30 paise up to 20th April 1964. His dence is that when he demanded accounts for the ts realised, Shub Narayan left the service on 20th ril 1964. Shub Narayan has not stated anything re-ding the terms of compromise. The plaint shows t the demand was for a sum of Rs.1.150 towards arrears of wages. The Manager of the Firm has ted that a smaller amount was paid to Shub Narayan culating dues up to 20th April 1964. In support his statement, O. P. W. 1, the Manager of the Firm, produced the book of accounts. The entry therein, E, shows that the same amount was paid to Shub ayan. I am convinced that Shub Narayan has not ed the real fact. His evidence is unacceptable unreliable. I reject his evidence which has not supported by any corroborative evidence. Rather, evidence itself indicates that the story of the firm is . I believe O. P. W. 1, the Manager of Messrs. lhichand-Milapchand, and I hold that Shub Narayan ntarily left his service on 20th April 1964. The y of granting leave to him for a month is unaccept-. After 20th April 1964 Shub Narayan did not work er Birdhichand-Milapchand. In fact, there has no refusal of employment to Shub Narayan. No f should be granted to Shub Narayan.

With regard to the question of jurisdiction of the unal, Shri Guha for the employer has frankly con-d that there is no material to challenge the jurisdic-and he accepts that this is an industrial dispute. On consideration of the evidence adduced by the union, I also hold that this is an industrial dispute and that the union has status to represent the workmen. No other point has been urged before me.

In view of my findings above, the issue is decided against the workmen and in favour of Messrs. Birdhichand-Milapchand.

For the Union: Shri Patit Paban Pathak.

AWARD

The Government of West Bengal, by order No. 2144-I.R./IR/10L-107/65, dated the 11th June 1965, had referred the following dispute between Messrs. Ancillary Industries Forgings (Pvt.) Ltd., P.O. Kalyani, district Nadia, and their workmen represented by Sen Pandit Ancillary Units Workers' Union, 249 Bepin Behari Ganguli Street, Calcutta-12, to this Tribunal for adjudication.

Issue

Is the dismissal of Shri Amal Ganguly justified? To what relief, if any, is he entitled?

After the service of usual notice, the company had submitted the written statement as directed, and the union also had submitted the written statement on behalf of the workman. It has been alleged in the written statement of the company that the workman Shri Amal Ganguly joined as a Trimming Operator in the Forging Department in 1960 and was promoted in 1961 as the Shift-in-charge of the Forging Department, that he had started absenting himself from work from 19th January 1963 without any notice, and that the company, on 29th January 1963, wrote to Shri Ganguly in respect of his absence without intimation and received a reply from the union that the said Shri Ganguly was detained in jail custody of Krishnagar under the Defence of India Rules. The union also asked for granting leave to Shri Ganguly for an indefinite period. Thereafter, on 19th February 1963, the company had written to Shri Ganguly at his jail address that the work was suffering to a great extent due to his absence from duty since 19th January 1963, and had asked him to resume his duties within 7 days and intimated that in default of compliance, he was to show cause why he should not be dismissed from his service for absence without leave. In reply to that letter, the workman wrote on 21st February 1963 to the company from jail custody and prayed that he might be allowed to join his duty after an indefinite period. As the only explanation of Shri Ganguly regarding his absence without leave was by way of a request for leave for an indefinite period and as the company was unable to keep the post of a Shift-in-charge vacant indefinitely, it had by its letter, dated 28th February 1963, dismissed him from service on account of absence without leave. As the dismissal of Shri Ganguly is justified, the concerned workman is not entitled to any relief, either by way of re-instatement, or compensation.

In the written statement submitted by the union, it has been alleged that Shri Ganguly was a permanent workman and had been in service for well over 4 years and for his efficient and honest work, he had been promoted to the post of Shift-in-charge. Shri Ganguly was elected as a Vice-President of the union, but the company could not take this in good grace. After the Chinese invasion, the management got the opportunity and as a result of conspiracy, Shri Ganguly was arrested under the Defence of India Rules on 19th January 1963 and had been detained in jail custody. The union does not dispute that it had requested the company to grant Ganguly leave till he released, but alleges that in spite of that kno ledge, the company had written the letter, da 29th January 1963, to the local address of S Ganguly. The union once again pointed that S Ganguly had been detained and also asked for lea on behalf of Shri Ganguly. Even thereafter, company wrote the letter, dated 5th February 19 to Shri Ganguly at the same address, though company knew fully well that Shri Ganguly was jail. The company thereafter by the letter, da 13th February 1963, had terminated the service Shri Ganguly. This letter was also sent to same address. The company, thereafter, appe to have suddenly realised the mistake and iss the show cause notice on 19th February 1963 the jail address. Shri Ganguly had written ba by his letter, dated 21st February 1963, and pray for grant of leave till his release. Thereafter, t company had dismissed Shri Ganguly by the lett dated 28th February 1963. Shri Ganguly, account of the sudden dismissal, could not released on bail; he was, however, ultimate acquitted. Both the union and Shri Ganguly aft the release asked the company to reconsider t matter, and allow Shri Ganguly to join his du but the request was turned down by the compa Thereafter, the union raised an industrial disp and conciliation proceeding followed. The co pany, however, took the plea that the matter v pending before the Seventh Industrial Tribun but this plea is not true. Lastly, the union alle that the order of dismissal, dated 28th Febru 1963, is void, as it is based on the show cause not without cancelling the earlier order of terminati and that the company's action is illegal, unf and arbitrary and against all principles of natu justice. It has been prayed that Shri Gang may be reinstated in service with full compensat for the period of forced unemployment.

Findings

It is undisputed that Shri Ganguly joined company in 1960 as the Trimming Operator became the Charge-hand in 1961 and was ultimat promoted to be the Shift-in-charge in that y (Exts. A, B, C, D on admission). It is further disputed that Shri Ganguly had worked as a Shi in-charge from 1961 till 19th January 1963 wh he was arrested under the Defence of India Rul and that Shri Ganguly was lodged in Krishna jail. The exact date when Shri Ganguly was l ged in Krishnagar jail does not appear from evidence. Ext. F on admission which is the le of the union, dated 2nd February 1963, shows t in reply to the company's letter, dated 29th Ja ary 1963 (Ext. 1 and Ext. E on admission), union intimated that Shri Ganguly was in jail c tody at Krishnagar, Nadia. In spite of this let Ext. F of the union, the company had written letter, dated 5th February 1963 (Exts. 2 and on admission) and had sent that letter under ce ficate of posting (vide evidence of O.P.W. 1 Kalipada Ghose). It is not clear at all why E 2 was sent to the quarters of Shri Ganguly Kalyani, as the management must have known 5th February 1963 that Shri Ganguly was not the quarters of the company at Kalyani. The co pany appears to have written two letters, da

5th February 1963, viz., one to the Secretary of the union (Ext. G) and the other to Shri Ganguly addressed to his Kalyani quarters. In the letter, Ext. G, it was pointed out by the company that it was not possible for it to keep the post vacant for indefinite period of time, as the work in the factory was suffering severely. It was further intimated that if Shri Ganguly did not join his duty within 7 days from date, the company would be compelled to terminate the service. In the letter, Ext. 2, similar statements appear. I do not see how the concerned workman Shri Ganguly could have been directed to join his duty within 7 days from 5th February 1963 in view of his admitted arrest and detention in jail custody. Possibly the company wanted to give the concerned workman a chance to resume his duty. It will be noticed that the period of 10 days had already elapsed by 5th February 1963. Before I proceed further, I would point out that no certified standing orders of the company had been produced, and therefore, the model standing orders would apply (vide the new section 12A inserted by Act 39 of 1963 in the Industrial Employment (Standing Orders) Act 1946). It is true that the amending Act came into force with effect from 23rd December 1963, but it appears to me that even before the amending Act, the position was the same. Even in the Central Rules, there is a provision in section 14(3)(e) similar to section 14(b)(v) of the model standing orders. In fact, the company appears to have proceeded on the basis that the absence of Shri Ganguly from work without any leave for more than 10 days constitutes misconduct for which he might be dismissed. As I understand the learned Advocate Shri J. N. Chatterjee, he did not dispute that the alleged action of Shri Ganguly, namely, his continued absence for more than 10 days, without leave, constitutes misconduct for which he might be dismissed by the company. I shall presently discuss the question whether the dismissal is justified and legal. But before I do so, I shall refer to the other letters. Ext. 3 on admission is dated 13th February 1963 and it was also sent to the Kalyani address of Shri Ganguly. It has been stated therein that Shri Ganguly had been absenting himself for 26 days since 19th January 1963 without any notice, that the company had made it clear by the two letters, dated 29th January 1963 and 5th February 1963 that it cannot allow its work to suffer indefinitely and that the workman was to treat that as the final notice of termination of his service with effect from 13th February 1963. Shri Chatterjee appearing for the company did not dispute that the letter, dated 13th February 1963 was, in fact, issued by the company. He had, however, contended that the letter, dated 13th February 1963, had been revoked and/or cancelled by the letter, dated 19th February 1963, which was sent to the Krishnagar jail by the company (vide Ext. H and Ext. 4 on admission). In support of his contention, Shri Chatterjee had referred to the evidence of Shri Ganguly (P.W. 1) to the effect that Shri Ganguly had not received any other letter excepting the letters, dated 19th February 1963 (Exts. H and 4) and dated 28th February 1963 (Exts. K and 5 on admission). It is abundantly clear that the letters (Exts. E, 2 and 3) were not received by Shri Ganguly who was then presumably in the Krishnagar jail. The question now is whether the termination by the letter, Ext. 3, did not have any effect, because the concerned workman had not received that letter of dismissal. According to Shri Chatterjee the letter, dated 13th February 1963, cannot amount to valid dismissal at all, as it was never received by the concerned workman. He had also contended that even if it be regarded that there was really dismissal of the concerned workman by the letter, dated 13th February 1963, this was revoked by the subsequent letters issued by the company. I shall, first of all, consider whether there had been valid dismissal or termination of service of Shri Ganguly by the letter, dated 13th February 1963.

I do not think that the argument of Shri Chatterjee that as the dismissal letter, dated 13th February 1963, was never received by the concerned workman Shri Ganguly, the dismissal must be regarded to be void and invalid, can be accepted. The management has certainly the power to dismiss any workman and the dismissal would take effect from the date when the management purports to exercise its power of dismissal. The intimation is really given regarding the exercise of that power of dismissal to the concerned workman who may thereafter take appropriate steps if he wants to challenge the purported dismissal to be illegal. In my opinion it cannot be contended that simply because the concerned workman did not receive the letter by which he was dismissed, the action of the management in dismissing the concerned workman amounted to nothing in law. In this connection, I think reference may be made to the schedule of the Industrial Employment (Standing Orders) Act, 1946 (item No. 8). In item No. 8, it has been stated that the termination of employment and the notice thereof to be given by employer and workman are matters which are to be provided for in the standing orders, under that Act. The schedule itself refers to section 2(g) and section 3(2) of that Act. Section 2(g) provides that the standing orders mean rules relating to matters set out in the schedule. Section 3(2) of that Act says that provision shall be made in such draft for every matter set out in the schedule which may be applicable to the industrial establishment, and where model standing orders have been prescribed, shall be, as far as practicable in conformity with such model standing orders. In the present case, there is no standing orders, and therefore, I had referred earlier to this model standing order framed under rule 10 of the Bengal Industrial Employment (Standing Orders) Rules. Sections 13 and 14 are the relevant sections of the standing orders. Section 13, inter alia, provides that for termination of employment except as a measure of punishment, a notice shall be given in writing either by the employer or by workman, that in the case of monthly paid permanent workman, probationers and apprentices, one month's notice shall be necessary, and that in the case of permanent workmen, probationers and apprentices, paid on any other basis, two weeks' notice shall be necessary. Section 14 deals with misconduct and, inter alia, provides that a workman may be dismissed without notice or without any compensation in lieu of notice, if he is found to be guilty of misconduct. It has, however, been provided that no order of dismissal shall

be made unless the workman concerned is informed in writing of the alleged misconduct and is given an opportunity to explain the circumstances alleged against him, and to adduce evidence, if any, in his favour, at an enquiry to be held for this purpose. In the present case, misconduct has been alleged. Therefore, the concerned workman Shri Ganguly was entitled to an opportunity to explain the circumstances alleged against him. Probably the management realised that there had been no communication to Shri Ganguly who was lodged in Krishnagar jail and Shri Ganguly, therefore, had no opportunity of explaining the circumstances alleged against him. Therefore, the further communication, dated 19th February 1963 (Ext. H), was made to Shri Ganguly at the Krishnagar jail. In that letter, it has been stated, inter alia, that though the management addressed several letters to Shri Ganguly with regard to his absence, these letters might not have reached him, and that, therefore, the management feels that a further opportunity should be given to him in the matter. It is also stated that it is not possible for the management to keep the post vacant indefinitely, and, therefore, the management directed Shri Ganguly to resume his duty within 7 days from that date or in default to show cause why he should not be dismissed from service for absence without leave. This letter itself shows that the management realised that the action of the management in dismissing Shri Ganguly on 13th February 1963 was illegal. It appears to me that in the circumstances mentioned above, the order of the management, dated 13th February 1963, is not only illegal, but void. I may also state here that I do not agree with Shri Chatterjee that by this letter, Ext. H, the previous letter, dated 13th February 1963, was revoked. In my opinion, when the original order of dismissal, dated 13th February 1963, was in writing, it can only be revoked by subsequent letter in writing. There is nothing in the exhibits which would indicate that the dismissal, dated 13th February 1963, had been revoked. I need not pursue this question any further in view of my decision that the dismissal, dated 13th February 1963, is itself illegal and void. In the circumstances, I also do not accept the submission of Shri Pathak that as the original order of dismissal, dated 13th February 1963, has not been cancelled, the subsequent order of dismissal, dated 28th February 1963 (Ext. K) must be regarded to have no legal effect. Shri Pathak had pointed out that the reference has been made to this Tribunal on the basis of the alleged dismissal, dated 28th February 1963, and submitted that in view of that reference, the concerned workman is entitled to get the relief prayed for. In view of my above finding, this submission of Shri Pathak cannot be accepted.

I shall now proceed to cosider whether the dismissal of Shri Ganguly on 28th February 1963 is justified and legal. It is undisputed that Shri Ganguly was arrested by the police on 19th January 1963 under Rule 41(5) of the Defence of India Rules and was in Krishnagar Jail for a considerable time, and that he was acquitted by the judgment of the learned Magistrate, dated 5th March 1965 (Ext. 12 on admission). For the purpose of the present case, it is not necessary to refer in detail to the prosecution of Shri Ganguly and others. I would only point out that Shri Ganguly and others were arrested under Rule 41(5) of the Defence of India Rules, and section 11 of the West Bengal Security Act, that the allegation was that Shri Ganguly and others had delivered on 3rd January 1963, 4th January 1963, 10th January 1963, 11th January 1963 and 16th January 1963, speeches in public meeting asking the workmen not to increase the production and also stating that they are not to contribute to the Defence Fund and that the Chinese did not attack India and in fact India has attacked China and therefore, the workmen should not do anything by way of helping the Indian Government in prosecution of the War and that if the Chinese came, the workmen are to show red flag to them. The charge-sheet, however, shows that the charge was framed by the learned Magistrate only regarding the alleged occurrence, dated 3rd January 1963. The learned Magistrate appears to have over-looked that there whether alleged occurrence also on subsequent dates. The learned Magistrate appears also to have further over-looked that the charge-sheet was also submitted under section 11 of the West Bengal Security Act (Exts. 14 and 16). In view of the fact that the concerned workman was ultimately acquitted, it is not necessary for me to refer to other documentary evidence regarding the criminal case. The question which really arises for my consideration is whether the arrest was at the instance of the company for the purposes of victimisation in order to get rid of Shri Ganguly on the ostensible pretext of continued absence. Reference has been made to the rulings reported in 1957 (I) L.L.J., 226 at page 234-A.I.R. 1957, S.C. 38 (Burn and Co., vs. their employees), 1958 (I) L.L.J., 260 at page 268—A.I.R. 1958, S.C., 130 (Indian Iron and Steel Co. Ltd., vs. their workmen) and 1965 (II) L.L.J., 112 (Calcutta Dock Labour Board, vs. Jatar Imam). In the first case referred to above, their Lordships of the Supreme Court referred to the case of Asimananda Banerjee and another and had pointed out that those persons had been arrested and detained under the West Bengal Security Act, and were absent from duty continuously from 25th January 1949. The management had dismissed them on 22nd April 1949. It was urged before their Lordships that there was no service of the charge-sheet, and there was no enquiry, and therefore, the dismissal of those workmen were not legal and valid. Their Lordships of the Supreme Court did not accept the submission and had been pleased to point out that the non-service of the charge-sheet and non-holding of the enquiry cannot be regarded to be fatal as the workmen concerned cannot possibly have an answer to the charge of misconduct for continued absence. This case was referred to by their Lordships of the Supreme Court in the case which I have referred to above. Their Lordships had held that it is not material if the workman is ultimately acquitted after arrest by the police, but they had also pointed out that if the arrest is at the instance of the company for the purpose of victimisation in order to get rid of the workman on the ostensible pretext of continued absence, the position is different. In the last case referred to above, it was held by their Lordships of the Supreme Court that the statutory authority must comply with the rules of natural justice and

not terminate the service of a worker merely be-se the detention order against him under the ventive Detention Act has been confirmed by the rernment. The fact of the last case was some-t different, inasmuch as the worker was dismis-from service only on the ground that the deten-order had been confirmed by the Government. ir Lordships had said that this is not sufficient the purpose of terminating the service of the cerned employee, and the concerned workman is itled to get an opportunity of explaining the cumstances against him. Bearing in mind this nciple, I shall now turn to discuss the facts and cumstances of the present case. Shri Chatterjee pointed out that there is no material at all to w that the concerned workman Shri Ganguly been arrested at the instance of the company so t he might be dismissed on the pretext of con-ued absence. It appears from the written state-nt of the union (vide paragraph 6) that when Chinese attacked India, the management got ir opportunity to fulfil their ugly design and at ir instance and as a result of conspiracy Shri nguly was arrested under the Defence of India les on 19th January 1963, and detained in jail tody. It appears to me that there is no evidence all regarding the alleged conspiracy of the nagement. The evidence of P.W. 1 Shri nguly after recall is that he was an union execu-and took part in union activities and that the pany had disliked his trade union activities, ..., therefore, had conspired and got him arrested. the time of cross-examination, P.W. 1 had said at as the police came to the office and talked ere, he thinks that he was arrested by the police the instance of the company. He has further ated that besides himself, other persons were rested under the Defence of India Rules and those rsons also worked in the same factory, and were so the union executives. I do not think that the idence of P.W. 1 really shows that Shri Ganguly as arrested at the instance of the management. may also be pointed out that there has been no oss-examination on this point of O.P.W. 1 Shri alipada Ghose who is the Administrative Super-tendent of the company. It was not suggested him that Shri Ganguly was arrested on 19th nuary 1963 at the instance of the company by e police so that the company can have the pretext continued absence and might eventually dis-ss him from service. Apart from this, there is thing in the letter, dated 21st February 1963 xt. I) which Shri Ganguly had written from ishnagar jail that the company had conspired d had got him arrested by the police so that Shri nguly might be shown to be continually absent m his duty. In that letter Shri Ganguly had ted that he was always sincere in his service and s busy to increase the rate of production and there-e his detention in jail should not be considered absence without notice as he was compelled to nain absent from duty since 19th January 1963. ri Ganguly had prayed that he might be allowed to n his post after his release from jail. This letter s replied to by the letter, Ext. K, dated 28th Feb-ry 1963. It is stated therein that no indefinite ve can be granted to Shri Ganguly, that the work the company was suffering on account of his sence and the post cannot be kept vacant for an indefinite period and that, therefore, the company has no other alternative but to dismiss him from service for his absence without leave with immediate effect. Shri Pathak had pointed out that the allegation that the work was suffering on account of continued absence of Shri Ganguly is certainly not correct. He had pointed out that O.P.W. 1 Shri Kalipada Ghosh had stated in cross-examination that no person has actually been appointed as the Shift-in-charge, but the Shop-in-charge was appointed as Shift-in-charge in addition to his duty. I do not think this evidence shows that the work of the company really did not suffer on account of the continued absense of Shri Ganguly. O.P.W. 1 has said in examination in chief that the Shift-in-charge was responsible for the production and administration of that particular Shift. Therefore, the continued absence of the Shift-in-charge certainly hampers the efficient and proper production in that particular shift. It might be that the company had made temporary arrangement for another person to do the duties of the Shift-in-charge, but this is an internal arrangement which the company is certainly entitled to make. Simply because, no one has permanently been appointed as the Shift-in-charge by the company it cannot be said that the allegation that the work was suffering due to the continued absence of Shri Ganguly is false. It appears to me on a consideration of the facts and circumstances that the rulings reported in 1957 (I) L.L.J., 226 at page 234 and 1958 (I) L.L.J., 260, at page 268 apply and the dismissal of Shri Ganguly must be held to be legal and justified. Before I conclude I would point out that Shri Pathak did not make any grievance of the fact that no charge-sheet was issued and no enquiry was held against Shri Ganguly before his dismissal. In view of the facts of this case, this argument is certainly not open to Shri Pathak.

I have, therefore, come to the conclusion that the dismissal of Shri Amal Ganguly is justified and legal, and Shri Amal Ganguly is not entitled to any relief.

This is my award.

Employees' Association, 25 Ananda Khan Lane, Calcutta-5 (G. O. No. 753/I.R., dated 22nd February 1965). (VIII-41/65.)

BEFORE THE FOURTH INDUSTRIAL TRIBUNAL, WEST BENGAL, CALCUTTA

Present :

Shri R. BHATTACHARYA, M.A. LL.B., Judge, Fourth Industrial Tribunal.

For the Union—Shri D. L. Sen Gupta, Advocate.

For the Company—Shri P. P. Jinwalla, Counsel.

This is a reference under section 10 of the Industrial Disputes Act over an industrial dispute between Messrs. Karam Chand Thapar, and Brothers Private Ltd. (hereinafter described as the company), 25 Brabourne Road, Calcutta-1 and their workmen working at 25 Brabourne Road, Calcutta-1, represented by Karam Chand Thapar & Bros. Ltd. Employees' Association (hereinafter described as the union), 25 Ananda Khan Lane, Calcutta-5, arising out of Government of West Bengal, Labour Department, order No. 753-I.R./IR/11L-102/(B)/64, dated the 22nd February 1965. The issue for adjudication has been framed in the following words :

Whether the existing rates of dearness allowance require any modifications ? If so, to what extent and with what details ?

After due notices issued by this Tribunal the parties appeared and submitted their written statements. In short, the case of the workmen is that the company is prosperous one but the employees of the company are poorly paid. There were two awards by the Industrial Tribunal on the question of dearness allowance. The ast award was dated 3rd October 1960. Against that he Supreme Court was moved and the decision of the Supreme Court was given on 2nd August 1963. It as been stated that the dearness allowance fixed by the Tribunal was not linked up with the cost of living index and as a result the employees are not getting t proper benefit during these days. It has been alleg that in the locality the rate fixed by the Bengal Chamb of Commerce is adopted by other companies of the sar nature. The submission of the union is that the Beng Chamber of Commerce scheme for dearness allowan should be followed by this company for giving prop relief to the employees.

On the side of the company it has been stated t the working sphere of the company has been m narrowed down as it has lost managing agencies several companies. The income of the compa as such has been reduced. The company does not adi that it is expanding or that it has an uniform prosp ty. The company is primarily a managing agen house and its future prospects of the prosperity dark on account of the discouraging policy of the Gove ment. The company gives wages and other emo ments according to the awards of the Tribunals. has denied the allegations that the employees a poorly paid. The company according to its capaci cannot pay the dearness allowance at an increas rate in view of its age and income. The company h stated that the scheme of the dearness allowance the Bengal Chamber of Commerce more than co pensates for the actual increase in the cost of livi It does not admit that all mercantile offices in t locality pay dearness allowance at the rate fixed the Bengal Chamber of Commerce. The company a member of the Indian Chamber of Commerce and is not bound to follow the rates fixed by the Beng Chamber of Commerce. The company wants to s that the last award confirmed by the Supreme Cou is correct and just and that there is no circumstan to change or modify the said award regarding dearne allowance. The company, has, however, in the mea time taken notice of rise in price index number and has allowed a temporary ad hoc increment in dearn allowance at the flat rate of Rs. 10 to clerks and Rs to the menial staff. Towards the end of the writt statement it has been stated that no Indian compan pays a higher dearness allowance that what is paid t the company, and that the company is unable to pa any further increase in the dearness allowance.

The parties have brought several documents in evi dence on their sides. They have been marked exhibits On the side of the union six witnesses have been examin ed. The company has, however, examined two witnesse on its side. P. W. 1, Prosanta Das Gupta, is the Direct or of the Co-operative Credit Society of the employee He has stated that the financial condition of the work men is very bad as 95 per cent. of the workmen ar involved in debts. Those workmen have obtained loans from the Society. This witness has not, however brought any document in support of his statemen but I do not find any reliable challenge by any of th witnesses examined by the company. I find no reason to disbelieve P. W. 1. P. W. 2 is an employee o Messrs. Mcleod & Co. From his evidence we get that the McLeod & Co. has become an Indian concern in 1953 although its age would be about 70 or 75 years This company is a member of the Bengal Chamber of Commerce. This company acts as Managing Agent for several concerns. The office of this company is in the Dalhousie Square area. The witness has produced

a balance sheet of his company for the year ended 31st December 1963. The balance sheet has been marked Ext. 1. P.W. 2 has stated that besides wages and dearness allowance has fixed by the Bengal Chamber of Commerce, the employees of the McLeod & Co. get tiffin-allowance.

The union has also examined an employee of Messrs. Sahu Jain Ltd., an Indian concern. He is P.W. 3. An award was passed by the Industrial Tribunal in the year 1963 in respect of dearness allowance for the employees of Messrs. Sahu Jain. According to that award each workman was entitled to get dearness allowance at the rate of Rs. 100 per cent. for the first Rs. 100, at the rate of 50 per cent. for the second slab of Rs. 100 and at the rate of Rs. 25 per cent. for the slab of the third Rs. 100. This award was passed on the basis of the agreement. That company has, however, increased the rate of dearness allowance from January 1965, and the dearness allowance has been increased by 5 per cent. for the first Rs. 100 as well as the second slab of Rs. 100 of the wages. After this increase the workmen have raised a dispute for the increase of dearness allowance.

P.W. 4 is an employee of National Rollong & Steel Ropes Ltd. This company has its Head Office at the Dalhousie Square. This is also an Indian concern. The balance sheet of this company ended 30th June 1964 has been marked as Ext. 1(a). This company was started only in 1942. The evidence of P.W. 4 is that the rate of dearness allowance of this company is Rs. 162·71 paise for the first Rs. 100 of the wages, and half of that rate for the second Rs. 100 of the bas c wages He has also stated that the members of the sub-staff including peons and durwans, get dearness allowance at the rate of Rs. 65·08 paise and each driver gets Rs. 78·05 paise as dearness allowance. Besides the dearness allowance the employees also get a further allowance known as "emergency allowance". The calculation of the allowance has been made by P.W 4 and this has been marked as Ext. 2. The memorandum of settlement between the National Rolling & Steel Ropes Ltd. and their workmen has been marked Ext. 2(a). Over and above this allowance, the workmen of this company get tiffin allowance at the rate of Rs. 3 per month. P. W. 5 is an employee of Messrs. P. N. Ganeshan (P) Ltd. situated in the Dalhousie Square area. This is not a big concern like Messrs. Karam Chand Thapar & Bros. Pvt. Ltd. This company has only 25 employees and it was started about 25 or 30 years ago. This is an Indian concern. We get from this witness that the dearness allowance paid by this company has been fixed at the rate of Bengal Chamber of Commerce. This company is no-doubt a member of the Bengal Chamber of Commerce.

Lastly, the union has examined P.W. 6, an employee of Messrs. Karam Chand Thapar & Bros. Pvt. Ltd. His evidence is that the position of the company is far better now. He has stated that the majority companies in the Dalhousie Square pay dearness allowance to their workmen according to the scheme of the Bengal Chamber of Commerce. He has prepared a list of a number of companies paying dearness allowance at such rate in the Dalhousie Square area. The list has been marked Ext. 12. The number of companies mentioned in the list is 57. P.W. 6 has made enquiries at the Federation of the Mercantile Employees Union and units and he has ascertained the facts as mentioned in Ext. 12. Nobody from the side of the company has given evidence challenging the correctness of Ext. 12.

The company, has on the other side, examined Pritimoy Dutta, the Labour Advisor of the Indian Chamber of Commerce, as O.P.W. 1. He has produced a list containing the rate of dearness allowance paid by some companies. The list is marked Ext. 1. This list contained the rates of dearness allowance fixed by the Indian Chamber of Commerce. He has stated that the rate of the Indian Chamber of Commerce is certainly binding upon the employees of the Indian Chamber of Commerce but other companies of the Chamber are free to adopt it. He says that the Karam Chand Thaper & Bros. Pvt. Ltd. is a member of the Indian Chamber of Commerce. He has admitted that the Indian Chamber of Commerce is not maintaining statistics of all the members of the Chamber but it is maintaining the records of those companies which are voluntarily sending particulars. This witness has not received any summons from this Tribunal to appear as witness through his office. He has not at all received any summons. He has admitted that at the request of Shri Madanlal Pandit of the company he has come to depose in favour of the company. He has not given any reliable data to prove that the companies mentioned in Ext. I are comparable units in respect of the company, or that the rates are reasonable. It is clear that O.P.W. 1 has come to depose in order to oblige Shri Pandit. We also get from him that the Indian Chamber of Commerce gives food allowance besides dearness allowance. Food allowance is a special emolument which should be taken notice of for consideration of the dearness allowance fixed by the Indian Chamber of Commerce. This witness does not know about the basis on which the dearness allowance of the Indian Chamber of Commerce has been fixed. It is stated by the witness that the members of the Indian Chamber of Commerce may pay dearness allowance at a rate more than what has been fixed by the Indian Chamber of Commerce or at a rate less than that.

The other witness of the company is O.P.W. 2, Subimal Kumar Dutta, who is at present in charge of the Secretarial Department of the company. He has stated some of the companies mentioned in Ext. 11 are under the Managing Agencies of the company, that some mentioned in the list are the companies for which Messrs. Karam Chand Thapar & Bros. Pvt. Ltd. acts as Secretaries and Treasurers. He has further stated that the Mg. Agencies of some of the companies had ceased on account of the introduction of the new Companies Act. The company has given up Mg. Agencies of several companies gradually. Some companies have gone into liquidation and some have been wound up. The witness has further stated that the company has applied for Mg. Agencies for some companies and the proposal is under consideration of the Government. The company has applied for renewal of Managing Agencies for some companies. During cross-examination he has admitted that the staff of many of the companies mentioned in Ex .II are staff of the Karam Chand Thapar & Bros. Pvt. Ltd. The witness has clearly admitted that the position of the company is at present better than the position of the year

1955 and that workings of the managed companies are better now.

It is admitted by the company that there has been increase in the cost of living and, as such, the company has allowed an ad hoc increment in the dearness allowance. The first point raised from the side of the company is that the company is not bound to increase dearness allowance because of the fact that the employer has not got any benefit for the increase of the cost of living. It has been argued that the present increase of the cost of living has effected the life of both the workmen and the members of the management and the employers. We should remember that the dearness allowance is a special provision for the benefit of the workmen in order to neutralise the rise in the cost of living on account of the abnormal situation or the economic condition of the country. It is a sort of temporary and fluctuating measure to maintain as far as practicable, money value of the wage structure of the workmen with reference to the rise and fall in the cost of living on account of the abnormal cost of living which prevails due to the uncertain economic condition of the land. This is not meant for the employer. It is specially designed for the benefit of the workmen. The employer on the other hand, may, if it is expedient, raise the price of production according to the market condition. In that case the employer will not be affected. This argument advanced by Shri Jinwalla on behalf of the company does not appeal me and I reject it.

The main contention of the union is that in view of the rise in the cost of living, the company should revise the rate of dearness allowance and fix the rate according to the scheme of the Bengal Chamber of Commerce which is prevailing in the locality, that is to say in the Dalhousie Square area in Calcutta where the Head Office of the company is situated. It should be noted that we are concerned with the dearness allowance payable to the workmen working at the Head Office of the company. The union has taken three grounds for the increase of the dearness allowance according to the rate fixed by the Bengal Chamber of Commerce. They are : (i) that the company has sufficient means to pay dearness allowance at the said rate, (ii) that in the region where the Head Office is situated, other companies of the same nature pay dearness allowance according to the scheme of the Bengal Chamber of Commerce and (ii) that the scheme of the Bengal Chamber of Commerce is the only scientific scheme to almost neutralise the rise in price index number.

The union has filed the Bengal Chamber of Commerce scheme of dearness allowance. This is Ext. 6. there is no challenge before me regarding the details of the scheme mentioned in Ext. 6. The company has filed its Balance Sheets and Profit and Loss Accounts for several years. They are marked Ext. H series. The Balance Sheet and Profit and Loss Accounts of the National Rolling and Steel Rope Ltd. is marked Ext. 1/a. The report and the statement of accounts of Messrs. McLeod & Co. Ltd. for the year ended 31st December 1963, is Ext. I.

It has been urged by Shri Jinwalla for the company that due to the introduction of new companies Act the works of the company as Managing Agent and Secretary and Treasurer for other companies have been narrowed down and limited. Besides, some of the managed companies have gone into liquidation and some have been wound-up. The company, therefore, apprehends that the future of this company is uncertain. In these circumstances, Shri Jinwalla has submitted, no burden should be thrown upon the company by increasing dearness allowance. I have considered the evidence of P.W. 6 and O.P.W. 2. Admitting that there has been termination of Managing agencies in respect of some companies, that some of the managed companies have wound up and some have gone into liquidation, the evidence shows in spite of all these facts, the company has been progressing steadily. I have considered the Balance Sheets and the Profit and Loss Accounts from the year 1957 to 1964 marked exhibits in this case. I have also considered the evidence of O.P.W. 2, the witness of the company. O.P.W. 2 has stated that the position of the company is at present better than the position as was in 1955. He has further added that the workings of the managed companies are better now. This witness has not clearly stated anywhere that the company is not financially well or that it is incapable of increasing the dearness allowance. Exts. A to F, the decisions of the company, show that the company is aware of the fact that there has been abnormal rise in the food prices and for that purpose the company has decided to grant an ad hoc ex-gratia increase of dearness allowance at the rate of Rs. 10 per month to all the employees working at the Head Office, Calcutta, drawing a basic salary up to Rs. 1,000 per month and at the rate of Rs. 5 to all the all the subordinate staff. Giving my best consideration to the evidence on record and the facts and circumstances, I hold that in spite of the termination of managing agencies relating to some companies or winding up or liquidation of some managed companies, the company is much ahead in the path of progress and the progress is steady. The financial position of the company is sound. It is idle and futile to speculate on future unforseen events which may or may not take place at all. The company can easily take suitable measure to cope with any unforeseen event according to exigencies. I do not find any reasonable apprehension of any deterioration in the business of the company in near future. I am concerned with the real facts as they are, and not with baseless imagination.

Admittedly, there are several mercantile business concerns in the Dalhousie Square area of Calcutta. The Head Office of the company is located there. P.W. 6 has stated that the dearness allowance is paid according to the scheme of Bengal Chamber of Commerce in majority of the companies in the Dalhousie Square area. The union has also produced some witnesses to show that some companies are paying dearness allowance at that rate. P.W. 2 is an employee of Messrs. McLeod & Co. Ltd. He has stated that his office is in the Dalhousie Square area and that his company has been paying dearness allowance to the members of the clerical and subordinate staff at the rate fixed by the Bengal Chamber of Commerce. P.W. 5 is an employee of Messrs. P.N. Ganeshan (P.) Ltd. This company is also

situated in the Dalhousie Square area and it pays dearness allowance according to the scheme of the Bengal Chamber of Commerce. The company has not produced any evidence to challenge the statement of P.W. 6 and to show that the rate of the dearness allowance according to the Bengal Chamber of Commerce is not prevalent in the majority of the business concerns of the Dalhousie Square area. In these circumstances, I am to accept the statement of P.W. 6. The union has further examined two witnesses of two other companies to show the rate of dearness allowance prevalent in their offices. P.W. 3 is an employee of Messrs. Sahu Jain Ltd. He has given a rate of dearness allowance prevalent in his office which is different from the rate of the Bengal Chamber of Commerce. P.W. 4, as I have already indicated, is an employee of Messrs. National Rolling & Steel Ropes Ltd. of the Dalhousie Square area. He has given a different rate of dearness allowance allowed to by his company.

It has been argued from the side of the company that the rate of Bengal Chamber of Commerce for dearness allowance cannot be thrust upon it because it is a member of the Indian Chamber of Commerce which has formulated a different rate of dearness allowance. Ext. I shows the rates of dearness allowance given by the three different companies and also the rate of Indian Chamber of Commerce. Admittedly, the rate of the Bengal Chamber of Commerce is higher than that of the Indian Chamber of Commerce. O.P.W. 1 has stated that the members of the Indian Chamber of Commerce may pay dearness allowance at a rate more than what has been fixed by the Chamber. It is therefore clear that there is no bar to a member of the Indian Chamber of Commerce paying dearness allowance at an enhanced rate, if it is just and fair. I am also satisfied that O.P.W. 1 has conveniently chosen only three companies which are members of the Indian Chamber of Commerce by avoiding to give fuller list to show how other members of the Indian Chamber of Commerce are paying dearness allowance to the workmen. The rate of the dearness allowance allowed by Messrs. Karam Chand Thapar & Bros. Pvt. Ltd. is also given in Ext. I. For reasonable and just decision and also for peace and harmony in the business field the dearness allowance should be fixed according to the industry-cum-region basis. This is for all practical purposes the best method for fixation of the dearness allowance. Of course, in this connection the financial condition of the company concerned, has got to be looked into. In any view, however, the deaness allowance must be fixed according to the circumstances and the facts appearing in each case and if necessary. in some particular cases the dearness allowance may be fixed at a rate less than what is prevalent in the locality on some special ground.

It has been contended by Shri Jinwalla on behalf of the company that the dearness allowance suggested by the Indian Chamber of Commerce sufficiently compensates the loss of the workmen arising out of the rise in the price level, and that the rate according to the Bengal Chamber of Commerce goes beyond the compensation for such rise. O.P.W. 1 has clearly stated that he does not know about the basis on which the dearness allowance of the Indian Chamber of Commerce has been fixed. I have also considered the scheme of the Bengal Chamber of Commerce appearing in Ext. 6. There is some scientific basis in this scheme. It is true that it may not fully neutralise the effect of the rise in the price index. The economic life of the country cannot in practice be adjusted with mathematical precision. Social problems are not matters of mathematics. In case of dearness allowance we are to see how far it is practicable to neutralise the rise in the price index. On consideration of the facts and circumstances I believe that the scheme of the Bengal Chamber of Commerce is, more or less, a practical device to cope with the fluctuating price level of the time. I do not not find any reasonable basis for the rate prescribed by the Indian Chamber of Commerce. I cannot accept this rate.

The next question is whether the present rate of dearness allowance of the company should be revised and if revised, what the rate should be. It has been argued from the side of the company that there has been a decision of the Supreme Court regarding the rate of dearness allowance in the year 1963 and that there has been no occasion to revise the rate. There is no doubt that similar question arose before this Tribunal when the Presiding Officer was Shri K K. Mitra, my predecessor in office. It was decided by him in 1960 This tribunal at that time thought that the company was in the path of steady prosperity but considering the age of the business of the company, it increased the dearness allowance which wasbeing paid by the company at that time to a rate which was lesser than the rate of the Bengal Chamber of Commerce. On consideration that the company was much young compared to other companies started much earlier. he fixed the rate at 100 per cent. on the 1st Rs. 100, 50 per cent. on the next Rs. 100 and 25 per cent. on the remaining salary. For the subordinate staff the dearness allowance was fixed at Rs 48. Against that decision an appeal was taken before the highest Tribunal of the country and the Hon'ble Supreme Court said, "Mr. Sastri rightly contends that it is the financial position of the company alone that has to be considered and the prosperous position of the managed companies is not directly relevant. One cannot however ignore the fact that in appeciating the future prospects of the company. The financial position of the managed campanies has also necessarily to be considered as commission income earned by it is bound to depend on the magnitude of profits of the managed companies". The Hon'ble Court observed, however. that the decision of the Tribunal was fair and that there was considerable weight in the reasons given by the Tribunal for fixing the rate of dearness allowance. It appears from the award of the Tribunal that it considered the Balance Sheets for the years 1953-54, and 1954-55 relating to the managed concerns as well as the company and that on the basis thereof, the company's financial position was found sound. Before me, the conpany has, however, filed Balance Sheets from the year 1956-57 to the year 1963-64. O.P.W. 2 has stated that the position of the company is at present better than the position of the year 1955, and that the workings of the managed companies are better now. On perusal of the Balance Sheets filed before me, I also find corroboration to hold that the company has far advanced in the path of prosperity and it is no longer a minor and unsteady company which may require support for proper protection and establishment. I have no hesitation to hold that this company is now a fully developed and strong business concern to be compared with any other established

company. I have duly considered the balance sheets of Messrs. McLeod & Co. Ltd., and the National Rolling & Steel Ropes Ltd. along with the Balance Sheets of the company filed. I find that Messrs. Karam Chand Thapar & Bros. Pvt. Ltd. can boldly without the least hesitation stand in the same line with the other two companies.

As I have already indicated that for all practical purposes the industry-cum-region basis is the workable formula for ascertaining the rate of earness allowance. There can be least chance of clamour and dissatisfaction if such rate prevails in a particular region. after 1956-57 the company acquired considerable strength financially and consolidated its position in the field of business. The circumstances have certainly changed and we cannot deal with the problems on the same considerations as were held weight about a few years back in different circumstances. The difference between the rate of the company and that of the Bengal Chamber of Commerce is so very wide that I am not inclined to give a sudden heavy pressure on the financial side of the company by directing it to pay the dearness allowance according to the scheme of the Bengal Chamber of Commerce. On consideration of the facts of the present case I propose the following rates to be adopted by the company in the matter of dearness allowance :

For clerical staff—On the first Rs. 100 at the rate of 140 per cent. of the basic salary per month; on the second Rs. 100 at the rate of 70 per cent. of the basic salary per month and on the rest 35 per cent. on the basic salary per month.

For subordinate staff—Car and/or lorry drivers at the flat rate of Rs. 65 per month. and the bearers, durwans, peons, lorry, cleaners, car cleaners and others at the flat rate of Rs 60 per month.

I am satisfied that the company will find no difficulty in paying the dearness allowance at the above rates. In future the above rates of dearness allowance may be modified if necessary according to the circumstances and on consideration of the effect of this award. The rates of dearness allowance fixed by me shall come into force from the 1st of December 1965.

Before I come to an end I should mention that at the of hearing, the jurisdiction of this Tribunal to decide the present reference was not challenged from the side of the company on any ground. I am satisfied that this is an industrial dispute of the workmen of the company and that the union has status to represent the workmen. This Tribunal has proper jurisdiction to decide the issue in question.

By order No. 2518-I.R./I.R/11-219/64, dated the 27th June 1964, the Government of West Bengal, in the Labour Department, referred under section 10 of the Industrial Disputes Act, 1947, the industrial dispute between Messrs. Nu-Bilt Furniture Private Limited, 83 Russa Road (South), Calcutta-33 and their workmen represented by Nu-Bilt Furniture Workers' Union, 19/2 Russa Road, South, 3rd Lane, Calcutta-33, regarding the matter specified in the schedule, to the Third Industrial Tribunal, consitituted under section 7A of the Industrial Disputes Act, 1947, by notification No. 808-I. R./IR/3A-2/57, dated the 11th March 1947, for adjudication.

This is a reference under section 10 of the Industrial Disputes Act, 1947, made by the Labour Department of the Government of West Bengal for adjudication of an industrial dispute existing between Messrs. Nu-Bilt Furniture Private Limited, 83 Russa Road (South), (hereinafter be referred to as the Company), and their workmen represented by Nu-Bilt Furniture Workers' Union, 19/2 Russa Road, South, 3rd Lane, Calcutta-33 (hereinafter be referred to as the Union).

Immediately after receipt of the reference, notices were served upon both the parties. They appeared and filed their written statements. They also complied with intermediate steps and the case was fixed for hearing but on the date fixed for hearing, parties expressed a keen desire to settle the dispute amicably along with a few other disputes outstanding between them. I am glad to record that the matter has been fairly settled amicably between the parties who have filed before this Tribunal on 29th November 1965 a joint petition of compromise incorporating therein the terms of settlement. I have perused and considered the terms. They appear to be fair and satisfactory. So I accept the terms of settlement and make an award on compromise in terms of the joint petition of compromise signed by the parties and their learned Advocates on 29th November 1965 which do form part of the compromise award as an annexure thereto.

In the matter of an industrial dispute between Messrs. Insurance Association of India, (Calcutta Regional Council), India Exchange, Calcutta and their workmen represented by the Insurance Association of India (C. R. C.) Workers' Union, 164 Ahiritola Street, Calcutta. (Government Order No. 6370-IR, dated 3rd December 1960) VIII—636/60.

BEFORE THE FOURTH INDUSTRIAL TRIBUNAL, WEST BENGAL, CALCUTTA

Present :

Shri R. BHATTACHARYA, M.A., LL.B., Judge, Fourth Industral Tribunal

For the Union : Shri R. N. Banerjee, Advocate.

For the Insurance Association : Shri P. P. Ginwalla, Counsel.

The instant reference under section 10 of the Industrial Disputes Act arises out of Government of West Bengal, Labour Department, order No. 6370-IR/IR/11L-423/60, dated the 3rd December 1960. The parties are Messrs. Insurance Association of India, (Calcutta Regional Council), India Exchange, Calcutta and their workmen represented by the Insurance Association of India (C. R. C) Workers' Union, 164, Ahiritola Street, Calcutta. The issue for adjudication is as follows :

1. Whether the dismissal of Shri Jagganath Prasad Singh is justified ? To what relief, if any, is he entitled ?

In short, the case of the Insurance Association of India, (C. R. C.) Workers' Union, (hereinafter referred to as the Union), is that Jagganath Prasad Singh was in the employ of the Insurance Association of India (Calcutta Regional Council). He had been doing his duty faithfully, diligently and efficienctly. On 20th November 1959 when he approached the Cashier of the Insurance Association of India (Calcutta Regional Council), (hereinafter described as the Insurance Association), for his salary, he was informed that no salary would be paid to him. On the following day he attended office but he was given no work and his attendance was not recorded. Against this action of the Insurance Association, he made a written representation on 23rd November 1959. The Secretary of the Insurance Association by his letter, dated 24th November 1959, alleged that Shri Singh had refused to accept his salary but he admitted that Shri Singh had been refused work on and from 21st November 1959. It was also alleged falsely that a charge-sheet had been tendered to Shri Singh on 20th November 1959 to the latter who declined to accept. It is alleged by the Union that no such charge-sheet was ever tendered to Shri Singh on 20th November 1959. In fact, the charge-sheet was received by Shri Singh on 4th December 1959. A reply was given to the charge-sheet. The allegations were denied by Shri Singh. The Insurance Association asked Shri Singh to attend an enquiry to be held on 9th December 1959. The worker requested for being allowed to be aided by an official of the union but the Insurance Association rejected the prayer. It has been further alleged by the union that no enquiry was held on 9th December 1959 although Shri Singh was present on the appointed day at 10 a.m. with his witnesses and remained there for some time after. Subsequently, the Insurance Association dismissed Shri Singh illegally, arbitrarily and without holding any enquiry whatsoever. No opportunity was given to the delinquent for his defence. The Union says that the order of dismissal was mala fide as Shri Singh had been an active member of the Union. The Union has further submitted in the written statement that even if the allegations mentioned in the charge-sheet were held to be true, they would not amount to gross insubordination and incivility on the part of the worker. The claim of the Union is to get reinstatement of Shri Singh in his service with full continuity of service and arrears of his pay and allowances, and bonus.

To be brief, the case of the Insurance Association is that as the performance of duties and functions by it does not constitute an industry within the meaning of the Industrial Disputes Act, this Tribunal has no jurisdiction to adjudicate upon the issue in question. With regard to the merits of the case, it has been stated that Shri Singh had several duties to perform. One of those duties is to carry circulation boxes from the office of the Insurance Association to the offices of the members of the Association and again to bring them back to the office of the Association. On the 16th November, 1959, Shri Singh was directed by the superior officer to carry a circulation box back to the Regional Council Office at India Exchange from the office of the General Insurance Society Ltd., a member of the Association Shri Singh refused to comply with the order in a defiant and insolent manner. This action on the part of Shri Singh amounted to misconduct in respect of his duties of his employment. On 20th November 1959 he was charged with such misconduct and asked to show cause why disciplinary action should not be taken against him. He was also suspended

pending enquiry. Ultimately, an enquiry was held against him on 9th December 1959. Shri Singh was present in the office premises but he did not attend the enquriy to take part thereof in spite of notice. Shri Singh mentioned the names of his witnesses. Their names were called out at the time of enquiry, but none of them appeared to give evidence. The enquiring officer on consideration of the evidence before him found Shri Singh guilty of misconduct. The Regional Council accepted the findings of the enquiring officer and dismissed Shri Singh from service. The materials allegations made by the union have been denied by the Insurance Association in the written statement. On 20th November 1959, according to the practice, Shri Singh went to take his salary for the month but he was offered salary up to 20th November 1959, the date when he was suspended. He also refused to accept the charge-sheet containing the order of suspension when tendered to him and explained to him in Hindi. That charge-sheet was subsequently sent to him under certificate of posting. The company has further stated that Shri Singh was not entitled to be represented at the enquiry by any official of the Union and, as such, his request for being represented by an official was refused. It has been stated that the delinquent did not attend the enquiry and produce any witness there on the date of enquiry. The story of victimisation has also been denied by the Insurance Association.

Several documents have been exhibited on both the sides. The union has examined two witnesses. The Insurance Association has also examined two witnesses on its side.

The first point urged from the side of the Insurance Association relates to the jurisdiction of this Tribunal to decide the present issue. The contention is that the Insurance Association or the Calcutta Regional Council thereof not being an industry according to the definition given by the Industrial Disputes Act, the present reference is incompetent and this Tribunal cannot treat the present dispute as an industrial dispute. In 1938 the Insurance Act was enacted to consolidate and amend the law relating to the business of insurance in India. Part IIA containing sections 64A to 64T was inserted by the Act 47 of 1950. The part relates to the formation of the Insurance Association of India, its Councils and its Committees. The Insurance Association has been brought into existence under section 64A of the Insurance Act. Section 64 C of the said Act mentions about the formation of two councils, namely, the Life Insurance Council and the General Insurance Council. Section 64E says that the authorities of both the councils shall be the Executive Committees, the Tariff Committee and the other Committee thereof constituted according to the provision of the Act. Section 64F relates to the formation of the Executive Committee of the General Insurance Council. In the Committee besides other members there shall be some representatives of members of the Insurance Association of India carrying on General Insurance Business and some persons connected with General Insurance business nominated by the Central Government. The General Insurance Council may form other committees consisting of such persons as it may think fit to discharge such functions as may be delegated thereto. Section 64L of the Insurance Act defines the functions of the Executive Committee of the General Insurance Council. The functions are as follows :

(a) to aid and advise insurers, carrying on general insurance business, in the matter of setting up standards of conduct and sound practice and in the matter of rendering efficient service to holders of policies of general insurance;

(b) to render advice to the Controller in the matter of controlling the expenses of such insurers carrying on business in India in the matter of commission and other expenses ;

(c) to bring to the notice of the Controller the case of any such insurer acting in a manner prejudicial to the interests of holers of general insurance policies ;

(d) to act in any matter incidental or ancillary to any of the matter specified in clauses (a) to (c) as with the approval of the Central Government may be notified by the General Insurance Council in the Gazette of India.

Sub-section (2) of section 64L runs thus :

For the purpose of enabling it effectively to discharge its functions, the Executive Committee of the General Insurance Council may collect such fees as may be prescribed from all insurers carrying on general insurance business.

Section 64M relates to the duty of the Executive Committee of the General Insurance Council. Power of the General Insurance Council has been mentioned in section 64O of the said Act. Section 64P authorises the General Insurance Council to constitute such Regional Council as an when it deems fit for one or more of the prescribed regions. Such Regional Council shall consist of persons elected by such groups of insurers carrying on general insurance business in the region as may be prescribed. The Regional Council will function according to the provision of section 64Q. Such functions may be delegated to them by the General Insurance Council. The general powers of the Life Insurance Council and the General Insurance Council have been delineated in section 64R of the Insurance Act. It is clear from the provision of the Act that the insurers carrying on insurance business in India have been constituted a body corporate by the name of Insurance Association of India. All Insurances and Provident Fund Societies incorporated or domiciled in India are members of the Insurance Association. This Association has perpetual succession and a common see with power to acquire, to hold and to dispose of properties, and it shall by its name sue and besued. This Association forms Regional Councils and they are certainly parts of the Insurance Association. The function of the General Insurance council mentioned in section 64L are important. They will indicate clearly the nature of organisation and the character of the Insurance Association of India. The functions of the Executive Committee of the General Insurance business in the matter of setting up of standard of conduct and sound practice and in the matter of rendering efficient service to holders of policies. The Executive

nmittee is not only to advice the insurers in the matter insurance business but also to "aid the insurers in their iness". The Executive Committee is also to render cient service to the holders of policies. This commi- will also render advice to the Controller for controll- the expenses of the insurers in the matter of their iness relating to commission and other expenses. committee is further to bring to the notice of the troller the case of an insurer acting prejudicial to the rest of the policy-holders. Shri Ginwalla has argued t the Insurance Association is not an industry. as got regal capacity to act as a sort of legislature x rate and also to advice the Controller, a represen- ve of the Central Government. The argument of i Ginwalla is clearly untenable. The General rance Council has no authority of a legislature. tion 64'O' of the Insurance Act says that the General rance Council may by regulation control and regulate rates, advantages, terms and conditions that may offered by its members and associate members in ect of general insurance business. But at the same it says that those regulation must be approved the Central Government. The approval signifies the General Insurance Council has no legislative egal function to perform. I have also considered reports and accounts of the Insurance Council ndia exhibited in this case as also the Insurance ciation of India and the General Insurance Council lations. They are exhibits 2, 2(a), T & T(1). re can be no manner of doubt that the Insurance ciation of India has been brought into existence rder to actively help the insurance business in India the insurers carrying on business and also to see interest of the policy-holders. The Insurance ciation is to see that the insurance business in a is carried on prosperously with an approved dard and also to serve the public at large. This ciation is certainly a vital part of insurance busi- in India. It is practically a generator which ies on the business of insurance through the several rers in a proper channel under its scheme. The vidual insurers carrying on business are interested he insurance association and, as such, some of their esentatives are taken in so that there may be an ient formulation of policies from the Insurance ciation of India through the Council and other mittees to actively help the business and to guide Towards this end the authorities of the Insurance ciation of India, its Council and the Executive mittees are working in co-operation with its loyees and workmen. This Insurance Association ndia with its Regional Councils, Executive Commi- s and other parts is certainly an industry in the inary sense of the terms connected with the insur- e business.

n this connection section 2(j) of the Industrial putes Act should be considered. 'Industry' accord- to this definition means any business, trade, under- ing, manufacture or calling of employers and includes calling, service, employment, handicraft, or indus- l occupation or avocation of workmen. As the Insur- e Association actively deals with the insurance iness of India, it is an industry. In view of the ctions of the Insurance Association, it may also be ed a trade or calling of employers. In view of constitution of the Insurance Association with ematised departments and activities dealing with interest of the public connected with the insurance, certainly an undertaking in any view of the matter and as such, it also becomes an industry. The Insurance Association renders service to the community or at least a large section of it in an organised manner. The activities of the Insurance Association if undertaken in an organised manner by a private individual or a corporation would constitute an industry as defined by the Industrial Disputes Act. Giving my best consideration to the facts and circumstances, I hold that the Insurance Association of India as mentioned in the order of reference with its Calcutta Regional Council is an industry, and that the present dispute is an industrial dispute. Before me, however, there has been no challenge at the time of argument regarding the status of the union to represent the workmen of the Calcutta Regional Council. This Tribunal has, therefore, jurisdiction to adjudicate upon the issue in question.

The next point is whether a proper enquiry was held against Shri Jagannath Prosad Singh. The contention of the union is that there was no enquiry and that even if there was any such enquiry, it was not held according to the principles of natural justice offering reasonable opportunities to the delinquent. The charge-sheet is Ext. A, dated 20-11-59. The allegation against Shri Singh is that on 16-11-59 he was directed by Shri A. C. Guha Roy, Deputy Chairman, Marine Sectional Committee of the Calcutta Regional Council of the Insurance Association of India, to carry a circulation box back to the Council's Office at India Exchange. Although it was the duty of Shri Singh to carry the box to the Council's Office, he refused to obey the instruction and behaved with Shri Guha Roy in a most defiant and insolent manner. According to the Insurance Association, the conduct of Shri Singh amounted to gross insubordination and incivility. The charge-sheet shows that Shri Singh was suspended pending enquiry from that very day. He was also asked to show cause on or before 23-11-59. According to the written statement of the union, the case is that on 20-11-59 Shri Singh approached the cashier for salary but he was informed that no salary would be paid. Again on the following day Shri Singh was not given any work and his attendance was not recorded. After this he made a representation on 23-11-59. The written statement of the Insurance Association, on the other hand, says that on 20-11-59 Shri Singh was offered the charge-sheet, that the contents were explained to him and that he refused to accept the charge-sheet. Shri Singh has been examined as P.W.2. During his evidence he has stated that he went to the office of Hindusthan General Insurance Society Ltd. about five years ago and delivered some letters there. About four days thereafter he was served with charge-sheet. The incident of the charge sheet is dated 16-11-59. Shri Singh admittedly meant to say that he had been to the Hindusthan General Insurance Society Ltd. on 16-11-59 and delivered some letters there. After four days, he admits, he had been served with a charge-sheet. The case of the Insurance Association is that on 20-11-59 he was offered a charge-sheet, that the contents of the charge-sheet were explained to him and ultimately he refused to accept it. From the evidence of Shri Singh, therefore, it becomes clear that the story of the union in its written statement about the denial of the offer of the charge-sheet on 20-11-59 is false. However, in reply to the charge-sheet Shri Singh wrote a letter. This has been marked Ext.B. It is dated 7-11-59 and it was received by the office on 8-12-59 at 5 p.m. In this reply Shri Singh denied the allegation and stated

that he did not see Shri Guha Roy at the Hindusthan Building. The evidence shows that after the refusal of the charge-sheet by Shri Singh, another charge-sheet was sent by post which Shri Singh received on 4-12-59. This reply relates to the latter, dated 3-12-59, attached with the charge-sheet. Denying the allegations Shri Singh suggested how the Chairman of the Board of enquiry would be selected. He also mentioned four witnesses on his side. He also requested his employer to allow either the President or the Vice-President of the union to be present at the enquiry as he did not know English. Admittedly, the date of enquiry was fixed on 9-12-59 at 10-30 a.m. Shri Singh has stated that he went to the office to attend the enquiry. Shri Mukherjee, Rabi Babu and Anil Babu accompanied him to attend the enquiry. No enquiry was held and nobody called him to attend any enquiry. He asked Shib Babu of the Despatch Section about the enquiry and he stated that he knew nothing about it. Shri Singh has said that he waited up to 5 p.m. He got a letter written on his behalf and gave it to Shib Babu. The letter was written by Mukherjee Babu, the Secretary of the Union. His clear evidence is that Shri Mukherjee, Anil Babu and Rabi Babu were his witnesses and that there was no other witness on his side. By 'Mukherjee Babu' he means P.W.1 Bibhuti Lal Mukherjee, who was the Vice-President of the Union. According to the P.W.1, he along with two other members of the union, viz., S. N. Bhowmic and P.P.Rabindranathan, went to the office of the Calcutta Regional Council to attend the enquiry. Shri Singh was with them. There was no other person on their side. P.W.1 has stated that nobody called them. Indu Mukherjee, an employee of Calcutta Regional Council, told them that the enquiry would be held at 11-30 a.m. After that schedule time enquiries were made about the enquiry but they were not called. P.W. 1 has stated that up to 1 or 1-30 p.m. he and others waited there and thereafter they left. Only Shri Singh stayed there even thereafter. P.W.1, Shri Mukherjee and Rabindranathan were not employees of the Calcutta Regional Council office. Shri Singh took them for the enquiry as he says. He wanted that some officials of the union should be present at the enquiry as he did not know English. In the present circumstances, I do not think that the Insurance Association was wrong in rejecting the prayer of Shri Singh by not allowing the officials of the union who are not its employees to be present at the enquiry. Shri Singh could have easily demanded that the enquiry should be held in Hindi or at least the evidence should be explained to him in Hindi so that he could defend properly. P.W.1 has admitted that by the letter, dated 8-12-59, the employer refused the prayer of Shri Singh for bringing the President or Vice-President of the union. After this refusal it was not reasonable for them to come to the office of the Calcutta Regional Council. P.W.1 says that he wanted to see if after the renewal of the prayer they would be allowed and, therefore, they decided to stay outside. P.W.1 has stated that he does not know if Shri Singh took any witness with him. Again he says that Madanlal Saha and other witnesses were already in the office. At the next moment the witness has stated that these witnesses were not in the office but they were sent outside by the authority. Ext.C was shown to P.W.1. This exhibit is a letter, dated 9-12-59, given by Shri Singh to the Insurance Association. It is written in English. P.W.1 says at first that he cannot say who wrote the contents of the letter. He says that he cannot say whether it was written in his pre After some time refreshing his memory he has s that Ext. C was written either by Shri Bowm by Shri Rabindranathan. With regard to this l P.W.2 has stated clearly that it was P.W.1, Shri Mu jee who wrote that letter. P.W.1 is not a stra forward witness. He does not give straight ans There was no harm if he admitted that he had w the letter. Moreover, P.W.1 Shri Mukherjee and Bhowmic were the leading members of the union he offices. If really they had waited in the office up or 1-30 p.m. on the date of enquiry, they could easily approached the authority to ascertain why enquiry would not be held at the appointed Ext.Q shows that the letter was received by the at 12-30 p.m. Shri Singh does not say in his evi that he wanted Madan and others as his witnesa the enquiry or that he searched for them. He nothing about the witnesses. Rather, he had s that except Shri Mukherjee, Rabindranathan and Babu there was no other witness. Shri Singh, convinced, did not like that Madan and others sh depose for him at the enquiry. He was not very about the enquiry either. P.W.1 and two othe the union did not also bother about the enquiry their intention was to throw a letter to the emp in order to challenge the enquiry in future. O.P is the Secretary of the Calcutta Regional Co Insurance Association of India. His evidence is he was to hold enquiry. He took his Stenographer i conference room at about 10 a.m. Shri Singh ca the office and collected a letter and he was aske wait till the commencement of the enquiry. O.P.W.1 we further get that at 10-30 a.m. Shri S did not attend the enquiry. O.P.W.1 waited for an-hour thereafter. He sent his bearer to bring Singh but he was not found. At last the enq was held ex-parte. Seven witnesses were exami He has produced the records of the enquiry proceed They are marked Ext.D. His finding is Ext. The witness has stated that after the examina of the company's witnesses, he got the na of Shri Singh's witnesses mentioned in letter called out but they were not found. also got that the Council approved the findings of enquiring officer. During cross-examination it come out from O.P.W.1 that the witnesss mentio by Shri Singh were not given any work. Howe there is no reliable evidence on the side of union that Madan and others were sent of the office saddled with duties. Indubh Mukherjee is O. P. W. 3. He is the section charge. He was a witness at the enquiry. He denied the suggestion that he asked Shri Singh to as the enquiry would be held at 11-30 a.m. witness has stated that he instructed the Desp Section not to allot any duty to Madan and other nesses mentioned by Shri Singh. He has also stated Shri Singh did not attend the enquiry and that at a 10-30 a.m. he personally searched for Shri Singh he could not find him there. From the evidence of witness we also get that at about 12-30 p.m. a l was received by Despatch Section after the enq was over. He does not know who delivered the l to the office. He did not receive this letter from Singh. On consideration of the evidence, I hold Shri Singh did not give the letter, Ext.C, to O.P. as stated by him. I have also considered the rec of the proceedings and the findings. I find that

delinquent was given sufficient opportunity for his self-defence. The Insurance Association, in fact, did not allot any duty to Madan and others who were mentioned by Shri Singh, so that they could attend the enquiry. Shri Singh and some union-members went to the office but Shri Singh did not intend to participate into the enquiry. Deliberately he refused to attend the enquiry. He was not keen to examine his witness there and to see that they were ready. On the other hand, he avoided the enquiry and after the enquiry had been over, he with an ulterior motive passed on a letter to the Despatch Section so that in future he could challenge the enquiry. The letter was a sort of trick containing some false allegations. I also hold that sufficient and proper opportunities were given to Shri Singh to attend the enquiry and to defend himself. He did not avail himself of those opportunities. The enquiry was conducted according to the principles of natural justice. It was a bona fide enquiry. On consideration of the records of the proceedings and the findings I am satisfied that the findings of the enquiring officer are very reasonable and not perverse. There has been no basic error of fact. The enquiry shows that after due consideration the Council dismissed the delinquent from service on just reasons. The order of dismissal is also bona fide. This is not a case of victimisation or unfair labour practice. The evidence of P.W.1 and P.W.2 are most unsatisfactory and unreliable. I accept the evidence of O.P.W.1 and 2.

In the result, the issue is answered against the workmen and in favour of the Insurance Association of India, Calcutta Regional Council. The dismissal of Jagannath Prosad Singh is legal and justified. He is not entitled to any relief.

Present :

Shri R. BHATTACHARYA, M.A. LL.B
Judge, Fourth Industrial Tribunal.

The instant industrial dispute between Messrs. Gocool Chandra Dutta & Co., 1 Mission Row, Calcutta-1 and their workmen represented by the Shop Assistants' Association of Bengal, B-73 College Street Market, Calcutta-12, arises out of Government of West Bengal, Labour Department, order No. 1524-I.R/IR.11L-87/65, dated 27th April 1965. The issue in the order of reference runs as follows :

Is the termination of services of Shri Sambhunath Nandy justified ? To what relief, if any, is he entitled ?

The parties submitted their written statements. Today the case was fixed for hearing. The parties, however, filed a joint petition of compromise stating that the dispute has already been amicably settled between themselves on the terms mentioned therein. They have prayed that an award may be passed on the basis of this petition. Hearing the parties, I am satisfied that the compromise is voluntary, legal and reasonable. As submitted by the parties, I pass an award in terms of the joint petition of compromise filed today which shall form part hereof as Annexure 'A'.
